James McManus, watchman at Flewwelling's Mill, was drowned in the Kennebeccasis on Saturday by the upsetting of a canoe....The fools are not all dead yet. The *News* tells that on Friday and Saturday nights last, a party of Marsh Road residents visited a lot of land, off Sheriff street, Portland, owned by R. A. Gregory, Esq., and under lease to Mrs. Watts. Their visits were made in hopes of finding there some of Capt. Kidd's treasures about which one of the party had dreamed. They dug up a large portion of the ground, but failed to "strike" upon the hidden treasures....Incendiary fires have been so common of late in this city, that the people became considerably alarmed. We are glad that at least one of the miscreants has been caught in the act of setting fire. From the *News* we learn that at a late hour on Saturday night Policeman McLaren noticed three young men lurking about the vicinity of Brussels street. They made their way into an alley off Richmond street. When they had been there some minutes McLaren entered and found a fire set in a barrel containing a quantity of straw. The three showed fight and the officer was only able to capture one of them Michael Murphy, a brother of the person who was concerned in the Church street fire investigation. Murphy said "it was not me; but my brother." He had a bottle of oil, and a lot of papers saturated with oil, on his person....A fire took place in the Woollen Mill and Dye Works of Willis & Law, Gilbert's lane, on Saturday. Before the flames could be extinguished, the building was almost entirely destroyed as well as a large quantity of valuable machinery. The establishment, which was recently improved and placed in thorough working order, gave employment to twenty persons. The loss is estimated at $20,000. Insurance amounts to $10,000—$3,000 each in the Royal Canadian and Scottish Imperial, and $2,000 each in the Queen and St. John Mutual Co.....The *Farmer* is informed that by a Minute of Council, it has been decided not to dispose of Ordnance Lands in Fredericton. The Dominion Government will therefore retain possession, but while doing so, have not revoked the order under which the city may occupy and use the grounds for park and other similar purpose.

The News and the Press.

ST. JOHN, N. B., JUNE 18, 1875.

NEW BRUNSWICK.—Ex-Governor Wilmot is gazetted a Government School Trustee for the City of Fredericton.....Mr. William Beal sent by rail from Sackville, in the past twelve months, furs valued at $3000. The principal item was in fox skins, which were estimated at $1,250. The other kinds of skins were bear, otter, mink, marten, racoon, lynx and muskrat....The fine iron bridge, on the line of the Intercolonial, over the Restigouche, was formally opened the other day and the first locomotive run over it....The other day as Mr. John Gardiner, of the Watson House, was taking a stroll in the country, he discovered near Moore's mills, what he believed to be gold bearing quartz. He had had experience in gold mines in California, and on a second visit to the place he took with him Mr. Jeremiah Carrol, who was for several years interested in gold mines in Australia. The extent of their united observation was such as to justify them in purchasing a portion of Mr. James B. Love's farm, on which the quartz is located. Subsequent examinations have more than confirmed their first impresions. They are still continuing to prospect, and several of the specimens when crushed have yielded a considerable share of gold showing the quality of the quartz to be quite rich in that valuable mineral. On the land which has been obtained for mining purposes there are three quartz lodes, the central one being about three feet thick. So says the *Courier*....The Woodstock *Sentinal* says that Messrs. E. R. Burpee and Henry Osborne, have been in Woodstock, looking into matters associated with the construction of the bridge over the river as to the connecting link between the western end of the bridge and the N. B. & C. road. We understand that the prospect for an early commencement and completion of these works are good, and that before a very great while elapses the Meduxnakeag, as well as the St. John, will be crossed by the rails, and the mills on the former stream be put in available connection with the railroad....The *Globe* says that James McManus, watchman at Flewwelling's Mill, was drowned in the Kennebeccasis on Saturday by the upsetting of a canoe....The fools are not all dead yet. Farmers and "Horse Men," are continually inquiring what we know of the utility of *Sheridan's Cavalary Condition Powders*, and in reply, we would say, through the columns of the *Intelligencer*, that we have heard from hundreds who have used them with gratifying results; that is also our experience.

IF A MAN WAN WANTS A BOTTLE OF WHISKEY, let him buy it and take it home like a man, and not sneak home with a bottle of "Bitters," or "Cordial," and pretend that it is medicine. If he wants a tonic that is something better than a temporary stimulant, he should get a bottle of Peruvian Syrup (an Iron Tonic,) that will vitalize the blood and give durable strength to the system.

If *Johnston's Anodyne Liniment* is half as valuable as people say it is, no family should be without it. Certainly no person, be he lawyer, doctor, minister, or of any other profession, should start on a journey without it. No sailor, fishermen, or woodsman should be without it. In fact it is needed wherever there is an ache, sprain, cut, bruise cough or cold.

JOY FOR INVALIDS.—The greatest and best chemical combination of the very finest anodyne and expectorant "Balsams" dwells in Dr. Wilson's Pulmonary Cherry Balsam, which, to be praised, needs only a trial. The extraordinary power exerted over all lung complaints strongly recommend it to the use of families in which any constitutional weakness or tendency to consumptive taint exists. Dr. Wilson's Balsam has the most renovating effect when the throat and lungs become diseased. It keeps the action of the lungs free, and subdues the cough. It is innocent in its nature and harmless in its action, and is adapted for any and every constitution, however robust or delicate.

Dr. Wilson's Anti-Bilious and Preserving Pills will cleanse the blood, assist in creating new and pure blood, and promote the proper distribution of nutriment throughout the entire body. This is the reason why they are so efficacious, as to have commanded, in so unparalleled a manner, the confidence of the public in so short a time.

If your horse has contracted or fevered hoots, or is foundered, let him stand on a salt poultice, and apply Dr. Dow's Sturgeon Oil Liniment around the upper part of the hoof, in the way the directions prescribe, and he can be cured.

Englishmen in this country are exceedingly fond of good horses. They have much experience in using them, and understand them thoroughly. Knowing them so well, they are uniform in their praise of Clark's Derby Condition Powders.

Mr. Wm. Robertson, shoemaker, Centre street, Toronto, Ont., says—An acquaintance was suffering intense pain with disease of the Kidneys. I advised him to try a dose of Graham's Pain Eradicator mixed with about half as much of Sweet Nitre. It gave him immediate relief, and a few doses cured him.

I gave an application of it to a Lady who was suffering with a *Neuralgic Toothache*, which immediately removed the pain, and it has not troubled her since using this medicine, some months ago
