CONFERENCE ARRANGEMENTS.

The following arrangements have been made for entertaining members of the Free Baptist Conference, which will convene at Penobsquis on the 6th inst. If any names of members of Conference are omitted in the following list the pastor of the church, Rev. C. T. Phillips, wishes to be informed at once. Address him at Sussex:

Guests.	Hosts.
C. McMullin	R. Pugsley
A. Taylor	"
E. Siprell	G. A. Morton
B. Colpitts and delegates 4th district	"
E. Weyman, J. McKenzie	R. McLeod
J. Perry, J. Jones	"
J. Noble, T. Fitzherbert	R. Armstrong
A. Rideout, E. Barker	"
Jacob Gunter, F. Babcock	R. Weldon.
B. Merritt, T. Vanwart	W. Stone
R. French, S. W. Shaw	C. Secord
S. Downey, J. Kenny	"
W. Kinghorn, T. Connor	Mrs. W. Murray
G. A. Hartley, D. W. Clark	E. Freeze

J. N. Barnes,	"
J. E. Sleep, delegates 5th District	"
O. M. Bubar	M. Freeze
G. E. Foster, D. McLeod Vince	W. McLeod
E. C. Freeze, G. W. Boyer	S. Weldon

OUR THANKS are due the N. S. Conference for a resolution approving the INTELLIGENCER'S course, and commending it to the support of the Free Baptists of the Province. Thank you, brethren. We hope the paper may deserve your continued confidence.

—There are some people who seem to think a minister has nothing to do but arise and go at their word, any distance and to any sort of service. Ministers are glad to do good whenever possible. But there are times when they have to say no to requests. They do not say no without good and sufficient reasons; and they should not be grumbled at for declining to undertake impossibilities.

F. M. FUNDS.—Have the churches raised for the Foreign Mission Treasury the sums appointed? If any have not, the matter should have immediate attention. Each church should forward its share to the Treasurer at Conference. Please attend to this, brethren.

RECEIVED.—The Report of the Select Committee of the Senate appointed to inquire into the causes of the dismissal of certain persons in the employ of the Harbour Commissioners of Montreal....Reports on the Meteorological, Magnetic and other observatories of the Dominion of Canada for the year 1876.

☞ Many subscribers live near ministers and delegates who will attend Conference. They may forward their subscriptions to us by them. We are hoping to have payments from a large number in this way. To receive a large number of new subscribers would be gratifying too.

☞ "Boss" Tweed continues to unbosom himself of facts in the history of the Tamany Ring during his chieftainship. A great many people are feeling decidedly uncomfortable. It is good to get the bottom facts, though the facts are everything but good.

☞ According to the Moncton *Times*, a very disgusting state of affairs exists at "Cook's Brook" about 5 miles from Moncton. It seems that rowdyism, incendiarism, house-breaking, lewdness, prostitution, all go on, and all go unpunished. The Grand Jury and the Petit Jury allowed criminals to escape in the face of the strongest evidence. This is very serious. The exposures of the *Daily Times* will do good.

IRREGULARITIES.—We have been notified of several irregularities in receiving papers recently. We are glad to have the information promptly, though sorry the irregularities have occurred. It was almost impossible to avoid some mistakes in the confused condition of the printing office, and mailing department. We have given such instructions as well, we trust, prevent irregularity to any serious extent in the future. If, however, any one should fail to receive his paper, or if it should be longer reaching him than it ought to be by the most direct mail route, we want to be informed without delay. Any losses that have been suffered will be made good.

THE NEWS AND THE PRESS.

ST. JOHN, N. B., SEPTEMBER 28, 1877.

NEW BRUNSWICK.—The Carleton County Agricultural Society intends holding a cattle show and Fair, in Woodstock in October....The *Royal Gazette* announces that Verner, Hero's, and Queen's Own, Loyal Orange Lodges, have been incorporated....The gauge of the Fredericton Railroad will be changed about the middle of next week; probably on Thursday. No change in the running of trains will be necessary, as the whole track will be altered in about three weeks....The plans, etc., for the new Custom House have been completed, and tenders for the work will soon be called for....One day last week, a son aged 10, of Mr. Geo. W. Mitten, Fairfield Road, was working in his father's saw mill, when his clothes caught in a spindle connected with the planer, which whirled him around thumping him against the floor, and tearing off his clothing. When he was picked up, he was unconscious and his skull was fractured....The *Telegraph* says Messrs. Geo. Fleming & Sons, who sent an oscillating steam engine to the Industrial Exhibition at Sydney, New South Wales, have received through the Hon. John Young, chairman of the Canadian commission, the diploma awarded for their engine in that exhibition....Patrick Hickey a mason in Mr. Causey's employ, who left home more than a week ago with $70 on his person has not yet returned. Fears are entertained regarding his safety....The quarries in the vicinity of the new Penitentiary work have given out entirely. The stone promised well at the surface, beneath it is in all cases shelly. The contractors are now obliged to obtain stone from Memramcook, in the rear of the new college. This will necessitate hauling the stone one and a half miles, scowing three miles and then hauling two more....It is rumored that the Bank of British North America will withdraw their business from Fredericton in November....Three schooners laden with brick arrived in port on Saturday....There were sixty-seven patients in the hospital last night....There are now seventeen cases of typhoid fever at the general public hospital....The *News* says, that Sunday afternoon a terrible accident occurred on board a woodboat lying at the end of the North Wharf. A stowaway, named Walsh, who had come from Liverpool in the ship Blanchard was the victim. He attempted the feat of going from the foremast to the mainmast on the spring stay, starting with his hands and feet in what sailors call cradle and hand over hand fashion. When about two thirds of the way across his feet slipped, and the weight of his body was too heavy for the strength of his hands. He shouted for help and three or four started up the masts. He was unable to hold on, and fell across the foreboom, a distance of from 40 to 45 feet. He was taken to the Hospital. It is thought that he cannot recover....Geo. E. Case has been committed for trial in the Superior Court on a charge of stealing tubs of butter from Messrs. Wolhanpter. & Hall's collars, Carleton County....The *Globe* says Burnham & Co's factory on Celebration street appears to be a rather unfortunate place for workmen lately. During the past few days no less than three accidents have occurred. Last Monday week a boy named Kimball was relieved of one of his fingers, and yesterday two others received injuries. The first was a lad named Thos. Forgie, who lives on Main street. He was at work at the jointer, when by some means his right hand became entangled in the machinery and two of his fingers were badly mutilated. Dr. Berryman had to amputate a portion of one of the fingers. About an hour after this accident a man named Ormond, while attempting to run a belt on a pulley with his hand got it caught in the pulley and broken at the wrist. His whole arm received a wrench....The *Globe* says the Grand Southern railway is speedily and surely approaching St. John. Grading has been done on the line from St. Stephen to within three miles of Carleton, and all the masonry work for bridges has been completed. The Government engineer has recently made an inspection of the work and pronounced it satisfactory.

NOVA SCOTIA.—S. B. North, Esq., is building a ship (the largest ever built at Hantsport), 1600 tons burthen. She will be launched early in October. She is owned by Mr. North and parties in Halifax....The catch of fish along the shore in Shelburne County has been very small. Herrings, especially, have been exceedingly scarce. The difficulty of getting bait has seriously interfered with work, even when the larger fish were in shore. The bankers have done fairly well, and the result of the autumn's work may supplement the deficiency of the summer....The *Recorder* says, Mr. Joseph Coombes will be a candidate for the Mayoralty of Halifax in opposition to Mr. Ritchie....The Moncton *Times* says, a Halifax bailiff, named Thomas James, has got himself into trouble for having forcibly broken into and entered a lady's house. Being refused entrance to a house when he would not state his business, he got a locksmith to pick the lock; failing in this he smashed a side-light and tried to open the door from the outside. This device also failing, he and the zealous locksmith burst open the door and entered, to the alarm of the lady, who was in ill health, and was alone with her children in the house. The bailiff and the locksmith were each fined $20, and ordered to pay $10 damages, or for non-payment to be imprisoned 60 days in the city prison, with hard labor....Work is being vigorously prosented on the St. Peter's Canal. The St. Peter's correspondent of the North Sydney *Herald* announces that it will be 48 feet wide and 18 feet deep—2½ feet deeper than the late Government proposed making it....On Tuesday morning last, Mrs. Tingley, of Mill Settlement, Wallace, blew a lamp out that had burned all night, when the lamp burst, and she was burned about the face and neck. It is supposed some of the flame entered her mouth, as she died in a few hours....The ship *Black Watch*, whose loss was telegraphed last night, was on her return voyage. She was launched at Windsor, N. S., last spring, and loaded at New York for an English port. The *B. W.* was one of the finest vessels that hailed for Windsor....A telegram from Canso to the Halifax *Chronicle* of yesterday, says:—A heavy gale from the south-east which set in on Friday, 21st inst., veering round to N. N. W., continued till this morning. Two vessels were ashore, but got off at high tide. Another schooner had her bowsprit broken off. Several fishing boats were broken to pieces, the schooner *Blink Bonnie*, Captain Swain, from Pictou for Halifax, coal laden was driven ashore and is full of water at Whitehaven. The wind was nearly as high as in August, 1873. No doubt great damage would have been done had it not been low tide when the wind was highest....Mr. J. H. Jones of Halifax, brother of A. G. Jones, M. P., is mentioned as likely to fill one of the vacant seats in the Senate.

GENERAL.—The Intercolonial Railway earnings for the month of August were as follows:—Passengers, $53,594.87; freight, $62,516.31; mails and sundries $7,386.24; total, $123,497.42; as compared with passengers, $53,107.25; freight $43,554.68; mails and sundries, $4,096.27; total, $100,758.20, for August, 1875. This is an increase of $22,639.22.....John F. Lewis a colored man living near Elmira, N. Y., stepped, at the imminent peril of his own life, a runaway team, and so saved Mrs. J. C. Langdon, her child and nurse, who were returning from a visit to "Mark Twain." The rescued lady's husband gave him $1000, the holder of a $400 mortgage on his farm canceled it, another gentleman gave him $25, and "Mark Twain" gave him $50 and a complete set of his works....The British steamship *Rowland*, Captain Gwatkin, which sailed from Montreal on the 11th instant for Queenstown, with a valuable cargo of grain, was recently stranded on Helyrood Beach, Newfoundland. The vessel will be a total loss, but part of the cargo may be saved. She had on board 60,000 bushels of wheat....The narrow-gauge (two feet) railway between Bedford Mass., and Billerica, Mass., is completed, and the first trains have been run over the line. The working of the road gives general satisfaction....There are five notices of bills of divorce for the next session of the Dominion....Mrs. Barr, of Lebanon, Me., has become the mother of four babies at a time....More than one third of the income of the Russian Empire is from a tax on spirits.

☞ We would call the attention of our readers to the advertisement of Messrs. Eaton & Kerr's Commercial College in our paper elsewhere.

E. & N. A. RAILWAY.—Train leaves St. John for Bangor and the West, for Woodstock, St. Stephen and Fredericton at 8.45 A. M., and for Fredericton at 4.00 P. M. Freight leaves Carleton at 4.00 P. M.

ENGLISH AND FOREIGN.

LONDON, Sept. 21.—General Grant's visit to Newcastle-on-Tyne and neighborhood was the occasion of a most enthusiastic and remarkable demonstration.

LIVERPOOL, Sept. 21.—A leading grain circular says: With some exceptions the weather throughout the country for the past week has been much more favorable and fair progress was made in securing the crops, though generally in poor condition.

ALEXANDRIA, Sept. 21.—The steamer *Olga*, towing the caisson containing the Egyptian obelisk, sailed for London to-day.

LIVERPOOL, Sept. 22.—The steamer *America*, from Baltimore, arrived at Liverpool yesterday, bringing part of the crew of the steamer *Diego*, from New York Sept. 1st, which was burned at sea and abandoned on the 8th. At the time of abandonment the *Diego* was breaking in two. The crew were rescued by the British bark *Arklow*, from St. John, N. B., for Dublin, and part of them were transferred to the steamer *America*. The *Diego* was a Spanish vessel, bark rigged, of 2,780 tons, valued at $150,000. She was built in 1865, of iron, by T. Vernon & Son, Liverpool.

LONDON, Sept. 22.—The death of Wm. Henry Fox Talbot, chief discoverer of photography, aged 77, is announced.

The Clyde shipwrights on strike for six months have signed an arbitration, and will resume work immediately.

DUBLIN, Sept. 22.—Traffic on the Southern and Western Railway will be discontinued on Monday, in consequence of the existing labor strikes.

CORK, Sept. 22.—The flour mills of Brown Bros., at Cork, were burned to-day, and $50,000 worth of grain destroyed.

PARIS, Sept. 22.—At the second trial of Gambetta, to-day, on appeal from his previous sentence, his counsel argued that the tribunal which condemned him was incompetent. The court rejected the plea and confirmed the sentence pronounced at the first trial.

LONDON, Sept. 23.—Osman Pasha attacked Grivica redoubt on Thursday night but was repulsed with heavy loss.

A Russian official bulletine, dated Gorney Studeni, on Saturday, says:—"The Turks renewed the bombardment of Schipka Pass position on Friday from 14 mortars. At one o'clock in the afternoon they began an assault on the right flank, but were repulsed; they then attacked the left and centre and were likewise repulsed. The fighting lasted until night. It is thought the attack will be renewed on Saturday."

LONDON, Sept. 24.—A telegram from Bucharest says persons arriving from the head quarters of Czarowitch at Delme Monastir thinks the Turks will not renew their attack of Friday, but will endeavour to cut a route to Tirnova.

Chooket Pasha telegraphs from Orcharvie, 22nd., that Hifsi Pasha, commanding the convoy of provisions for Osman Pasha, arrived at Dubnik, two hours march from Plevna, having defeated fifteen Russian battalions on the way. Osman Pasha has been requested to make a sortie, to establish a junction with this force.

A Russian official despatch admits a loss in Schipka Pass, on September 17th, of 31 officers and 1,000 killed and wounded.

LONDON, Sept. 23.—A great demonstration of the workingmen of Northumberland and Durham was held on the town moor, of Newcastle on Saturday afternoon, in honor of Gen. Grant. Twenty two trade societies participated in the procession which occupied twenty minutes in passing a given point. The number present on the moor was estimated at from 40,000 to 50,000.

The wreck of the ship *Forest*, which has been floating in the English channel since the collision with the *Avalanche*, was blown up to-day.

PARIS, Sept. 23.—A manifesto to the nation, found among ex-President Thiers' papers will be published on Tuesday. The Conservative journals already contest its authenticity.

The finding of the Court against Gambetta at the first trial, has been confirmed.

Urbain Jean Joseph Le Verrier, famous Astronomer, is dead.

ROME, Sept. 23.—The Pope has proclaimed as Chamberlain, Cardinal Pecci. Cardinal Panebianco has thus a chance of being the next Pope, as the election of a Chamberlain to the Pontifical chair would be almost an unprecedented occurrence.

LONDON, Sept. 26.—It seems probable that the Turkish accounts are correct and that Plevna was revictualled and reinforced on the 23rd by twenty battalions of infantry, two batteries of artillery, two thousand cavalry and an immense quantity of food and ammunition.

Rainy weather is impeding the operations.

Osman Pasha reports three considerable engagements since the 24th, in all of which the Turks were victorious.

Osman Pasha's position is believed to be secure, and the impression at Constantinople and Sophia is that the Russians and Roumanians are withdrawing gradually from the attempt against Plevna.

Another immense convoy of provisions and ammunitions of war and forage is about to start for Plevna, escorted by a division.

Many merchants and other inhabitants of Plevna who left the town when the Russians first advanced are accompanying the convoy as Plevna is now looked upon as safe from captire.

UNITED STATES.

CHATTANOOGA, Tenn., Sept. 21.—The entire abundant crops of cotton, corn and fodder in the valley of the Black Warrior, Alabama, have been swept away by the river's sudden rise of 63 feet, which is within two feet of the terrible freshet of 1872. The cotton crop destroyed is estimated at 30,000 bales. Most of the planters are ruined, and it is doubtful if the real necessaries of life can now be secured.

NEW YORK, Sept. 22.—Last night a fire at Keyport, N. J., destroyed thirty houses and stores, comprising the business portion of the town. Loss half a million.

There were 21 new cases of yellow fever, yesterday, at Fernandina. The disease is spreading rapidly.

SAN FRANCISCO, Sept. 22.—A mass meeting of unemployed working men was held in the Union Hall last night. Speeches of a most incendiary character were made. The speakers bitterly inveighed against the Chinese, and proposed that the workingmen arm and organize, and put themselves in a position to enforce their demands, despite safety commissioners, police and militia.

JACKSONVILLE, Sept. 22.—The following appeal is issued by the Mayor of Fernandina: "In view of the fact that many of our citizens have left our stricken city, and that, therefore, the burden of providing for the poor and sick devolves upon those remaining, and also for the reason that medical gentlemen present announce it as their positive belief that the dreadful disease in our town will not be stayed until after frost, we reluctantly ask our fellow-citizens who may read this call to moderately aid us in our trouble. We would ask that corporations, associations and private individuals who desire to extend a helping hand may be pleased to notify us of the amount of moneys or supplies by them collected, and give us authority to draw upon them as our necessities may require.

NEW YORK, Sept. 22.—A special from Washington says it is understood that the Sioux Indians are coming to see the President in reference to surrendering all rights of the Black Hills country.

NEW YORK, Sept. 26.—A train was thrown from the track of the Illinois Central road, yesterday morning, near San Darulo. Seven passenger were killed, a number injured. Masked men were seen by the passengers and it is supposed they threw the train but were frightened away.

The German and American Ministers have retired from Nicuragua, owing to curt treatment in an interview between them and Minister Rivas, concerning the German and Niaraguan Governments.

NATH. L. PRICE, Rec. Sec.

ONLY FIFTY CENTS.

The INTELLIGENCER will be sent to new subscribers from the time of receiving the money and names till January 1st next, for FIFTY CENTS.

This offer is made in the hope of inducing a larger number of new subscribers. Friends of the paper will greatly oblige us by making the offer as widely known as possible.

Begin the canvass at once. The offer is liberal, and will make the canvass very easy work.

Send the new names early as possible. The sooner they are in the more papers the subscribers will receive for the money.

ONLY 50 CENTS TO THE END OF THE YEAR!

Commercial College.

IN consequence of the late fire, we will, until the 31st OCTOBER, allow a discount of TWENTY PER CENT., to all purchasing SCHOLARSHIPS, or entering the Evening Classes for the Winter Term.

Those who enter the Evening Classes on the 1st October, will also receive one month's tuition free of charge.

Scholarships secured now, by Post Office Order, or otherwise, will be good for any future time.

The Evening Classes will be resumed Monday, Oct. 1st. Hours from 7.30 to 9.30.

Send for Circular.

sept29 DANIEL & BOYD.

GOVERNMENT HOUSE, OTTAWA.

THURSDAY, 26th day of July, 1877.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

ON the recommendation of the Honorable the Minister of Marine and Fisheries, and under the provisions of the 19th section of the Act passed in the session of the Parliament of Canada, held in the 31st year of Her Majesty's reign, chaptered 60, and known as "The Fisheries Act:"

His Excellency, by and with the advice of the Queen's Privy Council of Canada, has been pleased to order, and it is hereby ordered, that the following Fishery Regulation be and the same is hereby made and adopted:

"In the Province of New Brunswick, Smelts shall not "be fished for, caught, or killed by means of any kind "of Bag nets, having meshes of a less size than one inch "and a quarter extension measure."

W. A. HIMSWORTH, Clerk Privy Council.

MASON & HAMLIN

CABINET OR PARLOR ORGANS.

THE STANDARD OF EXCELLENCE AMONG INSTRUMENTS OF THE CLASS.

AWARDED Highest Premiums at ALL WORLD'S EXHIBITIONS OF RECENT YEARS—PARIS, 1867; VIENNA, 1873; SANTIAGO, 1875; PHILADELPHIA, 1876.

Mr. GEO. F. BURSAU, one of the Examining Jurors at the U. S. Centennial writes: "I believe that every member of the Jury heartily concurred in assigning to those of your make, and yours only, the first rank in all important qualities of such Instruments."

THEODORE THOMAS, of Thomas' Orchestra, N. Y., says: "Musicians generally regard the Mason and Hamlin Organ as unequalled."

New Styles with improvements at lowest prices for Cash or Instalments.

Illustrated Catalogues free.
