FIRE.—Last Monday evening about a quarter to nine an alarm was sounded from Box 6, which was caused by a fire in the second story of the store occupied by Messrs. Adams & Saunders, No, 15 King street. The hose carts from the engine houses appeared as quickly as men could bring them, the horses belonging to the engines being all down with the horse disease. The smoke from the fire became so thick that a large part of the crowd, which had by this time collected on the opposite side of the street from the fire, was obliged to leave the place. The fire which was in the rear of the building was soon got at and the flames subdued by the men, though a large amount of water had to be used, which leaked through the floor and plastering to the stock on the first flat. A large number of persons soon remedied this for in a short time the greater part of the stock was transferred to Messrs. J. Adams & Co's store on the opposite side of the street. The fire it is thought originated from the stove pipe, which led up stairs through the floor. The damage done is principally by water. The plaster has fallen off the ceiling in the store where the water came through upon it from the second flat, and the latter is also damaged. The stock was not damaged except by water, Mr. Sharpe, jeweler, in the store below Messrs. Adams & Saunders, had his stock already prepared to move out, but was saved that trouble Messrs. C. & E. Everett's store, above the one burnt, was not touched.—*Tel.*

MOMENTOUS ENQUIRY.—No diseases are more trying to the temper or more exhausting to the constitution than diseases of the pulmonary organs, brought about often, but not always, from exposure to wet and cold. Whenever we feel the first symptoms of a cough it will only be necessary to take Dr. Wilson's Pulmonary Cherry Balsam to obtain immediate ease. All lung complaints are speedily removed and cured by the use of this unequalled remedy. Whenever persons subject to pulmonary disorders feel exhausted, they should immediately resort to this wonderful restorative. All tender chested persons will save endless misery by adopting this treatment.

Dr. Wilson's Anti-Bilious and Preserving Pills are the best medicine now on sale in this city, the ingredients of which are so uninjurious that they cannot harm the most delicate constitution. They are compounded entirely of medicinal herbs. They are the production of a doctor who has made it his study to alleviate the ills to which the human family are all liable. They must therefore be hailed with delight as supplying a want long felt in this country.

Extract of a letter from a respectable druggist, ordering a quantity of the celebrated Clark's Derby Condition Powders. "I must say the Derby Condition Powders are the best horse medicine I ever sold; at any rate they give general satisfaction, which I consider the best evidence of their excellence. I am the first person who introduced them here, and they take well. I think I shall be able to sell a large quantity the coming fall and winter. I can send you numerous certificates regarding their effect if you desire it."

NOTICE TO CONTRACTORS.

INTENDING CONTRACTORS are hereby informed that in December next, Tenders will be received for the execution and completion of certain portions of the works connected with the enlargement of the Welland Canal, between Port Colborne and Thorold; also for parts of the new line to the eastward of the present canal, from what is called Marlatt's Ford through the valley of the Ten Mile Creek to Brown's Cement Kiln, thence *via* the Thorold and St. Catharine's Cemeteries to near Port Dalhousie.

The works are to be let in sections of a length suited to circumstances and the locality.

The location surveys are now in progress, and at some places sufficiently advanced to admit of contractors examining the ground before winter sets in.

When plans, specifications and other documents are prepared, due notice will be given. Contractors will then have an opportunity of examining them, and be furnished with blank forms of Tender, at this office, or at the offices of the respective resident Engineers on the works.

By order. F. BRAUN, Secretary.
