Banks.—Spotted Fever has made its appearance in Calais in the family of Mr. Eben Spinney. It is said to be more fatal than small pox.—It is feared that the iron barque *Alumina*, now ashore on the round reef, will be almost, if not quite, a total loss. —Henry McClusky died suddenly the other day in a fit. Rum was at the bottom of the trouble and death.—A man named Shannon fell dead in front of a tavern in Woodstock last week. The coroner's jury said he "died from the excessive use of intoxicating liquors. So goes the work of destruction.—The Ottawa City Council has voted $750 for the celebration of the Queen's Birthday.—The price of flour is advancing—It is said that a Company is about being formed to bore for coal and iron at or in the vicinity of Newcastle, Grand Lake, Q. C. —The city debt of Chicago now amounts to very nearly twenty millions of dollars.—California boasts an orchard of 425 acres and over 75,000 trees.—There has been great and unusual mortality throughout the burnt district of Wisconsin, during the winter and spring.—Chicago recently shipped 1,936,114 bushels of grain in three days, which is doing pretty well for a city that was "destroyed" last October.—The first woman admitted to practice as a lawyer in the Courts of the District of Columbia, is a young colored woman, Charlotte E. Ray, a graduate of Howard Institute. She was admitted to the Bar last Friday.—Los Angeles, Cal., has produced 5,000,000 oranges this season.—Ashes fell in the streets of Naples to the depth of three or four inches, during the recent eruption of Mount Vesuvius.—Silk culture is attracting much interest in Florida.—Important discoveries of coal and iron have been made in some of the midland counties of England, where none had previously been supposed to exist.—Prairie fires are raging in different places along the line of the St. Paul & Pacific, and Lake Superior & Mississippi Railroads. Much valuable property has already been destroyed, and fears are entertained that the conflagrations will extend.

We learn that the Government has approved of the general plan submitted to it by Mr. Stead for the new Post office, though the details are not yet fully known. The building is to be 90x50 ft. 6 m., three stories high on Prince William street and five stories on Water street.—*Tel.*

DOMINION PARLIAMENT.

OTTAWA, May 11.—Huntington left this morning for England on private business.

Campbell has introduced a bill into the Senate relating to quarantine, which contains the following clause: "When any vessel not originally bound for any port in the Dominion, shall arrive at Halifax or St. John or other seaport in the Dominion, with contagious or infectious diseases on board, and be allowed to remain in quarantine, the masters of such vessels shall pay the Collector of Customs two dollars ($2.00) head money for each person on board."

OTTAWA, May 14.—The Better Terms Delegation have been in consultation with the Ministry, principally through the Finance Minister, and Minister of Customs. They are also preparing statements on the question of the export duty and the Washington Treaty.

After the vote to-night on the Treaty they will have more formal and lengthy interviews with the Government.

On the Treaty, the Government will have at least a majority of forty, the New Brunswick members dividing.

It will probably be known what policy the Government will adopt on New Brunswick matters this week, the delegates and the New Brunswick members acting heartily in accord.

The leaders of the Opposition seem reticent until they know the course the Government will take.

In the House to-day Bolton asked whether under Article 18 of the Treaty, United States fisherman will be expected to be governed when fishing in Dominion waters, by the municipal or other regulations, establishing close time for protection of the spawning grounds or other protective measures for the preservation of the fisheries.

Sir John replied in the affirmative. American fishermen would be under the same regulation as Canadian, just as under reciprocity treaty.

O'Connor resumed the debate on treaty and spoke in its favor.

Tupper spoke at length in support of the treaty dwelling principally on the advantage of having all difficulties with the United States settled.

OTTAWA, May 15.—In the Commons to-day the Treaty debate was resumed.

Cartier said the vote must be taken to-night, if they sat till morning, and spoke till six in defence of the Treaty.

Campbell, of Guysboro, supported the Treaty.

Dorion made a long speech in opposition to the Treaty.

Smith would vote for the Treaty, for the Imperial interests, though he considered it objectionable It is doubtful if the vote can be reached to-night.

ENGLISH AND FOREIGN.

LONDON, May 10.—The *Globe* says it is rumored in trustworthy circles that the negotiations between the British and American Governments with regard to the indirect claims, have suddenly broken off to-day. To-night Earl Granville in the Lords, and Gladstone in the Commons, promised that a statement of the condition of the negotiations will be made on Monday next, whether the paper are received or not.

The visit of the Empress Augusta will terminate next Tuesday.

The convalescence of ex-Empress Eugenie is progressing satisfactorily.

The Carlists report that their greatest strength in Spain is in the province of Biscay, and news of an attack on Bilboa is expected daily. A column of Spanish troops which marched out of Bilboa was attacked and driven back by insurgents.

LONDON, May 11.—The Spanish Government officially announces that the Carlists in large numbers are surrendering to the loyal forces, and the insurrection is over.

LONDON, May 13.—The *Times* and other London papers of this morning are of the opinion that the announcement of Friday that negotiations with regard to the indirect claims have been broken off was premature. The *Times* says positively that all will yet be righted. It maintains that the American Government has agreed on the principle to withdraw the claims for indirect damages, and advises forbearance on the part of both Houses of Parliament.

The negotiations relative to the Washington Treaty are still progressing. The Tories are prepared to propose a vote of want of confidence in the Ministry unless Granville's statement is satisfactory.

The French Commission of Capitulation thinks that Favre is responsible for the surrender of Paris, and exculpates Trochu and Vinoy.

Belgium Bank has raised its discount to 5 per cent.

LONDON, May 13.—Gladstone and Granville presented the facts last evening to Parliament, relative to the Alabama controversy, and expressed the belief that the whole matter would be eventually satisfactorily settled. Gladstone in conclusion, said that he thought he was not too sanguine in predicting that negotiations would result in a settlement which would redound to the credit of both parties.

As Gladstone took his seat there was loud and repeated cheering from all parts of the House.

Disraeli followed with thanks to the Premier for his statement. He should not seek to embarrass the Government. Whatever differences existed on other subjects, all parties were united in the desire for a peaceful and honorable settlement.

The revised Constitution of Switzerland failed of ratification by the people. The popular vote was in its favor, but a majority of the Cantons was necessary, and it received nine out of twenty-two.

LONDON, May 14.—The London journals approve of the negotiations now proceeding for the settlement of the indirect claims question, but express doubt in reference to the concurrence of the United States Senate.

The Empress Augusta of Germany, sailed to-day on her return to Berlin.

Parliament has adjourned for the usual Whitsuntide holidays. The Lords re-assemble on the 31st inst., and the Commons on the 27th.

A report that the United States Senate has rejected the proposed additional article to the Treaty of Washington relative to indirect claims is current in London, and has a depressing effect upon American securities.

PARIS, May 14.—Three hundred thousand francs have been raised here for the sufferers by the Vesuvius eruption.

The *Constitutional* says that three more departments are soon to be evacuated by the Germans.

Bazine was arrested this morning. His trial before a special Court Martial begins in a few days.

UNITED STATES,

NEW YORK, May 11.—A sugar refinery in Brooklyn was burned last night; loss $225,000.—Thirteen buildings were burned at Tarrytown, New York, yesterday; loss $75,000.

A prominent jeweler of New York was murdered by a sneak thief in his own residence last evening

Reports from London and Washington indicate a failure of the Treaty of Washington, England refusing to proceed with the arbitration unless the claims for consequential damages are withdrawn and the United States insisting upon their consideration. It is understood that the entire correspondence will be sent to Congress, and that the President will take no further steps without congressional action.

The loss by the burning of the Cuba Sugar Refinery in Brooklyn last night reaches $300,000. The insurance is $250,000.

A later Washington despatch says the opinion is not entertained in political circles that the Washington Treaty is at an end, for the reason given that the correspondence on the subject with the view to accommodation is still pending.

NEW YORK, May 13.—The statement that Great Britain had withdrawn from arbitration is denied at Washington.

A fire at Pittsburg, Pa., yesterday destroyed property valued at half a million dollars.

A fire-damp explosion near Wilkes Barr, Pa., killed three and injured one man.

Five hundred miners in Michigan are on a strike, and the military have been called out to keep order.

The President to-day transmitted to the Senate the correspondence with the British Government on the Treaty of Washington, which is being considered in the Executive Session. The only new point is said to be the addition of a supplementary article to the Treaty, in case the claims of consequential damages be withdrawn, by which the two nations bind themselves never to present any claims to each other of the description known as consequential damages. This will have to be ratified by the United States Senate. It is believed in high circles in Washington that the Treaty will be ratified. Newspaper correspondence on the subject is mostly guess work.

The strike of journeymen carpenters in New York city for $3.50 per day of 8 hours, will probably be successful.

D. W. Voorees, of Indiana, leading member of the Democratic party in Congress, strongly denounced Greeley's nomination in his speech in the House to-day.

NEW YORK, May 13.—A Washington despatch states that the Governments of Great Britain and United States have agreed to a new supplemental article to the Treaty of Washington.

The Michigan mining troubles are not settled and Government troops have been sent to the scene of disturbance.

NEW YORK, May 14.—Well informed Washington correspondents predict the adoption by the Senate of the supplementary article to the Treaty regarding indefinite claims.

BOSTON, May 15.—Twenty houses were destroyed and several lives lost in Iceland by a series of earthquakes in April.

NEW YORK, May 15.—Greeley retires from the editorial chair until further notice.

President Grant has transmitted to the Senate the official correspondence relative to the persecution of Israelites in Roumania.

A special meeting of the New York Chamber of Commerce is to be held on Thursday in favor of the acceptance by the Senate of the proposed supplemental article to the Treaty.

The difficulty with the Michigan miners continues and more troops are to be sent.

WASHINGTON, May 15.—The Supplementary Article to the Treaty of Washington, now being considered by the United States Senate, is explained in the following draft presented by Lord Granville to Minister Schenck, as acceptable to Her Majesty's Government, and telegraphed to Secretary Fish under date of London, May 10th:—

Whereas, The Government of Her Britannic Majesty has contended in the recent correspondence with the Government of the United States, as follows, namely: That such indirect claims, as those for the national losses stated in the case presented on the part of the Government of the United States, to the Tribunal of Arbitration at Geneva, to have been sustained by the loss in the transfer of the American Commercial Marine to the British flag; the enhanced payments of insurance; the prolongation of the war; the addition of a large sum to the cost of the war; and the suppression of the rebellion.

First were not included in the treaty of Washington, and further:

Secondly, should not be admitted in principle as growing out of the acts committed by the particular vessels alleged to have been enabled to commit depredations upon the shipping of a belligerent, by reason of such want of due diligence in the performance of the neutral obligations, as the which is imputed by the United States to Great Britain, and

Whereas the Government of Her Britannic Majesty has also declared that the principle involved in the second of the contentions herein before set forth, will guide their conduct in the future; and

Whereas, The President of the United States, whilst adhering to his contention that the said claims were included in the Treaty, adopts for the future the principle contained in the second of said contentions, so far as to declare that it will hereafter guide the conduct of the Government of the U. States, and the two countries are therefore agreed in this respect. In consideration thereof, the President of the U. States, by and with the advice and consent of the Senate thereof, consents that he will make no claim on the part of U. States in respect of indirect losses as aforesaid, before the tribunal of arbitration at Geneva.

The above draft has been submitted to the Senate with the view of obtaining the opinion of that body to guide the President in his formal action in the negotiation. In other words, it is not now before the Senate for ratification. Although there has not been any general expression as to the result the opinion obtains that the Senate will favorably advise the President in the premises.

The all-gone feeling which people sometimes speak of, is caused by want of proper action of the liver and heart. These may be assisted, and the bowels regulated, by *Parson's Purgative Pills* in small doses.

Corn and flour are staple articles; but not more so than *Johnson's Anodyne Liniment*, where known It is good for children or adults, for any internal soreness of the chest or bowels, and the best Pain Killer prepared, under whatever name.

HEART DISEASE.

PALPITATION, FEEBLE AND IRREGULAR ACTION OF THE HEART CURED BY FELLOWS' COMPOUND SYRUP OF HYPOPHOSPHITES.

Freeport, Digby, County, N. S., Feb. 10, 1869. James I. Fellows, Esq.

Dear Sir—Gratitude to you, and sympathy for the afflicted, induces me to send you a written statement of my case and the cure effected by using you Compound Syrup of Hypophosphites.

In April, 1868, I was attacked with palpitation of the Heart, I sent for the Doctor, and he said that nothing could be done for me, and that I was liable to die very suddenly; being very weak and unable to leave my bed, I became discouraged.

After my Physician gave me up, I was induced to use your Compound Syrup of Hypophosphites, and the effect was wonderful. In two days I felt the benefit of it, and after taking half a bottle I was entirely free from the complaint, and to this day have not been troubled with a return of the Heart Disease.

Yours, very truly,
SARAH LENT.

The most serious subject on which man can meditate is the maintenance of good health in himself and family. In this changeable climate of ours it is of the utmost importance at once to banish the slightest cold. The confirmed consumptive patient knows now that when he was assailed with his first cough, if he had made use of Dr. Wilson's Pulmonary Cherry Balsam, he would now have been well. Subdue at once, then, that cough which is getting more and more confirmed every day you neglect using this remedy. Pain, discomfort, and danger will then be arrested.

Dr. Wilson's Anti-Bilious and Preserving Pills are composed of the best and purest materials that can be procured from vegetable extracts, and are the truest, safest, and surest purgative Pills known to medical men.

For horses that are troubled with Bone Spavins or Splints they should first be blistered, and then Dr. Dow's Sturgeon Oil Liniment applied once a day. Many horses have derived marvellous relief from this Liniment, which has brought round many such, and re-established their limbs, after their owners had despaired of a cure.

Clark's Derby Condition Powders were invented by one of the most experienced Veterinary Surgeons of England, and are the only English Condition Powders in the market. No time should be lost in giving them for all cases of Want of Appetite, Roughness of the Hair, Stoppage of Water or Thick Water, Coughs and Colds, Swelling of the Glands of the Throat, Worms, Horse-ail, Thick Wind, &c. They are equally good for cattle and sheep.

At the residence of the officiating minister, on the 4th inst., by the Rev. J. I. Porter, Mr. Eaton Nickerson, to Miss Addra Larkin, of Shag Harbor, Shelburne Co., N. S.

At St. Mary's York County, on the 2nd inst., by Rev. Wm. Kinghorn, Mr. Trueman Burt, to Meretta Burt, both of St. Mary's.

On the 4th inst., by the Rev. C. C. Phillips, Mr. Daniel Robinson, of Sussex, to Miss Elizabeth Collier, of Elgin, Albert County.

At the residence of the bride's father, Petitcodiac, on the 14th ult., by Rev. D. Crandal, Mr. Byron Teakles, of Sussex, King's County, to Miss Charlotte Boyd, of Upper Salisbury, Westmorland County.

DEATHS.

On the 16th ult., Sarah Jane Lawson, aged 26 years, daughter of the late John Story. She professed faith in Christ some five years ago, was baptized by the Rev. T. Vanwart, and united with F. C. Baptist Church at Belisle.

At Donegal, Sussex, Elizabeth D. Baskin, aged 16 years.

At Brighton, on the 12th November, of consumption, Mr. Israel Frederick Nevers, in the 22nd year of his age. Also, on the 28th ult., of consumption, his sister, Mary Isabella. They were children of Peter M. and Jane Nevers. Their end was peace. May the Lord sustain and abundantly bless the bereft family.

At St. Mary's Bay, N. S., on the 8th inst., after a protracted and severe illness, Mrs. Emeline T. Potter, in the triumph of faith in a merciful Saviour. She leaves a sorrowing husband and eight children to mourn their loss.

At Kingston, King's County, on the 14th inst., Mrs. Sarah Gorham, wife of Mr. George Gorham, aged 75 years.

On the 15th ult., at Linneus, Me., in the 50th year of his age, George Milbery, a native of Salem, Mass, but for many years a resident of Upper Kent, Carleton County, N. B. Deceased has left many relatives and friends in this County (Carleton), among whom is an aged and only brother, and by all of whom he was greatly beloved on account of his many Christian and other virtues. He died in full triumphs of faith, as a reference to his last moments will show. His last illness was very short, and a few minutes before his death he said the time of his departure had come, and requested the 90th Psalm to be read. When the reader came to the 7th verse ("And now, Lord, what wait I for? my hope is in thee"), he said that suited his case. These were his last words. ANON.
