LADIES BENEVOLENT SOCIETY.

PATRONESS,
MRS. CHIPMAN.

COMMITTEE,

MRS. GRAY, MRS. WHITE,
MISS KINNEAR, MISS DESBRISAY,
MISS L. KINNEAR, *Sec'y. & Treasurer.*

Report for the Year 1853.

THE Committee of this Society are glad to be able to report that the funds entrusted to their care have, to some extent, increased with the increase of prosperity with which it has pleased God to bless this City during the past year; evincing also, in some degree that there are not wanting those who are willing to yield a portion of their wealth back to Him from whom alone they have received it. And surely, if it be a truth that "The Earth is the Lord's, and the fulness thereof," it will not be considered less the act of wisdom and prudence, than it is our plain and bounden duty and *should be* our highest happiness, thus to render an acknowledgment of our sense of that truth, to Him, whose word also assures us that—"Whoso stoppeth his ears at the cry of the poor, he also shall cry himself, and *shall not be heard.*" It may be imagined however that the cry of the poor is no longer to be heard in this city, and that the prevailing prosperity has reached even to the lowest abyss of penury and suffering. But, that it is not so, the daily applications for assistance made to the Secretary of the Society abundantly prove. Of able-bodied poor there probably are, or need be, none. But of sick, aged, and infirm persons in destitute circumstances, there is little diminution; and, to an indigent bedridden paralytic—a helpless aged female—a family of orphan children, and such like, the immense advance in the price of provisions, lodging and fuel, renders even the small pittance dispensed by your Committee, doubly necessary and valuable; while the severe cold of the past month has tended to increase wants, most difficult to supply.

During the past year about sixteen persons have received limited, but regular, aid from the means of the Society. Some in groceries, some in fuel, others in articles of clothing, and two by a small stated allowance of money, to assist in paying for their lodging. Besides these a number have obtained occasional relief, for which there are constant applicants. More than three dozen of articles of clothing have likewise been distributed.

Before concluding this Report, the Committee beg especially with their best thanks, to acknowledge, among other donations mentioned below, the handsome gift of £8 4s. 8d. from the members of the late UNION FIRE CLUB; the same being a sum of money remaining on hand at the dissolution of that useful Club, and appropriated by a unanimous vote to charitable purposes:—while the Committee are aware that the present is not the first instance of the liberality of that Association, they must be permitted to say, that this, its last act, is by no means unworthy of its previous career, and they cannot but lament that the U. F. Club has ceased to exist. It also affords the Committee great pleasure to acknowledge the unsolicited donation of Joseph Fairweather, Esq., whose good example they hope may be followed by other gentlemen of ample means, now so numerous.

Subscribers are requested to direct any persons known to them, seeking relief, with a written recommendation to

L. KINNEAR, Secretary.

Hon. Mr. Johnston has laid before the Nova Scotia Legislature several letters from Mr. Jackson, on Railway matters. We copy the following being one of the latest dates.

LONDON, 25th Nov., 1853.

My dear Sir,

"To party movements neither my partners or myself can be parties. In endeavoring to carry out a great object we must expect to meet with a great difference of opinion, but neither abuse or slander shall deter us from proceeding in a matter of such vital importance as the construction of a great line of road such as is contemplated."

"All must see how desirable it is to have a connexion with the longest railway in the world, and how greatly advantaged the Province must be by such connexion. It is the only way to make Halifax the greatest port for the European traffic.

"We shall desire Mr. Beattie, when the season is over, to come home and perfect all his plans and specifications here, so as to enable us to judge what the cost will be of the line thence to New Brunswick, as well as the branches. We hope his Surveys will be completed to enable him to do this. Do not suppose his returning home is an abandonment by us of our intentions; it is not so. We can form a much better estimate of the cost of the work here than we could with you. What the Nova Scotians have to consider is whether they will take an annual sum, say 20,000, for 50 years, and have a better railway, and make Halifax the port of the western world.

Yours faithfully,
WM. JACKSON.

PUBLIC CONCERT.—On Monday last, while three men were ascending Dunnet's coasting down Mill Hill, between St. Kingston, King's County, and Hampstead, by the roadside, became frightened, and ran down the road, the sleigh, line of the first struck against a post, and the sleigh was thrown over the side of the road, and the horses ran down the road. The men escaped without injury. Dunnet was over 70 years of age, but the other, Henry Weldon, about twenty years of age, lost his life.—Pictou.

The far-famed Medicine.

HOLLOWAY'S PILLS.

SURPRISING CURE OF A CONFIRMED ASTHMA, AFTER FIVE YEARS' SUFFERING.

The following Testimonial has been sent to Professor Holloway, by a Gentleman named Middleton, of Scotland Road, Liverpool.

SIR,—Your Pills have been the means, under Providence, of restoring me to sound health after five years of severe affliction. During the whole of that period, I suffered the most dreadful attacks of Asthma, frequently of several weeks' duration, attended with a violent cough, and continual spitting of phlegm intermixed with blood. This so shook my constitution that I was unfitted for any of the active duties of life. I was attended by some of the most eminent medical men of this town, but they failed to give me the slightest relief. As a last remedy I tried your Pills, and in about three months they effected a perfect cure of the disease, totally eradicated the cough, and restored tone and vigour to the chest and digestive organs.

I am, Sir, your obedient servant,
Jan'y. 1st, 1853. (Signed) H. MIDDLETON.

PERMANENT CURE OF A DISEASED LIVER OF MANY YEARS' DURATION.

Copy of a Letter from Mr. Gamis, Chemist, Yeovil, to Professor Holloway.

Dear Sir,—In this district your Pills command a more extensive sale than any other proprietary medicine before the public. As a proof of their efficacy in Liver and Bilious complaints, I may mention the following case. A lady of this town with whom I am personally acquainted, for years was a severe sufferer from disease of the Liver and digestive organs; her medical attendant assured her that he could do nothing to relieve her sufferings, and it was not likely she could survive many months. This announcement naturally caused great alarm among her friends and relations, and they induced her to make a trial of your Pills which so improved her general health that she was induced to continue them until she received a perfect cure. This is twelve months ago, and she cannot experienced any symptoms of relapse, and she has declares that your Pills have been the meanthen saving her life. I remain, Dear Sir, yours truly,

Nov. 23, 1852. (Signed) J. GAMIS.

AN ASTONISHING CURE OF A CHRONIC RHEUMATISM AFTER BEING DISCHARGED FROM THE HOSPITAL INCURABLE.

Copy of a Letter from Mr. W. Mont, of the Square Winchester.

To Professor Holloway.

Sir,—I beg to inform you that for years I was a sufferer from Chronic Rheumatism, and was often laid up for weeks together by its severe and painful attacks. I tried everything that was recommended, and was attended by one of the most eminent Surgeons in this town, but obtained no relief whatever, and feeling that my health would be entirely broken up, I was induced to go into our County Hospital, where I had the best medical treatment the Institution afforded; all of which proved of no avail, and I came out no better than I went in. I was then advised to try your Pills, and by persevering with them was perfectly cured, and enabled to resume my occupation, and although a considerable period has elapsed since, I have felt no return whatever of the complaint.

I am, Sir, your obliged servant,
Oct. 8th, 1852. (Signed) W. MOON.

AN EXTRAORDINARY CURE OF DROPSY, AFTER SUFFERING FOR EIGHTEEN MONTHS.

Copy of a Letter from Mr. G. Briggs, Chemist, Goole, dated February 15th, 1853.

To Professor Holloway.

Sir,—I have much pleasure in informing you of a most surprising cure of Dropsy, recently effected by your valuable medicines. Captain JACKSON, of this place was afflicted with Dropsy for upwards of eighteen months, to such an extent that it raised his body and limbs to be much swollen, and water oozed as it were from his skin, so that a daily change of apparel became necessary, notwithstanding the various remedies tried, and the different medical men consulted, all was of no avail, until he commenced using your Pills, by which, and a strict attention to the printed directions he was effectually cured, and his health perfectly re-established. If you deem this worthy of publicity, you are at liberty to use it.

I am, Sir, yours respectfully,
(Signed) G. BRIGGS.

MARBLE YARD,

Adjoining the Free Church, Sydney Street.

THE Proprietors of this Establishment are prepared to undertake all orders they may be favoured with in the different branches of House Work, Monuments, Tomb Tops, Grave Stones, Chimney Pieces, ornamented and plain; Table Tops, of every description; and Baptismal Fonts, of the most elegant and chaste designs.

All our work we engage to finish in the most workmanlike manner, and in material of the best description.

We do not intend to descend to the degrading artifice of attempting to exalt ourselves by depreciating others as some of our Yankee neighbours have done, but leave it to the knowledge and taste of those who may call on us to judge for themselves. The public have derived one benefit, at least, from the establishment of the petty shops of which these Yankees speak, as their prices, formerly so exorbitant, have been reduced 25 per cent. already, and will yet be brought lower.

In proof of our capability, we can refer to some of the best work in the city—for instance, the beautifully designed and well executed Monument to the late Mr. James Gerow, erected in the Rural Cemetery; the Tablet erected in the Catholic Church, Fredericton, to the memory of the Rt. Rev. Bishop Dollard, &c. &c. &c. These have been executed by M'Grath, white in the employment of those who have tried to take the credit of these works to themselves.

Messrs. M'Grath & Kelly are also engaged to do all the Carved Work of the Catholic Cathedral. This when done will afford simple proof of their capability. Dec. 16. 6m.
