Adams declared that the statement of Ryan, that the Surveyor General had connived at the cheat on the Province, was untrue. He had administered the affairs of his office solely in the public interest, and was ready to undergo investigation and examination before any committee his accuser might name.

Saturday.—The House went into committee of the whole on a bill to amend sec. 85, chap. 99, Consolidated Statutes.

Mr. Cottrell said the bill was a very simple one. It authorized the municipalities to publish their county accounts in pamphlet form, instead of restricting such publication to newspapers.

After some discussion progress was reported with leave to sit again.

Mr. Butler moved that a committee be appointed to whom should be referred all bills relating to municipalities.—Carried, and Messrs. Butler, White, Cottrell, Ryan, Hutchison, Barbarie and Sayre were appointed such committee.

Hon. Mr. Wedderburn submitted orders in Council, etc., relating to subsidized steamers; also, a statement of the affairs of the South Bay Boom Co.

Mr. Ryan gave notice of a resolution for an address to His Honor asking for a return of all lumber reported to the Crown Land Department to be cut upon Crown Lands in the County of Gloucester, or on the adjacent lands of any other County and brought into the County of Gloucester, in the lumbering season of the year '77-8 and of '78-9, showing in detail the quantities cut in each season and in each locality, with copies of the returns of the scales, and the estimates of all officers of the Department. And also a return of all stumpage paid for lumber cut as aforesaid, and by whom and when paid, and the balances, if any, due, and by whom. Also a return in detail of all lumber seized in the County of Gloucester in the year 1879, and from whom seized, and the amounts received by the Department on settlement thereof and by whom paid, together with copies of the reports of the seizing officers, and all correspondence relating to such seizures.

By Mr. Blair:—

Resolved, That an humble address be presented to his Honor the Lieut. Governor praying that his Honor will be pleased to lay before the House a statement in detail of the expenditures of each department of the Government not covered by warrant since the close of the fiscal year and up to the 16th of March inst., showing the date of each payment and the person to whom and on what account paid.

Also, a statement of the actual balance of cash in the hands of the Receiver General and in Bank on 16th March inst. actually available after deducting all amounts to the debit of the several departments.

By Mr. Thompson:—

For copies of all correspondence between the Dominion Government and the Provincial Government relating to the disputed territory claims and any Minutes of Council relating thereto; together with a statement of what amounts, if any, have been allowed or paid by the Provincial Government on account of such claims or charged by the Dominion Government against the Provincial Government on account thereof.

Monday.—The House went into Committee of the Whole on a bill for the better preservation of the records of horse pedigrees. Mr. Thompson said many parties, societies and individuals—were importing stallions for breeding purposes, and it was important that farmers should be able to learn the real character of the stallions from which they have to choose. The information could be published in the annual agricultural report, for the use of farmers and societies.

Progress was reported and the bill referred to committee.

Mr. White moved for a commitee to whom should be referred all matters relative to printing. Carried.

The House went into Committee of the Whole on a bill to amend the statute relating to fences trespasses and pounds.

Mr. Black said the alterations contemplated by the bill were only for the purpose of doing justice to the poor people whose cattle are impounded and sold without their knowledge. In his County cattle often wandered far away, and were sometimes impounded and sold at a distance, the owners failing to see the advertisement of sale. The bill required that the surplus of the sale, after the payment of expenses, be paid into the County Treasury, to be paid to the owner of the cattle on application. The bill was agreed to.

Mr. White gave notice of a resolution for an address to His Honor the Lieut. Governor, praying for a return showing what money was paid to members of the Legislature for traveling expenses in coming to Fredericton to meet the Princess Louise, to whom paid, and what amounts, if any, were returned, and by whom.

Hon. Mr. Landry laid before the House a statement of the Vice-regal expenditure.

Mr. Theriault moved for a comamittee to investigate the running of trains on the New Brunswick Railway. Carried.

Mr. Barberie asked what progress had been made in the suit against the Chatham Branch Railway Company?

Hon. Mr. Frazer read the following reply:—

"The suit brought by the Attorney General and others against the Chatham Branch Railway, Hon. Mr. Kelly and others, is still pending; copy of bill and interrogations have been served on solicitors for defendants; no answers have yet been put in. During the last summer it was brought under the notice of His Honor the Lieut. Governor in Council, that by an advertisement in the *Advance* newspaper, published in the County of Northumberland, the Chatham Branch Railway and all its appurtenances was advertised to be sold by the sheriff of Northumberland, under an execution alleged to have been issued at the suit of one George Kitchen. That, pending inquiry into the suit of Kitchen against the Company, negotiations were commenced with a view to a satisfactory settlement of all matters in difference, and in the meantime by arrangement between the attorneys of all parties interested, the sale and all proceedings relating to this suit were stayed without prejudice, and such negotiations are not yet concluded.

Tuesday.—The Grand Southern R. R. Committee was given power to examine witness under oath.

Mr. Ryan gave notice of the following for Thursday:—

Resolved, That suitable accommodation should, during recess, be provided in Fredericton for the Legislature.

Replying to Mr. Gillespie, Mr. Wedderburn said the Government intended granting aid for the Irish relief. The amount is still under consideration.

Replying to Mr. Black, Mr. Wedderburn said there would be no readjustment of bye-road appropriations.

☞ The Reformed Episcopal Church has now a clerical list of 91, including eight bishops—six in America and two in Europe. Of the 91 ministers, 64 are in the United States, 13 in Canada, and 14 in England.

☞ Repairs on the Railway Bridge at Woodstock are to be made at once.

☞ In the estimates submitted by the Fnance Minister, $2,000 are provided for a post office in Woodstock. The credit of getting this belongs of course to Mr. Connell.

☞ Rev. Mr. Woodman, Rector of Westfield, K. Co., died on Saturday. He was fifty-one years of age.

☞ Prof. Geo. E. Foster is now in Nebraska delivering a series of lectures. He awakens great enthusiasm wherever he goes.

☞ Rev. G. W. Kelly, of the Leinster St. Baptist Church went to Fredericton la st week to spend a few days, and while there was taken ill with diphtheria. He is recovering.

☞ The Bill repealing the Insolvent Act has passed the Senate, so that the I. L. is virtually a thing of the past. Opinions as to the wisdom of the repeal differ, but perhaps the chief mourners are the official assignees.

☞ "An Open Letter" from Rev. B. Minard will appear next week.

LITERARY NOTES.

THE PREACHER AND HOMILETIC MONTHLY for March is before us. The following is a portion of its table of contents: "Sermonic:—"Walking Worthy of God," by F. A. Noble, D.D.; "Christmas-day Lessons," by Dean Stanley; "The Prey-Taker," by T. DeWitt Talmage, D.D; "This Year Also"—New Year's Sermon, by Rev. C. H. Spurgeon; "Basis of True Greatness," by Rufus W. Clark, D.D.; "A King Frightened by an Infant," by Rev. Thos. Kelly; "God in Human Activity," by H. M. Gallaher, D.D; "The Spirit, a Quickener," by J. S. Kennard," D.D.; "Eternal life," by Prof. Herrick Johnson, D.D; "The Holy Spirit," by A. S. Hunt, D.D.; "Christ and the Immortal Life," by W. J. Tucker," D.D. Then we have "Brotherly Talks with Young Ministers," by Dr. Cuyler; "Expository Preaching," by Dr. Taylor; "A Sunday on the Sea," by Dr. Deems; "Prayer-Meeting Service," by Rev. Lewis O. Thompson; "Studies in the Book of Revelation," by D. C. Hughes; much in the way of "Sermonic Criticism," "Preachers Exchanging Views," etc. This Monthly is brimful of serviceable hints to all clergymen and other students of the Bible. 25 cents, single issue; $2.50 per year. I. K. FUNK & CO., New York.

GODEY'S LADY'S BOOK FOR APRIL.—Opens with a charming scene from "The Ranger," a group of three graceful maidens, the laughing faces of two throwing into strong contrast the sad countenance of the third. The fashions are tempting enough to coax all the dollars from the purses of the fair sex to array them for April's capricious sunshine; and mothers will find the boy's suit in the diagram simple and comfortable. The literary contributions are fully up to the standard the publishers seek to maintain.

We have received from I. K. Funk & Co., New York, copies of their cheap issues of standard works. For 10 cents we have "The Manliness of Christ" by Thomas Hughes—a dollar book. For 15 cents we have Macaulay's Essays on Milton, Dryden, History, Johnson, Bunyan, Athenian Orators, and Montgomery's Poems. Farrar's Life of Christ is offered at 25 cents, and his "Life of St. Paul" at the same price. These publications are to be offered on news stands and in railway cars in competition with cheap novels. Such enterprise is commendable and should meet with success.

THE MOTHER'S MAGAZINE.—The March number of this excellent magazine is unusually good.

A. M. PURDY, OF PALMYRA, N. Y., sends *postpaid and free* to all applicants his valuable 24-page Catalogue of Fruits and Flowers, giving kinds, descriptions, mode of planting, &c. Every person who has a rod of garden or ground to plant, should have it. He also sends *free* a specimen copy of the FRUIT RECORDER AND COTTAGE GARDENER, a monthly at $1.00 per year, devoted to fruits and flowers—*it speaks for itself*; while 25 cents will get his *64-page* SMALL FRUIT INSTRUCTOR—a work pronounced by all who have seen it, the *most concise and practical* of any yet printed. Persons sending to him now will get the Catalogue, and the FRUIT RECORDER for 1880, and the SMALL FRUIT INSTRUCTOR, *all post-paid*, for *only One Dollar*. He accepts postage stamps for odd change.

TO YOUR PASTOR'S WIFE.—"Our esteemed "friends, the Buckeye, Publishing Company of "Minneapolis, Minn., offer to send '*The Housekeeper's Free* for one year to every preacher's "wife in the United States and Canadas, who will "send them her address and ten cents to pay postage. The paper is the best housekeeper's paper "in this country. It is full of the actual results "of practical experiments of the various phases of "housekeeping. Let every preacher's wife, who desires the paper free of charge, send her name and "post-office address to *The Housekeeper*, Minneapolis, Minn. Could greater liberality be asked "than that shown by the enterprising publishers of "this paper?"—*Central Baptist, St. Louis, Mo.*

THE NEWS AND THE PRESS.

SAINT JOHN, N. B., MARCH 19, 1880.

NEW BRUNSWICK.—About one hundred immigrants passed through Moncton, on Thursday, on their way to the Upper Provinces. They were from England and came via Halifax.... In the hurry of removing goods from Mr. T. H. Hall's bookstore during the great fire of June, 1877, a blank book valued at $4 and two large steel engravings, that had been carried out of the shop, were stolen. Nothing was heard of them and they were given up as lost until Wednesday night, when they came back in an unexpected manner. A lad left a parcel at the store and said, on being questioned, that it had been given him to deliver by a man in Portland, who had paid him for it. On opening the package the long-lost articles were found, and in the interval had been preserved from damage.... The demand for an increse of wages by the Ship Laborers' Union has evidently met with the approbation of the stevedores. In all the vessels now loading in the harbor the laborers are receiving $2 per day.... Mr. George McLeod, of this city, is having a tug boat built for service between Point Du Chene and the North Shore.... Wm. Brown, who fell in the Trinity Church building some time ago and broke his left leg, appeared on the street for the first time since the accident on Saturday, when he fell and fractured the limb again.... Mr. Jas. Pidgeon, of Indiantown, who had been in the States for a few weeks, returned home the other day to find that during his absence diphtheria had carried off four of his children.... On Saturday night a young man walked into Mrs. James Allen's house, Paradise Row, Portland, through the front door, and finding his way to the jewelry stand picked up two shawl pins, two gold watch chains, a locket and some other articles, in all to the value of about $100. The thief was discovered in the room by a lady of the house, but bolted carrying with him the goods.... Mrs. Thos. P. Jordon of Loch Lomond committed suicide by hanging on Thursday last. She had been sick for some time, and it is supposed was temporarily insane.... A young woman named Margret Gillespie in Portland poisoned herself taking carbolic acid Saturday night.... A sad accident resulting in the death of conductor S. Allingham occurred at Quispamsis on the I. C. R. Monday afternoon. He was in charge of a freight train running into this City. He was passing on the roofs of the cars from the engine to the rear car, and before he had gone the length of two cars he was struck by the bridge in the back of the head. He must have struck the bridge with terrible force, as it knocked in all the back of the head, and it is probably that by it he was killed. When he fell he lighted on his forehead, making a very ugly gash. Then the rest of the train passed over his body. By this his left hand was cut off, also one of his legs; his body was cut almost in two in the vicinity of the chest, the head was very nearly severed from the body, and the flesh on the back was torn in a frightful manner. The train was at once brought to a stop and his remains picked up. The deceased was a popular official, and had been on the road 16 years. He was to have been married in a few weeks.... Commencing Monday the Sussex Boot and Shoe Factorys will run a day and a quarter, working up to nine at night. This is necessary in order to fill orders for goods to be delivered in the spring throughout New Brunswick and Nova Scotia.... Wm. Craig, a repairer in the employ of the Dominion Telegraph Company of this City, dropped dead while putting a telephone wire in the office of Messrs. L. H. Vaughan & Bros., Monday morning. The Jury returned a verdict of death from heart disease. The deceased resided in Hampton, and leaves a wife and family.... Mr. Nixon, the care-taker of Fort Dufferin, Negrotown Point, has received a letter from the Department of Militia, Ottawa, instructing him to ascertain the value of lands about the fortification. It is understood that the Government mean to extend the battery back and remove the magazines, which are in danger in the spring time of sliding down the embankment.

NOVA SCOTIA.—The steamer *Nova Scotian*, which arrived from Liverpool at Halifax, last night, brought 121 passengers, of which 94 were immigrants mostly for the Upper Provinces and the North West. These immigrants were a much better looking class of settlers than any that have preceded them this season. They also brought a very large quantity of baggage. A large number of Scotch farmers are expected in the next steamer for Manitoba. During the month of February 524 immigrants arrived at Halifax.... The Halifax Gas Company has declared a half-yearly dividend of five per cent.... The Nova Scotia Legislature has granted $1,000 to drain Lake Ainsile, comprising eighteen square miles, and make it cultivatable land.... There are 250 head of cattle from Kings and Annapolis Counties, now at Richmond cattle sheds awaiting shipment in the Caledonia, of the anchor line, which calls here specially for them.... A Company has been formed in Halifax for the purpose of exporting ice to the United States.... Mrs. Sullivan, aged 105 years, died at Portuguese Cove, Halifax County, on Tuesday.... A petition from the starving fishermen of Fishermen's Harbor and Beckerton, Guysboro', for aid, to be repaid by road work, was presented in the Nova Scotia Legislature on Wednesday.... A big dividend was declared by the Avon Marine Insurance Company, of Windsor, on Tuesday—$65 on $25 paid-up shares of the Company. ....A plaster quarry at Wentworth, Hants, has orders in hand for 17,000 tons.... The Ellershouse paper mill will shortly be started. The rise of paper stock will give it a good chance for making money. ....The following from Nova Scotia have been selected for the Wimbledon team—Capt. Barnhill, Private Bent and Sergt. Harris. The spare man from Nova Scotia is Capt. Curren.... The Report of the Treasurer of Nova Scotia, for the year 1879 was laid before the Legislature on Wednesday, and, judging from it, the finances of the Sister Province are not in a particularly healthy condition. The receipts of the year amounted to $655,696, and the expenditures to $729,756, leaving an adverse balance of $73,786 to be provided for. From the way the accounts are kept there is some little difficulty in getting at the exact deficiency of the year, but the Halifax *Herald*, which is friendly to the Government, places it at $38,000. According to the same authority the total accumulated deficits at the end of 1878 amounted to $315,624, which is now swollen to $353,000 by the deficiency for 1879. The *Chronicle*, however, affirms that of the amount set down as revenue, a very large sum was borrowed money. It says the Government took $245,234 from the railway fund at Ottawa and likewise received an advance of $50,000 on account of the subsidy for 1880. It, however, figures out the same result as the *Herald*, a deficiency of $353,000 at the end of 1879, but it makes the present Government responsible for the whole of that deficiency, with the exception of $118,000, the balance at the beginning of the year. Without pausing to inquire which contention is right, it is worthy of remark that the existence of the deficiency and its amount are admitted by both journals. Looking over the items of expenditure we observe that Nova Scotia spent $94,391 on its road service during the year, $206,956 on education, $28,000 on the insane, $22,000 on steamboats, packets and ferries, $35,000 on legislation, $16,909 on salaries to officers to the Government, $10,559 on the Poor Asylum and $12,000 on agriculture. The principal sources of revenue, exclusive of the railway advance already referred to, were $283,000 for Dominion subsidies, $49,131 for mines and $10,445 for Crown Lands. ....Denis Clarke, who died at Yarmouth, N. S., a few days ago, had a coffin made for himself over 12 years ago, and it has been kept at his residence until his remains were placed in it on the 28th ult. ....Albert Fader, of the firm of Fader Bros., of Halifax, has, with commendable enterprise, gone into the cattle shipping trade with Great Britain, and on Saturday had at the Richmond Railway Station 257 head of Nova Scotia cattle, averaging from 3,000 to 4,600 pounds per pair. They were purchased in Cornwallis and in Annapolis County. The lot were to have been shipped in the Caledonia, of the Anchor Line, last night. The herd is said to be one of the finest, if not the finest, ever shipped from Halifax. Mr. Fader. will go to England with the cattle. This shows that our people are quite as able to carry on trade of this kind as the Upper Province people, if the necessary facilities are given them.

If you are going West, purchase your Tickets from G. A. Freeze, the agent on Water Street, St. John. Passengers for Winnipeg or other western points have choice of route. Cushioned seats provided for all classes and baggage checked through. ap18

COUNTLESS sufferers find the balm of relief, and the fountain of their health and strength in AYER'S SARSAPARILLA. It is the most potent of all the alteratives to purify the system and cleanse the blood. It possesses invigorating qualities, so that it stimulates the faded vitalities and purges out the corruptions which mingle with the blood, promoting derangement and decay. We are assured by many intelligent physicians that this medicine cures beyond all others of its kind, and we can fortify this statement by our own experience.—*Punxsutawney (Pa.) Argus.* mar5—1m

THE WINDSOR HOTEL

Is one of the finest hotels on this continent. It is a credit to the liberality of our Montreal friends and an ornament to our city. Its corridors are wide and beautiful. The parlors and dining-rooms, with their costly embellishments, and the reception-rooms are "chefs d'œuvre." Its "menus" are unexcelled. It is a luxurious home for Montreal families who prefer to relieve themselves from the care of a household, and a caravansary which can not be surpassed for visitors. Still, here as elsewhere, man is subject to the laws of health. Sickness will follow where indiscretion leads. An unseemly carouse tells as badly upon the occupant of this house as on the dweller in a cottage. Men are apt to over-indulge where food is very tempting, and ignore the results. Happily the remedy for such indiscretions may be had in every drug store in the Dominion in the shape of DR. HERRICK'S SUGAR COATED PILLS.

W. J. Thompson, Waterville, N. S., writes that a neighbor of his was severely afflicted with asthma and influenza. Consumption appeared inevitable. At this critical moment he began using Wilson's Pulmonary Cherry Balsam and was restored to perfect health.

Dr. Wilson's Family Anti-Bilious Pills never fail to produce a healthy action, and may be given to every age or sex. They remove all offensive accumulations in the bowels, and do not bring on subsequent constipation or costiveness. They stimulate all surrounding organs to a healthy state, and are of great utility where a cathartic is required. With such pleasing intelligence, can it be wondered at that we should feel an ardent desire that those who are suffering from disease should be made acquainted with a remedy, the unexampled, powerful and beneficial qualities of which have so greatly reduced the sum of human wretchedness; and we are satisfied the more their surprising effects become known, the more will Dr. Wilson's Pills rise in the estimation of the public.

A mill-owner and lumber-merchant says: "I am well acquainted with Dow's Sturgeon Oil Liniment. It has been the means of curing a large number of our men of frost-bites, chapped hands, cuts, &c.; and also for horses. I think it will do all it is recommended to do.

When we consider that Fellows' Compound Syrup of Hypophosphites supplies the deficiency to unhealthy blood, restores the nervous element, and produces healthy action to the various organs and forces of the body necessary to sound mind, we wonder at the imbecility everywhere apparent.

ALLEN'S LUNG BALSAM.—Is warranted to break up the most troublesome cough in an incredible short time. There is no remedy that can show more evidence of real merit than this Balsam for curing Consumption, Coughs, Colds, Asthma, Croup, &c.

THE PAIN-KILLER.—We have known the high character of this medicine, and that it is used with great success and satisfaction in our very best families. It is the favorite medicine of our missionaries in heathen lands, where they use it more than all else together for the diseases that abound in those warm climates. It should be kept in every house, and be in readiness for sudden attacks of sickness.—*Christian Press.*

Hall's Vegetable Sicilian Hair Renewer is the most reliable article in use for restoring gray hair to its original color and promoting its growth.

BRITISH AND FOREIGN.

LONDON, March 12.—A fire near Zadworre, Austria, destroyed 25 houses and five persons were killed.

Mr. Lowell, Minister from the United States, presented his credentials to the Queen at Buckingham Palace, yesterday.

Mr. Gladstone, in speaking at Marlebone, announced that Lord Derby had definitely joined the Liberal party.

LONDON, March 13.—The mails, passengers and crew of the *Montana* were saved. The steamer is ashore on the mainland with a list to port. The forward compartments are full of water. She is afloat aft but there is not much prospect of saving the vessel. The passengers will proceed to Liverpool in a tug.

PARIS, March 14.—The marriage of the Prince Imperial of Austria, and Prince Stephane, of Belgium, will be an important European event as it will tend to bring the last named country into the ring of States that Bismark is quietly forming around France.

DUBLIN, March 15.—The Mansion House relief committee have received to date subscriptions amounting to £117,124, and £62,402 have been expended.

LONDON, March 15.—The *Standard* says: Information has been received of a rupture between France and Madagascar in consequence of a misunderstanding between the French Consul and the Government of the Island and the Consul has hauled down his flag and appealed to his Government for support.

The *Pesther Lloyd*, of Vienna, announces that Queen Victoria will, during the approaching sojourn on the Continent, meet the German Emperor at Baden or Wiesbaden.

LONDON, March 16.—A Berlin despatch says: The Pope, having made the concession that the names of the priests appointed to livings are henceforth to be officially communicated by the bishops to the secular authorities, peace between Berlin and the Vatican has become possible. About a thousand vacant livings will be refilled and some vexatious clauses of the ecclesiastical laws repealed.

A despatch from Cape Town says: The general post office has been robbed of all diamonds, awaiting shipment by mail, valued at £75,000.

LONDON, March 17.—Thos. Bell, the English scientist, is dead.

A correspondent of the Edinburgh *Scotsman* says it is rumored that the Duke of Connaught will succeed the Duke of Marlborough as Viceroy to Ireland.

A Shanghai despatch of the 16th states that the Pekin authorities have condemned Chung How, late ambassador to Russia, to death. He was originally suspended on the pretext that he had returned without Imperial permission. His stipulations with Russia are considered unpatriotic and prejudicial to the dignity of China. The decision carries with it grave complications between China and Russia, for the Czar certainly will resent the severe punishment of the Envoy. The Chinese army are being armed with modern weapons and foreign drill masters are instructing Chinese soldiers. The defences on the coast are being strengthened and preparations made for calling out irregular volunteers, who are only mustered in the gravest crisis of the State.

UNITED STATES.

NEW YORK, March 13.—M. O. Kirtland's dry goods house and Anderson's tea warehouse, on 8th Avenue, were burned last night. The loss of the former is $58,000, and of the latter $34,000,

PHILADELPHIA, March 14.—Charles Cathcool Taylor, city editor of the *Times*, committed suicide by shooting. Mental aberration was the cause.

DENVER, COL., March 15.—The *Republican's* Alamosa special says:—"We have news of a terrible Indian massacre near Blue Mountains. Joe Locome, Joe Chanes, Pat. Kane, Bill Frimbrom, Dave Stockhammer, and several others were killed. Several bodies have been found and buried. There is great excitement in Ames Valley. The above named parties were in the locality of the massacre, having gone there prospecting.

SAN FRANCISCO, March 15.—Dennis Kearney was tried, to-day, in the police court, on a charge of using threatening language, and adjudged guilty. Sentence was reserved until to-morrow.

SAN FRANCISCO, March 16.—The police judge, this morning, sentenced Dennis Kearney to six months imprisonment in the house of correction and to pay a fine of $1,000. The case will go to a higher court.

MEMPHIS, Tenn, March 16.—Last night near Senatobia, Miss Caroline Roberts (colored) was shot dead by City Marshall Line while placing an obstruction on the track of the Mississippi and Tennesee Railway.

PROVIDENCE, R. I., March 16.—It has been discovered that William D. Hilton has been a forger to the amount of $80,000. Hilton was for ten years master of transportation on the Providence & Worcester Railway, and subsequently, for twelve years, superintendent of that road.

NEW YORK, March 16.—Mayor Cooper refuses to allow the Salvation Army to preach and sing in the streets, as the leader is not an ordained minister.

NEW YORK, March 17.—The Spanish man-of-war *Sanchez Barcaistiga* has arrived, towing the British barque *Endeavor*, from Cardenas for New York.

Between 18 and 20 pianofore establishments have locked out their workmen, and it is estimated that upwards of 10,000 men are idle. Steinway & Sons employes show no signs of succumbing, and the duration of the trouble cannot be determined.

BOSTON, March 17.—Homer Wellington, lately of the firm of Utley & Boynton, prominent commission merchants, was arrested to-day, charged with various defalcations while a member of the firm and with forging of notes. The serious charge also was brought against Wellington of attempting to poison his wife, who has been ill for some time. Arsenic was found in his possession when arrested, and it is stated that he has made a full confession, confessing the theft, but denied the poisoning. He has been held in $10,000 on charges of forgery and will appear before a Cambridge court on a charge of poisoning his wife.

WINCHESTER, ILL., March 17.—Last night 100 masked men visited the jail, battered down the door, disarmed the guards and compelled them to give up the keys. They then opened the cell of Joseph J. Fields, the murderer of James Padgett, and dispatched him with pistol shots.

READ CAREFULLY.

SAMUEL OSBORNE, Sophiasburg, says: I was afected with Dyspepsia for nearly four years, my lungs becoming affected towards the last. I was induced to try the Shoshonees Remedy. After using three or four bottles I felt much better and gained strength rapidly, my health improved steadily and rapidly, and when I had taken three or four bottles more, I was quite restored to health and strength, and have experienced better health than for forty years before. I had been under the treatment of a number of physicians before, but never received any material aid until I used your remedy.

A. MCKAY, Truro, N. S., says: He was very bad with Liver Complaint, but used the Shoshonees Remedy, and in a month was as well as he ever had been in my life. I am now in business and wish you to send me three dozen by steamer.

A. WOOD, Consecon, says: That he has tried the Remedy for Liver Complaint and Dyspepsia with great success. I have also used the Shoshonees Pills and find that they are as good as any I ever tried.

HENRY KING, Geneva, N. Y., says: My wife was intensely afflicted with Dyspepsia for a long time. We consulted physicians of three different schools, and received no benefit. She has taken three bottles of the Great Shoshonees Remedy, and is now hearty and well.

REV. JOHN SCOTT, says: Mr. McKenzie Botting suffered from an attack of Rheumatism, and was unable to move without help; but after taking a few bottles of the Shoshonees, was able to walk as well as ever. Price of the Remedy in pint bottles, $1; Pills, 25 cents a box. Sold by all medicine dealers. mar.19—2m—eow

THINGS TO REMEMBER.

P. O. ADDRESS.—*In sending your subscription be careful to give the name and P. O. address to which the paper now goes.*

CHANGES.—*If a change of address is desired, be sure to give both the one to which the paper now goes and the one to which you wish it changed.*

IRREGULARITIES.—*Every case of irregularity in receiving the* INTELLIGENCER *should be promptly reported. We cannot know that anything is wrong unless subscribers inform us.*

PROMPTNESS.—*It is especially important to remember that prompt payments are absolutely necessary. The delay of even one payment is felt by us; the delay of many puts a very heavy burden on us. Pay promptly, please.*

BENSON'S CAPCINE POROUS PLASTER.
A WONDERFUL REMEDY.

There is no comparison between it and the common slow acting porous plaster. It is in every way superior to all other external remedies including liniments and the so-called electrical appliances. It contains new medicinal elements which in combination with rubber, possess the most extraordinary pain relieving, strengthening and curative properties. Any Physician in your own locality will confirm the above statement. For LAME BACK, Rheumatism, Female Weakness, Stubborn and Neglected Colds and Coughs, Diseased Kidneys, Whooping Cough, affections of the heart, and all ills for which porous plasters are used, it is simply the best known remedy. Ask for Benson's Capcine Porous Plaster and take no other. Sold by all Druggists. Price 25 cents. Sent on receipt of Price by Seabury & Johnson, 21 Platt Street, New York. fe'y. 27—5i

$5 TO $20 per day at home. Samples $5 free. Address STINSON & Co., Portland, Maine. 1y—pd. dec. 5

Ayer's Cherry Pectoral,

For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, AND CONSUMPTION.

The few compositions, which have won the confidence of mankind and become household words, among not only one but many nations, must have extraordinary vitures. Perhaps no one ever secured so wide a reputation, or maintained it so long as AYER'S CHERRY PECTORAL. It has been known to the public about forty years, by a long continued series of marvellous cures, that have won for it a confidence in its virtues, never equalled by any other medicine. It still makes the most effectual cures of *Coughs, Colds, Consumption*, that can be made by medical skill. Indeed, the CHERRY PECTORAL has really robbed these dangerous diseases of their terrors to a great extent, and given a feeling of immunity from their fatal effects, that is well founded if the remedy be taken in season. Every family should have it in their closet for the ready and prompt relief of its members. Sickness, suffering, and even life is saved by this timely protection. The prudent should not neglect it, and the wise will not. Keep it by you for the protection it affords by its timely use in sudden attacks.
