☞The *Freeman* does not like the 'Washington Treaty'—at least so it says. Yet it does not cease to find fault with all others who take exception to it. It is rather amusing to see the editor pat the *Visitor* on the back for favoring the Treaty, and try to lay the lash on the INTELLIGENCER and other papers that oppose it, he all the while pretending to oppose it himself. A most comical genius is the Editor of the *Freeman*.

☞ EARLY POTATOES.—An agent of the *Telegraph* writing to that paper June 10th says:—

"Mr. T. L. Simmons, Maquapit Lake, Sunbury County, has potatoes in bloom this week. Squash and cucumber plants are proportionally well advanced. Mr. A. S. Randell has early plants, also looking very promising; onions with tops a foot high or more. Tomato plants all look well. Grubs and Squash bugs are damaging plants considerably, causing trouble to cultivators. I saw no corn, potatoes, squash or cucumber plants in Annapolis last week as well advanced as in Lakeville, Sunbury County, N. B.

ST. ANDREWS AS A WATERING PLACE.- Rooms have been engaged in Clarke's Hotel, St. Andrews, for Hon. Dr. Tupper and family, and they are expected there on Friday. Sir John A. Macdonald and lady, it is understood, will spend a few weeks of the hot season at the same place. St. Andrews will, probably, become the Brighton of Canada when its merits are generally appreciated.—*Tel.*

LOSSES OF NEW BRUNSWICK SHIPPING.—The following vessels registered at this port have been lost since the 1st of January of the present year. The list is quite long:—

Ship *Gertrude*, 1097 tons, bound from Liverpool for Mobile, was lost on the Isle of Pine Reefs on the 11th of Feburary. Built in Carleton in 1857 and owned by B. S. Gilbert, Esq.

Bark *Gussie Trueman*, 464 tons, bound from Baltimore to Aspinwall, ran ashore on a reef at the latter port on the 5th of March. Built at Sackville in 1866 and owned by J. F. Taylor, Esq.

Bark *Hannah H*, 316 tons, bound from Jamaica for London, went ashore near Jamaica on the 13th of April. Built at Long Reach in 1868, and owned by A. B. Holder, Esq.

Brigt. *Southern Cross*, 164 tons, bound hence to Matanzas, was abandoned at sea Feb. 26th. Built at Blissville in 1866 and owned by James H. Robinson, Esq., of this city.

Brigt. *Afton*, 164 tons, bound from Sackville to Barbadoes, ran ashore on Seal Island, and was abandoned on 9th of January. Was afterwards taken into Yarmouth, N. S., and was sold there. Built at Tidnish in 1864, and owned by Mariner Wood, Esq., of Sackville.

Brigt. *Callie Allie*, 105 tons, bound from Rosano to Liverpool, foundered January 10th. Built at Musquash in 1865, and owned by F. P. Robinson, Esq.

Schooner *Rosilla B.*, 207 tons, bound from Portland to this port, was lost on Duck Island about the 10th of February. Built at Grand Lake in 1868; T. F. Granville, Esq., registered owner.

Schooner *Arno*, 91 tons, bound from St. Andrews for Boston, was lost on Wood Island about 10th of March. Built at Augusta, Me., in 1850; George Eaton, Esq., registered owner.

Schooner *Catherine John*, 130 tons, bound hence to Matanzas, was abandoned at sea January 24th. Built at Carleton in 1867, and owned by Messrs. James Cullinan, Wm. McGuire and Daniel Doyle.

Schooner *Ambro*, 100 tons, arrived at St. Thomas on the 8th of March in distress, and after examination was condemned and sold. Built at St. Martins in 1865, and owned by Charles E. Robinson, Esq., of this city.—*Globe.*

THE MANITOBAH MUTINEERS.—Thomas Shea, Thomas Walsh, Robert Walsh, and Charles Carr, four of the crew of the Yarmouth bark *Manitobah*, have been held for examination on the charge of mutiny, and with attacking Captain Durkee and his mate, Hiram McKinnon. Wm. Montivell, the steward, John McDonald, Jeremiah FitzPatrick, and Thomas Wood, able seamen, were discharged. The prisoners will be extradited and tried in Nova Scotia.—*News.*

MORE COAL.—The editor of the Amherst *Gazette* has received a specimen of coal found within half a mile of Maccan. It is said to be of very superior quality. The Joggins Coal Mining Association are prosecuting work on a large scale, and orders from St. John are in hand for 20,000 tons to be supplied this season.—*Ib.*

THE SHINGLE TRADE.—No less than seven schooners were seen loading at one time from Dowling's Wharf, yesterday. When we state that there is another wharf, Sherman's, just below, and still another at the upper end of the city, all sending off cargoes of shingles daily, we may have some idea of what a trade this business is becoming in Fredericton.—*Reporter.*

SUCCESSFUL FISHING.—The Schr. *Frank Gould*, owned by Capt. Eben Gaskall of Grand Manan, has returned from the Magdalen Islands, bringing a cargo of 700 barrels of herring.—*Tel.*

ANNAPOLIS CHEESE.—The Bridgetown (N. S.) *Free Press* says there are seven cheese factories in Annapolis—two of which have been in operation for two years; situated at Williamstown, Paradise, Torbrook, Handley Mountains, Nictaux, Bridgetown, Belleisle—localities famous for dairy productions,—and will no doubt be entirely successful.

BRITISH AND FOREIGN.

In France the execution of the Communists has been carried on at a wholesale rate. One shudders at the thought of the bloody deluge. Let us hope it is past, and that similar scenes may never again occur in the history of the world. Something like quiet begins to prevail, yet the unhappy country is far from being in so tranquil a state as is desirable. They want a Government, and the difficulty is to determine what will best satisfy the populace. They are busy discussing the merits and claims of the Bourbons, the Orleanists and the Bonapartes; while some are crying out for a Republic after the form of the United States. A Republic is out of the question. If Frenchmen have demonstrated anything more clearly than another it is that they are wholly incapable of governing themselves. They want ruling with a strong hand. Napoleon third—their exile Emperor—is probably the best man available, although there does not just now seem a very bright prospect for him. Indeed we think he would be very foolish to return were the way open for him. The throne of France at best is not a desirable seat, much less so in the present unsettled state of the country.

LONDON, June 9.—The House of Commons passed Westmeath Bill enlarging powers of Government for repression of violence in Ireland.

The *Times* says the Washington Treaty sacrifices the interests of small communities to convenience powerful States. It, however, argues acceptance by Canada as compensation for boon of American free trade.

Minister of Finance has asked for loan of 100,000,000 francs (?) to pay off indemnity as soon as possible.

The seat of Government in France is to be removed from Versailles to Paris. The Orleans Princes visited President Thiers yesterday. They resigned their seats in the Assembly and disclaimed any intention of intriguing against the Republic.

The betrothal of King Louis of Bavaria to Princess Marie, daughter of Czar Alexander of Russia, is announced.

PARIS, June 11.—The Press of Paris continues firm in support of Thiers. All civilians found with arms in their possession after a certain day will be tried by court martial. Picard has resigned Governorship of the Bank of France.

Communist Superintendent of the Bank of France has been given a safe conduct to leave the city.

French prisoners are rapidly returning from Germany.

All property stolen from churches has been discovered in mint and returned.

Austrian Government instructed its representative to follow Victor Emmanuel to Rome.

LONDON, June 12.—In the Lords last evening, Earl Russell moved an address to the Crown against the ratification of the Treaty of Washington, and opposed the sixth article, which lays down new rules of international law. Earls Granville and Derby hoped he would withdraw his motion, saying that although some parts of it were to be regretted, the international gain was incalculable. Earl DeGrey and Ripon defended the Commissioners from Russell's charges, and Lord Cairns, the Duke of Argyle, and Earl Kimberly also opposed Russell's motion, which was finally withdrawn.

PARIS, June 12.—Pauyer Quertier proposes a tax of four hundred and fifty million francs. Prince de Joinville will sit for the department of Marne. Bonapartists hope to carry 50 of 114 seats in the Assembly to be filled.

LONDON, JUNE 13.—The *Times* to-day says that "The discussion yesterday in the House of Lords shows that the advantage in the Treaty of Washington greatly overbalance its deficiencies. To yield to conciliate an opponent is unwise; but the American Commissioners also receded from their original demands. The claims on both sides could hardly be settled in a better way."

In the Assembly, yesterday, Trochu defended his administration of affairs in Paris.

Prince de Joinville, Duc d'Aumale, and Fabrice, called on Thiers on Monday.

The work of restoration of Bois de Bologne has begun.

Princess Mathilde has asked Thiers for permission to return to Paris, promising to abstain from political intrigues.

LONDON, June 14.—Earl de Grey and Ripon is to be created Marquis of Ripon for his distinguished services in connection with the Treaty of Washington.

Steamer *Anna Smith* has been wrecked on the English coast with the loss of ten lives.

The official statement of the Bank of France states that the bullion in its vaults is 22,000,000 francs.

One hundred thousand French troops are to be reviewed on Sunday next on the Champ de Mars.

Rochefort is seriously ill, and his trial postponed.

Twenty-one men were executed yesterday in the Bois de Bologne.

NEW YORK, June 13.—Advices via San Francisco report the burning of the ship *San Juan*, fifty miles from Hong Kong, and the roasting to death of five hundred coolies fastened under the hatches.

Private letters from Shanghai say that great uneasiness is felt at Pekin. The air is filled with strange mutterings, though danger to foreign residents is not supposed to be immediate.

Cable advices state that the Bonapartists will make a strong effort to gain success at the elections, and the Prince Imperial will be a candidate for the Assembly instead of Prince Napoleon.

Citizens hereafter found in possession of arms are to be tried by martial law.

NEW YORK, June 14.—Galveston, Texas, has been visited by another severe wind and rain storm, which blew down houses, drove vessels on shore and several out to sea.

If your horse has contracted or fevered hoofs, or is foundered, let him stand on a salt poltice, and apply Dr. Dow's Sturgeon Oil Liniment around the upper part of the hoof, in the way the directions prescribe, and he can be cured.

Englishmen in this country are exceedingly fond of good horses. They have much experience in using them, and understand them thoroughly. Knowing them so well, they are uniform in their praise of Clark's Derby Condition Powders.

FELLOW'S COMPOUND SYRUP OF HYPOPHOSPHITES is an excellent nervous tonic. It exerts a direct influence on the nervous system, and through it invigorates the body.

If *Johnson's Anodyne Liniment* is half as valuable as people say it is, no family should be without it. Certainly no person, be he Lawyer, Doctor, Minister, or of any other profession, should start on a journey without it. No Sailor, Fisherman, or Woodsman should be without it. In fact it is needed wherever there is an Ache, Sprain, Cut, Bruise, Cough, or Cold.

Farmers and "Horse Men," are continually enquiring, what we know of the utility of "Sheridan's Cavalry Condition Powders," and in reply we would say, through the columns of the VISITOR that we have heard from hundreds who have used them with gratifying results; that is also our experience.

JOY FOR INVALIDS.—The greatest and best chemical combination of the very finest anodyne and expectorant "balsams" dwells in Dr. Wilson's Pulmonary Cherry Balsam, which, to be praised, needs only a trial. The extraordinary power exerted over all lung complaints strongly recommend it to the use of families in which and constitutional weakness or tendency to consumptive taint exists. Dr. Wilson's Balsam has the most renovating effect when the throat and lungs become diseased. It keeps the action of the lungs free, and harmless in its action, and is adapted for any and every constitution, however robust or delicate.

Dr. Wilson's Antibilious and Preserving Pills will cleanse the blood, assist in creating new and pure blood, and promote the proper distribution of nutriment throughout the entire body. This is the reason why they are so efficacious, as to have commanded, in so unparalleled a manner, and confidence of the public in so short a time.

IF YOU DOUBT, WRITE MR. GALER.

WILLIAMSBURG, L. I., 258 Grand St., June 11, 1866.

Messrs. B. L. JUDSON & CO.

GENTS: It is with great pleasure I write these few lines, not only as a recommendation, but as I feel a very great benefit derived from taking your Worm Candy (Dead Shot). I have suffered much for 10 years past, tried many medicines, been under treatment of physicians in this city, but all to no avail. I felt a gnawing sensation in my bowels, sleepless nights, and very nervous. I have now taken about ten sticks and quite a number of tape worms, one several yards long, has come from me. I continue taking it, feeling quite a new man, my sensations quite different; and I recommend the same to the community at large, feeling confident, from practical experience, it is the best eradicator of worms in use.

Yours most respectfully,
DAVID GALER.

CITY OF BROOKLYN, KING'S COUNTY, } ss.

David Galer being duly sworn, deposes and says, that he is the same person described in the above certificate, and that the statement therein made by him is in every respect correct.

Sworn before me on this 12th day of June, 1866. WILLIAM HUGHES, Com. of Deeds. { Int. Revenue Stamp. }

M'KENZIE'S DEAD SHOT WORM CANDY

for sale by all Medicine dealers, at 15 cents per package.

In numbers there is safety, it is upon this principle that the formula of Johnson's Mountain Herb Pills was prepared. It was not the result of one man's knowledge. Dr. Judson, intending to spend a fortune in advertising his Pills, consulted the most intelligent and learned physicans of the age, and the result was the production of a simple but efficacious medicine the Judson's Mountain Herb Pills. These pills cure Biliousness, Dyspepsia, Liver complaint, Indigestion, Female Irregularities, &c.

How TRUE and how strange, that people should seek relief in the hieroglyphics of a doctor's prescription when they can buy as good, and nine times out of ten a better remedy than most doctors give, for the insignificant sum of 25 cents. We refer to Morse's Indian Root Pills, these pills cure Headache, Liver Complaint, Indigestion, Female Irregularities, and all bilious disorders, they are prepared from a formula pronounced by the most learned Physicians of our country to be the best and most universal of family medicines. Give them a fair trial and you will never be without Morse's Indian Root Pills.

On the 13th inst., after a long illness, Charles R., eldest son of Mr. J. T. Barnes, in the 27th year of his age.

Funeral to-morrow, (Saturday,) at half past 2 o'clock, from his father's residence, Wentworth Street.

At Portland, on Monday, the 5th inst., of brain fever, Daniel, eldest son of Thomas and Eliza Godwin.

At Woodstock, on the 1st inst., Ann, relict of the late Simion Giberson, aged 68 years, leaving nine children and a large circle of relatives to mourn their loss. Her end was peace.

At Kingsclear, York County, on the 30th ult., in full assurance of a blessed immortality, Barbara Ann, beloved wife of Thomas Gallop, aged 28 years. She experienced religion at the age of 17, was baptized by Elder Kinghorn and united with the Free Baptist Church to which she was strongly attached; yet she loved Christians of every denomination and cheerfully welcomed the ministers of the gospel to her home, and always thought it a pleasure to wait upon them. But she has gone to rest and we are left to mourn. Yet we cannot wish her back; she did not wish to stay. She had set her house in order and was ready to go; and with the greatest composure, although almost in a whisper (her last disease being lung fever), she spoke of the place where she wished to be laid, and requested that Elder Kinghorn might preach the funeral sermon, thus performing for her perhaps the three most important ceremonies—her baptismal, marriage and funeral services. She then gave mementos to her nearest relatives, and spoke a word of counsel and encouragement to all who came in to see her. She had kissed her children and given them up from the first, hoped we would all meet in heaven, thought we would know each other there, said she heard the most delightful singing all the time, at one time she heard "Windham" and the words "Why should we start and fear to die," at another time they sang "Champney" to the words "Come wanderers to your Father's home, come all ye weary ones and rest," and many others. At last her mind wandered, her speech failed and she sank to rest without pain and not much suffering, though she had suffered much before. Such is the end of the Christian race.

"Only a message sent from the Throne,
Calling His children like lambs to His home."

COM.

At Barring, on the 28th ult., of heart disease, Mr. Harvey Doane, in the 72nd year of his age. He was baptized by the Rev. Asa McGray in the year 1833, and joined the Free-Will Baptist Church, of which he has been a deacon and useful member until his demise. His intelligence and good example made him a useful member of the cause of Christ, and a worthy citizen. For the last ten years he has been the Keeper of Cape Sable Light, and his hospitality can be attested by many a shipwrecked mariner who has been thrown on the shores of Cape Sable. He was a kind husband and an affectionate father. He leaves a widow, three sons and one daughter, and a large circle of relatives and friends to mourn their loss. His funeral sermon was preached by the Rev. M. Knollin, assisted by Revds. Wm. Richan, Wm. Downey and J. S. Porter, from. xiv. 13.

LEMONT'S VARIETY STORE.

REMOVAL.

TO THE PATRONS of LEMONT'S VARIETY STORE. LADIES AND GENTLEMEN,—We desire to inform you that we have moved our Stock of Goods (including those of our Branch Store, Hogg's Corner) to the Brick Building lately occupied by Messrs. ROBINSON & WHEELER, only next door below our old stand.

Feeling thankful for the patronage we have received during the last twenty years while doing business in Fredericton, we would respectfully ask for a continuance from you of the same. With the largest Store and Warerooms in the City, we shall have greater facilities for carrying on a Wholesale and Retail trade, enabling us more promptly to attend to the wants of customers. There are three Showrooms, eighty-three feet deep by twenty-three feet wide, besides a cellar under all, giving a floor space of 7,636 feet. The Store is situated between the Queen Hotel and Barker House, and is but three minutes walk from the City Hall.

We shall in the future, as in the past, keep the largest Stock of Goods in New Household Furniture, White Stoneware and China, Crockery, Cut and Pressed Glassware, Cutlery, Kitchen wares, Tin and Block Tin ware, Silver Plated ware, Lamps and Lamp Stock, Fancy Goods, Wooden ware, Household Hardware and Varieties, to be seen in Fredericton, and an assortment equal to any in the Province.

Our second-hand Furniture Department will be well supplied in Mahogany and Walnut Goods, bought at Auction by Mr. MARTIN LEMONT, in the Markets of New York and Boston. We have not kept common second-hand Bedsteads, Feather Beds or Mattrasses for ten years past, nor do we intend to. These Goods are of best quality, and warranted clean. In this line will be found many Bargains.

We buy our goods direct from the Manufacturers in England, France, Germany, United States, the Canadas, and in the Province, and shall sell lower than any other house in the trade.

Parties going into House-keeping, and others wanting Goods, will find this the best and most reliable place to buy their goods in Fredericton. The especial attention of the ladies is desired. Respectfully yours,

Fredericton, June 16, 1871. LEMONT & SON.
