preparing the necessary bills to be passed through the Legislature, to give effect to the settlement; and we feel assured that we may now regard the matter as happily concluded, and congratulate the public on the result.

Much credit is due to the gentlemen managing the negociations on both sides, for the assiduity they have applied to working out the compromise, and their liberality in yielding minor points to accomplish a great public benefit.—*Courier.*

SHIPPING.—The number of vessels belonging to this Port on the 31st December last was 500, measuring 82,589 tons. The number of new vessels registered at this Port during 1852 was 78, measuring 39,033 tons; in addition to which there were nine new vessels, measuring 6090 tons, built here for owners in the United Kingdom, but not registered here. The Port of St. John includes St. Martin's, the Bend, Dorchester and Sackville.

The total number of vessels belonging to Miramichi, including the harbours on the North Shore, on the 31st December, was 97, measuring 6316 tons. The number of new vessels registered at that Port during 1852 was 18, measuring 5208 tons; in addition to which there were eight new vessels, measuring 6388 tons, built there for owners in the United Kingdom, but not registered there.

The total number of new vessels built at the Port of St. John and its outbays, including those for owners in the United Kingnom, during 1852, was 113, measuring 56,719 tons; and as nearly all this amount of tonnage was built for exportation to the United Kingdom, it would appear as a principal article of export, if it was included in the returns. Supposing the average value of these vessels to be £8 currency per ton, exclusive of their freights to Britain, this item would amount to £453,752 currency, a sum quite equal to the difference between the value of our Imports and Exports.

St. Andrews and its outbays are not included in the above.—*Ib.*

The number of Emigrants arrived at this Port during last year was 2035.

We learn that intelligence was received by the mail, which arrived in the City on Saturday morning, that active preparations were being made in England for the commencement of our railways on a large scale so soon as the season will permit. We understand that the contractors intend to complete the line from Shediac to the Bend with all possible speed, so as to connect the St. Lawrence with the Bay of Fundy.—*Cour.*

We understand that a deep water wharf is to be commenced immediately at Shediac, by the Railway company, for the convenience of the Railway vessels to be out in the Spring with men and materials. According to arrangement the branch line from the Bend to Shediac, will be completed next summer.—*News.*

Messrs. Jackson, Peto, Betts, and Brassey have addressed a letter to the Commercial Bank in this City, with reference to financial arrangements on a large scale, to prevent any derangement of the exchanges, or obstruction to the ordinary business of the Province, which might possibly flow from the large monetary operations that must necessarily take place, during the extensive railway works of every description they propose carrrying on in New-Brunswick in the year 1853, and probably during many succeeding years.—*New-Bruns.*

OXYGENATED BITTERS
MORE TESTIMONY.

Letter from William Gordon, Esq., for several years U. S. Deputy Marshal, for the District of Massachusetts.

NEW BEDFORD, March 6, 1851.

Messrs. Reed, Bates & Austin,—Gentlemen,—For the last six years, my wife has been almost constantly afflicted with that most distressing malady, Dispepsia. Frequently during that period of time, she has been compelled to give up the ordinary cares of my family, and confine herself to the house, if not to her room. Her attendant symptons were constipation of the bowels, headache, pain in the side, acidity of the stomach, severe nausea, and dejection of spirits; and for weeks at a time, scarcely a particle of moisture made its appearance on the surface of the chest, or limbs. The most simple food when taken into the stomach would cause distress.

In the meantime, various medicines were resorted to, but without success. Near the close of last Autumn, when much reduced in health and strength, she was earnestly solicited by a lady of Boston, who had been greatly benefitted by using the same, to procure and take the Oxygenated Bitters. She did so. In less than one week she was greatly relieved, and in less time than one month, was able to superintend all household cares of the family. She is now restored to a good degree of health and strength. Therefore, from what I have seen and known in her case, I take great pleasure in recomending the use of Dr. Green's Oxygenated Bitters to every person who may be so unfortunate as to be afflicted with Dyspepsia.

Respectfully yours,
WILLIAM GORDON,
No. 85 Fifth Street, New Bedford.

A CARD.
MRS. WINSLOW TO THE LADIES.

Mrs. Winslow an old and experienced nurse and Female Physician, would call the attention of the Ladies to her Soothing Syrup for Children teething. It will immediately relieve them from pain, allay all spasmodic action, soften the gums, reduce inflammation, and is sure to regulate the Bowels. Depend upon it Mothers, it will give rest to yourselves and relief and health to your children.

Price 25 cents per bottle

We have sold very large quantities of Mrs. Winslow's Soothing Syrup during the past six years, several thousand the last year. We believe it the best medicine in the world for Children teething or for the cure of Dysentery and Diarrhea in Children whether it arises from teething or any other causes It gives universal satisfaction—never heard a complaint from any one using it—never sold a medicine so universally successful in relieving pain and effecting cures—relief is ABSOLUTELY SURE.

CRAMP AND PAIN KILLER.

THE World is astonished at the wonderful cures performed by the CRAMP AND PAIN KILLER prepared by CURTIS & PERKINS. Its equal has never been known for removing pain in all cases; for the cure of spinal complaints, cramp in the limbs and stomach, rheumatism in all its forms, bilious cholic, burns, sore throat, and gravel, is decidedly the best remedy in the world. For particulars, see circulars in the hands of Agents, for gratuitous circulation.

SELECT SCHOOL
For Young Ladies,

CONDUCTED by MISS THOMSON, assisted by her Father, ELDER THOMSON, M. A., in the large Brick House, lately occupied by the Mayor, facing the Sea, and within three minutes walk of Queen's Square, St. John, N. B. The House is in St. James' street, and is well adapted for a School, containing some of the largest rooms in the City, and being replete with convenience of every character.

The advantages enjoyed by their Pupils are of a superior order, affording them a liberal and solid education; the strictest attention being paid to the formation of their character, and to their moral and religious training. The course of instruction pursued in this Establishment is based upon the principles of natural and careful cultivation, rather than of constrained exertion—of developing the characteristic capabilities of the children under their care, rendering their studies a pleasure rather than a task.

References to Clergymen and Parents of great respectability, who have now Children as Boarders with Miss Thomson.

Terms &c., may be known on application.
