TABERNACLE.—Rev. J. F. Avery writes: "We hope that the Lord will move the hearts of many to lend us a helping hand. It can be done by collecting small sums and forwarding the same, or getting and preparing things for our bazaar. Small articles can be sent from any point by post. Our Sabbath School children will have a table, could not others help them to stock the same? Some of the classes have collecting boxes, and they would be glad to receive contributions. Then again we are making an autograph quilt. The prospect is pretty good that we shall have quilts, will not some good friend who reads this say, that is a simple affair, 'I can help to make and get a square or two, I will certainly go to work at once, and at our next meeting ask for a few names for the *Tabernacle Autograph Quilt.*'

I am glad to say the postman has brought me some enclosures of not only notes, but a parcel which is an earnest that through the mails I shall receive evidences that Deborah and Dorcas have descendants still living, who like the wise hearted women, mentioned in Exodus xxxv. 25, are willing and working to lend us a helping hand."

We have had quite a disturbance among the miners at Lingan in Cape Breton, occasioned by Union men trying to prevent non-union men from working in the mines. In the attempt to arrest the rioters several persons were seriously hurt. The Cape Breton volunteers were called out and it was expected that some would have to be sent from Halifax, but this has not yet been carried into effect. Some of the rioters have been arrested and the mines are working.

An improved Fog Horn was on exhibition here on Friday. It may be attached to vessels and is operated by machinery turned by the wind. It was invented by O. C. Hansen, of Norway. It is claimed that it may be heard four or five miles distant.

The Canadian exhibits for the London Exhibition are rapidly coming to hand, and being stowed on board the Government steamer *Newfield*. The P. E. Island show arrived on Wednesday after six weeks in the ice. The New Brunswick quota is also to hand, and the Quebec contributions have just arrived. The *Newfield* will sail in a few days. The delegation left last week.

Dartmouth is not to be relieved of rum selling The Council have given licenses to two persons but several other applications have been refused, seeing their petitions had not the required number of signatures.

Mr. David Lynds, of North River, Colchester, died of hydrophobia on Sunday last. He was bitten by a cat last summer.

Herbert W. Eaton, of Calais, Maine, on Friday last, shot his brother Joseph E. Eaton, and another man named Samuel Kelly, Jr., killing the latter. All had been drinking together, but without any quarrel. H. W. Eaton tried to escape by getting on the train for Halifax On his way, fearing capture, he shot himself, lodging three bullets in his head. He was arrested at Truro, and there received medical aid, where he remains.

WOLFVILLE NOTES.—The Scott Act is being pretty strenuously enforced at the present time in Kings County. Last Saturday a fine of $50 was imposed on each of the two rumsellers of Wolfville.

Dr. DeBlois has resumed pastoral work; his partial blindness however renders it necessary for him to have assistance in the reading of the hymns and scripture.

Dr. Welton lectured before the students last Lord's Day on Job. i. 6 taking occasion from this passage to consider the teaching of the Old Testament on the personality and agency of Satan, and the place assigned to him by the author of Job in the sublime drama of that book.

A few friends from Port Williams, a section of the Canard Church, where Dr. Welton preaches occasionally, paid him a surprise visit a few evenings ago, leaving behind them a handsome expression of their regard. QUIS.

POPULARITY.—Why they are popular. The reason that National Pills are so universally popular is because they are certain in their action, mild and painless in their operation, and never leave the bowels constipated. They are sugar-coated, and contain no mineral poison.

THAT HUSBAND OF MINE is three times the man he was before he began using "Wells' Health Renewer." $1. Druggists.

That slight cold you think so little of may prove the forerunner of a complaint that may be fatal. Avoid this result by taking Ayer's Cherry Pectoral, the best of known remedies for colds, coughs, catarrhs, bronchitis, incipient consumption, and all other throat and lung diseases.

Hundreds of clergymen, doctors and others have used Kendall's Spavin Cure with the best success. Read advertisement.

A SECRET FOR THE LADIES.—The great secret of beauty is pure blood. Eruptions and all blotches that disfigure the face, may be quickly cured by Burdock Blood Bitters. Annie Heath, of Portland, certifies that she was cured by this remedy, after suffering for two years.

John L. Boutilier, French Village, Halifax, Co., writes that Minard's Liniment cured his daughter of a very severe attack of Diptheria, after she was pronounced incurable and recommended all to use it should they be afflicted with the same disease. Feb. 14.

Dominion of Canada.

Sir. S. L. Tilley brought forth his Budget on Friday last. There were some changes in the Tariff, intended to reduce the taxation to the extent of about a million and a quarter dollars. He did not anticipate any commercial stringency for the next seven years. A number of articles of import were added to the Free List, and there is a reduction in the Duties on a number of other articles, whilst it is proposed to pay a bounty of $1.50 per ton on every ton of pig iron produced in Canada for the for the next three years.

On a number of articles that may be manufactured in the Dominion, the duties are increased.

Ottawa has of late been besieged by deputations on all sorts of missions Nova Scotia has had two the past week, one on the Dry Dock matter, and one from the N. S. Fruit Growers, asking the government to build a warehouse in connection with the Intercolonial for storing of fruit.

The Government has granted a subsidy of twenty four thousand dollars per annum to a monthly line of steamers between Antwerp and Canada.

Ottawa had a great Dog Show last week, some dogs were taken from Halifax and took prizes. It is said that 1,500 persons visited this Exhibition.

The P. E. I. steamer Northern Light was last week lying in the ice four miles outside of Panmure Light, and between the steamer and the water there was a belt of packed ice about a mile wide. The crew were all hard at work breaking a track through the ice out to the open water.

The citizens of Montreal having any regard for themselves must have felt compromised last week by the reception given to Madame Albani, a public dancer; not only her private admirers but the city official magnates, and the Snow Shoe Clubs joined in a procession with bands of music, and she was taken to the City Hall by the Mayor and Aldermen.

BRITISH COLUMBIA.—A note from one of our subscribers at Yale, who styles himself a "Cumberland Bluenose," in this far west province, dated March 16th, 1883, says:—"This is the finest March I have ever seen, only one wet day, the rest of the month has been warm and beautiful. The roads are drying up nicely, and the boat has made her third trip between here and New Westminster—a distance of ninety miles. The railroad contractors are pushing their work ahead and a busy summer is looked for."

In the House of Commons on Monday last Mr. Blake asked whether an understanding had been reached that Sir Charles Tupper was to succeed Sir Alex. Galt.

Sir John Macdonald replied that no offer had been made to Sir Charles Tupper.

It is said that the Fenians like fiends are sending packages containing linen infected with small pox to persons obnoxious to the Irish National party.

A PRAISEWORTHY OBJECT.—"None name it but to praise." This is true of that unsurpassed remedy, "Hagyard's Yellow Oil." It cures pain and inflammation, whether from sprain, burn, bruise, or frost bite, lame back, rheumatism, neuralgia, sore throat, croup, deafness, and is for internal and external use.

When you see a promising colt with a splint, curb or spavin forming, thus spoiling its sale, go at once and procure a bottle of Kendall's Spavin Cure. One dollar invested in this great remedy will save you hundreds of dollars. It has no equal as a liniment for man or beast.

How are we ever going to get through our spring and summers work. We are all run down, tired out before it begins.' So say many a farmer's family. We answer, go to your druggists and pay five dollars for six bottles of Ayer's Sarsaparilla This is just the medicine you need and will pay compound interest on the investment.

A WONDERFUL CHANGE.—Rev. W. E. Gifford, while pastor of M. E. Church, Bothwell, suffered from chronic dyspepsia so badly as to render life almost a burden. Three bottles of Burdock Blood Bitters cured him.

THE MOST SUCCESSFUL REMEDY ever discovered, as it is certain in its effects and does not blister. Also excellent for human flesh. READ PROOF BELOW.

KENDALL'S SPAVIN CURE.

Fremont, Ohio, Jan. 25th, 1881.

DR. B. J. KENDALL & Co., Gents:—I think it my duty to render you my thanks for benefits and profits which I have derived from your invaluable and far famed Spavin Cure. My cousin and I had a valuable stallion worth $4000 which had a very bad spavin, and was pronounced by four eminent Veterinary Surgeons beyond any cure, and that the Horse was done forever. As a last resort I advised my cousin to try a bottle of Kendall's Spavin Cure. It had a magical effect, the third bottle cured it and the horse is as well as ever. Dr. Dick of Edinburgh, the emminent veterinary surgeon was an uncle of mine, and I take great interest in assisting his profession.

Yours truly,
JAMES A. WILSON.
Civil Engineer.

KENDALL'S SPAVIN CURE.

West Enosburgh, Vt., Feb. 15th, 1881.

DR. B. J. KENDALL & Co., Gents:—Several months ago I injured my knee joint which caused an enlargement to grow the size of a large walnut and caused me very severe pain all the time for four or five weeks, when I began to use Kendall's Spavin Cure with the most satisfactory results. It has completely removed the enlargement and stopped the lameness and pain. I have long known it to be excellent for horses, but now I know it to be the best liniment for human flesh that I am acquainted with.

Yours truly,
T. P. LAWRENCE.

KENDALL'S SPAVIN CURE

Is sure in its effects, mild in its action as it does not blister, yet it is penetrating and powerful to reach every deep seated pain or to remove any bony growth or other enlargements, such as spavin splints, curbs, callous, sprains, swellings and any lameness and all enlargements of the joints or limbs, or for rheumatism in man and for any purpose for which a liniment is used for man or beast. It is now known to be the best liniment for man ever used, acting mild and yet certain in its effects.

Send address for Illustrated Circular which we think gives positive proof of its virtues. No remedy has ever met with such unqualified success to our knowledge, for beast as well as man.

Price $1 per bottle, or six bottles for $5. All Druggists have it or can get it for you, or it will be sent to any address on receipt of price by the proprietors, DR. B. J. KENDALL & Co., Enosburgh Falls, Vt.

HALL'S
Vegetable Sicilian
HAIR RENEWER

was the first preparation perfectly adapted to cure diseases of the scalp, and the first successful restorer of faded or gray hair to its natural color, growth, and youthful beauty. It has had many imitators, but none have so fully met all the requirements needful for the proper treatment of the hair and scalp. HALL'S HAIR RENEWER has steadily grown in favor, and spread its fame and usefulness to every quarter of the globe. Its unparalleled success can be attributed to but one cause: *the entire fulfilment of its promises.*

The proprietors have often been surprised at the receipt of orders from remote countries, where they had never made an effort for its introduction.

The use for a short time of HALL'S HAIR RENEWER wonderfully improves the personal appearance. It cleanses the scalp from all impurities, cures all humors, fever, and dryness, and thus prevents baldness. It stimulates the weakened glands, and enables them to push forward a new and vigorous growth. The effects of this article are not transient, like those of alcoholic preparations, but remain a long time, which makes its use a matter of economy.

PELOUBET'S SELECT NOTES ON INTERNATIONAL S. S. LESSONS, postpaid $1.25.

HACKETT'S COMMENTARY ON ACTS, edited by Dr. Hovey, of Newton, postpaid, $2.

People's Home Mission Agency.

The Society has been in operation 15 years. Colporteurs to the number of 102 have been employed, who have distributed Bibles and good books worth $141,236 by sale, and books and tracts valued at $10,081 by grant. Total grants by the Society, including those from Depot, more than $16,000 worth. Time served by the Colporteurs equals that of one man for 142 years. Labrador, Newfoundland, Cape Breton, P. E. Island, Nova Scotia, New Brunswick, and a portion of Quebec have been explored. There have been found 1,525 families without God's Word; 2,582 families with no other religious book; and 2,545 families who habitually neglect attending any place of worship The 26 Colporteurs employed in 1882 performed labor equal to that of one man for 12¼ years; found 205 Protestant families without Bibles, 279 with no other religious books, and 373 families who never enter the House of God. They sold books worth $13,332, and made free grants to the value of $913, as they made 31,679 family visits, and held 625 religious meetings.

The books circulated are sound and good, teaching the RUIN of man by the fall, REGENERATION by the Holy Spirit, and REDEMPTION through our Lord and Saviour Jesus Christ. They are eminently designed to spread abroad Divine truth, and they are accepted by those that in every place call upon the name of the Lord. They give no uncertain sound upon the essential doctrines of the Cross: Justification through the blood of the Redeemer, holiness through the sanctification of the Spirit, and complete redemption through God's grace alone. Books and tracts designed especially to awaken the impenitent and point to Jesus are imported in great numbers. Almost 10,000 "Come to Jesus" were distributed last year.

The prayers of all God's people are earnestly requested for the Spirit's power to accompany the reading of the books and the evangelistic efforts of the Colporteurs. A copy of the last Annual Report, giving much interesting information and copious extracts from the Colporteurs' reports, will be sent on application to the Secretary.

American Baptist Publication Society.

As advertised last year, we continue to order the publications of the above Society upon which we allow a discount of FIFTEEN per cent, excepting periodicals, from the catalogue prices. As compared with the issues of the British houses these books are expensive. Catalogues will be supplied upon application, and those ordering can decide for themselves.

The Psalmist, published in the United States for 85 cents, we continue to sell for 75 cents. From our Depot and through Colporteurs about 5,000 Psalmists have been already sold.
