THE QUEEN'S SPEECH

ON THE OPENING OF PARLIAMENT.

My Lords and Gentlemen.—I have called you together at this unusual period of the year, in order that, by your assistance, I may take such measures as will enable me to prosecute the war in which we are engaged with the utmost vigour and effect. This assistance, I know will be cheerfully given, for I cannot doubt that you share my conviction of the necessity of augmenting my forces now engaged in the Crimea. The exertions they have made, and the victories they have obtained, are not exceeded in the brightest pages of our history, and have filled me with admiration and gratitude.—The hearty and efficient co-operation of my brave ally, the Emperor of the French, and the glory acquired in common, cannot fail to cement more closely the union which so happily exists between the two nations. It is with satisfaction that I inform you that, together with the Emperor of the French, I have concluded a treaty of alliance with the Emperor of Austria, from which I anticipate important advantages to the common cause.

I have also concluded a treaty with the United States of America, by which subjects of long and difficult discussion have been amicably settled.

These treaties will be laid before you, although the prosecution of the war will naturally engage your chief attention. I trust that other matters of great importance to the general welfare will not be neglected.

I rejoice to observe that the prosperity of my subjects continue uninterrupted.

The state of the revenue affords me entire satisfaction, and I trust that by your wisdom and prudence you will continue to promote the interests of agriculture, commerce and manufactures.

Gentlemen of the House of Commons—In the estimates which will be presented to you, I trust you will find that ample provision has been made for the exigencies of the public service.

My Lords and Gentlemen.—I rely with confidence upon your patriotism and public spirit. I feel assured that, in the most serious contest in which we are engaged, you will exhibit to the world the example of a united people. Thus we shall obtain the respect of other nations, and may trust that, by the blessing of God, we shall bring the war to a successful termination."

The passage relative to the victories of the Crimea, which Her Majesty declared had filled her with gratitude and admiration, was delivered with great emotion.

Her Majesty having delivered her speech aloud and giving her hand to Prince Albert, left the House. The Assembly then dispersed.

☞ Yesterday one of the Black Ball Line of Packet Ships, *John Barbour*, Captain Marshall, arrived in our harbour from Liverpool, with a general cargo, and 40 passengers. It would be superfluous to say that everything arrived in good condition—as it is universally the case in this line. The ship looked as if she had made a summer passage, and reflects the highest credit on her enterprising commander, Captain Marshall.

A FACT—VALEAT QUANTUM!

In the English papers we read that a Mr. Thomson was first expelled from one Newsroom, and next from another in Newcastle-upon-Tyne, because of his speaking unbecomingly of the British in reference to their conflicts with Russia. But in St. John New Brunswick, a certain Newspaper that speaks most insultingly of England and her victories, is made as welcome to the Reading-room as any other. The generosity of the gentlemen of the Reading-room should be made known.

☞ At the next meeting of the Grand Lodge of Freemasons in England, Grand Master, Earl of Zetland, intends proposing a grant of £1,000 towards the Patriotic Fund. Brethren of New-Brunswick, do not be laggard. Let the proceeds of next *Charity Ball* be devoted indeed to *Charity*, and let us all pull together, and contribute something handsome to the Widows and Orphans of the brave men who are now being daily sacrificed "In the East."

☞ On Friday night last, 29th ultimo, a man named John S. Barre, Civil Engineer, came to his death by leaping from a three story window in King-street, while labouring under temporary insanity, and on Saturday the Coroner held an inquest on the body, when the Jury returned a verdict accordingly. The deceased was a native of the North of Ireland.

☞ The celebrated Vocalist (Madame Kreilman) intends giving a Concert on Saturday evening at the Mechanics' Institute. Those who have not heard the sweet sounds of this gifted lady, we would advise to secure tickets early, being her last appearance here.

MECHANICS' INSTITUTE.—Rev. Mr. Lightbey will lecture this (Friday) evening.

GODY'S LADY'S BOOK for January, has come to hand. As usual, it contains much to admire; and nothing to condemn, in either illustrations or literary composition.

Cure for Sores, Scalds, and Burns.—*Holloway's Ointment.*—This wonderful Ointment will cure the most dangerous burns, scalds, and other sores; it completely identifies itself with the system, mingling with the blood, it lulls the pain, soothes the irritation, and speedily heals the parts affected. Thousands of persons have been saved from an untimely end, through this extraordinary salve; therefore all families are recommended to keep a supply of it constantly by them.

☞ Our Subscribers in Pisarinco are informed that the parcel has been regularly mailed at this Office. How it has been missing for several weeks is to us a mystery; and we are disposed to think the fault will be placed somewhere on the St. Andrew's Road. We have communicated the fact to the proper authority.

☞ "SUBSCRIBER."—On the propriety of at once erecting Light Houses on Southern Wolf and North Head of Grand Manan, is received. They should have been placed there years ago.

CAUTION.

From the (Boston) Chronotype.

The great popularity of Wistar's Balsam of Wild Cherry has induced some mercenary individuals in various parts of the country to compound quack nostrums for the purpose of deceiving the public and raising money on the well-earned reputation of this truly valuable medicine. The interest of the proprietor cannot suffer, if he can but keep the public informed against the false preparations attempted to be palmed off in the name of the Wild Cherry; for certain it is that no medicine ever proved so efficacious in a long catalogue of the most common diseases which "human flesh is heir to," or preserved the health and life of so many thousands of our race as has Dr. Wistar's Balsam. Mr. SETH W. FOWLE, druggist, No. 138, Washington street, is the sole proprietor of the genuine medicine, and supplies both at Wholesale and retail, and of whom, also, agencies can be obtained.

THE GENUINE AND ORIGINAL.

Dr. Wistar's Balsam of Wild Cherry

Has been EXTENSIVELY COUNTERFEITED in Philadelphia, and some thousand bottles of the spurious imitation thrown into the market and extensively circulated; this is to caution Dealers and the public generally against purchasing any other than that having the written signature of I. The Renowned Remedy

HOLLOWAY'S OINTMENT.

A MOST ASTONISHING CURE OF SCROFULOUS ULCERS.—A CASE CERTIFIED BY THE MAYOR OF BOSTON.

Copy of a Letter from J. Noble, Esq., Mayor of Boston, Lincolnshire.

To Professor Holloway.

Dear Sir,—Mrs. Sarah Dixon, of Liquorpond-st. Boston, has this day deposed before me that for a considerable period she was severely afflicted with Scrofulous Sores and Ulcers in her arms, feet, legs, and other parts of her body; and although the first of medical advice was obtained, at the cost of a large sum of money, she obtained no abatement of suffering, but gradually grew worse.

Being recommended by a friend to try your Ointment, she procured a small pot, and a box of the Pills, and before that was all used, symptoms of amendment appeared. By perseverying with the medicines for a short time longer, according to the directions, and strictly adhering to your rules as to diet, &c., she was perfectly cured, and now enjoys the best of health.

I remain, Dear Sir, yours truly,

August 12th, 1852. (Signed) J. NOBLE.

AN EXTRAORDINARY AND RAPID CURE OF INVETERATE ULCERS IN THE LEG, AFTER AMPUTATION AND BAD FAILED.

Copy of a Letter from Mrs. Elizabeth Yeates, of the Post Office, Alciwick Road, near Bognor, Sussex, dated Jan. 12th, 1853.

To Professor Holloway.

Sir,—I suffered for a considerable period from a severe attack of Erysipelas, which at length settled in my leg, and resisted all medical treatment. My sufferings were very great, and I quite despaired of any permanent amendment, when I was advised to have recourse to your Ointment and Pills. I did so without delay, and am happy to say, the result was eminently successful, for they effected a radical cure of my leg, and restored me to the enjoyment of health. I shall ever speak with the utmost confidence of your medicines, and have recommended them to others in this neighbourhood similarly afflicted, who derived equal benefit.

I am, Sir, your obliged and faithful servant,

(Signed) ELIZABETH YEATES.

A DREADFULLY DISEASED ANCLE CURED AFTER BEING GIVEN UP BY THE FACULTY AT MALTA AND PORTSMOUTH HOSPITALS.

The following important communication has been forwarded to Professor Holloway for publication, by Mr B. Dixon, Chemist, Kingst., Norwich.

Copy of a Letter from Captain Smith of Great Yarmouth, dated January 12th, 1853.

To Mr. Dixon.

Dear Sir,—I send you the particulars of a cure effected by Professor Holloway's invaluable medicines: Mr. John Walton, late in Her Majesty's Service, in the British Fleet at Malta, had a very bad ulcerated ancle, and after having been in the Malta Hospital for six months, was sent to England as an invalid to Portsmouth Hospital, where he remained an inmate four months, there, as at Malta, refusing to have the limb amputated, he was turned out incurable. He then came to Yarmouth, and was under a medical gentleman for about three months, but his ancle became so much worse, that all hope was lost. At this period, by my advice, he tried Holloway's Ointment and Pills, which by unremitted application, healed all the ulcers, and restored him to perfect health and strength.

I remain, Dear Sir, yours very truly,

(Signed) JOHN SMITH.

Albert Hotel, Great Yarmouth.

SURPRISING CURE OF A BAD BREAST, NERVOUS DEBILITY, AND GENERAL ILL-HEALTH.

Copy of a Letter from Mr. T. F. Ker, Chemist, &c. Lower Moss-Lane, Manchester, dated February 12th, 1853.

To Professor Holloway.

Dear Sir,—I have great pleasure in forwarding to you the particulars of a very extraordinary cure of a bad breast, effected solely by the use of your celebrated Ointment and Pills. Mrs. Martha Bell, of Pitt-street, in this town, had been for a considerable time labouring under nervous debility, loss of appetite, and general ill health, occasioned by ulcerated wounds in the breast. She had had much experience in the use of all the known remedies for the cure of ulcers, but without any beneficial result, in fact she had nearly lost all faith and hope of a cure being effected. In this distressing and painful condition of body and mind, she was persuaded to have recourse to your invaluable Ointment and Pills, which she immediately did, and in the course of a very short time the effect produced was most astonishing; her appetite was speedily improved, the sores and ulcers in the breast gradually healed, and the nervous excitement of her system was wholly removed.

I remain, Dear Sir, yours faithfully,

T. FORSTER KER.

USASE BY THE EMPEROR OF RUSSIA.

Russian Consulate General,
London, Dec. 2, 1847.

The Consul General has been ordered to inform Messrs. Barry Du Barry & Co. that the Revalenta Arabica they had sent to His Majesty the Emperor has, by imperial permission, been forwarded to the Minister of the Imperial Palace.

Cure No. 71, of dyspepsia from the Right Hon. the Lord Stuart de Decies:—"I have derived considerable benefit from Du Barry's Revalenta Arabica Food, and consider it due to yourselves and the public to authorise the publication of these lines.—STUART DE DECIES."

Cure No. 49,832—"Fifty years' indescribable agony from dyspepsia, nervousness, asthma, cough, constipation, flatulency, spasms, sickness at the stomach and vomiting have been removed by Du Barry's excellent food— Maria Jolly,

Hadgeburg, 16th Sept. 1853.

My wife, having suffered for years from a pulmonary complaint, became so ill at the beginning of this year, that I looked daily for her dissolution—The remedies which hitherto had relieved her remained now without effect, and the ulcerations of the lungs and night sweats debilitated her fearfully. It was in this, evidently the last and hopeless stage of pulmonary consumption, when every medicine remained powerless in even affording temporary relief—that I was induced by a medical brother from Hanover, who makes pulmonary consumption his special study, and treats it with Du Barry's Revalenta Arabica, to try this strengthening and restorative food, and I am happy to be able to express my astonishment at its effects. My dear wife is now in as perfect a state of health as ever she was, attending to her household affairs and quite happy. It is with pleasure and the most sincere gratitude to God for the restoration of my wife, that I fulfil my duty of making the extraordinary efficacy of Du Barry's Revalenta, in so fearful a complaint, known; and to recommend it to all other sufferers. GRIES, M.D.

CERTIFICATE FROM DR. GATTIKER.

Zurich, 3d September, 1853.

I have tried Du Barry's Revalenta Arabica for a complaint which had hitherto resisted all other remedies—viz., CANCER OF THE STOMACH, and I am happy to say, with the most successful result. This soothing remedy has the effect, not only of arresting the vomiting, which is so painfully distressing in cancer of the stomach, but also of restoring perfect digestion and assimilation. The same satisfactory influence of this excellent remedy I have found in all complaints of the digestive organs; it has also proved effectual in a most obstinate case of habitual flatulence and cure of many years standing. I look upon this delicious Food as the most excellent restorative gift of nature.

DR. GATTIKER.

Plymouth, May 9th, 1851

For the last few years I have been suffering from dyspepsia, headaches, nervousness, low spirits, sleeplessness, and delusions, and swallowed an incredible amount of medicine without relief. I am happy to say that your Food has cured me, and I am now enjoying better health than I have for many years past.

J. S. NEWTON.

Devon Cottage, Bromley, Middlesex, March 31 1849.

GENTLEMEN,—The lady for whom I ordered our food is six months advanced in pregnancy, and was suffering severely from indigestion, constipation, throwing up her meals shortly after eating them having a great deal of heartburn, and being constantly obliged to have recourse to physic or the enema, and sometimes to both. I am happy to inform you that your food produced immediate relief. She has never been sick since, had but little heartburn, and the functions are more regular, &c.

You at liberty to publish this letter, if you think it will tend to the benefit of other sufferers.
