Marquis of Lorne met an enthusiastic welcome, and very creditable displays in the way of decorations were to be seen. The Vice-Regal party left for Ottawa on Thursday morning, at 8.30.

THINGS IN SHORT METRE.

The Duke of Connaught is to be married next February, and then Prince Leopold will be the only bachelor of the English royal family.

The Swiss elections have "ensured the return of the dispossessed Catholic priests, the cessation of the religious war and the eventual separation of Church and State."

A more important question than How many scholars come to our Sunday-school? is How much good do the scholars carry from their Sunday school? A full school is well enough in its way; but a full scholar is better.

Ireland is not Rome's undisputed possession. A little Protestant plant took root there 250 years ago, and has grown to be a Presbyterian tree of stately proportions, and yielded last year $800,000 for religious purposes, home and foreign.

A father and his son were simultaneously married to a mother and her daughter in Maysville, Ind. The younger couple had been courting for a long time but the parents, eighty and eighty-one, went into wedlock on "shorter notice."

Mr. Samuel Goldman, a New York rabbi who, with the English, speaks freely the Hebrew, German, and Polish languages, has come as a convert into the Episcopal Church, and is to be a missionary among the Jews of that city, by whom he has been held in the highest esteem.

Mr. E. B. Nicholson, the librarian of the London Institution, has completed a work on the lost *Gospel According to the Hebrews*, including, of course, an edition of its fragments. The volume, which also deals with many other debated subjects in critical theology, will shortly be published.

A full font of Japanese type comprises sixty thousand characters, and when a compositor gets twenty-five or thirty wrong letters in a word, and the proof-reader overlooks them, they are scarcely ever noticed by the reader. The printer's case is distributed all around a big room, and when he is at work running from one box to another, he looks like an American base-ball player making a run.—*Norristown Herald.*

A contemporary lays down rules for preaching a funeral discourse in the presence of the bereaved. Once in a while a funeral discourse may be in order, but on such occasions generally the adage holds true that speech is silver and silence is golden. There is such a strong temptation to exaggeration and to paint a strong picture in a funeral discourse that the occasion for the delivery of funeral addresses should be rare indeed. If in these matters every one could speak with the good taste and happy facility of Dr. William Adams and Dr. Stephen H. Tyng, Sr., of this city, there would be nothing to regret. But all cannot do this. Ministers say the right thing on every occasion save at a funeral. Except in rare instances it would seem as if the funeral addresses were wisely omitted.

LITERARY NOTES.

D. Lothrop & Co. will issue 120,000 copies of the splendidly illustrated Holiday Wide Awake.

Messrs D. Lothrop & Co. have just ready a fine illustrated religious gift book for the million—the old, well-beloved hymn, "Jesus, Lover of My Soul," illustrated by Robert Lewis, and placed at a popular price.

Messrs. D. Lothrop & Co. have now ready the three long-promised illustrated volumes of science for children, "Eyes Right," by Adam Stwin, "Overhead, by Annie Moor and Laura D. Nichols, and "Four Feet, Wings and Fins," by Mrs. Anderson-Maskell.

Wide Awake for 1879 & 1880 will be notable for an illustrated series entitled "Our American Artists," by S. G. W. Benjamin. Each of the twenty-four papers will give the portrait and autograph of an artist, studio interior, and copy of a painting. It is the most important attempt yet made to make our young folks acquainted with modern American art.

THE presence of December number of *Golden Hours* reminds us that we must have them to brighten another year, and also that we can do our friends service by advising them to do likewise. The cheery, pure, sensible little magazine would make a very pleasant holiday gift. Do not forget to order in season. Published by Hitchcock & Walden, Cincinnati, Ohio. 15 cents for specimen number.

A SUNBURY BOY ABROAD.—The *Sun* learns that Duncan W. Perley, Esq., who went from Sunbury to the State of Nevada about six years ago, having turned his attention to politics, has had excellent success. In September he received the nomination of the Republican Party for the important position of State of Senator and was elected over the Denfocratic candidate, Hon. Thomas Reshell. Mr. Perley is the son of the Hon. W. E. Perley, a member of the Provincial Government. His many friends in New Brunswick will be pleased to hear of his political advancement.

TYPOGRAPHICAL ERRORS in our last issue were more numerous than we like. The absence of the chief proof reader was the cause.

☞ Mr. Thos. Potts, Dominion Imigration Agent in Great Britain, who has been visiting this city, his home, for a few weeks, left for England again on Monday.

☞ The British Parliament is to meet soon. Mr. Lucy, of the London *Daily News*, who had come to Canada to report the arrival, &c., of the Marquis of Lorne, was called home on Monday.

☞ New Yorkers are already taking steps towards the holding of an International Exhibition in their city in 1889, the centennial of the adoption of the United States Constitution. They ought to get ready in ten years.

☞ The Mayor and other Halifax officials have requested Mr. Notman, the photographer, to produce a grand composition picture, illustrating the swearing in of the new Governor-General. It will be a historical record of the occasion.

☞ The people of Fredericton are beginning to get ready for the Mayoralty election, which takes place early in January. There is a strong feeling in favor of A. F. Randolph, Esq., and an effort will be made to induce him to accept a nomination. Should he consent, it is not probable there would be any opposition.

TO CORRESPONDENTS.—J. C. will find his enquiry answered in another column....E. J. C. It has been ordered. If it does not reach you soon, please notify us....A. W. H. Change ordered.

BENEVOLENT.—A young man in Newfoundland a friend of Rev. Mr. Macrae of this city, has a pleasant habit of making generous donations annually to Mr. Macrae to be used by him in the benevolent enterprises of the Presbyterian church. A few days ago Mr. Macrae received one hundred pound sterling from him. He has given large sums in previous year; and does not allow his name to be published.

☞ St. Stephens Church (Presbyterian) in this city has organized a Temperance Society.

REV. JOHN G. MCKENZIE is not in very good health, but is laboring as he has opportunity for the advancement of the cause dear to him. We hope he may soon regain perfect health.

☞ It is stated that a quarter million pounds sterling has been raised in Glasgow, Edinburgh, Paisley and Greenock, for the relief of the shareholders of the Glasgow Bank. An appeal has been sent to St. Andraw's Clubs in different parts of the world for this relief fund.

☞ The daily papers credit Police Magistrate Gilbert of this city with saying that the power of the Legislature should be sought in the matter of ladies' costumes, and that an Act should be passed compelling all back pockets to be sewed up, as they are means of temptation, tending to encourage larceny.

☞ The son of Mrs. Leslie who was burned to death in the terrible accident on the N. B. R. R. the other day in a letter to the *News*, suggests among other things, that "There is another thing the company should look into, and that is the employing of men on their road who are in the habit of drinking intoxicating liquor. There are a number on this road who practice it almost every day. If there is any post of duty where good sound judgment and men of sober habits are required, it is on board of our railway trains, where so many precious lives are in their charge."

No drinker of intoxicants, whether he drinks little or much, should have a place on any R. Road.

Bernard, Indian, Mr. Wilson's assailant, has been sentenced to ten years penitentiary....A lad named John McCann was engaged, on Wednesday last, in towing into St. Andrew's harbor, a log he had picked up. Back of St. Andrews' Island a squall upset the boat, the sheet at the time being made fast. He states he got astride the log, and drifted ashore near Perry in Maine. He was very much exhausted, his legs and ankles being much swollen. He hailed two schooners, one of which hove to, but she made sail again, not offering to render him any assistance ....Two men who were cutting cordword on the Nashwaaksis narrowly escaped being burned alive in their camp, last Monday night. Nooman, of Bedeque, was coming home from delivering a load of potatoes on board a vessel at Crapaud, his cart became upset and he underneath. When found life was extinct."....The Moncton *Times* says: Thursday evening, James Naines, engine driver on the eight o'clock freight, for Truro, had the fore finger of his left hand taken off while oiling his engine. He was under the engine and put his finger into a hole to remove some dirt and some one above moved the lever, which did the mischief. Dr. Church amputated the stump at the joint above and dressed it, and the driver went on to Truro, having never left his engine....The *Sun* says, a man, who gave his name as Solomon Bachelor, was detected by James Heffern in the city market between 8 and 9 o'clock Saturday night in picking a woman's pocket, and was promptly given in charge. Bachelor put his hand in the woman's pocket, and only succeeded in getting a small medicine bottle. He had tried another woman's pocket shortly before without success....Two ladies while going up Leinster street on their way home at an early hour Saturday evening, were considerably frightened near Carmarthen street by a man rushing out of the dark, with a revolver in his hand, which he presented and threatened to kill them. The office and all its contents were destroyed. The variety store of Mr. Wilmot Guiou, situated on York street, Fredericton, was broken into on Saturday night, and a large quantity of goods stolen, amounting to about one hundred dollars. A drawer containing some eight or ten dollars in silver and bills was also taken. The entrance was made by getting over the tops of the shutters and forcing off a large sheet of tin or zinc in the panel of the shop-door, the glass in the door having been broken. Mr. Guiou happened to go in the store on Sunday, and saw the counter loaded with goods, but thought nothing of it, as he expected the clerk was filling an order. On going to the store next morning, however, he found that all the goods had disappeared, and the back door, by which the burglar made his escape, was open. The burglar must have been hidden in the store all the time when Mr. Guiou was there on Sunday. Mr. G. recollects seeing an old pair of boots on the counter. As yet there is no clue to the robber.... The *St. Croix Courier* is responsible for the following: It is stated that Mr. Joseph Farthing found the other day on his farm, Oak Bay Road, Charlotte County, a small tin box which had evidently been turned up with the plough, and on opening it he discovered a letter writen in the year 1798, stating that a considerable amount of money was buried in a certain place, the exact locality of which was carefully pointed out. The letter is signed "Alexander McAlpine," and states that the writer had been thirty-five years in the country, and being then about to die he made this disposition of his money, one half which was to be paid to a certain named person, if living, and the balance to be retained by the finder, who was instructed to see that the testator's remains were properly cared for. If the money is discovered it will be quite a lucky find for Mr. Farthing....Mrs. Leslie, who was burned to death in the late accident on the New Brunswick Railway, was 64 years of age, and was a native of Halifax, N. S....The diamond borer is in position at Taylor's Village, and vein boring has commenced....The insurance agents in St. John have been so well pleased with Moncton's means of protection from fire that in some cases they have made a deduction from two to three per cent....A telegram to the *Sun* from Chatham, says: "W. S. Brown is not dead....In the thickest of the storm, at half-past eleven o'clock Friday night, fire broke out in the house owned and occupied by Daniel G. Davis as a dwelling and grocery store on the cornor of St. John and Union streets Carleton. The occupants were aroused by the presence of suffocating smoke, and upon the alarm being given the hose carts and engines were soon upon the scene. Owing to the force of wind the fire was uncontrolable. So rapidly did the fire burn that Mr. Davis had only time to save a few remnants of furniture, which were made useless by breakage in the hasty exit. Mr. Davis building and stock were both insured in the Lancashire and Scottish Commercial Insurance Co., the former for $3,000, and the latter for $1,000....A young man named Jesse Wyman, of Freeport, N. S., was drowned by falling into Walker's slip, Friday night. He came to this city in the barque *Ada Barton*, of which his father is captain. He was on board the schooner *M. P. Reed* till after 10 o'clock Friday night, and then left to go on board the schr. *Ida May*, of which his uncle was captain and to stay with him all night. He does not seem to have reached the schooner, however, for his uncle had not seen him that night. His father missed him, had the slip yesterday searched, and the search resulted as above. Deceased is said to have been a sober and industrious young man, and it is supposed that in the darkness of the night and the fury of the storm he missed his step and fell over the wharf....Mr. S. They will be sent to England in the *Black Prince* and from there sent to Cyprus at the first opportunity....A French carpenter distinguished himself at Halifax on Friday, but as he nearly broke his neck in the act he will probably not do it again. He was at work on one of the arches and a projecting beam being in his way he got astride of it near the end, and deliberately sawed the beam through, sawing himself off! He wasn't killed; the arch wasn't high enough....A Yarmouth barque, the *Viking*, Ryerson, from Philadelphia for Rouen, has foundred at sea. ST. PETERSBURG, Nov. 23.—The *Golos* asserts that Russia must have land communication with Bulgaria during the occupation, as the sea communications are liable to be interrupted any time by England or Turkey. The *Golos* adds that Roumania's refusal of Russia's demand for increased facilities for inter-communication through Roumania is only another illustration of the difficulty of fulfilling the Berlin Treaty.

LONDON, Nov. 27.—A despatch to the *Standard* says: Fort Mahomedazim, otherwise called Khurum Fort, was occupied by the British troops this morning. The Afghan garrison fled to Peiwar, at the northern extremity of the Khurum valley, they are expected to resist the further advances of Gen. Roberts. One dismantled gun was found in the Fort.

The steamship foundered in about ten minutes. The 172 passengers and crew were saved by the steamer *Glengarry* and landed at Dover. The *Noel Eileen* which ran into the *Pomerania*, is now anchored at Dover Harbor. She is a magnificent new iron barque of 1100 tons gross, and is owned in Liverpool. It is now stated that 79 lives were lost.

UNITED STATES.

NEW YORK, Nov. 22.—A midnight despatch from the explosion in the mine at Sullivan says that six men are still below and some of them are certainly alive as an occasional cry can be heard. The gas is sickening and some of them must perish before they can be brought to the surface, though air is being forced below to drive out the noxious gas.

NEW YORK, Nov. 23.—The boiler of the Cooperative, Coal Co., Springfield, Ill., exploded last evening, killing two persons and scalding seven.

HAMILTON, ONT., Nov. 24.—At an early hour this morning the city was thrown into great excitement over the report of a frightful collision on the Great Western Railway at Winona, a station 12 miles east of here. As near as can be ascertained at the present moment the facts are: While the New York express, No. 12, which left here at two A. M. was shunting and waiting at Winona to pass No. 1 Chicago express, which is due here at 2.45 o'clock A. M., it was run into by the latter train, coming at about the rate of thirty miles an hour. The engineer and fireman of No. 12 jumped from the engine and escaped. The engine was badly smashed. No one fared worse. The engine was fearfully wrecked, the baggage car telescoping the smoking car, killing one man (an immigrant) outright; another immigrant had his skull fractured and thigh broken; another his leg badly torn to pieces; five other emigrants were also badly injured; the engine driver of the express, which ran into the train shunting, had his arm and leg fractured, and the fireman was very badly scalded. These were all that it could be ascertained that were injured. Other passengers went forward, and it was supposed were uninjured. The emigrants referred to are now lying at Hamilton hospital. It is not yet known to whom the blame is attached.

INVALIDS, do you wish to gather flesh, tiro acque an appetite, to enjoy a regular habit of body, to obtain refreshing sleep, to feel and know that every fibre and tissue of your system is being braced and renovated? If so, commence at once and use the Quinine Wine prepared by Northrop & Lyman of Toronto, and in a short time you will feel the whole system invigorated and strengthened. It is a well known fact that Quinine has been acknowledged by the medical faculty for many years as the best appetizer and tonic known. And for general debility, this combination will be found superior to all other preparations. And combined as it is with fine sherry wine and choice aromatics, it is made an agreeable and pleasant invigorator to the whole system. The properties of Quinine are a febrifuge tonic and antiperiodic. Small doses, frequently repeated, strengthen the pulse, increase muscular force, and invigorate the tone of the nervous system. The peculiar operation of this medicine in general debility and as an appetizer, has undergone long and close observation, and it is believed it will never fail, if properly and judiciously administered, unless other diseases predominate of a different character. Persons of weak constitution may take it without the least difficulty as it strengthens the stomach and digestive organs, and seldom require more than one or two bottles to effect a decided benefit, as it contains nothing injurious to the most delicate constitution. Remember to ask for the "Quinine Wine prepared by Northrop & Lyman, Toronto," and we are sure you will be satisfied that you have full value for your money.

THE INTELLIGENCER FOR 1879.

For the INTELLIGENCER'S Prospectus for 1879 we refer readers to last week's issue.

The following extract from it is republished because its statements and suggestions are particularly important just now:

HOW TO HELP.

1. Those of our subscribers who are in arrears *should immediately pay what they owe.* We have refrained from calling on them, hoping, every week, that their subscriptions would come to hand. They should not expect us to wait any longer. *We cannot wait any longer.* Some hundreds owe for this year, and some for previous years also; and we *must hear from them at once.* Will they please make a note of this, and act accordingly.

2. Those subscribers who have paid up to the close of the present year will greatly oblige and cheer us by making their renewals for 1879 promptly in advance. This word to them is scarcely necessary, their past course being a guarantee of their future.

3. The ministers can help us by speaking favorably of the paper—their paper,—urging prompt renewals and soliciting new subscribers. We would also like them to send frequent communications to the paper—reports of their work, and Christian work generally within the range of their knowledge, and discussions of questions of interest to the denomination and the Christian cause generally. Friends of the paper, other than ministers, are cordially invited to do it like service.

FREE BAPTISTS.

To Free Baptists especially it is of highest importance that the INTELLIGENCER be well sustained, and have as large circulation as possible. It is the only paper published in Canada in their interests. It alone stands for the advocacy and defence of the principles peculiar to them, and which they hold dear. It is the only medium of communication with the public. It alone records with any fullness their work, their success, their growth. It has, so all admit, been the means, under God, of helping the Denomination in many respects. It can help it more; and to do so is one chief object of its existence. It should in return have the cordial help of Free Baptists everywhere.

OFFER TO NEW SUBSCRIBERS.

To new subscribers paying one year's subscription the INTELLIGENCER will be sent from the time of receiving the money till Dec. 31st, 1879. They will, by taking advantage of this offer, receive the paper from the date of subscription till the end of the present year free!

Will the ministers do the INTELLIGENCER and the cause it advocates the favour of announcing this offer from their pulpits: Other friends of the paper may help it greatly by bringing this offer to the attention of their non-subscribing neighbors. We hope to receive a large number of new subscribers.

ANOTHER COMMUNICATION from Mr. Geo. Sewell dated Moncton, N. B., June 22, 1878.

J. H. Robinson, Esq.—Dear Sir—I wrote you in May last informing you of the wonderful cure your "Phosphorized Emulsion of Cod Liver Oil with Lactophosphate of Lime," had made in my case, and, at the same time promising to write you, from time to time to let you know how I was getting along. I am much better in every way; am stronger; can walk a good long distance without getting tired. Sleep well and eat a hearty meal. In fact I am a new man in every respect, and those who saw me three months ago and see me now, can hardly believe that I am the same person.

The above are facts, and believing that ingratitude is one of the unpardonable sins, I feel it a duty to tell you of what, under a kind Providence, your preparation has done for me. Wishing you every success, &c., &c.
