A Case of Consumption.

East Stoneham, Me., May 12, 1873

Messrs. Seth W. Fowle & Sons:

Gentleman—I feel it my duty to write a few words in favor of DR. WISTAR'S BALSAM OF WILD CHERRY. In the early part of last winter I took a severe cold, and shortly afterward a distressing cough was added to it. My friends did everything they could for me, but without avail. The best physicians that could be procured did not relieve me, and my cough continued all through the Winter with increasing severity. I spit blood three or four times a day, and my friends considering my case hopeless gave me up as a confirmed consumptive. I was in this condition when I heard of DR. WISTAR'S BALSAM OF WILD CHERRY. I began its use, and before I had taken half a bottle of it my cough and all my other troubles left me, and I was cured. I feel so truly indebted to this great remedy for what it has done for me that I send you this voluntary testimony, hoping it may be the means of inducing others, who are suffering as I was, to make use of it. It is the best remedy for lung complaints that I ever heard of, and I am constantly recommending it to my friends.

Yours, with respects,

MRS. MELISSA M. BALL.

ENGLISH AND FOREIGN.

ERZEROUM, May 24.—The Russians yesterday attacked Kars. Two assaults were repulsed. There was heavy firing on both sides, which continued till yesterday evening. The result is unknown.

ROME, May 24.—The Pope received the American Pilgrims to-day. The Archbishop of Philadelphia, read an address to His Holiness, expressing devotion and affectionate regards of American Roman Catholics, and affirming that the sufferings of the Pope are theirs, and that the distress increases their devotion. Another Bishop read an address of Cardinal McCloskey, expressing the same sentiments. Subsequently nine Bishops presented the Pope offerings of their dioceses.

VIENNA, May 24.—According to a despatch from an English Military Commissioner with the Turks in Asia, Mukhtar Pasha has been utterly unable to hold the mountain passes between Kars and Erzeroum. The Commissioner adds that the Turks are obliged to retreat without giving battle and attributes the rapid advances of the Russians to the total want of efficient precautions on the part of the Turks. He fears Erzeroum will not be able to hold out for any time.

LONDON, May 25.—A Constantinople special says the situation is regarded as critical. The Government, in consequence of turbulent demonstrations, has proclaimed a state of seige and prohibits the carrying of arms.

The *Times'* Paris despatch says a note has been sent to all the provincial papers stating that during three months' interval between the dissolution of the Chamber and the general elections, President MacMahon is perfectly entitled to decree a state of siege.

Paris tradesmen have petitioned the President, representing the recent events as paralyzing trade.

BERLIN, May 25.—Zagblatt says the Duc de Cazes, French Minister of Foreign Affairs, has sent to the French Ambassadors at Berlin, St. Petersburg, Vienna and London, identical despatches, notifying them of the recent change of Ministry, and pointing out that it will in no wise affect the foreign policy or France. Regarding the Eastern question in particular, France will maintain neutrality.

A somewhat different and more extended despatch was addressed to the Ambassador at Rome. This touched upon the religious question and gave a reassuring explanation. The despatch to the Ambassador at Madrid, gave friendly assurances concerning the attitude of France in regard to Carlism.

PARIS, May 25.—President MacMahon visited the Exhibition buildings to-day. The Exhibition will open May 1st, 1877, as announced.

At the reception yesterday, at Elysee, the President said: "I am conscious of having fulfilled a great duty. I have remained and shall remain absolutely within the bounds of legality. It is because I am guardian of the Constitution that I acted as I have. To attribute to me an intention of assailing the Constitution is misconstruction of my character. You will soon comprehend my sole aim is the salvation of France and the Government she has given herself."

It is now declared that Don Carlos was not expelled, but went voluntarily to save the French Government from embarrassment.

MADRID, May 25.—The rumour of war between Spain and China, and the despatch of naval forces to Chinese waters is officially denied.

BERLIN, May 27.—A prominent Russian Diplomat says that Russia intends to redeem her pledge as far as the aggrandizement of territory went, but should she prove victorious she would insist upon the independence of Bulgaria, Herzegovina, Roumania, Servia and Bosnia, and guarantee these provinces their independence, no matter against what power. The terms of peace, in the event of the Russians gaining decisive victories, would perhaps include the surrender on the part of Turkey of a portion of her fleet and the consummation of a treaty, placing the city of Constantinople under the joint control of all the foreign powers. The city will probably be garrisoned by troops of a neutral power, while its virtual government will be invested in a legislative or executive body of men composed of different nationalities, and perhaps a tax or tribute will be paid to the Ottoman Empire. Russia has no intention of advancing into India. Her ambition is to become master and possessor of part of the Celestial Empire. Towards this end all her inroads into Asia are directed.

ERZEROUM, May 27.—The Russians ceased bombarding Kars on the 26th. An engagement between the Turks and the Russians' right wing is believed to be imminent. A Turkish force of 10,000 from Van, which had been concentrated at Barquivia, is advancing toward Bayazid.

PARIS, May 27.—The Circassians in transCaucasia have surrendered their arms to the Russians.

ROME, May 27.—The Pope in receiving Austrian pilgrims, deplored the change in Austria's behavior towards the Holy See, whom she formerly defended even by force of arms.

LONDON, May 28.—A Vienna despatch says the Turks have attempted for the fourth time to establish their batteries opposite the Roumanian position at Islaox. The Roumanian artillery drove them away.

Mukhtar Pasha has telegraphed to Constantinople that he will have to retire behind Erzeroum, as the passes of Seghouls and Dahg were being turned by Russians, and his army is in danger of being cut off from Erzeroum.

A St. Petersburg despatch claims that the Russians defeated the Turks at Akafa heights in the Caucasus.

The two lieutenants who sunk the Turkish monitor have been decorated with the Cross of St. George.

At Constantinople all excitement has subsided.

The New York Pacific Mail Co.'s steamer *City of San Francisco* was lost upon the West coast of Mexico. Passengers and crew saved.

The Court of Inquiry into the loss of the *Dakota* have rendered a verdict censuring the captain and second mate and second and fourth officers for carelessness, but not considering it sufficient to warrant the withdrawal of their certificates.

The Northumberland colliers finally struck today, and removed their tools from the pits. Twelve thousand men are idle in consequence.

BUCHAREST, May 27.—The Russians will cross the Danube, June 10th.

CONSTANTINOPLE, May 28.—Ismael Bey, former Governor of Tultcha, who was suspected of complicity in Softa demonstration, has been arrested and exiled to Broussa. Several others have been arrested and banished, and seizures of arms made.

ATHENS, May 28.—Large crowds assembled under the windows of the Royal Palace to-day. Speeches were delivered, urging military preparations and the formation of a strong ministry. The King was absent at the time.

ST. PETERSBURG, May 28.—The real facts of the blowing up of the Turkish monitor are: "The Russian officers conducted the torpedo to the monitor in open daylight and under fire. One of the Russian boats was almost submerged by the explosion of the torpedo, and another was stove by a shot.

PARIS, May 28.—It is understood that the additional changes in the administrative staff will number 270. Legitimist newspapers continue to declare that their party must maintain a reserved attitude. As McMahon's Government is influenced by party motives, Legitimists can only follow McMahon in a general combat against revolution.

LONDON, May 28.—A Burcharest special says rumors of peace are becoming more clearly defined. It is asserted that negotiations are actually going on in Berlin for the cessation of hostilities.

CONSTANTINOPLE, May 29.—Intelligence from Sukum-Katch states that the Russians have evacuated and the Turks occupied the fortress of Zeil. The Russians have evacuated the whole coast line of the Abazes country.

BELGRADE, May 29.—A demonstration in favor of Russia took place to-day. The Metropolitan offered prayers for Russian successes before the Prince and Princess of Servia and an immense crowd. On the other hand all the Conservative Opposition candidates have been elected in the supplementary elections to the Skuptschina. The Conservatives are the peace party.

LIVERPOOL, May 29.—The long overdue *City of Brussels* arrived this morning. The Pilgrims were received by large deputations of Catholic societies.

LONDON, May 30.—Advices from Mecca, Arabia, say the announcement of a religious war has filled with enthusiasm all the followers of Mohammed. —The faithful offer not alone their swords but their treasure to the Sultan in defence of the true faith.

Recent Russian successes in Asia excite new anxiety in England.

At the last moment the Emperor of Germany has approved the proposed strengthening of the German forces on the French frontier as a compensatory measure for the alleged increase of the French army on the frontier of Lorraine. This reinforcing of the German army is carried out as a warning to the French Clericals and Reactionists, who have captured the Government of MacMahon, that Germany is keeping a close eye on them.

In consequence of President MacMahon's recent action Italian Republicans have placarded the streets of Rome with notices of greatest demonstration on the 31st instant, to declare that Rome can never again become the home of the Popes.

A St. Petersburg despatch says the Caucasian insurrection will have a most formidable effect on the Russian campaign.

A Vienna special to the *Times* says the Palace cliques at Constantinople seems to have renounced all idea of yielding.

J. Lathrop Motley, the American historian, died in London yesterday.

A Paris correspondent telegraphs that the Republicans are unanimous in accepting Thiers as their leader. The elections will take place in his name. In the event of a Presidential vacancy Gambetta would support the candidature of Thiers.

The *News* in its war summary says the most moderate view taken of Servian preparations is that they are intended to support a declaration of independence to be issued as soon as the Russians cross the Danube. In that case the Servians without declaring war or making any forward movement would practically cover the right of the Russo-Roumanian army.

VIENNA, May 30.—In consequence of the numerous accidents, the Roumanian Railway will shortly be placed entirely under Russian management.

BRUSSELS, May 30.—*Le Nord* publishes a St. Petersburg letter upon Count Schovaloff's visit to St. Petersburg, which says Russia's reply to Mr. Cross's definition of British interests will be of a nature to fully reassure the British Cabinet that Russia is not only under necessity to attack British interests, but on the contrary is interested in meeting the views of the British Government, in order to secure more promptly the desired result, which is simply to obtain the amelioration of the condition of the Christian subjects of Turkey by broader and more effectual guarantees than were provided by the previous diplomatic programme.

LONDON, May 31.—Reuter's despatch from Erzeroum, dated Tuesday, describes the positions of the approaching armies as follows; The Russian right wing is at Nessipeneck, and the advanced guard thereof has reached Kalidegh. Cavalry patrols belonging to the Russian centre had advanced as far as Vezinvaisan.

The left wing is now only 6000 strong, and the main body thereto is at Utchkilesse. The advance guard has had a skirmish with the Turks at Topak. A column is also stationed at Ardiche. The main body of Turkish left wing is at Alti, with a detachment near Ardahan. The Turkish centre and head quarters have not been moved from Soghunli Mountains. The advance guard of the right wing is at Toprak Kaleh.

The *Standard* says it is understood that the Corporation of London will request Gen. Grant to accept the honorary freedom of the city in a gold box. After the presentation the Corporation will entertain Gen. Grant at a dejeuner at Guild Hall. The formal invitation will be sent to him in a day or two.

CROSS HUSBANDS AND SCOLDING WIVES.

"Domestic infelicity," which newspaper reporters now days credit with playing such an important part in life's drama, is often the result of lingering or chronic disease. What husband or wife can be cheerful, smiling, and pleasant, when constantly suffering from the tortures of some dreaded disease? Perhaps the husband's liver becomes torpid, and he experiences bitter, disagreeable taste or nausea, has chilly sensations, alternating with great heat and dryness of the surface of his body, pain in his sides, shoulders, or back, eyes and skin are tinged with yellow, feels dull, indisposed, and dizzy. Through his suffering he becomes gloomy, despondent, and exceedingly irritable in temper. Instead of resorting to so reliable a remedy as a few small doses of Dr. Pierce's Purgative Pellets, and following up their action with the use of Golden Medical Discovery, to work the billiary poison out of the system and purify the blood, if he play the part of a "penny wise and pound foolish" man he will attempt to economize by saving the small cost of these medicines. Continuing to suffer, his nervous system becomes impaired, and he is fretful and peevish—a fit subject to become embroiled in "domestic infelicity." Or the good wife may, from her too laborious duties or family cares, have become subject to such chronic affections as are peculiarly incident to her sex, and being reduced in blood and strength, suffering from backache, nervousness, headache, internal fever, and enduring pains too numerous to mention, she may become peevish and fretful—any thing but a genial helpmate. In this deplorable condition of ill health, should she act wisely and employ Dr. Pierce's Prescription, it will in due time, by its cordial, tonic and nervine properties, restore her health and transform her from the peevish, scolding, irritable-tempered invalid to a happy, cheerful wife. Laying aside levity and speaking seriously, husbands and wives, you will find the Family Medicines above mentioned reliable and potent remedies. For full particulars of their properties and uses, see Pierce's Memorandum Book. Which is given away by all druggists.

STATEMENTS

of account have been sent this week to subscribers in arrears, accompanied with request for immediate payment. A very large amount is due us, every dollar of which is needed now. Subscribers, yielding to the pressure of hard times, real or imagined, have withheld subscriptions until the pressure upon us is so great that it must be relieved. The expenses of publication are very heavy, and to meet them we must have the subscriptions now due. We have, therefore, to request that no one receiving a statement of account will throw it aside as a matter of no importance, or neglect payment with the thought that a few weeks delay will make no difference, or entertain the notion that everybody else will pay, and therefore his neglect will not be noticed nor felt. The indebtedness of each one is comparatively small, but the sum of them is a very large amount and absolutely necessary to the carrying on of our business. Let each one be good enough to remember this, and act accordingly.

Besides those considerably in arrears to whom statements are sent, a quite large number of subscriptions have expired within a few weeks or months. From these we are anxious to have renewals at their very earliest convenience. We ought to have remittances from a thousand subscribers within the next week.

We are loath to write and publish this notice, but the necessities leave us no alternative. The statement of facts ought not be in vain.

Receipts for the "Religious Intelligencer" to June 1.

Subscribers will please see that their money is correctly acknowledged. The whole number of the paper to which they pay follows the amount paid.

GRAHAM'S PAIN ERADICATOR.

Mr. W. M. Ireland, Agent at Trenton, Ont., says —"Your PAIN ERADICATOR is all sold and it has given the best, and I may say universal satisfaction."

It is often remarked by strangers visiting our State, that we show a larger proportion of good horses, than any State in the Union. This, we tell them is owing to two principal reasons; in the first place, we breed from the very best stock; and in the second place, our people use *Sheridan's Cavalry Condition Powders*, which in our judgment, are of incalculable advantage.

GEO. A. KNODELL, Book and Job Printer, Church st., St. John, testifies that SPENCER'S VESUVIAN LINIMENT is a positive and immediate cure for Mumps, now so prevalent among our juvenile population. One 30c. bottle will cure a half dozen in a few hours. jun 1 4w.

SACKVILLE, N. B., Feb. 12, 1877.

J. H. Robinson, Esq.,

Dear Sir:—Early in October last I took a severe cold which settled on my lungs. After having a bad cough for about six weeks I had a very severe attack of bleeding from the lungs while on a passage from Queenstown to Dover. I had daily spells of bleeding for some days until I had lost about two gallons of blood, and was so weak as to be scarcely able to stand. I put back to Queenstown, where I received such medical assistance as enabled me to get home.

I saw an advertisement of your Phosphorized Cod Liver Oil Emulsion in a paper. I immediately sent and got a half dozen bottles; after taking which I feel myself a well man again. My weight which was reduced to 120 pounds, is now up to my usual standard of 152 pounds. Seeing what it has done for me I can confidently recommend it to others afflicted with lung diseases.

Yours very truly,

(Signed) JOSHUA HARPER,

Of the bark *Mary Lowerison.*

Robinson's Phosphorized Emulsion of Cod Liver Oil, with Lacto-Phosphate of Lime, is for sale at the Drug Stores: price $1.00 per bottle, six bottles for $5.00.

Summer is the season for removing Coughs, Shortness of Breath, Wheezing, Asthma, and all Pulmonary disorders, inflicted on the careless and delicate by our rigorous winters. Dr. Wilson's Pulmonary Cherry Balsam is the means of a happy transition from danger to safety. After the Chest has been allowed to become harassed by neglecting to use this Balsam, foment with cold water, and take the Balsam in such doses as will be adapted to your case. You need not long suffer with this remedy at hand. It is as pleasant to take as it is powerful and beneficial in its effects.

If your horse is suffering from cold or catarrhal fever—symptoms, cough and nasal discharges of a brownish color—the best and surest remedy is Clark's Derby Condition Powders. Farmers and others interested in horses and stock are fast learning the superiority of these Powders over all others.

Johnson's Anodyne Liniment will give more relief in cases of Chronic Rheumatism, no matter how severe, than any other article known to medical men.

CONSUMPTION.

While calling at the office of a friend the other day, we were handed a letter from which we read the following: *Friend Craddock*—My best friend, for thus I must address you, as you have done me more good than any one on earth under God, and I believe I owe my life to you, and thank you from the bottom of my heart for all that you have done. It would take several sheets of paper to enumerate all my sufferings, so will only speak of the most important. For four years I had hemorrhages, beginning in February and lasting until fall; palpitation of the heart; soreness of the breast-bone and short ribs; pain in the back and lower part of the abdomen; cold hands and feet, even in August; constipation and headaches. I had tried doctors, far and near, but all in vain. Some said I had consumption; others liver disease. I quit all doctors, and wrote to you for help, and obtained it from your great "East India Hemp." I depend upon you alone for a perfect restoration to health, and feel that I shall not be disappointed. Please send two more bottles, with Pills and Ointment, which will do the work.

Yours truly, A. K. RICHARD.

Chewalla, McNairy Co., Tenn., November 28, 1876.

N. B.—This remedy speaks for itself. One bottle will satisfy the most skeptical. Ask your druggist to get it. HEMP also cures night sweats, nausea at the stomach, and will break a fresh cold in 24 hours, $2.50 per bottle, or three bottles for $6.50. Pills and Ointment, $1.25 each.

DEATHS.

[*Verses not inserted.*]

At Upper Gagetown, on the 24th ultimo, after a lingering and painful illness, Deacon Charles Gunter, aged 65 years. In the vigor and strength of his young manhood, our departed brother gave his heart to Christ, under the labours of the late Elder Jabez Mersereau, and became identified with the F. C. Baptist denomination, with which he continued a consistent and influential member until called to the church triumphant "beyond the River." He was for many years senior deacon of the church at Upper Gagetown, and his exemplary life and consistent course gained for him an exalted place in the affection both of the church and community. His disease was of an especially painful character, suffering at times the most intense anguish, but was borne with the resignation and patience of the true christian. The closing hours of his life were singularly triumphant, his mind was unclouded, his voice calm, and his faith unwavering, grasping with confidence the hand of the precious Jesus whose footsteps for so many years he had been following, he was enabled to say, "Though I walk through the valley of the shadow of death, I will fear no evil, for thou art with me; thy rod and thy staff they comfort me." Commending his wife and children to a Heavenly Father's care, he sweetly fell asleep in Jesus. The estimation in which he was held in the community, was evinced by the large gathering of all classes at his funeral, and the genuine sympathy manifested for the sorrowing ones in their distressing bereavement. The occasion was improved by the writer from Psalm xxxix. 39. J. T. P.

At New Lakefield, Carleton County, May 15, Eugenia, aged two years and one month, daughter of Amos and Mary J. Belyea.

Suddenly in Carleton, Hannah, beloved wife of Mr. Hugh Jones, and daughter of the late John and Sarah Cosman, of Weymouth, N. S., aged 58 years, leaving a husband and seven children to mourn their afflictive loss. Sister Jones, for a number of years, has been one of the most devoted and faithful female members belonging to the F. C. Baptist Church of Carleton. Year after year she has made it her constant rule to attend the worship of God three times on each Lord's day, and twice a week on week night evenings. Only occasionally has she been hindered from doing so. She was a truly pious woman, and a worthy and beloved church member, as a wife and mother she was devoted and careful. The church and her home were to her the most sacred places on earth. She loved much her spiritual and domestic home with an undying love. She was a kind and good neighbour, and will be much missed by many, in Carleton especially. Her death was apparently instantaneous. She went out with her husband after tea to work a little in her garden, and fell dead at his feet, without a single struggle.—Though dead, she speaks, admonishing us to be "also ready." H.

The works will be let in sections of a length suited to circumstances and the locality.

Maps of the different localities, together with plans and specifications of the works, can be seen at this office on and after MONDAY, the 25th day of June next, where printed forms of tender can be obtained. A like class of information relative to the works north of Allanburg, can be seen at the resident Engineer's Office, THOROLD; and for works south of Port Robinson, plans etc. may be seen at the resident Engineer's Office, WELLAND.
