Deaths.

At Belleisle, Annapolis Co., after a lingering illness, borne with a spirit of true resignation and trustfulness, Mr. George Bent, in the 61st year of his age. A man of quiet and kindly disposition, Mr. Bent was much esteemed in the community where he resided. Years ago he united with the Baptist Church, and his subsequent course has been one of consistency and fidelity to the truth. He leaves a wife, a sister and a large family to mourn his comparatively early decease.

At Kennetcook, Newport, Hants Co., March 20th, Mabel Lena, infant daughter of Newton and Irene Dill.

Also, March 24, Catherine beloved wife of Ezra Sanford, aged 33 years.

Also, at Avondale after a short illness, March 31st, Lavinia, widow of the late Asa Knowles 68 years of age, Sister Knowles was the daughter of Rev. George Dimock. She has been for many years a much loved member of the church of Christ. Hers was a life of earnest though quiet usefulness. It was as easy for her to be helpful as it was to live. She lived to make others happy, and thus, secured the sweetest boon of life, Christian contentment. She has passed away as peacefully as sets an Autumn sun. All we can say is "She is not for God took her." But there is still a memory all fragrant of loving kindness, for the solace of the dear ones left behind.

Oh to die as the Christian dies!
Yes; then live as the Christian lives.
A. FREEMAN.

HALL'S
Vegetable Sicilian
HAIR RENEWER

was the first preparation perfectly adapted to cure diseases of the scalp, and the first successful restorer of faded or gray hair to its natural color, growth, and youthful beauty. It has had many imitators, but none have so fully met all the requirements needful for the proper treatment of the hair and scalp. HALL'S HAIR RENEWER has steadily grown in favor, and spread its fame and usefulness to every quarter of the globe. Its unparalleled success can be attributed to but one cause: *the entire fulfilment of its promises.*

The proprietors have often been surprised at the receipt of orders from remote countries, where they had never made an effort for its introduction.

The use for a short time of HALL'S HAIR RENEWER wonderfully improves the personal appearance. It cleanses the scalp from all impurities, cures all humors, fever, and dryness, and thus prevents baldness. It stimulates the weakened glands, and enables them to push forward a new and vigorous growth. The effects of this article are not transient, like those of alcoholic preparations, but remain a long time, which makes its use a matter of economy.

PATENTS
obtained for Inventors, in the United States, Canada, and Europe, at reduced rates. With our principal Office located in Washington, directly opposite the United States Patent Office, we are able to attend to all Patent Business with greater promptness and despatch and less cost, than other patent attorneys, who are at a distance from Washington, and who have, therefore, to employ "associate attorneys." We make preliminary examinations and furnish opinions as to patentability, free of charge, and all who are interested in new inventions and Patents are invited to send for a copy of our "Guide for obtaining Patents," which is sent free to any address, and contains complete instructions how to obtain Patents, and other valuable matter. We refer to the German-American National Bank, Washington, D. C.; the Royal Swedish, Norwegian, and Danish Legations, at Washington; Hon. Jos. Casey, late Chief Justice, U. S. Court of Claims, to the Officials of the U. S. Patent Office, and to Senators and Members of Congress from every State. Address:

UNFERMENTED WINE,
Prepared for Sacramental and Dietetic use

By F. WRIGHT, Manufacturing Chemist
Kensington High Street, London, W.

"This WINE is guaranteed to be the uice of the finest grapes of the Cote d'or, Andalusia, and the Medoc. It is perfectly free from Alcohol, and is guaranteed to be Pure Grape Juice. It has stood the test of 22 years' continuous sale in every climate, and is now used in upwards of 1500 Churches of all denominations. The mode of manufacture is a slight modification of a well-known ancient practice, and effectually preserves the grateful flavor and the rich nutritious qualities unimpaired. It is therefore admirably adapted in cases of debility and fever, in which the stomach is too weak to digest other food. Children suffering from febrile ailments drink it with avidity, even when all other food has been refused.

JOHN M. HODGES, ESQ., M. D., F. C. S.,
Public Analyst for Antrim County and Belfast Borough.

"I have chemically examined the bottle of Wright's Unfermented Wine (taken by my son from the stock held by Mr. Wright's Belfast Agent), and find that it is free from alcohol, and contains the constitutents of grape juice. When mixed with water it will prove an agreeable beverage."

FROM REV. JOHN BURWASH,
Formerly Professor at Mount Allison, Wesleyan College, Sackville, N. B.

Sackville, May 23rd, 1882.

"I have just finished the analysis of the Wine sent. It is necessarily a slow process, some of the steeps taking two days. This Wine contains NO ALCOHOL, nor any deleterious ingredient. * * * It can be relied on as wholesome, not having any intoxicating properties. * * *."
