little discussion, the Attorney General said it was not within the province of this Legislature to pass some provisions in succeeding sections. Progress was reported.

Dr. Dow endeavored to present petition of Samuel Dayton and others, asking for free ferries in York. Ruled out-of order as involving charges on the revenue.

FRIDAY.—This morning, when Mr. Crawford's bill to revive and continue the Grand Central Railway came up in routine, Mr. Austin moved that its third reading be postponed until this day three months. He said that when the Subsidies Act was passed the country was under the impression that much more means than the subsidy provided would be required to construct the roads, and that companies would have to put their hands in their own pockets in building roads. Now, however, it is known that railways could be built for the subsidy and aid given by the Dominion Government in the shape of the loan of rails, and money made in the operation, especially with iron at half price, as it was a few years ago, and labor obtainable at two-thirds of then existing rates. The Central Road was one which his personal and business association and interests would naturally lead him to favor, but he felt that by the encouragement already given by the policy of the Legislature and the material facilities which were now offered for railway construction the Province was having its resources unduly crippled and the tide of railway expenditure ought to be checked. Companies were led to undertake the construction of railways anywhere they could make money out of them without reference to their promising to benefit the country or not, while if they were thrown more on their own resources we would have fewer roads and the country would be better off, and feeling that the Province was already sufficiently burdened with railway liabilities, he asked the House to pass his resolution.

After an animated discussion, Mr. Austin's motion was lost, and the bill read the third time.

The Provincial Secretary commenced his budget speech at 12 o'clock.

The debate was carried on until a quarter to eleven, when the vote was taken on going into Committee of Supply. Without a division of the House, the House went into Committee of Supply, Dr. Dow in the chair, and formal resolutions were reported back to the House and adopted.

MONDAY.—The House met at half past 2 o'clock this afternoon.

Messrs. Willis, Tweedie and McLeod, from committees appointed to wait on the Governor with addresses reported. In reply to that on Mr. Willis' address, in reference to the settlement of lands procured by the Government on Surveyor General from railway companies, and other particulars connected with the same. His Honor replied that there was no papers, records of surveyor, or any other documents, in reference to any such matter, and no lands had ever been so obtained. In the other cases, His Honor replied that information would be furnished after notices of motion.

The House was moved into Committee of Supply by the Provincial Secretary. The great roads appropriation of $85,000 passed without discussion.

A debate of over three hours was had on the next item of $70,000 for bye-roads. Mr. Covert said that the other item had slipped through before the members were aware of it. He claimed that it was not enough, under the circumstances, and the Chief Commissioner said the appropriation of the same amount would be enough for great roads last year, yet there had been an over expenditure of $15,000. The Chief Commissioner should ask for what he wanted at once, and not go on violating the law of 1868 in reference to over expenditure. The Government ought to retrench on other services and give more to the roads.

Commissioner Kelly said that unless there were heavy freshets, or some other unexpected contingency, he believed the great road appropriation would be quite large enough.

The item of bye-road was finally agreed to. Both items being reported to the chair, supply was made the order of the day for twelve o'clock to-morrow.

Mr. Elder presented a petition of the Justices of St. John in favor of a bill to divide the Parish of Lancaster; also a petition of C. W. Wetmore and others in favor of a bill relating to Mount Pleasant Park.

Mr. McQueen, by command, submitted the agricultural report.

Mr. O'Leary introduced a bill to provide for the establishment of an alms house in Kent, with a petition in favor of the same.

TUESDAY.—The House, in Committee of Supply, passed the item of $7,350 for steam subsidy.

In reply to Mr. Nordheimer, the Provincial Secretary said the steamer *Andover* was plying on the Miramichi River, between Chatham, Newcastle, Douglastown, Nelson, Derby, and North-west and South-west river settlements, and was to get $2,000; the steam ferry boat *New Era* on the same river between Chatham, Douglastown, Newcastle and Nelson, $500; the Chatham and Newcastle ferry boats $200 each: the Buctouche packet schooner $200; the steamer *Stroud* between St. Croix ports and the Islands of Charlotte, $1,450; the steamer *Dominion* between St. John, Yarmouth and Boston, $1,500; the *Lady Dufferin* between St. John and St. Martins, $1,000; and the Millidgeville ferry boat $400.

The Public Buildings item, $5,000, and the item of $15,041.18 for over expenditure on the Public Works were passed. The item for agriculture passed.

WEDNESDAY.—Mr. Marshall introduced a bill relating to Civic elections in the City and County of St. John, with the petition of the Common Council of the city in favor thereof.

Mr. Covert issued a bill to abolish the Legislative Council of the Province, and make other provisions relating thereto.

Mr. Beveridge, from Tibbett's Claims Committee, reported recommending that certain claims and interest due him from the Province be referred to the consideration of the Government. Mr. Speaker said it was not admissable, as it involved expenditure of public money.

Mr. Elder presented the petition of C. J. Baker and 226 others, in favor of a bill to regulate the sale of spirituous liquors in Lancaster, Simonds, and St. Martins.

LEGISLATIVE COUNCIL.

Yesterday afternoon, the Upper House discussed the Central Railway bill. On a motion to adopt the first section, the vote resulted in a tie,—10 to 10. The names are:—*Yeas*,—Young, Perley Beckwith, Hibbard, Harrison, Bailey, Hanington and Lewis. *Nays*,—The President, Jones, Seely, Hamilton, Lindsay, Chandler, McInerney and Beveridge. Unless a vote can be won the bill is defeated.

The News and the Press.

ST. JOHN, N. B., MARCH 2, 1877.

NEW BRUNSWICK.—The *Globe* says: It is many years ago since cordwood was shipped to American ports from St. John, although quite a good trade in this article is done between Nova Scotia ports and the United States. Cordwood is cheap here now, and the schooner *Snow Bird*, Capt. Cripps, is taking in a cargo at Carleton for Boston.... An agitation has commenced on the Western Side of the harbour for the purpose of having the ferry made free, and it is said that a public meeting will shortly be called to discuss the matter.... A man named Wynter, who has been stopping at the Barker House, Fredericton, for some months, attempted to committ suicide one day last week. He put a pistol ball through his head. When he found that he would not die right away he came to the Hotel and told a story about being shot by some unknown person. He has since acknowledged the attempted suicide. The doctor says he is likely to recover.... The St. Croix *Courier* regrets to learn that Mr. Hill, the young man who was frozen on his way home to Hill's Point in the early part of the winter, had to have both feet amputated about two inches above the ancle joint, and both hands except one half of the fore finger and part of the thumb of the right hand.... The Sussex murder trial is expected to occupy the attention of the Circuit Court during the week. Quigly and Taylor, the parties to be tried for this rum murder, are a good deal depressed, Quigly especially, who at times is much affected by his position, as a rumor had been circulated that he was out of his mind.... A house, barn and shed, owned by Capt. Adams, at Tracey's Mills, were destroyed by fire on Tuesday night. The buildings were unoccupied at the time, and were undergoing repairs.... The *Sentinel* says: The work of pile driving at the railway Bridge across the river at Woodstock, is proceeding rapidly. The work of track laying is also being pushed forward vigorously. If no other "hitch" takes place, the connection between the two railways ought to be completed in a very short time.... The *Telegraph* reports a number of parties have formed themselves into a company for the purpose of prospecting for gold on the Miniac, where at various times, small specks have been found in the sand. The place selected for operations is about two miles up the river, and a commencement has been made by sinking a shaft, for the purpose of examining the drift on the bed rock. A few days will tell whether the precious metal can be found in any quantity.... Nearly all the settlers who came from Scotland to Kincardine and Kintore remain yet, and intend to remain. There are but few of them who have any idea of going to Kansas. They have been having a merry time in the settlement this winter, and should the crops turn out well next season, there will be but few complaints hereafter heard from this section.... The *Globe* says the Kincardineshire and Kintore Colonists are doing a pretty good business this winter in one respect at least. They have sold stumpage on their lands to the amount of two millions. That at a dollar a thousand, will bring into the Colony $2,000 ready cash. There are upwards of sixty teams, with a corresponding number of men, operating in the woods; and thus a ready market is afforded for whatever produce the Colonists may have to spare. They will soon probably learn it is better after and to remain in New Brunswick than to go to Kansas... Work was commenced on the extension of the Rivere Du Loup Railway, from Aroostook upwards to Grand Falls, and a correspondent inform us, from the appearance of things, it will be pushed on with the vigor which has characterized all the other operations of the Company.

CLERGYMEN'S HALF FARE RATE.—Return tickets not transferrable, will be sold at Booking-Stations at ONE fare, on the "Western Extension Railway," between St. John and Vanceboro, to all clergymen The system of issuing half fare certificates to clergymen along the line is abolished, and half fare travel is extended to them all.

EUROPEAN & NORTH AMERICAN RAILWAY.—For Extension from St. John, Westward:—J. MURRAY KAY and E. R. BURPEE, Receivers. Trains run as follows:—BANGOR EXPRESS, connecting with trains of F'ton and N. B. & C. Railway, will leave St. and Freight will leave St. John at 3.30 p.m. F'ton Accommodation and Freight will be due in St. John at 11 a.m.; and the Bangor Express at 6.30 p. m. H. D. McLeod, Supt.

NOVA SCOTIA.—The Halifax *Chronicle* announces that the first sod of the Eastern Extension Railway has been turned, and a number of men and horses are at work in a cutting in rear of Acadia Foundry, below New Glasgow. There will be from 60 to 100 men at work on this cutting by the first of March.... On Friday morning last an American named Folke, a middle-aged-man, was found dead in his house by his wife on her return from an errand to the village. He had apparently shot himself through the heart. An inquest was held, and the verdict was death by suicide. No cause can be assigned for the fact.... The house of Mr Knowles Porter, Arcadia, was destroyed by fire on Friday forenoon last. The building was occupied by Mr. P. partly as a residence and partly as a trunk factory. He was absent for a few minutes from a room in which some pine lumber used in his business was being seasoned, and on his return found the stove pipe had fallen and set the premises on fire, which he was unable to subdue. There was no insurance on the property. Loss about $1000.... During the recent gale, the new English Church at Bayfield was carried bodily off the foundation for a distance of ten feet, but, thanks to a volunteer force of fifty men who turned out on Tuesday, it is now back again resting on its foundation. It sustained but little damage.... A gunpowder explosion, through carelessness, took place at the Wentworth quarries last week. A tin containing powder was placed in the stove along with those containing tea, which exploded, as a matter of course, in a few minutes, and one man—William Lunn—was seriously burnt. Others who were in the building escaped unhurt. The stove was smashed to pieces, and the roof was nearly lifted off the building by the concussion... The *Windsor Mail* regrets to announce to day the death of Captain N. W. Beckwith, of Hantsport, better known in the literary world under the *nome de plume* of "Nautes." Captain Beckwith was a steady contributor to many of the American and Canadian periodicals, and a few years ago the *Windsor Mail* published many of his sketches. He was always jovial and good-natured, and had many warm friends both at home and abroad. The deceased leaves but one daughter, his wife having died some years ago.... A despatch from Sydney, of the 22nd, to the Halifax *Chronicle*, says: "Mr. Stephen McNeil, of Big Pond, whose store at St. Peter's was lately destroyed by fire, has been arrested at the instance of the North British and Mercantile Insurance Company, for forging certificates to enable him to obtain the insurance on the property. He was brought to town to-day in charge of a constable, on a magistrate's warrant. The prisoner was brought before the Justices to-day. He produced a paper signed by Detective Hutt, agreeing to abandon all charges against him in consideration of his having given up his policy. He was committed for trial on the evidence of the constable that he admitted having signed the documents referred to. He was admitted to bail."

....A boy named Dillon, 15 years of age, while standing near the gallery door of the Halifax Academy of Music, on Friday evening last, was struck on the head with a large piece of brick thrown by some unknown person. The boy was knocked insensible by the blow, and on examination of his wound showed that his skull was fractured. His recovery is improbable.... A St. John man fell among some Halifax thieves a few nights ago, and was robbed of $100. Through the aid of the policeman he succeeded in recovering about $60.... A Halifax despatch to the *Telegraph* reports that some strikers at the Acadia Iron Works attacked other workmen who had taken their places on Saturday, and also attempted to do damage to the works.... Ladd, Porter & Co., of Yarmouth, N. S., ship-owners, are reported insolvent; liabilities $150,000, assets $60,000. John Cronan & Sons, of Halifax, West India merchants, have also failed. Their offer to pay fifty per cent on their liabilities has been rejected by their creditors.

ASTHMA AND CATARRH.—See Dr. Langell's advertisement.

POSITIVE RESULTS.—There are numerous remedies that cure sometimes and become trusted as useful, but none have ever proved so effectual—cured so many and such remarkable cases—as Dr. Ayer's medicines.

The Cherry Pectoral has restored great numbers of patients who were believed to be hopelessly affected with consumption.

Ague Cure Breaks up chills and fever quickly and surely.

Ayer's Compound Extract of Sarsaparilla eradicates scrofula and impurities of the blood, cleanses the system and restores it to vigorous health. By its timely use many troublesome disorders that cause a decline of health are expelled or cured.

Ayer's Pills and their effects are too well known everywhere to require any commendation from us here.—*Scranton (Pa.) Times.*

ENGLISH AND FOREIGN.

LONDON, Feb. 22.—In the election for Skuptschina, held throughout Servia, the majority of delegates elected favor peace.

LONDON, Feb. 23.—In the House of Commons the resumption of the debate on the Eastern question was upon the suggestion of Sir Stafford Northcote indefinitely postponed. "Embarrassing the Government's treaty obligations" was given as a reason.

Emperor William opened German Parliament yesterday. Referring to Eastern affairs, the Emperor expressed the opinion that the peace of Europe will not be broken.

The correspondent of the *Standard* says preliminaries of peace between Turkey and Servia have been signed.

DUBLIN, Feb. 23.—Cardinal Cullen, in a letter to the O'Mahony funeral committee, says, "I am unaware that O'Mahony contributed any signal service for his country, but rather provoked hostile legislation against us. I have been unable to learn he was a great benefactor of the church. On the contrary he is said to have written in a spirit hostile to it. He was head Centre of the Fenians and collected large sums to promote their absurd movements even after Fenianism had been condemned by the Church. If I were to allow his remains in the Cathedral I should seem to approve his religious and public conduct and his projects relative to Ireland, a responsibility I am not at all inclined to assume."

A state league has been formed by Ritualists in favor of disestablishment of English Church.

The Anglo-American Cable Company has given notice that after 1st of March the tariff will be reduced to one shilling sterling per word.

O'Mahoney's remains arrived at Queenstown today.

The Russian consuls give warning that torpedoes are being laid along the Black Sea coast.

LONDON, Feb. 24.—The Russians have finished seven pontoon bridges on the Pruth, each broad enough to allow eight men to march abreast. Eight thousand laborers are employed daily on the fortifications of Widdin.

LONDON, Feb. 26.—The funeral of O'Mahoney took place in Cork on Sunday. The city was filled with strangers. The procession was a mile long The hearse was drawn by six horses, and the coffin was covered with American and Irish flags.

Several dockyards will shortly be opened for the relief of the unemployed in Marseilles, France.

A despatch from Constantinople says Col. Valentine Baker has been entrusted with the organization of Gens d'Armie.

The Spanish Ministry of Foreign Affairs is engaged upon a draft of a treaty of commerce with the United States.

One English and two French ships have been lost at Santona with all hands.

LONDON, Feb. 27.—The Eastern question was briefly discussed in the House of Lords, on a motion of Lord Stratheden for addresses to the Queen, praying Her Majesty would adopt measures to prevent hostilities, secure adherence to treaties and prevent the welfare of races subject to Turkey. Earl Grey made a strong anti-Russian speech. He deprecated interference between the Turks and their subjects. Stratheden's motion was rejected.

The American meteorological system is being urged upon Parliament for adoption.

The remains of O'Mahoney, the Fenian leader, were received in Dublin last evening, by a disorderly crowd.

The whaling steamer *Spitzbergen*, belonging to Dundee, has been lost near Burgen. All hands, twenty-two perished.

Adelia Patti declares the statements about her eloping with Nicolini inaccurate.

The *Times* despatch from St. Petersburg says: "At an extraordinary council Ministers, yesterday, the Czar was present and Ignatieff was present, and it was decided to demobolize the Russian army when peace is signed between the Porte, Servia and Montenegro.

LONDON, Feb. 28.—The report that the Russian army is to be demobilized is untounded.

A Constantinople despatch to-day says the armistice with Montenegro is prolonged for twenty days, to allow time for peace negotiations.

The Servian Parliament assembled on Monday. Turkey's peace propositions are to be considered forthwith.

Patti's suit for divorce alleges that her husband, the Marquis de Caux, beat her, used vile epithets, publicly insulted her, and appropriated eighty thousand dollars of her money.

THE GOSPEL OF MERIT.

Where there is so much rivalry as in the manufacture of family medicines, he who would succeed must give positive and convincing proof of merit. This is an age of inquiry. People take nothing for granted. They must know the "*what*" and "*wherefores*" before acknowledging the superiority of one article over another. Among the few preparations that have stood the test, those manufactured by R. V. Pierce, M. D., of the World's Dispensary, Buffalo, N. Y., have for many years been foremost. The truth of any statement made concerning them can be easily ascertained, for Dr. Sage's Catarrh Remedy and Dr. Pierce's Golden Medical Discovery are now prescribed by many physicians in curing obstinate cases of Catarrh and incipient Consumption. The Discovery has no equal in curing Coughs, Colds, Bronchial and Nervous Affections. It allays all irritation of the mucous membrane, aids digestion, and when used with Dr. Pierce's Pleasant Purgative Pellets readily overcomes *torpid liver* and Constipation, while the Favorite Prescription has no rival in the field of prepared medicine in curing diseases peculiar to females. If you wish to "*know thyself*" procure a copy of The People's Common Sense Medical Adviser," an illustrated book of nearly 1000 pages, adapted to the wants of every body. Price $1.50, postage prepaid. Address the author, R. V. Pierce, Buffalo, N. Y.

UNITED STATES.

NEW YORK, Feb. 22.—The boiler of the Clifton Barrel Works, Pomeroy, Ohio, exploded on Wednesday, killing four persons and wounding twelve.

WASHINGTON, Feb. 23.—The Election Commission has voted 8 to 7 counting Oregon for Hayes and Wheeler. The members of the Commission stood the same as in the case of Florida and Louisana.

NEW YORK, Feb. 24.—A fire in Philadelphia last night destroyed Fox's Theatre and damaged the adjoining buildings.

Mrs. Hiram Young, of Caledonia, Vermont, murdered her two children with an axe while they were at play. Trouble with her husband was the cause.

The decision giving Oregon to the Republicans greatly excites the Democratic politicians.

WASHINGTON, Feb. 25.—Oregon was counted as Republican and Pennsylvania reached yesterday in the Joint Convention.

NEW YORK, Feb. 26.—A violent storm occurred on Sunday on the coast of New Jersey and Long Island. Three schooners were wrecked and ten lives lost.

Ship *Crown Prince*, of St. John, N. B., was spoken on Dec. 4th, in lat. 53 S., lon. 58 W., with 16 of her crew sick. She would go into Stanley, Falkland Island.

The loss by the burning of Foxe's Theatre and the adjoining buildings in Philadelphia amounted to 225,000.

Pennsylvania was counted for Hayes. The Democrats continue to interpose objections as the count of States proceeds, but Republican success is generally conceded.

The New York *World* says that Hayes will take the oath of office next Sunday at noon in the presence of General Grant and the Cabinet, at the Executive Mansion. The Chief Justice will officiate. The inauguration will be on Monday.

By the fall of a staging at Bethleman, Pa., today, six men were killed and one badly hurt.

In Boston, to-day, Joseph Bingham was robbed of $4,000 in bonds at his lodgings by two men, one of whom engaged him in conversation.

NEW YORK, Feb. 27.—A Columbia (Ohio) despatch says that the citizens without regard to party, will give a brilliant farewell reception to Governor Hayes and wife in the State House on Wednesday night.

WASHINGTON, Feb. 27.—South Carolina has been counted for Hayes.

David Dudley Field's bill providing that the President of the Senate shall be acting President of the United States in the event of a failure of choice passed the House by 138 to 109.

WASHINGTON, Feb. 28.—The report of the Electoral Commission, 8 to 7, counting South Carolina for Hayes, probably closes its labors, the remaining States being undisputed.

NEW YORK, Feb. 28.—Reports from Washington indicate that the Presidential struggle may not end before Saturday. Radical Democrats contest every possible point.

Preparations for the inauguration of President Hayes are being made.

Receipts for the "Religious Intelligencer" to Mar. 2.

Received from M. E. Blake, Treasurer of Society at Kilburn's Landing, Victoria County, ... 2 00

MRS. WM. PETERS, Treasurer.

In the spring of the year, Catarrh or Horse-Ail is very prevalent. In order to cure it quickly, bathe the throat well with Dr. Dow's Surgeon Oil Liniment. It will cause a free discharge of the nostrils, and by its use the animal will rapidly recover. It should be kept by every owner of a horse, as it embraces every attribute required in a Liniment, and is the best known eradicator of all painful swellings.

WHAT THEY SAY OF IT? A FEW FACTS FOR THE PEOPLE.—There are but few preparations of medicine which have withstood the impartial judgment of the people for any great length of time. One of these is Dr. Thomas' Eclectric Oil. Read the following and be convinced:—Thos. Robinson, Farnham Centre, P. Q. writes, "I have been afflicted with rheumatism for the last ten years, and have tried many remedies without any relief, until I tried Dr. Thomas' Eclectric Oil, and since then have had no attack of it. I would recommend it to all."—J. H. Earl, Hotel Keeper, West Shefford, P. Q., writes, "I have been troubled with liver complaint several years, and have tried different medicines with little or no benefit, until I tried Dr. Thomas' Eclectric Oil, which gave me immediate relief, and I would say that I have used it since with the best effect. No one should be without it. I have tried it on my horses in cases of cuts, wounds, etc., and think it is equally as good for horse as for man."—A. Maybee, Merchant, Warkworth, writes, "I have sold some hundreds of bottles of Eclectric Oil, and it is pronounced by the public, 'one of the best medicines they have ever used;' it has done wonders in healing and relieving pain, sore throats, etc., and is worthy of the greatest confidence."—Joseph Rusan, Township Percy, writes, "I was persuaded to try Thomas' Eclectric Oil for a lame knee which troubled me for three or four years, and I never found anything like it for curing lameness. It is a great public benefit."—A. M. Hamilton, Warkworth, writes, "For weeks I was troubled with a swelled ankle, which annoyed me very much. Mr. Maybee of this place induced me to try Eclectric Oil, and before one bottle was used I was cured. It is a most remarkable medicine.

Note.—*Eclectric*—Selected and Electerized.

☞ Sold, wholesale, by BARKER & SONS and A. C. SMITH, St. John, N. B., and all medicine dealers. (feb 9—2m)

41, St. Maurice St., Montreal, P. Q., April 15 1872.
MESSRS T. GRAHAM & SON,

Although I have repeatedly seen the good effects of your PAIN ERADICATOR since I first had it in use near two years ago, it has far exceeded my expectation in the cure of the *Acute Rheumatism* with which I had been attacked last winter and of which I have been cured in less than a week by the use of one bottle of this medicine.

I had some years ago suffered intense pain for more than three months from an attack of the same complaint, although under medical treatment during that time.

For Rheumatism, as well as other forms of Pain, I believe It has no equal.

AGNES HANLEY.

Dr. Wilson's Pulmonary Cherry Balsam has been placed, by the common consent of mankind, at the head of all remedies for disorders of the Throat and Lungs, so prevalent in this ever-changing climate. It has saved thousands from falling a sacrifice to a neglected cough and into an early grave, a fact attested to by myriads who have used it. It never fails to relieve the sufferers from a distressing cough, and in all cases to effect a complete cure. Persons who have only taken a slight cold, and who are unable to procure their natural rest from a hacking cough, will, by this Balsam, enjoy a refreshing sleep through the means of this invaluable and life sustaining preparation.

Dr. Wilson's Anti-Bilious and Preserving Pills are celebrated as a safe and speedy remedy for diseases of the Kidneys, Bladder, &c. &c. By their salutary action on Bile and Acidity of the Stomach they promote and purify the secretions of the Kidneys, and establish for life the healthy action of those parts.

CONSUMPTION.

Extract from a letter from C. H. S. Cronkhite Esq.:—

CANTERBURY STATION, York Co., N. B., Oct. 10th, 1876.

Mr. J. H. ROBINSON—

Dear Sir:—In reply to your letter of enquiry, I would say that your 'Phosphorized Emulsion of Cod Liver Oil with Lacto-Phosphate of Lime,' is the best preparation of the kind I have ever seen or taken.

I was ordered by my physician to take it, and commenced about the last of August, and since that time I have felt like a different man, and also look differently, and all for the better as the doctor can testify.

I was unable, in the summer, to walk any distance without much fatigue. I can now take my gun and travel all day, and feel first-rate at night, and eat as much as any lumberman. Have not bled any since I took your preparation, and can now inflate my lungs without feeling and soreness, and I think I can inflate them up to full measurement, same as before I was sick. I have also gained in flesh; my weight in the summer was 173 lbs. and now it is nearly 190 lbs., which is pretty well up to my former weight.

The foregoing is a correct statement, which I am prepared to swear to, and I hereby authorize you to give it publicity in my name.

I am, dear sir, yours truly
(Signed) C. H. CRONKHITE.

We, the undersigned, hereby consent to have our names published as witness to the effects of "Robinson's Phosphorized Emulsion" on the person of Mr. Cronkhite, and do assert that the foregoing statement is correct in every particular.

(Signed) ALEXANDER BENNETT, J. P.,
WILLIAM MAIN,
REV. THOMAS MARTIN,

Robinson's Phosphorised Emulsion of Cod Liver Oil, with Lacto-Phosphate of Lime, is for sale at the Drug Stores. vi nov 28.

A VERY SICK WOMAN.

While calling at the office of a friend the other day, we were handed a letter from which we read the following: *Friend Craddock*—My best friend, for thus I must address you, as you have done me more good than any one on earth under God, and I believe I owe my life to you, and thank you from the bottom of my heart for all that you have done. It would take several sheets of paper to enumerate all my sufferings, so will only speak of the most important. For four years I had hemorrhages, beginning in February and lasting until fall; palpitation of the heart; soreness of the breast-bone and short ribs; pain in the back and lower part of the abdomen; cold hands and feet, even in August; constipation and headaches. I had tried doctors, far and near, but all in vain. Some said I had consumption; others liver disease. I quit all doctors, and wrote to you for help, and obtained it from your great "East India Hemp." I depend upon you alone for a perfect restoration to health, and feel that I shall not be disappointed. Please send two more bottles, with Pills and Ointment, which will do the work.

Yours truly, A. K. RICHARD.
Chewalla, McNairy Co., Tenn., *Fluker Branch*, November 28, 1876.

N. B.—This remedy speaks for itself. One bottle will satisfy the most skeptical. Ask your druggist to get it. HEMP also cures night sweats, nausea at the stomach, and will break a fresh cold in 24 hours, $2.50 per bottle, or three bottles for $6.50. Pills and Ointment, $1.25 each.

Address, CRADDOK & CO.,
jan. 1.—4y. 1,032 Race Street, Philadelphia.

Horses are as liable to indisposition as a man and like a man, if he is overworked needs care and medicine. How many times we see a horse worth two hundred dollars apparently broken down by excessive work. "Each particular hair stands on end, and with head drooping down he drags his weary limbs along." The functions of his body are more or less obstructed—in other words, he is out of condition. What shall we do? Give Clark's Derby Condition Powders, the universally approved English Remedy, and we have no hesitation in saying his feebleness will soon disappear before a course of those admirable Powders.

There are probably a hundred or more persons in this and neighboring towns, who daily suffer from the distressing effects of kidney troubles, who do not know that *Johnson's Anodyne Liniment* is almost a certain cure. In severe cases, great relief may be obtained, if not a perfect cure.

We notice that the Agricultural papers all over the country recommend the use of *Sheridan's Cavalry Condition Powder*.—*Exchange.*

Farmers and others in this section have long known and appreciated the advantages of these Powders over all others.

CHARLES MCMANN Esq., of Little River, Q. C., writes, May 2nd, 1876: "I have been completely cured of Rheumatism, by the use of SPENCER'S VESUVIAN LINIMENT, and recommend it to all the afflicted, as a sure, safe and speedy remedy."

MARRIAGES.

On the 28th ult., at the residence of the bride's mother, Carleton, by the Rev. G. A. Hartley, Mr. George Campbell, and Miss Mary A., eldest daughter of the late David Clark, all of Saint John.

On the 14th February, at the Congregational Parsonage, at Keswick Ridge, by the Rev. S. Sykes, Mr. Henry Ricker, of Hainsville, to Miss Martha A. Richards, fourth daughter of the late John Richards, of Keswick Ridge.

DEATHS.

[*Verses not inserted.*]

In Carleton, on the 28th January, Holland Allison, aged three years, youngest son of Albert and Sarah Smith, formerly of Jacksonville, Carleton County. "Suffer little children to come unto me."

In Wickham, Queens County, on the 15th ultimo, of scarlet fever, Frederick L., aged four years, seven months and two weeks, eldest son of Mr. George W. Vanwart, of Fredericton.

On the 5th instant, Annie, beloved wife of Joshua Hartley, Esquire, aged 55 years, leaving a large family to lament the loss of a good wife and kind mother. Sister Hartley was for many months a great sufferer, being afflicted with disease of the throat. She died in the hope of a glorious resurrection.

At Northampton, on the 3d instant, Alice E., dearly beloved and youngest child of George A. and Margaret Gray, aged four years, eight months and twenty two days.

At his residence, Wilson's Beach, Campobello, Charlotte County, of consumption, on the 17th instant, Joseph Bassett, aged 66 years and 7 months. Brother Bassett professed religion thirty seven years since, and was a faithful member of the Free Christian Baptist Church, Wilson's Beach, Campobello.

LADIES' UNDER CLOTHING AND BABY LINEN MANUFACTORY.

WE beg to notify the Ladies of Saint John and vicinity, that our arrangements are complete for the manufacturing of every description of Ladies and Children's UNDERCLOTHING and BABY LINEN.

The public will find, on examination, that we are producing Better Shapes, Better Styles, Better Work, and better quality of Materials, while our prices are considerably lower than the imported Garments.

This branch of business is giving employment to a large number of seamstresses, who are thereby enabled to gain a comfortable living, and ladies who have hitherto had these garments made at home will find that by purchasing from us they will effect a considerable saving of expense as well as trouble, and at the same time will be assisting to encourage "Home Manufactures."

Orders for Bridal Outfits and Baby Linen Outfits, especially solicited.
