The Weather.—The night of Tuesday last was the coldest we have had here for some years past. The Thermometer on Wednesday morning stood as low as 20 degrees below Zero in St. John and vicinity. By the following account, which we get at the Reading-room, it will be seen that the cold in St. John is generally felt throughout the Provinces :—

HOLLOWAY'S NEWS ROOM.

From the "Commercial Advertiser" Journal, Kingston, Canada West, Sept. 22nd, 1854.

Go where you will, whether to the confines of India, the diggings of Australia and California, the wilds of Oregon, the Empire of the Sun and Moon, or the metropolis of Europe, Holloway's medicines are well known and their virtues properly appreciated. This is entirely owing to the extensive and judicious system of advertising organized by Dr. Holloway. In every newspaper of the world of any note, his Pills and Ointment are properly advertised and as a necessary consequence their excellent curative properties have been fairly tested and have acquired for them a popularity never yet equalled by any popular medicine. Every day, indeed, serves to produce new evidence of their value to suffering humanity. Dr. Holloway's establishment in the Strand is one of the lions of London, and should be visited by every sojourner in the modern Babylon. Not the least attractive feature in the establishment is the extensive Reading Room attached there, which is open to the public, and in which there is kept regularly filled almost every newspaper in the world. It even exceeds Lloyd's reading room, and is said to be the most complete collection of newspapers ever got together.

N.B.—The News Room is open daily for the accomodation of Visitors, free of charge, from 9 a.m. until 8 p.m.

A Question for the Times.—What is the difference between the Emperor of Russia and the *Times* newspaper? One is the type of despotism and the other is the despotism of type.—*Morning Herald.*

Statistics of Crime.—The murders in the United States, during the year, number 682, and the executions were 84.

Loss of Life by Fire.—At eighty-three fires in the United States, in 1854, the lives lost have been 171.

Loss of Property by Fire.—The loss by fire in the United States, during the year, amounts to upwards of twenty millions of dollars.

Cure of Asthma of several years standing.

Cainscross, near Stroud, Gloucestershire, March 20, 1850.

Sir,—Having been troubled with Asthma for several years, I could find no relief from any medicine whatever, until I was induced about two years ago to try a box of your valuable Lozenges, and found such relief from them that I am determined for the future never to be without a box of them in the house, and will do all in my power to recommend them to my friends.

If you consider the above Testimonial of any advantage, you are quite at liberty to make what use of it you please. I am, Sir,
