ST. JOHN, N. B., MARCH 20, 1874.

NEW BRUNSWICK.—L. P. Fisher, Esq., has been re-elected Mayor of Woodstock, by acclamation. ....There are 105 licensed liquor places in the Town of Portland. It is said the policemen intend to petition for increased pay. If not granted there will be several resignations.....C. E. Grosvenor's residence at Canterbury has been named Dufferin Villa.....There is some talk of putting on a night train between Halifax and St. John. ....The people of Eel River, Canterbury, who had the name of the place changed to "Dufferin" some time ago, now want to resume the old name, as there is a Dufferin parish in Charlotte County. They held a meeting a short time ago, which was largely attended.....The Northumberland Magistrates use no gloves when dealing with violators of the liquor law. Last week three persons, Thos. O'Sullivan, Ronald McPherson and John McDonald were fined at Newcastle, the first $10, the next a like sum or imprisonment, and the latter $15 and costs, but went to Jail for forty days—all for selling liquor without license.

NOVA SCOTIA.—The steamer *Canadian* brought out 19 miners from England for the Stellarton mines.....Windsor, N. S., is to be attacked by the temperance women.....Liquor dealers of Dartmouth, N. S., will, in future, have to pay $100 for a license to sell.....The *Citizen* says that Mr. Andrew Muir, long a respected citizen of Halifax, died on Friday, aged 90 years. Mr. Muir was present at the battle of Trafalgar, and was one of the few survivors of that memorable action.....Two additional bodies have been recovered from the Drummond mine. The number recovered so far is sixteen, five have been identified.....A new steam fire engine for Halifax is on its way to that city from Rhode Island.....The Honorable Stayley Brown, of Yarmouth, has been appointed President of the Nova Scotia Legislative Council, vice Hon. Alex. Keith, deceased.....The Mormons intend sending preachers to Nova Scotia in the spring.....An Eye and Ear Department under Dr. Dodge, has been added to the Halifax Institution for the Blind.....Salmon are being caught in large quantities in Mill River, Lunenburg County. ....Black and silver foxes are plentiful in Cape Breton. ...The recent freshet did damage to the amount of $10,000 at Shelburne, N. S.....It is proposed to establish a sugar refinery at Yarmouth, N. S.....A codfish weighing 94 lbs. is the wonder of Halifax.....No licenses for the sale of intoxicating liquors are granted in North Sydney..... Work on the Louisburg Railway, C. B., commenced on Friday. The grading will probably commence about May.

GENERAL.—Lazy husbands are known out West as stove-watchers. ...Holland has removed most of the duties on iron and steel manufactures..... Marshal Bazaine is treated with severity and no one is allowed to visit him.....A 299-year old newspaper of Stockholm, Sweden, circulates 15,000 copies daily.....The heathens of India are praying to their idols for rain and deliverance from famine.....The introduction of the post-office into Japan dates back but a very few years indeed, yet 2,500,000 letters were carried by the native post last year.....In 1867 Brazil opened the Amazon to the commerce of the world, and Peru followed her example in 1869. There are now three monthly lines of steamers from Para to Havre, Liverpool and New York. Within twenty-five years Para has raised from nothing to a populous city of 70,000 inhabitants.....Hunters on the western plains are complaining bitterly of the reckless slaughter of buffaloes. In some parts of Kansas thousands of carcasses, from which only the hides have been taken, lie upon the prairies, and the animals have been so thinned out that a herd of barely moderate size is a rare sight.....Europern tourists now take excursion on return tickets, good for six or twelve months, which the steamship companies sell at reduced rates.....Brooklyn, N. Y., is the possessor of two thousand lawyers.....Chicago wants to light her street lamps by electricity.....A brewery in London, Ontario, was destroyed by fire on Thursday morning, loss $50,000.....The woman's temperance movement has extended to Fort Garry.....The summer of 1874 bids fair to be an unusually busy one in Manitoba generally, and in Winnipeg in particular.

TROUBLE BREWING.—We regret to learn that there is a serious misunderstanding between the Government and the New Brunswick Railway Company, which may lead to the stoppage of the work of constructing the line. It is to be hoped for the sake of our interests that the affair will be amicably adjusted.—*Fredericton Express.*

CIRCULAR.

To the friends of Temperance, and of Legislation in further restriction of the Liquor Traffic.

The select Committees of the Senate and of the House of Commons in their Reports of May, 1873, respecting a prohibitory Liquor Law for Canada, while recommending its adoption in response to the petitions from the Provinces of Ontario and Quebec, express their belief that it is desired by large numbers in the other Provinces, who will send in their petitions at the next session of the Dominion Parliament.

Of the Committees were Hon. Senator McLellan, Charles Burpee, Esq., M. P., and the Hon. Alex. Mackenzie, First Minister.

The New Brunswick Temperance and Prohibitory League has been formed in aid of this object, and at its first annual session on the 3d instant, the undersigned was appointed Vice President for the City and County of Saint John, and requested to call a meeting to consider the subject of forming a Local Society.

You are therefore respectfully invited to attend such meeting on the evening of Friday, the 20th March, instant, to be held at the Sons of Temperance Hall, King street, at the hour of half past 7 o'clock. O. D. WETMORE

☞ The members of the Provincial League are requested to meet at half past six.

[Friendly papers please copy.]

The new postage law brings a considerable revenue from the New York advertising agencies. Geo. P. Rowell & Co's quarterly bills on newspapers received exceed $430; those of S. M. Pettengill & Co. are above $350, while the agencies of W. J. Carlton, Bates & Locke, W. W. Sharpe and others most prominent, pay from one-fourth to one-eighth of the above amounts.

ENGLISH AND FOREIGN.

LONDON, March 12.—The Duke and Duchess of Edinburgh made their entry into the metropolis to-day. The programme was strictly carried out, although snow fell from beginning to end of the ceremonies. Notwithstanding the unpropitious weather, their Royal Highnesses rode in open carriages. The streets along the route were crowded with spectators. The houses on both sides were liberally decorated, and the roadway was lined with soldiers and marines from the Paddington station to the Palace. The enthusiasm as the Duke and his bride passed through was intense, cheer following cheer from one end of the route to the other. On their arrival at Buckingham Palace in front of which immense masses of spectators had accumulated, the royal party appeared uncovered upon the balcony, and were greeted with every manifestation of loyalty and affection by the people, whose number at that point is estimated at 50,000. To-night the entire west end is brilliantly illuminated, and dense crowds block the streets. A torchlight procession of medical students marched to Buckingham Palace and serenaded the royal pair.

The Caledonian Railway is blocked by snow, several trains, being buried in the drifts. The fall of snow is unprecedented along the line of the road. In some places the station houses are covered, the chimneys only appearing.

LONDON, March 13.—The liberal journals of England publish highly eulogistic obituary notices of Charles Sumner.

During the procession yesterday a stand at Charing Cross broke down, throwing some 30 persons to the ground. The police report total casualties during the day at 4 killed and 24 wounded.

The Prussian *Cross Gazette* intimates that the Reichstag will be dissolved if it persists in refusing to fix the ordinary strength of the army at 400,000 men, as demanded by the Government.

The Duke and Duchess of Edinburgh visited the ex-Empress Eugenie at Chiselhurst to-day.

At Vienne the Catholic bishops in the Reichstrath threaten to withdraw if the passage of the ecclesiastical bills is pressed.

The Queen publicly expressed her highest admiration and warmest thanks for the gallantry displayed by the British troops in the recent engagements with the Ashantees.

A NEW FEATURE IN ORGANS—WATER'S CONCERTO PARLOR ORGAN.—The great merit of the concerto stop is, that it approximates nearer than any other to the human voice. If we avert the attention from the instrument while this delicate addition is being operated, the impression is instantaneous than it is to the human voice under exquisite culture that we listen. Of course the origin of this improvement, and the exact manner in which its advantages have been made so prominent in this organ, are known to the patentee alone; but we doubt if the inventor can make it plain *why* the direct result has occurred. The effect of the concerto attachment is simply softening and vocalizing. It seems to catch a note that might have been shrill or reedy, and at once smooth it into something as smooth and musical as a human whisper. The writer was informed by Mr. Waters that, on account of the popularity of the new stop, the instruments were bought up almost as rapidly as it was possible to manufacture them.—*Brooklyn Union.*

A CLERGYMAN writing to a friend, says, "My voyage to Europe is indefinitely postponed. I have discovered the 'fountain of health' on this side of the Atlantic. Three bottles of Peruvian Syrup have rescued me from the fangs of the fiend Dyspepsia." Dyspeptics should drink from this fountain.

Dr. Wilson's Pulmonary Cherry Balsam has stood the test of time, and has overcome the usual amount of opposition. During the winter and early spring months no house or home should be without the means of arresting a cough at its onset. Such means are safely and surely presented in this excellent Balsam, which removes all diseases of the Lungs in the mildest and most efficent manner. This Balsam is strongly recommended to these persons whose Lungs are constitutionally weak, and whose nervous system has been shattered by a hitherto confirmed cough and by wrong treatment, and on such it will confer a great boon.

Dr. Wilson's Anti-Bilious and Preserving Pills, never fail to produce a healthy action, and may be given to every age or sex. They remove all offensive accumulations in the bowels, and do not bring on subsequent constipation or costiveness. They stimulate all surrounding organs to a healthy state, and are of great utility where a cathartic is required. With such pleasing intelligence, can it be wondered at that we should feel an ardent desire that those who are suffering from diseases should be made acquainted with a remedy the unexampled powerful, and benefical qualities of which have so grealy reduced the sum of human wretchedness; and we are satisfied the more their surprising effects become known, the more will Dr. Wilson's Pills rise in the estimation of the public.

For Harness-Galls, Sore Shoulder, &c. &c., Dr. Dow's Sturgeon Oil Liniment, is the best known remedy. Wash well with castile soap and water, and apply the Liniment, and it will cool the most angry sore, diminish the inflammation, and reduce the swelling. No Liniment, for rapidity of cure can be compared to this.

If your horse has been out in a cold rain and become chilled, or drank too much cold water, give at once Clark's Derby Condition Powders. No man who values his horse should be without them. By those who ought to know something about horses, they are everywhere preferred to all articles of the kind.

LETTER FROM REV. JOHN MCMURRAY.

JAMES I. FELLOWS, Esq.:

Dear Sir:—I have recently heard from an invalid of the great benefit derived from your Compound Syrup of Hypophosphites, and having in many othe intances marked the most beneficial results from its use, I cannot but regard its discovery as a matter of devout thankfulness to a benign Providence.

I have used it considerably myself, and, at intervals, during several years past, given it to some members of my family.

I have also recommended it to others, and invariably found it to be of essential benefit in those complaints for which it is especially recommended.

In bronchial and other chest affections, in arresting incipient consumption, and in lessening the distressing symptons of this disease in its hopeless stage, as well as in case of nervous debility, in giving tone to the system, it is undoubtedly a valuably remedy.

I am, dear sir, yours truly,

JOHN MCMURRAY, Methodist Minister.

At Bristol, Upper Kingsclear, at sunset, on the 6th March, deeply regretted by all who knew him, Willie, only son of Richard and Bastheba Close, aged twenty years and seven days.

Of diptheria, on the 6th February, Mary Ugenia, aged 5 years, 2 months. On the 8th ult., Franklin Uberto, aged 11 months and 26 days. On the same day, William Nelson, aged 9 years, 6 months. Also on 20th ult., Helen Ada, aged 11 years, 6 months; children of Jonathan and Hannah Odell, of Hammond, King's County. [Woodstock papers please copy.]

On the 1st March, at Summerville, C. C., Sarah Boise, aged 11 years and two months. Although young, she had given her heart to God, and was baptized just one month before her death. Her sickness was only of one short hour's duration, when it became evident to herself and friends, that the pale messenger death had claimed her as his victim. When requested by her mother to pray for herself, she said, "I am so sick I can't pray, but the Saviour will take care of me," and in a few short moments her pulse ceased to beat, and her soul had taken its flight to dwell with that Saviour in whose all sufficient power she so confidingly trusted. Her funeral was attended by a large concourse of people, including the young people headed by their school teacher and wife. Sermon by Elder John Perry; text—"Let me die the death of the righteous."—COM.

At East Pubnico, N. S., February 7th, of tyhoid fever, Lindley M., second son of Manassah and Elizabeth Larkin, aged 18 years and 2 months. Beloved Bro. L. experienced religion about four years ago; one year after he was baptized and joined the F. B. Church, of which he remained a member until his heavenly Father called him to himself.
