ernor-General of the Dominion.—Baring Brothers, of London, deny that they ever made any investments for Napoleon.—A man named Wm. N. Jones, belonging to Westmorland County, was found dead in his bed on the 12th. Verdict, "Excessive use of intoxicating liquor."—Moffat, DesBrisay and Ritchie were nominated in Restigouche on Monday for the Dominion Parliament. DesBrisay's election is considered sure.—The number of shipwrecks reported during the week ending Nov. 5th was 40, making for the present year 1,645.—A school-house near the residence of Mr. David Adams, in Greenwich, K. C., was burned last week.—It is stated that in the space of one square mile in East London there are 150 gin palaces and public houses, taking from the poor, on a moderate estimate, £450,000 a year.—A monster gun of thirty-five tons is being cast in England.—Sixty thousand furs have been ordered for the Prussians before Paris.—A fiery volcano of large proportions has suddenly appeared in the interior of Mexico.—The schooner *Rebecca S.* was driven ashore at Navy Island in the storm of Wednesday morning.

MELANCHOLY ACCIDENT—A YOUNG WOMAN DROWNED.—Monday afternoon, about three o'clock, Messrs. John Gilbraith, Thomas Gilbraith, John Reed, James McAllister, and Robert Knox, a boy named George Ferguson, and Maria Gilbraith, sister to the two first named men, aged about 17 years, started from the South Wharf in a skiff boat to go to their homes at Pisarinco. There was a heavy sea on at the time, and when going through the West Channel the boat, which, it is said, was deeply laden with provisions, shipped a sea and capsized. Three of the party, John Gilbraith, Reed and McAllister, succeeded in getting on the bottom of the boat. Knox and McAllister kept themselves afloat by swimming, and the boy Ferguson succeeded in seizing two oars, by means of which he kept himself above water until, at the end of about half an hour, a boat from the steamer *City of St. John*, which fortunately was entering the harbor at the time, was launched and sent to their rescue—too late, however, to save Miss Gilbraith, who, sad to say, was drowned. For some time after the boat upset her brother John, from his position on the bottom of the boat, helped to sustain her above water, but the heavy sea beating over her at length exhausted her, and her hold on him relaxed. Still he continued his efforts to save her, but in the end the force of the waves dragged her from his now enfeebled grasp, and she sank and was seen no more. The men were very much exhausted when taken on board the steamer, and said that they could not have held out much longer. The boy Ferguson, who had so tenaciously clung to the oars, was in such a condition that it was deemed advisable to send him to the Public Hospital, where, under proper treatment, it was hoped he would soon recover. The accident, it is thought, was principally due to the overloading of the boat, and not to any carelessness on the part of the crew. McAllister, who gave a statement of the sad affair to the police, says that up to the moment of the accident he never saw a boat better managed.—*Freeman.*

THE STORM AND TIDE.—The snow and rain storm, from the eastward and southeast, took place on Tuesday night. The ground in and about the city was covered with a sleety iee on Wednesday and the wind was very high between six and nine o'clock, but settled inio alternate lulls and squalls from the south east as the day advanced. About half-past ten o'clock the tide rose to a great height, and is said by those who are accustomed to observing such things to have been within a few inches of the point reached during the Great "Saxby" storm and tidal wave. It was the most fortunate thing for a portion of our shipping, and the warves in the most exposed part of the harbor, that the wind blew from a quarter which did not admit of it raising a heavy sea, for when the water, with a moderate roll heaving in, submerged most of the wharves and covered a number of warehouse floors, the damage which would have been caused by a heavy sea can be imagined.

The Ballast Wharf was partially submerged and some of the ground was washed down, and along Charlotte Street Extension the water was, in some places, knee deep on the street. Mr. Fred. P. Robinson's new wharf was under water a few inches, and several waves ran up against the building at its head. The Anchor Line was between three and four feet under water in some places, and no portion of it was out of water for half an hour. The doors of the warehouse, which open to the south, were forced in at the bottom several inches by the sea, which dashed against them, and had it not been for the protection afforded by the ship *Coromandel*, lying in the berth of the Anchor Line steamers, the warehouse would, no doubt, have been completely wrecked. At the *Empress* wharf a lot of English goods had to be taken from the warehouse and placed in the street above, and a lot of tin, copper and other stuff was more or less submerged. The wharf itself was quite covered. The wharves above this point were more or less under water, and many of the South Wharf stores' floors were partially inundated.

The Ferry boat was obliged to discontinue her trips until about 1 o'clock, on account of the shameful condition of the floats and approaches. Messrs. O'Brien & Toole's wharf, Carleton was injured to the extent of some $30 or $40; and the new Railway wharf at Sand Point, though well under at times did not suffer damage. The two-story house of Mr. John McGrath on Sand Point—owing to the washing out of the sand underneath—settled several inches and was moved outward also, while the chimney of the adjoining house, belonging to Mr. Geo. Clark had its foundation washed out also.—*Telegraph.*

A telegram to the Associated Press on Tuesday, brings the lamentable intelligence that the schr. *Morning Star*, of Richibucto, from Cape Haytien for Boston, capsized at sea on the 21st ult., and all the crew, except the cook, William Eddy, were drowned.

St. Stephen enterprise now propose to place a dam and lock across the St. Croix, a mile or two below the town, so as to secure deep water for its trading vessels and steamers. The proposed work will cost some $150,000.—*Tel.*

WHAT A GOOD FARMER CAN DO ON A SMALL FARM.—Mr. Richard Ross, Fisher's Grant, this year sold 2200 pounds of flour besides having enough to supply a large family. He raised 700 bushels of potatoes, 400 bushels of which he sold in New Glasgow alone. He raised 800 bushels of turnips which he is now disposing of as fast as possible. He has an abundance of hay to keep three horses, and has raised enough oats, barley, cabbage, beets, &c., for his own family use. All this he raises off twenty-five acres of cultivated land, besides which he has about five acres of pasture ground. This is now the full extent of his farm. It formerly consisted of fifty acres, a portion of which he gave to one of his sons. Mr. Ross avails himself of the facilities afforded for obtaining manure from the mussel beds near the Loading Ground, which has raised his land to a high state of fertility This is an illustration of the ample returns which may be secured from a small plot of carefully cultivated ground—an idea which we commend to the consideration of all our farmers. —*New Glasgow N. S. Chron.*

The Schooner "Ocean Traveller," O'Brine master, left Halifax with provisions for Sable Island some five weeks ago and has not been heard of since she left the island. The crew consisted of the captain and six men.

The steamer "Algoma," over twenty days on a trip from Collingwood to Thunder Bay, Lake Superior, was not heard from.

OTTAWA, Nov. 22.—Our papers, as yet, have no particulars of the reported mutiny at Quebec. It is reported that one hundred men mutinied, and were put in irons, to be tried on their arrival in Bermuda.

General Doyle, who is now here, is said to have received some information, but there is nothing definite or official announced.

The Quebec papers are silent upon the subject.

Parliament may be called for the despatch of business by the 10th of February next.

News from British Columbia shows that province will be ready for admission into the Dominion by New Years.

HORRIBLE.—*L'Evenement*, of Quebec, says that it has information from St. Hyacinthe "that the police of that town, on Thursday last week, arrested two individuals concerned in burning a young infant alive. The family in which this atrocious crime was committed recently arrived in Montreal and are all drunkards. It was an old man whom they had detained in the house against his will that revealed the whole affair. Having managed to escape, he warned the neighbors, who had heard frightful cries, saying that he could still see the feet of the infant sticking out of the stove where the murderer had placed it, when he left the house. The perpetrators of the crime are several in number, and the police as yet have only succeeded in arresting two."

BRITISH AND FOREIGN.

LONDON, Nov. 18.—Earl Russell proposes a joint armed resistance of the powers if Prussia demands more than Alsace and part of Lorraine, and urges England to form strong reserves, based on militia, and to place a strong garrison at Quebec under an able commander.

The King of Prussia telegraphed that the French were repulsed, Dreux captured, and many prisoners taken yesterday.

LONDON, Nov. 19.—The French claim the advantage in the last engagement near Dreux, with the force under the Duke of Mecklenburg, and assert that De Paladine has outflanked the Germans and that his vanguard is now only 22 miles south of Versailles.

John Stewart Mill and Mr. Froude publish letters strongly opposing the warlike attitude of England on the Russian question.

It is also said the Prince of Wales, on behalf of the Queen, urges pacific counsels.

There is better feeling in financial circles, under belief that a general war will be averted.

LONDON, Nov. 20.—Garibaldians under Ricciotti Garibaldi killed and captured 800 prisoners at Chatillon.

Rumors are afloat of disaster to the army of the Loire. No particulars received.

In case of war large numbers of the force serving in India will be drafted into the Turkish army, and a considerable portion of the Madras army will be sent to Turkey.

The Austrian reply was expected to reach St. Petersburg yesterday.

Large orders received in this city from Russia will not be filled.

Incessant activity prevails at War Office and Admiralty night and day.

LONDON, Nov. 21.—The tone of the English press and public feeling is more amicable on the Eastern Question.

In Vienna the excitement is unabated.

Advices from St. Petersburg report an ardent war feeling throughout Russia. The *Independence Belge*, in a despondent article on the Eastern Question, expresses a fear that war is inevitable, and that all the powers will have their armies in the field before the first of January.

LONDON, Nov. 21.—All leave of absence to the Guards have been cancelled, and orders have been issued to prepare for active service.

The city is full of rumors that Gorschakoff offers to withdraw his note and submit Russia's claim to the decision of a Congress.

It is stated that the Porte has called out the reserves.

Russian answer to Vienna note is expected by the 23d.

LONDON, Nov. 22.—Earl Russell writes to the *Times* that a real emergency exists when the Minister of a great power assumes the right to abrogate a treaty binding seven of the chief of Europe, points out the large number of Russian troops moving to the frontier of Turkey; and suggests that 100,000 militia, in addition to the militia reserve, be called out.

News is received from Paris by balloon up to midnight of Monday. The city was entirely tranquil.

The supply of meat is limited to fifty grames daily. Horse flesh and vegetables still abundant. All unmarried men, between 20 and 35, are enrolled in the National Guard.

LONDON, Nov. 22.—The belief on Downing street is that Russia, in deference to the united opinion of the Great Powers, will withdraw the pretension advanced by Gortschakoff's note, and express her willingness to refer the question at issue to a Conference which will not be summoned until after the termination of the present war.

VIENNA, Nov. 22.—Austria's rejoinder supposed to have been prompted by England, is as follows: "Russia's wishes in regard to the Black Sea might have been put forward through diplomatic channels and possibly have been acceded to by the Great Powers concerned; but an arbitrary expression of her will calls for the greatest resistance from all parties."

LONDON, Nov. 23.—French news to-day presents no feature of special importance.

The Germans are reported to be suffering seriously from cold and sickness.

The Duke of Cleveland writes to the *Times* arguing against a war between England and Russia. The English, he says, have no army for foreign service; England has no allies but Austria and Turkey, and they are both bankrupt.

A despatch from Constantinople says the Sultan invokes the interposition of the guaranteeing powers.

Rumors this afternoon are more warlike.

The election of the Duke of Aosta King of Spain gives great satisfaction in Cuba.

NEW YORK, Nov. 18.—A mutiny occurred yesterday in 69th Regiment, on ship Crontes (at Quebec), on the refusal of Col. Bajo to take the families of men married without leave in Canada. Several mutineers were killed before it was quelled.

The families were sent by another vessel.

NEW YORK, Nov. 21.—Schooner *Morning Star*, of Richibucto, from Cape Haytien for Boston, capsized on 21st ult., and all but William Eddy, cook, drowned. He was landed at Galveston by brig *Ellen Berwick*, of New York.

NEW YORK, Nov. 23.—Gold quiet.

IF YOU DOUBT, WRITE MR. GALER.

WILLIAMSBURG, L. I., 258 Grand St., June 11, 1866.

Messrs. B. L. JUDSON & Co.

GENTS: It is with great pleasure I write these few lines, not only as a recommendation, but as I feel a very great benefit derived from taking your Worm Candy (Dead Shot). I have suffered much for 10 years past, tried many medicines, been under treatment of physicians in this city, but all to no avail. I felt a gnawing sensation in my bowels, sleepless nights, and very nervous. I have now taken about ten sticks, and quite a number of tape worms, one several yards long, has come from me. I continue taking it, feeling quite a new man, my sensations quite different; and I recommend the same to the community at large, feeling confident, from practical experience, it is the best eradicator of worms in use.

Yours most respectfully,
DAVID GALER.

CITY OF BROOKLYN, KING'S COUNTY, } ss.

David Galer being duly sworn, deposes and says, that he is the same person described in the above certificate, and that the statement therein made by him is in every respect correct.

DAVID GALER. [L. S.]

Sworn before me on this 12th day of June, 1866. WILLIAM HUGHES, Com. of Deeds. { Int. Revenue Stamp. }

M'KENZIE'S DEAD SHOT WORM CANDY

for sale by all Medicine dealers, at 15 cents per package.

HOW TRUE and how strange, that people should seek relief in the hieroglyphics of a doctor's prescription when they can buy as good, and nine times out of ten a better remedy than most doctors give, for the insignificant sum of 25 cents. We refer to Morse's Indian Root Pills, these pills cure Headache, Liver Complaint, Indigestion, Female Irregularities, and all bilious disorders, they are prepared from a formula pronounced by the most learned Physicans of our country to be the best and most universal of family medicines. Give them a fair trial and you will never be without Morse's Indian Root Pills. Sold by all dealers.

In numbers there is safety, it is upon this principle that the formula of Johnson's Mountain Herb Pills was prepared. It was not the result of one man's knowledge. Dr. Judson, intending to spend a fortune in advertising his Pills, consulted the most intelligent and learned physicans of the age, and the result was the production of a simple but efficacious medicine the Judson's Mountain Herb Pills. These pills cure Biliousness, Dyspepsia, Liver complaint, Indigestion, Female Irregularities, &c. They have now been used many years by the Public, and thousands of testimonials bear witness to their virtues. As a family medicine they are unrivalled. Give the Mountain Herb Pills a trial. Sold by all dealers.

Butter and cheese are almost indispensable articles of food. Properly used, theyare nutritious and healthy: but an inordinate use of either cause indigestion and dyspepsia. "Parsons' Purgative Pills," judiciously used, will remove both these troubles.

Have you ague in the face; and is badly swollen? Have you severe pain in the chest, back, or side? —Have you cramps or pains in the stomach or bowels? Have bilious colic or severe griping pains? If so, use "Johnson's Anodyne Liniment."

THE READY REMEDY.—The variable temperature of autumn is always pregnant with colds and all pulmonary disorders. Dr. Wilson's Pulmonary Cherry Balsam, diligently used, will be found to be the most effcient means of immediately banishing coughs or lung complaints in their worst form. Whenever the system is predisposed to weakness of the chest, this Balsam will be found sure to eradicate the seat of future mischief in the lungs. Asthma, bronchitis, chronic cough, &c., all disappear before the successful employment of Dr. Wilson's Balsam, which in the most obstinate cases only require a moderate amount of time and fair attention.

The beauty of Dr. Wilson's Anti-bilious and preserving Pills is, they do their work without pain. They gently move the bowels, increase the appetite, act gently on the liver, purify the blood, improve the whole system, keep it in order, and prolong life. They are especially got up to strengthen and build up the system.

A Subscriber tells us that for years he has been a sufferer from chronic Rheumatism; and from his having a supply of Dr. Dow's Sturgeon Oil Liniment in his house, which he always keeps for his horses and stock, he was led to try it for his complaints: and to his great joy he was entirely cured. He would not part with his new found remedy for any thing.

Why should any man permit his horse to run down as we frequently see? In many cases it arises from not knowing what to do; in others the remedy is put off from day to day, hoping relief will come of itself. Keep Clark's Derby Condition Powders always on hand, give them occasionally as you see they are required, and do not let your horse run down. They keep him so that he feels the full benefit of his food.
