The rebels have detained, within the Hotel de Villa, all the foreign consuls they could seize and hope by this means they will be able to prevent the threatened bombardment of that portion of the city by the vessels of war lying in the harbor.

It is said that the insurrection is in the interest of Queen Isabella.

NEW YORK, Dec. 16.—Money market is firm at 7 per cent on call. Very little fluctuation in gold.

☞ Our Fur Traders and Trappers, in fitting out here, find Ayer's medicines one of their most profitable articles of traffic. Around Slave Lake and the wild regions of the North, the Indians know their uses, and have an abiding faith in them. They say: "Ayer—great medicine—cure sick man," and his remedies for the diseases from which they suffer will often bring forth their stock of skins even quicker than wampum, rum, or tobacco. NEW PRINCIPLES OF MEDICATION.

[Radway's Ready Relief, Regulating Pills, and Resolvent.]

Dr. Radway's Remedies are prepared on entirely new principles, and that is why they step pain so quick, and cure the most dangerous diseases so rapidly, and with so little inconvenience to the patient. Some of our contemporaries boast in their advertisements, that their is nothing *new* in their medicines—that the ingredients are all to be found in the U. S., and other dispensatories; their published formulas are copies taken from the N. S. Pharmacopia, &c., hence, they claim superiority of merit for their pills, pectorals, and sarsaparilla, for their similarity to a lot of imperfect, inert, and worthless compounds. Were it not for the new principles employed in obtaining the medicinal virtues from newly discovered remedial agents, progress in the science of medicine would be a slow coach. Take for instance the most popular remedial agents of the day—sasaparilla and its adjuncts, forming the officinal compound; or of the purgatives—of aloes, jalop, &c. Physicians, chemists, pharmaceutists, physiologists, all, more or less, condemn these agents as uncertain, unreliable, &c. The Materia of Medica is deficient of good, sterling, reliable medicines. The formulas of preparing the officinal pills are based on wrong principles, and those who claim to put up specific remedies, on the old uncertain rules prescribed, are contributing them of value to the public. Radway's Ready Relief, Resolvent, and Pills are new medicines, prepared on new principles, and will cure the sick without delay and inconvenience. See Dr. Radway's Almanac for 1868. Sold by Druggists and Country Merchants.

Beauregard, F. X., Gained over Twenty Pounds in Weight

In less than one year! Read how he accomplished it. This distinguished gentleman was introduced to me in the fall of 1866, in the city of Montreal. He was then sick, very sick, suffering with a combination of complaints. I prescribed *Radway's Ready Relief and Regulating Pills*. Of the success of my treatment, the reader can judge by the following letter. This gentleman occupies a position of trust in the Montreal Post Office.

JOHN RADWAY, M. D.

Post Office, Montreal, Sept. 3, 1867.

Mr. JNO. RADWAY & Co., 489 St. Paul street:

DEAR DOCTOR:—I have been for fourteen years afflicted with Dyspepsia, and have tried many of the most eminent physicians both in Canada and the United States, but could not get relief. I was so bad that I was obliged to relinquish a pleasant and lucrative situation; I had neither strength nor ambition, and suffered continually; I became very much emaciated, and was in fact scarcely able to attend to business; but, fortunately, a year since, I was introduced to you, and commenced using your medicines according to the instructions which you gave me, and am happy to inform you that my health is better than ever I expected it would be again. I have increased over twenty pounds in weight, my appetite is good, and I look forward to a permanent cure. I have also made use of your remedies in my family, and I can truly say that I would not be without them for any consideration. I believe, as a family medicine, they have no equal. Yours, very truly,

F. X. BEAUREGARD.

PROSPECTUS FOR 1869

OF THE

PUBLICATIONS OF JOHN DOUGALL & SON,

MONTREAL.

THE phrase "GET THE BEST," has passed into a proverb, and all will agree that the best Family Paper is one that has something interesting and profitable for every member of the family, not excluding the children, and which includes within its scope all the best interests of humanity, temporal and eternal. Such a paper the MONTREAL WITNESS has aimed to be from its commencement, 23 years ago; and that the country was prepared for such an enterprise is shown by its success. The WITNESS in its three editions—"Daily," "Semi-Weekly," and "Weekly"—issues about 16,000 copies; and, consequently, reaches probably Eighty Thousand readers; but what are they out of a population of four millions, all of whom we desire to reach?

Our publications are as follows, and we respectfully call attention to their cheapness as well as quality, and ask all the friends of interesting and wholesome literature everywhere to aid us in extending their circulation. Nor will their circulation interfere with that of local papers, which are a necessity in their respective localities, and which are, generally speaking, very meritorious:—

1.—DAILY WITNESS contains as much reading matter as the ordinary Dailies and of a choice quality, at about half the price, viz., $3 per annum. Besides being a first class Family Paper, it is especially valuable to business men on account of its abundant commercial intelligence, prices current, &c.

2.—The MONTREAL WITNESS, Eight Pages, Semi-Weekly, $2 per annum, contains all that appears in the Daily, except part of the purely city matter and advertisements.

3.—The WEEKLY WITNESS, Eight Pages, $1 per annum, contains the greater part of the News, Contemporary Press, and Editorials of the SEMI-WEEKLY, with a portion of the Family-Reading and Prices Current.

4.—The CANADIAN MESSENGER, containing Eight Pages, is published twice a month, at the very low price of 37½c. per annum, Postage paid; or Seven Copies for $2 to one address. It contains Religious, Temperance Agricultural, Scientific, Educational matter, Stories for Children, &c., &c. This paper is recommended to the public generally, and it is hoped that its adaptation for circulation through Schools will greatly extend its usefulness. It has at present upwards of 20,000 subscribers, representing, probably, 100,000 readers, but at the very low price (namely, 25 cents per annum, Post-paid, if 100 copies are sent to one address), it is hoped that its circulation will greatly increase.

5.—The NEW DOMINION MONTHLY is a handsome Monthly Magazine containing a rich selection of original and copied articles every month, together with one or more choice pieces of music, and pictorial illustrations. Price $1 per annum Post paid. This Magazine has been favorably noticed by nearly the entire Press of the Dominion.

The terms of all these publications are necessarily CASH IN ADVANCE *and the periodicals are invariably discontinued when the subscription expires.*

Any one who will kindly make up a club for the above publications to the value of $8, and remit the same Post-paid, in Bankable funds, will receive, if asked for at the time, the WEEKLY WITNESS or the NEW DOMINION MONTHLY gratis, and One Dollar's worth of our publications for every additional Eight Dollars remitted for them in P. O. Money Order or Canadian Bills.

N.B.—Postmasters are authorized and requested to receive individual subscriptions in Silver (but not Club Subscriptions), and convert the same into Bankable funds at our expense. JOHN DOUGALL & SON.
