reported at Brooklyn during the past week, of which forty-seven proved fatal.

Queen Victoria at Balmoral worships in a raised pew so near the pulpit that she could almost shake hands with the minister.

The announcement in English newspapers that a Company has been organized for the purpose of lighting Jerusalem with gas shows the march of civilization.

Liverpool and Manchester have been connected by telephone, the apparatus working successfully. It is now proposed to connect Liverpool and London in the same manner.

The Belgian Roman Catholic clergy have carried their fanaticism to such an extent that they will no longer accept the King as godfather in the case of a seventh son being born in a family, as has hitherto always been the custom.

According to late reports from Ireland, the potato crop in that country is larger and better than has been known for more than a score of years. Although as yet the general crop has not been dug, potatoes are abundant and cheap.

The General Convention of the Universalists has expelled from the ministry of their churches E. S. Foster, formerly of Chester and North Adams, Mass., for indecent and immoral conduct, misrepresentation and falsehood.

Edward W. Soldan is informed that, according to the latest official ecclesiastical reports, the 21,498 Presbyterian congregations in the world aggregate 30,000,000 of persons. The number of actual communicants or Church members is not known.

An exchange says that "Philadelphia has a Mormon Church of 49 members that has been in existence since 1860. It would not be safe for them to practice there their distinctive tenet, polygamy. It ought to be no more safe in Utah."

A gloomy story is told by the *Times of India* concerning the ravages of wild beasts and venomous reptiles in that country. The total number of deaths during the last year caused by wild beasts and snakes was no less than twenty thousand. It ought to be possible in some way to lessen such an appalling mortality.

Gambetta evidently believes that the Clerical party in France is inimical to the Republic, as he is doing all in his power to crush it. He has just had a Roman Catholic Bishop prosecuted for excommunicating a priest who had enforced the decrees against various Catholic Societies.

LITERARY NOTES.

MacMillan & Co. have in press for immediate publication, the second and third volumes, of the "Household Library of Exposition," "Adam, Noah and Abraham," by Rev. Joseph Parkes of London, and "Isaac, Jacob and Joseph" by the Rev. Marcus Dods of Glasgow, the first of the series being the well-known Dr. McClaren's "Life of David as reflected in his Psalms."

CHOIR ANTHEMS.—A collection of new anthems, chants, etc., for use in public worship, by T. Martin Towne. Containing also a selection of choice quartette and choruses suitable for funeral occasions. This is the latest anthem book of the season. It seems to be admirably adapted to the wants of ordinary choirs and will undoubtedly supply a long felt need. To give an idea of the music, we quote from the author's preface:

"Of late years, it has seemed to the undersigned that both authors and editors have gone to extremes in trying merely to please. Those classically inclined have compiled books, the music of which but few choirs could execute perfectly, and only an occasional member of the congregation could appreciate, and which consequently could produce but little religious impression. On the other hand, others have compiled secular music selections from operas, glees, etc., etc., to which they have adapted religious words, and labeled such selections, "sacred music!"

"The present aim has been to strike a 'golden mean' between the two extremes; and the editor trusts that time and use will prove that he has compiled a book for choirs of average musical culture, which shall accomplish the true end of anthems for church service."

As far as we can judge the author has succeeded in accomplishing his object. CHOIR ANTHEMS is a book of 160 pages, well bound in thick manilla cardboard, and excellently printed. Price, $3.00 per dozen; or 35 cents for a single copy, post-paid. Published by DAVID C. COOK, 137 Madison St., Chicago.

HARPER'S MAGAZINE for December is a striking Number, presenting many novel features.

The city of Pittsburgh is the subject of a very interesting paper by G. F. Muller, forcibly illustrated by Shirlaw.

The Number opens with twelve Christmas Carillons by Annie Chambers Ketchum, with four excellent illustrations by Fredericks.

Moncure D. Conway contributes the first of a series of papers, entitled "The English Lakes and their Genii." His subject is the country of Wordsworth, and the illustrations of natural scenery and of character by Alfred Parsons and E. A. Abbey have remarkable merit as pictures, apart from the interest attaching to the subjects treated.

"The Sixth Year of Quong See," also beautifully illustrated, is an interesting description by Catherine Baldwin of a New-year's celebration in Chinatown, San Francisco.

Charles F. Thwing shows in an able article the results of "Recent Movements in Woman's Education;" an article by W. T. Davis, entitled "The Queen, Ministry, Lords and Parliament," gives an explanation of the operation of the British Government; and Mr. Edward Howland contributes a suggestive article, entitled "A Great City."

The *Editor's Easy Chair* treats of the Newspaper and Orator, the influence of Byron, the Rugby Colony in Tennessee, and the Irish Agitation; and contains a communication from Wendell Phillips, correcting a very common error in the use of *De* as a prefix to French family names. The other Editorial Departments are well sustained.

☞ The attention of those readers who make purchases in Fredericton and Woodstock is directed to the new advertisement of Mr. J. G. McNally. He keeps a great variety of goods, and seems determined to please in quality and prices.

THE NEWS AND THE PRESS.

SAINT JOHN, N. B., NOVEMBER 26, 1880.

NEW BRUNSWICK.—The steamer *Empress* is to be laid up for the winter on the first of December. The steam propeller *Edgar Stuart* is to ply on the route....A notice is published in the *Royal Gazette* that the capital of the Gibson Leather Co., has been increased to $40,000, twice the former amount. ....The *Star* understands Judge Williston, of Newcastle, has either tendered his resignation as County Court Judge, or is about to tender the same....A young man named Thomas Watson, a brakeman on the Grand Southern, was badly injured about the body and also had an arm broken by being crushed under some iron rails at Musquash....News comes from Madawaska of the mysterious death of a lumberman named James McNab, a native of Carleton County. He was working in the woods a short distance above St. Francis and, when last seen alive, was hand-spiking logs on a brow. His dead body was found by several of the other men lying on the brow. The only mark of violence to be seen was a slight bruise on his forehead. His hand-spike was found a few feet distant from the body and it is supposed that it struck him while he was trying to extricate it from the moving logs where it had been caught. McNab was about 35 years of age and leaves a wife and several children....The *Courier* is confident that a cotton mill will soon be started at St. Stephen....The work of laying the Grand Manan cable has begun at Fog Whistle.... Information is wanted regarding Rosannah Kennedy who left Fredericton about 18 years ago, and when last heard from was in Lewiston, Me....Messrs Welch & Lynch states that they will cut over 15,000,000 feet of lumber on the headwaters of the South West Miramichi this winter, in the vicinity of Glassville and Foriston....The Defaulters' List of Fredericton for 1880, shows over $8,000 of taxes remaining unpaid on the 31st October....Mr. Pickard, M. P., intends to get out 5,000,000 feet of lumber this season. His operations will be carried on in the region surrounding St. Croix Lake, Maine....The *Telegraph* says a man named Weeks, who has been employed in Shaw's tannery at Hartland, is suffering from a severe case of lockjaw, in consequence of having run a rusty nail into his foot, about a fortnight ago....On Saturday night or early on Sunday morning the meat shop and bologna depot of Messrs. Lawson Bros., 171 Brussels street, was broken into and robbed of a quantity of ham sausages and belognies to the value of about $20 or $25....Work was suspended at the Fredericton booms on Saturday, there being about seven million in the boom. It is estimated that about an equal amount had been rafted there this fall and safely towed to St. John....The *News* says, a project of unusual interest is now being debated in connection with the Moncton sugar refinery. It is proposed in order to facilitate the shipment of sugar to convert Hall's Creek into a sort of harbor in which all vessels which can enter the Petitcodiac can be accommodated. The work which would have to be done to accomplish this design would cost about $50,000....Sunday morning about 8 o'clock the body of a man afterward shown to be that of Peter Gallagher, an aged resident of Britain street, was discovered lying in the mud at Domville's slip, near Victoria Wharf, where it had been left by the falling tide. The deceased was last seen shortly after supper time on Saturday night when he went out with the above result....Another land slide has occurred at the Bay Shore. A piece of land, about 150 or 200 feet, on Saturday slipped down on to the beach. It did not occur at exactly the place where it was expected it would, but further along the shore, on the McCarthy estate. The railroad track is now only a short distance from the embankment at the place where the slide occurred....In Moncton it is reported, says the *Times*, that coal has been discovered on Cape Demoiselle Creek, on the property belonging to Robert Milburn, and near the Hayden stone quarries. The coal is said to be similar to the Albert coal found at Hillsboro. The discovery was made by Mr. Abner Marks, who with Henry Bennet and some others, including E. B. Chandler, Esq., have secured a lease, and intend commencing preparations to test the value of the discovery....It is stated that two starch factories are to be shortly erected at Bathurst, and one in the lower part of Gloucester County. Two others are also spoken of, one to be erected in Kent and the other in Westmorland County....A Fredericton man has entered the weather prediction field and starts out by foretelling that next winter will be one of alternating frosts and thaws. He says that he never knew it to fail that when the first snow storm was followed by soft weather the whole season has had the above consequence. A case in point, he says, is the winter before last....Capt. Hebert, of the Grand Falls Hotel, is negotiating to obtain charge of the big hotel at St. Andrews.

NOVA SCOTIA—The total subscribed banking capital of all Nova Scotian Banks is $5,900,000, of which $4,100,000 is paid up, against which there are liabilities of $7,500,000....A party in Dartmouth has asked the Town Council what assistance that town would give to an Iron Rolling Mill to employ about 50 hands. Notice of motion was given that exemption from taxation for 15 years would be granted....An American gentleman engaged in gold mining in Nova Scotia, and well acquainted with the business, states that gold mining in this Province is a more certain business than it is on the Pacific Slope....On Wednesday evening, the 17th inst., the medicine factory of C. Gates, Son & Co., at Middleton was burned together with carpenter shop, containing a large quantity of lumber, and a small dwelling house attached used for storing apples, grain, &c. The work is no doubt that of an incendiary, and there is no insurance on stock or buildings; loss about $2,000....A report of an atrocious outrage comes from the vicinity of Kentville. Early Friday morning, of last week the house of Sydney Firman, at Pine Woods, was broken into and set on fire from the inside. The husband and wife, awakened by the smell of fire immediately set to work to put out the flames, when the wife, going out of doors for water, was fired at by a strange man whom she saw with a gun, and received part of a charge of slugs in her breast. She may recover. A man named John Lindsay was arrested on suspicion....On Saturday night a terrible accident on the western bound train from Halifax, near Newport station, by which a brakeman named Geo. Riley lost his life. Shortly after the train left Newport station it is supposed that Riley, in passing from one box car to another slipped and fell to the track. The train passed over him, severing the head from the body and cutting off the legs. Parts of the body were dragged along the track for a long distance. When he was missed the train was stopped and returned for the scattered fragments of the body, which was conveyed to Windsor, where an inquest will be held to-morrow. Deceased leaves a wife and several children....A fire broke out Saturday night at nine o'clock in Archibald & Son's tannery, in Truro, destroying the building, machinery and finished leather. The fire originated near the boiler and in a short time enveloped the whole establishment in flames. The high wind prevailing carried showers of sparks over the west end of the town, but the night being damp and a vigilant watch being kept no other fires were set. The building and machinery cost $8,000 and there were $2,000 worth of leather to be shipped in a few days. All destroyed. It is believed that the hides in the pits will be very little damaged. The loss will not be less than seven or eight thousand dollars; there is only one thousand dollars insurance....A school house eight miles from Annapolis, N. S., was burned by incendiaries on the 16th....A accident of painful character, by which a young man of 18, named Gordon Hamilton, has been probably maimed for life, occurred at Argyle, N. S., on Monday last. The young man was out gunning at the time, and after firing at some birds had reloaded his piece. The gun from some unexplained cause, went off, the entire charge passed through the palm of the young man's right hand, inflicting a wound so severe that amputation at the wrist will have to be resorted to; also severing the little finger of the left hand....This week the Clements Line steamer *Dominion*, at the completion of her 720th round trip from St. John to Boston and return via Yarmouth, will be laid up at Yarmouth for the winter. ....The Nova Scotia Poultry Association have decided to hold an exhibition next February....A piece of gold, weighing 77 ozs., and estimated to be worth $1,000, taken from a small boulder found on the farm of William Bruces, Cariboo, Upper Musquodaboit, was brought to town to-day. One of the gold mining properties owned by the late Alex. Heatherington at Cariboo, East Halifax, was sold by the Sheriff to-day for $4,600. The property includes 67 gold mining areas, 100 acres of land and buildings and machinery....H. M. S. troopship *Crocodile* is expected at Halifax with the 1st Nineteenth Regiment, for this station, from Bermuda. This regiment will succeed the Ninety-seventh, or Earl of Ulster's, which will embark at once on the *Crocodile* for Gibraltar....A telegram received at Halifax, Monday, announces that the schr. *Adelel*, of Shelburne, from Shelburne bound to St. Pierre, Miq., lumber laden, caught fire and was run ashore at Port Mouton Island. She was burned to the waters' edge, on Nov. 20th.

ENGLISHMAN'S COUGH MIXTURE,

The great remedy for curing Coughs, Colds, Asthma, Hoarseness, Spitting of Blood, Bronchitis, Loss of Voice, Whooping Cough, Influenza, Soreness of the Throat, Chest and Lungs, and all other diseases leading to Consumption. It will not make new lungs, but will prevent the disease from spreading throughout the whole substance of the lungs, therefore facilitating recovery. Don't fail to try it. We will give a large reward for a better remedy than ENGLISHMAN'S COUGH MIXTURE.

RINGBONE CURED.

AUGUSTA, Me., March 8th, 1880—*Dear Sirs*,—I have had occasion to use FELLOWS' LEEMING'S ESSENCE on a horse so lame from Ringbone that I could not use him. I have been using is about three weeks, and find it does all you claim for it, as the lameness has gone and the enlargement has almost disappeared. I firmly believe a few days more will make an entire cure. Respectfully yours, JAMES T. PARKER.

HORNER'S ANTI-BILIOUS PILLS.

SYMPTOMS OF A TORPID LIVER.—Loss of Appetite, Nausea, Bowels costive, Pain in the Head, with a dull sensation in the back part, Pain under the shoulder-blade, fulness after eating, with a disinclination to exertion of the body or mind, Irritability of temper, Low spirits, Loss of memory, with a feeling of having neglected some duty, Weariness, Dizziness, Fluttering at the Heart, Dots before the eyes, Yellow Skin, Headache, Restlessness at night, highly colored Urine.

If these warnings are unheeded, serious diseases will soon be developed.

Horner's Pills are especially adapted to such cases, one dose effects such a change of feeling as to astonish the sufferer.

apr. 15—1yr.

To the Editor of the Religious Intelligencer:

Dear Sir.—It is for the sake of suffering humanity that I give publicity to a remarkable cure in my case of what was believed to be *Consumption* and *Heart Disease*, from which I had suffered for about two years without finding any more than temporary relief from anything I had used, until I providentially met the proprietor of Graham's Pain Eradicator in St. John more than four years ago, to whom I stated my case, which was *Distressing Cough*, *Pain* and *Soreness in my Chest*, *Palpitation* and *Distress* of my *Heart*, *Pains* in my *Head*, *Shoulders* and *Arms*. On making a diagnosis of my case, he told me my disease was *Chronic Inflammation* of the *Pleura* and a bad form of *Neuralgia*. The correctness of his opinion was evident from the fact that I was completely cured in one week by following his directions, and in that time the only medicine used was one 25 cent bottle of his valuable preparation, GRAHAM'S PAIN ERADICATOR.

THE READY REMEDY.—The variable temperature of autumn is always pregnant with colds and all pulmonary disorders. Dr. Wilson's Pulmonary Cherry Balsam, diligently used, will be found to be the most efficient means of immediately banishing coughs or lung complaints in their worst form. Whenever the system is predisposed to weakness of the chest, this Balsam will be found sure to eradicate the seats of future mischief in the lungs. Asthma, bronchitis, chronic cough, &c., all disappear before the successful employment of Dr. Wilson's Balsam, which in the most obstinate cases only require a moderate amount of time and fair attention.

The beauty of Dr. Wilson's Family Anti-bilious Pills is, they do their work without pain. They gently move the bowels, increase the appetite, act gently on the liver, purify the blood, improve the whole system, keep it in order, and prolong life. They are especially got up to strengthen and build up the system.

A subscriber tells us that for years he has been a sufferer from chronic rheumatism; and from his having a supply of Dr. Dow's Sturgeon Oil Liniment in his house, which he always keeps for his horses and stock, he was led to try it for his complaints; and to his great joy he was entirely cured. He would not part with his new found remedy for any thing.

IN MURRAY & LANMAN'S FLORIDA WATER the most debilitated and nervous can find relief. Used freely in the water of the bath, its effect is almost marvellous, so strengthening and bracing, and withal so exquisitely agreeable.

ENGLISH AND FOREIGN.

LONDON, Nov. 19—The *Times* says: We have no doubt whatever that the power of arresting a few of the active organizers and agents of the agrarian terrorism in Ireland would bring immediate and enormous relief not only to peaceable persons, but to many of the docile peasantry, who have been coerced to join in the agitation.

Alarming news comes from Ireland to the effect that several flagrant attempts were recently made to tamper with the loyalty of the soldiers stationed there, and money was offered them by Fenian agents who also promised them high commands in the Irish National Army. The police are reported to be on the track of the agents.

Siemens Bros., the cable contractors have received orders from the American Union Telegraph Co., for the immediate construction of two new Atlantic cables.

The British steamer *Mildred* which sailed from New York on Sept. 28th for Marseilles, foundered in the Atlantic. The crew 23 in number, were drowned.

NEW YORK, Nov. 19.—A London special says that Gladstone denies the report that any dissensions prevail in the Cabinet, from which it is to be inferred that Bright, Chamberlain and Foster carried the day, and the land owners submit to the inevitable. In no other way can the split be avoided.

LONDON, Nov. 21.—Sir Alexander Cockburn, Lord Chief Justice of the Queen's Bench, died suddenly at 12 o'clock last night, of heart disease. He heard a case at Westminster during the day, and walked home, at e his dinner, and was apparently well.

LONDON, Nov. 22.—The *Times* correspondent at Calcutta confirms the reports of a revolt of the tribes in Northern Cashmere, and says: Should the 700 Sikhs operating against the rebels be obliged to retire, a general uprising will probably ensue.

LONDON, Nov. 23.—The correspondent of the *Daily News* at Berlin says that the German press strongly condemn the British Government for its policy of tolerance towards Ireland.

ROME, Nov. 23.—A terrible thunder storm during which rain fell in torrants, prevailed here on the 21st. The water of the Tiber reached the lower streets. The reports of storms in other parts of the country are alarming.

UNITED STATES.

NEW YORK, Nov. 18.—Three of the crew of the brig *Victor*, of Lunenburg, N. S., have arrived here from the Bahamas. The *Victor* was wrecked there on Oct. 16th, and Capt. Outerbridge and the steward, Timothy Hurtle, of Halifax, were lost. The vessel was owned in Halifax, and the cargo of lumber was insured in Boston.

Eugene Harding, known as Signor Blitz, was accidentally shot and killed yesterday while gunning on Hackensack Meadow.

ST. LOUIS, Nov. 19.—The St Louis refinery and smelting works at Chettenham were burned this morning. Loss $125,000.

CORSICANA, Texas, Nov. 19.—The train with the U. S. troops which was ditched last night, four miles north of here, arrived this morning and eight of the most seriously injured left here for treatment. Forty-eight were injured.

CINCINNATI, Nov. 21.—Dr. Thomas Wood, a prominent surgeon of this city died to-day from the effect of blood poisoning, caused by attending, with chapped hands, the wounded in the recent railway disaster.

WHITEHALL, N. Y., Nov. 22.—The Champlain Canal is frozen over and the ice is two inches thick. Thirty loaded boats are frozen in between here and Fort Ann. About forty are due here from Port Henry and Canada to-night and to-morrow. The thermometer is nine below zero.

ERIE, N. Y., Nov 22.—During a snow storm on Saturday night, three vessels, the *Wesley*, *Eldorado* and *Bay City*, from Buffalo to Saginaw, went ashore seven miles from here.

WASHINGTON, Nov. 23.—Queen Victoria has sent a massive writing table as a present to President Hayes. It is made of timbers of the *Resolute*, of the Sir John Franklin expedition.

KNOXVILLE, Tenn., Nov. 23.—At a reception rendered to Joel Hemstree and wife, at the residence of the bride's father, Colonel Day, near Kingston, Roane County, arsenic was used by mistake for soda. Five persons have died and thirty others are dangerously ill.

ALBANY, N. Y., Nov. 23.—The Erie canal is still closed. At Syracuse breakers have been at work since yesterday, but navigation is more blockaded than ever, with a poor prospect of an opening.

NEW YORK, Nov. 24.—A special from St. Peters says that Ben. Hesselmen, an inmate of the Minnesota Insane Asylum, has confessed to firing the Asylum. He says he was badly treated and tried to burn the building down. He wished all had been burned. He placed a can of naptha in the female's wing also, but it did not ignite. He was considered a mild case and was allowed the run of the building.

A LOSS THAT CAN BE REPAIRED. — It is a well ascertained fact, proven in numberless instances, that the weak and nervous can repair the loss of vitality which they have experienced with Northrop & Lyman's Quinine Wine, a medicine specially adapted to invigorate those in delicate health, overcome dyspepsia and fortify the system against disease. It has a high reputation also as a remedy for bilious, remittent and intermittent fever. A pleasant taste is another of its recommendations,—Sherry Wine, of the first quality and other ingredients of an aromatic nature, being mingled with the renowned drug from which it takes its name. It contains nothing of a deleterious nature, acts with promptitude—one or two bottles generally producing the desired effect and stands pre-eminent among articles of its class. It healthfully stimulates the appetite, induces sound repose promotes a regular habit of body, banishes every trace of indigestion and relieves the feeling of depression, with which nervous and dyspeptic persons are usually troubled, in addition to the purely physical symptoms which harass them. It should be borne in mind that when it is used to remedy fever and ague and bilious remittent fever, the doses should be taken in the periodic absence of the fever. The statements made here in regard to the medical properties of the Quinine Wine are not random allegations, but facts which close observations of its effects for years past fully verify. Of course it will not cure diseases to which it is not specially adapted, but that it is a medicine of surpassing efficacy in the particular line we have indidated is beyond all reasonable doubt. A wine glass full three or four times a day, about half an hour before meals, is the usual dose. Purchase only the Quinine Wine prepared by Northrop & Lyman, Toronto. Sold by druggists everywhere.

Oct. 15—2m—eow.

ONE MOMENT.—Are you suffering from any ailment? Have you any sores about you? Is your nervous system shattered? Have you pain anywhere? If any or all of those troubles afflict you, do not delay, procure BRISTOL'S PILLS AND SARSAPARILLA, in them you will be sure and find speedy relief.

NEW SUBSCRIBERS!

There are many hundreds of families in these Provinces, not now visited by the INTELLIGENCER, that ought to be subscribers. We refer especially to Free Baptist families. This paper is the organ of the denomination to which they belong. It publishes the news of the churches and the denomination's work generally, which they need to be acquainted with. It is set for the advocacy and defence of the principles they hold. It is in every way especially adapted to their wants. Into every Free Baptist family in the Provinces it ought to go. They need it; and it needs them.

While every friend of the paper may do something toward increasing its circulation, it is plain that the ministers of the denomination can do more in this direction than any others. They have opportunities that no others have. We should like them to make the effort. To make the work of canvassing easier, we make the following offer:

New Subscribers will receive the paper from the time of sending the subscription ($2.00), till the end of 1881.

By this offer, new subscribers will get the paper *the balance of this year* FREE.

We hope the ministers and other friends taking advantage of this offer, will send us many new names.

Begin the work at once, and push it vigorously the remainder of the year.

BEWARE OF FRAUD.

To protect the public against imitators and fraud, we specially caution all purchasers of

BENSON'S
CAPCINE POROUS PLASTER

to see that the word CAPCINE on the label of each plaster is correctly spelled.

BEWARE of worthless plasters offered under similar sounding names.

Remember the only object the dealer can have is that he makes a somewhat larger profit on the spurious article.

VEGETINE

WILL CURE

SCROFULA,

Scrofulous Humor.

VEGETINE will eradicate from the system every taint of Scrofula and Scrofulous Humor. It has permanently cured thousands in Boston and vicinity, who had been long and painful sufferers.

Cancer, Cancerous Humor.

The marvellous effect of VEGETINE in cases of Cancer and Cancerous Humor challenges the most profound attention of the medical faculty, many of whom are prescribing VEGETINE to their patients.

Canker.

VEGETINE has never failed to cure the most inflexible case of Canker.

Mercurial Diseases.

The VEGETINE meets with wonderful success in the cure of this class of diseases.

Salt Rheum.

Tetter, Salt Rheum, Scald Head, &c., will certainly yield to the great alterative effects of VEGETINE.

Erysipelas.

VEGETINE has never failed to cure the most inveterate case of Erysipelas.

Pimples and Humors on the Face.

Reason should teach us that a blotchy, rough, or pimpled skin depends entirely upon an internal cause, and no outward application can ever cure the defect. VEGETINE is the great blood purifier.

Tumors, Ulcers, or Old Sores

Are caused by an impure state of the blood. Cleanse the blood thoroughly with VEGETINE, and these complaints will disappear.

Catarrh.

For this complaint the only substantial benefit can be obtained through the blood. VEGETINE is the great blood purifier.

Constipation.

VEGETINE does not act as a carthartic, to debilitate the bowels, but cleanses all the organs, enabling each to perform the functions devolving upon them.

Piles.

VEGETINE has restored thousands to health who have been long and painful sufferers.

Dyspepsia.

If VEGETINE is taken regularly, according to directions, a certain and speedy cure will follow its use.

Faintness at the Stomach.

VEGETINE is not a stimulating bitters which creates a fictitious appetite, but a gentle tonic, which assists nature to restore the stomach to a healthy action.

Female Weakness.

VEGETINE acts directly upon the causes of these complaints. It invigorates and strengthens the whole system, acts upon the secretive organs, and allays inflammation.

General Debility.

In this complaint the good effects of the VEGETINE are realized immediately after commencing to take it, as debility denotes deficiency of the blood, and VEGETINE acts directly upon the blood.
