☞ The attack on the mouth and nose of Mr. Anglin, of the *Freeman*, in Prince William street on Tuesday morning by young Wetmore, as a punishment for an editorial assault in the *Freeman* upon his father, Judge Wetmore, was, to say the least, in very bad taste, and must be deeply regretted not only by the father of the young man, but by all law abiding citizens. However great the provocation we must not trample upon the laws of the land.

An Inquest was held last week by Coroner Earle over the bodies of the late John McFadden and Samuel Fox, the two men drowned when on a fishing excursion in Lake Lomond. After an examination of the witnesses the Jury returned a verdict of accidental death.

Lynch, the first witness, in giving his testimony, said—I reside at Loch Lomond; am a tavern-keeper. On Monday evening, about 10 o'clock, John McFadden and Samuel Fox came to my house to stay all night and fish on the Lake in the morning. They sat up until after 12 o'clock; during that time they had three glasses of liquor each, which they got from my bar. They went to bed, and got up about half-past 2 o'clock. They took some breakfast, and had a glass of liquor each, and went down to the shore. I went with them. After getting into the boat McFadden said, "We will have a drink before we start," and wanted me to drink with them. I refused and said it was too early. I shoved the boat off, and told them to be careful, and not drink too much. They went out to the bar and fished about 2 hours, and then I saw them going up toward the entrance of the Second Lake. I saw no more of them alive.

Lynch sold the liquor, the unfortunate men drank it, the liquor was the cause of their untimely death, who is accountable?

We congratulate Attorney General A. R. Wetmore on his elevation to the Judgeship of the Supreme Court.

The ship *Prince Victor*, built at Quaco, by James Moran, Esq., was towed to Merritt's Wharf on Saturday forenoon. She is a spruce vessel, of 1,239 tons, and will probably class at French Lloyds, A 1, 8 years. Her lower masts are of wrought iron, and made of heavy plates. They were fitted together in England, and put together after being brought out. The topmasts are all of pitch pine. From her appearance we should judge that she is one of the best fastened and strongest vessels built in New Brunswick for some time. As soon as she can be got ready, she will be loaded with deals for Liverpool. She is to be commanded by Capt. Cochran.—*Tel.*

The New Brunswick Department of the General Post Office of the Dominion, has been removed to St. John, and Hon. Mr. McMillan, Inspector, and his staff have taken possession of rooms in the Custom House Building on Prince William Street, fitted up in good style for the business of the Department.

Telegrams to the *Telegraph and Journal* received on Saturday night report as follows:

DALHOUSIE, Saturday, May 28.

A shooting affray has occurred on board the American ship "A. McNeill," now loading in this harbor. Four of the men refused to do duty. The first and second mates, going forward to put them in irons, the ringleader of the mutineers, Chas. Watson, of Grand Falls, N. B., fired a shot, which did no damage. The second mate threw one of the men down, when Watson fired again, shooting the second mate in the back, inflicting a severe wound. He fired a third shot at the first mate, wounding him severely in the thigh. The balls could not be extracted.

The criminals were promptly lodged in jail, and a preliminary examination held the same evening; it continues on Monday. The officers are ashore under medical treatment.

SACKVILLE, May 28.

The two-story dwelling house and barn, belonging to Mr. Edward Cogswell, and occupied by Mr. Thos. Vickery, was totally destroyed by fire at midnight, last night. There was no insurance. Mr. Vickery lost a fine speedy mare and two cows; loss about $500. The fire originated from a furnace for steaming withes for binding hay. Messrs. Lindsay & Vickery lost a large hay press, &c.—Their loss is about $1,000. Furniture saved somewhat damaged.

The house was repaired three years ago at considerable expense, and Mr. Cogswell's loss must be $1,200. By great exertion Mr. C's. barn and office were saved. It is believed want of organization prevented the house being saved.

The friends of the above gentlemen in the City and County will warmly sympathize with them in their misfortune.

A SHIP STRUCK AND SET ON FIRE BY A THUNDER BOLT.—In mid ocean on the 18th April the ship *Thomas Freeman*, Capt. Charles Owen, which had left New Orleans 13 days before was struck by a thunderbolt, which made a hole about two feet square in the side of the vessel. Soon after the shock, which prostrated all on board, the vessel was found to be on fire. The boats were got ready for leaving the ship in case of necessity, but every effort was made to keep the fire down. At midnight the ship was on fire at all parts; the pitch frying out of the seams on deck. Early in the morning the brig *Omega*, of Sydney, C. B., Capt. Kerr, from Cienfuegos, was signalled, and, promptly responding, took off the ship's company, including two ladies—the wife and daughter of the Captain.—*Lloyd's Weekly London Newspaper.*

NEWS FROM OTTAWA.—The Halifax *Citizen* publishes the following as an extract from a private letter recently received by it:—

The Council is just now busy with arranging the pensions under the Superannuation Scheme. The service here will be first attended to. Lee, Clerk of the Privy Council, Parent, Under Secretary of State, Duffil, of the Customs Department, and others, are sure to be pensioned. It is thought that Bouchette will take Parent's place, and Johnson be made Commissioner of Customs, the place of Assistant Commissioner being left vacant.

OTTAWA, May 30.—Sir John A. McDonald suffered a slight relapse yesterday, but to-day he appears somewhat better. His friends, however, are very anxious, and the greatest caution has to be used in keeping from him a knowledge of the exciting movements of the Fenians and our Volunteers on the frontier.

QUEBEC, May 25.—There was a fire yesterday morning in St. Roche, a suburb of Quebec, by which five or six thousand people are made homeless, and one hundred thousand dollars worth of property destroyed. Two ships on the stocks were also burned. Two men are missing, and a number of accidents occurred. The homeless people are lodged by the corporation. There will be great distress unless outside aid is received.

QUEBEC, May 27.—A destructive fire is raging at Saguenay, covering an area of five miles wide by thirty miles in length. Over five hundred families, numbering 4,500 persons, are rendered destitute.

Six adults and two children perished in the flames. A wharf at Ha Ha Bay and several churches have been burned. The fire organated in the woods.

Consumption, everybody knows is a flattering disease. It commences and progresses so insidiously, that before one is aware of it the Lungs are a mass of ulcers; then an exposure to our ever changing climate produces inflammation, and in a few or weeks it is said he or she died of hasty consumption. For all troubled with cough or Lung complaint we would earnestly impress upon them the merits of Dr. Wilson's Pulmonary Cherry Balsam, which is a certain cure for all but those advanced to the laststages of this awful malady.

In times past the Alexandre Organ has been considered the *ne plus ultra* of reed instruments; competition has been thought impossible, since the Messrs. Alexander received the first premium, a gold medal, at the last Paris Exposition. But we have the best reason to believe that in quality of tone the AMERICAN ORGAN is far superior. In proof of this we call attention to a letter from Henry T. Leslie, Doctor of Music, an eminent London organist, in which the great superiority of the AMERICAN ORGAN over the Alexandre is cheerfully admitted. The letter is printed in the advertisement of Messrs. Smith, in another column.

Dr. Wilson's Family Anti-Bilious Pills are admirably adapted for the removal of all diseases which have their origin in disordered digestion. They are well suited to all classes, and competent to give comfort alike to richand poor. These Pills will be found an agreeable and efficient remedy by invalids whose bodies are exhausted from excess. Persons liable to bilious attacks should take them. They cause each seizure to be less severe, nausea, and biliousness will gradually be removed, and good digestion, with complete health, be regained.

GOVERNMENT HOUSE, OTTAWA,
WEDNESDAY, 18th day of May, 1870.

Present:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL.

WHEREAS by Section 16 of the Act 31 Vic., Cap. 7, intituled: "An Act imposing duties of Customs with the Tariff of duties payable under it;" the Governor in Council is empowered to prescribe Regulations, under which Drawback may be allowed on goods exported to Newfoundland or Prince Edward Island, on which duties of Customs have been paid.

His Excellency the Governor General in Council, on the recommendation of the Honorable the Minister of Customs, and under the authority aforesaid, has been pleased to Order, and it is hereby Ordered, that for the purpose of Securing the said Drawback, the following rules shall be observed, viz.:

The Exporter of any duty paid goods to either of the said Colonies of Newfoundland and Prince Edward Island, which Exporter must also be the original Importer, shall, if the value thereof amount to the sum of One Hundred Dollars, make and subscribe an Export Entry of the same before the Collector of Customs of the port from which the said goods are to be exported, in the usual form, stating the name, nationality and destination of the vessel, and the name and address of the consignee, with the designation, quantity and value of said goods, and the amount of duty originally paid thereon; and shall make and subscribe an affidavit, upon some convenient part of the said Entry, setting forth and affirming, that the goods as described in the said Entry are to be exported as stated in said Entry, and that the value assigned to the said goods, is the same as the value upon which said Exporter paid duty when the same were imported by him, to the Customs of the Dominion of Canada, and no more, which Entry shall be made and subscribed in triplicate. One copy to be retained at the Custom House, one to be sent to the Department of Customs, Ottawa, and the remaining copy to be transmitted by the Exporter with the goods to the consignee, and on the return of the latter, with the certificate of the Collector of Customs, or otherwise duly authorized official, setting forth and testifying that the goods as described and valued in said Entry, have been duly received and entered at said port of destination, then it shall and may be lawful for the Collector of the port at which the said Export Entry had been made, to pay the amount of Drawback to the Exporter, taking his receipt therefor. Certified,

WM. H. LEE,

COMPLETE REVOLUTION IN SEWING MACHINES!

"I. F. W."

IMPROVED FAMILY WEED

OUR No. 4 New Family Machine, which has been brought to perfection, regardless of time, labor or expense, is now in the market; and is confidently presented to the public as incomparably the

BEST SEWING MACHINE IN EXISTENCE!

The Machine is simple, compact, durable and beautiful. It is very light running and capable of performing a range and variety of work never before attempted upon any Sewing Machine; using either silk, twist, linen or cotton thread; and sewing, with equal facility, the very finest and coarsest material, and anything between the two extremes, in the most beautiful and substantial manner.

ITS ATTACHMENTS

for hemming, binding, braiding, cording, tucking quilting, felling, trimming, etc., have been invented and adjusted specially for this Machine.

ADVANTAGES.

The public are requested to note the advantages in purchasing our WEED SEWING MACHINES, above all others, as follows:—They being manufactured in St. John, for a first-class European trade, no Machine is allowed to leave our Factory unless in perfect order. We consequently

WARRANT EVERY MACHINE WE SELL!

We take special care that every purchaser of our Machines shall be taught by us the method of operating thoroughly, so that there may not be any annoyance or cost in this respect, as there is with foreign Machines.

Any Machine found, after a fair trial, unsatisfactory, may be returned, and we will

REFUND THE MONEY.

Should any parts get broken, or any repairs be required at any time, the Factory is here, and those are supplied at a moment's notice, as we keep constantly on hand *duplicates*, by the thousand, of *all parts* of the Machines. Those having foreign Machines well know the trouble, loss of time, and expense of sending them away for repairs.

Our new Machine is full size, with large Black Walnut Table.

IN PRICE,

We offer the greatest inducement of all! We have decided, until further notice, to sell our new Machine at the unprecedented low price of

$30.00,

and Five per cent. off for Cash is $28.50, which makes it much lower than the common Hand Machines, and we are thus enabled to offer to the public the Cheapest as well as the Best Sewing Machine in the World, without any exception whatever.

For Dress Making, and all kinds of family work, it is unsurpassed.

We respectfully request an inspection, by intending purchasers, at our NEW SALESROOM,

No. 54 KING STREET.

SMITH'S AMERICAN ORGANS.

THE MESSRS. SMITH mean to make ONLY the best reed instruments, and they are satisfied that a discriminating public is willing to pay the value of what it gets.

"THE AMERICAN ORGAN

is elegant in appearance,—thoroughly constructed,—with powerful and steady bellows,—with exquisitely-voiced reeds,—finely contrasted qualities of tone, and ingenious mechanical contrivances for increase of power and for expression.

Extracts from a letter from HENRY T. LESLIE, Mus. Doc., an eminent Organist of London, Eng.

* * * "I only regret that I did not sooner know that an instrument of so much beauty and perfection could be had in England. I have usually had, for illustrating my lectures, a good Alexandre Harmonium, but the superiority of your Organs over any Harmonium I ever met with is really marvellous. I was never before so charmed with an instrument."

EVERY INSTRUMENT IS WARRANTED.

*** An elegantly illustrated Circular, containing descriptions and prices, will be sent, post-paid, on application.

Twenty Years Established! 30,000 in use!
