...DISTRESSING OCCURRENCE IN CASHEL.—A SON SHOT BY HIS FATHER.—The *Tipperary Constitution* states that the police, having got information that Mr. Francis O'Ryan, of Cashel, had shot his son, proceeded to the scene of the outrage, accompanied by the Hon. Mr. Ffrench, S. M. On arriving at the house, they immediately arrested Mr. O'Ryan, who stated that having been in bed, he heard his child, who slept in an adjoining room, cry and ask for a drink. He got up and went to his child, when he discovered that its mother was in bed with it. A suspicion immediately crossed his mind that all was not right, and he was led to suppose that an improper intimacy existed between his wife and a son whom he had by a former marriage. He at once repaired to the son's room, and found his wife in bed with him. Mr. O'Ryan dragged her out of the bed, and subsequently in a manner, the son in the mean time made his escape out of a window into the garden. On his entrance he returned into the house and seized one of them at his hands, then met him on the stairs, and struck the unfortunate young man a blow in the right eye and fractured his skull. It was impossible to ...de Congress, and a Junta of notables was ...or the express purpose of devising a treaty. ...rticles are mentioned, but they are of se... ...importance. Gen. Valencia surrendered ...o the Mexican Government, and was sent ...er to Guadaloupe and tried. Ilvant (?) ...ounced his intention to assemble troops ...purpose of attacking the Americans the ...urable opportunity. Paredes is reported ...arching on the Capital with a respectable ...put down Santa Anna. Salas declares ...battle of Contreras was lost by the un... ...ess of Valencia, and the cowardice of Tor... ...who, instead of obeying the orders of Santa ...charge the Americans with cavalry, pus... ...ously fled, thus bringing ruin on the in... ...The *Picayune* thinks it probable that ...atic arrangements may contemplate chang... ...e American title to the Californias, from ...est to purchase.

...e New York "Journal of Commerce" is ex... ...sing its want of faith in the treaty-announce... ...nt of *La Patria*, the Spanish paper at New Or... ...ans, and its correspondent in Mexico. The Journ... ...nal says:

"As to California—i. e. Upper California, or at least a portion of it—it is quite impossible that our government intend to relinquish it. If they did, it would not stay relinquished, but would immediately assert its independence, and the rest would follow as a matter of course. It may be that the territory North of lat. 36 is to be purchased of Mexico, for $3,000,000 in addition to our claims for spoliations, say $6,000,000 more; and this would be the most desirable shape of the transaction. This purchase having been made, the Rio Grande might probably be accepted as the boundary, and peace established on that basis.

It is unfortunate if, as the letter intimates, a quorum of Congress could not be got together. Mr. Trist's instructions, doubtless, required him to bring home a ratified treaty, or none at all; and the action of Congress is necessary to the proper ratification of a treaty. But in an extreme case, a "junta of notables" may possibly answer. The Mexicans are not very particular as to forms."

owned by Mr. Thomas Veasey, and insured for $600—valued at $1000. We learn from the Charlotte Gazette that it was the bell at Calais, on the American side of the river, which gave the alarm, and the Calais engine and inhabitants that were mainly instrumental in preventing the spread of the flames, and finally extinguishing them; for, surprising though it may appear, the wealthy town of St. Stephen never possessed a Fire Engine.

DROWNED.—On Sunday morning last, while the vessel was on her passage from Bermuda via Yarmouth, to Saint Andrews, somewhere between Briar Island and Grand Manan, the Mate of the brig Enterprise, of Yarmouth, fell overboard and was drowned. The ill-fated young man was of the name of Allen, about 20 years of age, a person of considerable promise in his profession, and has left behind him, in Yarmouth, a wife and two young children to mourn the loss of an affectionate husband and father. It was blowing a gale at the time, and, being doubtful of weathering Duck Island, he was aiding the hands in taking a pull at the trysail sheet, when the rope parted, and, being on the rail, he was sent into the water. A plank was immediately thrown out to assist him in keeping above water, and was seen to go close to him—but although the brig was put about as quickly as possible, the plank was repeatedly passed without the crew being able to perceive anything of poor Allen, who, in consequence of his heavy clothing, must have gone down almost immediately.—*Charlotte Gazette, Sept 29.*

STEAMSHIP BRITANNIA.—This vessel was raised on the Sectional Dock at New York on Friday. She was found to be injured much more than was supposed. Her stem, where she received the first shock, was literally broken into splinters, and her head was entirely off, while she was also badly damaged at midships. If she had run on the rock at low tide, she could not have been got off. The crowd of spectators to see her was immense.

As many ship carpenters are at work on the Britannia as can conveniently be employed, and it is expected the necessary repairs will be completed on Wednesday next, where she will leave for Boston. It has been found that the false keel is carried away, from the stern to abaft the paddle box, and that the keel is so much damaged as to require the removal of about fifty feet of it. The sheathing, which is very thick, is broken off about twenty-five feet. The copper in some places is rubbed up.

One of the crew of the Britannia was accidently killed between twelve and one o'clock this morning. He was returning on board, and his foot slipped as he was passing up the side. He fell back upon the deck and received such injury that he died before he could be conveyed to the Hospital. It is said that his neck was dislocated.—[N. Y. Express.

It is most earnestly to be desired that the British Government will direct the immediate erection of a Light House at the point of Cape Race; and the addition of a "fog bell" will greatly promote the safety of vessels which pass that dangerous point. The difficulty heretofore has been a question between the local and home authorities, as to which of the two should be at the expense of erecting the building. It strikes us that there cannot be a reasonable doubt on this question. The island of Newfoundland is a part of the British dominions, and Cape Race is not near the mouth of any harbour. The vicinity of that point is the line for all the British steamers to Halifax, and on the track of the immense fleet that navigates the St. Lawrence, &c.

We believe that the Admiralty have come to the conclusion to erect a light house on the point, as we know that they have corresponded with Captain Harrison with reference to the most eligible point at which to place it.—*N. Y. Com Ad.*

The American steamer Washington left New York on Thursday the 23d ult. on her second trip to Southampton and Bremen, with thirty-three passengers, a large assortment of newspapers and letters, and a fair amount of freight. It is confidently expected that she will make the trip to Southampton in twelve days!

THE WEATHER.—On Friday afternoon, a regular autumn rain storm set in, and continued with little abatement all night long. Several of the unfinished buildings on Broadway, we understand, are seriously injured by the rain.

To-day, the rain storm has greatly increased, the wind having got round to the northeast. Some of the streets are flooded with water, and a good deal of damage has been done to some of the down town cellars. The storm is decidedly of an Equinoctial character.—*N. Y. Express, Sept. 25.*

A violent storm and heavy gale commenced in Boston on Saturday afternoon, at about 3 o'clock, which still raged with unabated violence at the time of our going to press last evening. There has undoubtedly been serious damage done to the shipping in this vicinity.—*Boston Times, Sept. 27.*

Major William Popham, President of the Society of Cincinnati, died at New-York on the 23d ult. at the advanced age of 95 years.

The Yellow Fever at New Orleans was stated to be declining during the week ending September 18th. The interments for the week 348—of which number 218 died of yellow fever. The interments for five days of the preceding week, from yellow fever alone, were 324.—Though the fever is thus shewn to be declining, how they amount to nearly 350.

WOMAN'S INFLUENCE.—The Legislature of Rhode Island having pledged a certain sum for the erection of a State Lunatic Asylum, on condition that $70,000 be raised by private subscriptions, Miss Dix, the philanthropist, has set about to raise the amount, and a few days ago procured the handsome donation of $40,000 from an old and wealthy miser of Providence, who was never known to give a cent for any public purpose.

Oswego, New York, has now eleven miles in operation, that can turn out with ease 5,500 brls. of flour per day, and with the grain warehouse, now nearly complete, store over one million bushels of wheat. There are five other mills going up, and mostly of large dimensions, which will add full 50 per cent. to the milling and storing capacity of Oswego.

TELEGRAPHIC EXTENSION TO MONTREAL.—We understand that Mr. Cornell has purchased the Telegraphic right-of-way, so to speak, from Troy to Montreal, and that the line will be in operation within sixty days. It runs via Bennington, Rutland, Vergennes, St. Albans, St. Johns in Canada, and Montreal. This line will be of essential service in connecting New York with the metropolis of Canada.

LAWRENCE AND ATLANTIC RAIL ROAD.—Judge Preble and Mr. Poor, of Maine, arrived at Montreal on Tuesday, on a mission in relation to the St. Lawrence and Atlantic rail road. The three divisions of the road, of about fifty miles extent, are in progress in the State of Maine, a portion will probably be completed before the termination of the present year.

A special meeting of the board was held at Montreal the 20th Sept., when it was resolved that the stock at the rate of six per cent. be allowed upon moneys that are or may be vested in shares of the capital stock; the interest to be made up to the first of January next, and after that time to be paid half yearly.

Provincial Appointment.—John R. Partelow and Thomas Reed, Esquires, to be Commissioners for the care and management of the Dredging Machine.

MILITIA GENERAL ORDER.—*Fredericton, 20th Sept. 1847.*—Major Matthew Brannen, of the 1st Battalion York County Militia, is permitted to retire with his rank in consideration of his long and zealous services.

Fredericton, 22d Sept. 1847.—His Excellency the Lieutenant Governor and Commander in Chief has been pleased to appoint Captain D. L. Robinson, of the 1st Battalion York County Militia, to be Major in the same, vice Brannen, who has retired with his rank; also, Lieutenant William A. McLean to be Captain, vice Robinson, promoted; and Ensign John Forbes Peters to be Lieutenant, vice McLean, promoted.

By Command.
GEO. SHORE, *A. G. M.*

NEWS FROM MEXICO BY WAY OF HAVANA.—We find some information from Mexico, and speculations upon it, in the New York Courier of Monday last. The quotations from Mexican papers give little promise of peace under the armistice, and the article of the New York paper not much more.

The following is part of the article from the Courier:—

"By the brig P. Soule, news from Havana to the 10th has been received at New Orleans. The British Steamer Teviot arrived on the 5th, from Vera Cruz with $150,000 in specie, and with news from the capital to August 29—no later than had been before received.

The private correspondence of the Diario de la Marina states that the Mexican Government had difficulty in inducing any persons to accept the office of commissioners. With regard to the prospect of peace, the editor of the Diario makes the following remarks,—as we find them translated in the Picayune:—

'The armistice being accepted for the purpose of negotiating a peace upon honorable conditions, the negotiations had been commenced, and on the 29th were yet going on, *notwithstanding that the summons of the Government for the assembling of Congress had had no effect.* From preceding occurrences, and from the fact that Congress had not met, it was inferred that Congress was not disposed to approve even the consent to negotiate, much less such a treaty as should result from negotiating. Many members of Congress had offered to meet at Queretaro, that place being the centre of operations for those opposed to peace. The conclusion of a treaty was no less offensive to several military chiefs, although they had been so far adherents of Santa Anna. And finally, the disappearance of Gen. Valencia, as well as the existence of a league of the States, of which Queretaro was the centre, and the arrival of Gen. Paredes, who, some letters say, had already *pronounced* at Toluch—all threatened to prolong the war, thus rendering useless all the efforts of those in the capital who were at work to secure a peace, and threatened to wrest power from the hands of Santa Anna, *whose acts in favour of the conclusion of a treaty it was thought would require even the support of the American troops.*'

Another part of the article says:—

'Notwithstanding we do not think it improbable that the commissioners will bring their labours to a successful conclusion, and that for the ratification of their work, and to supply in a measure the absence of Congress, that an assembly of notables will be formed in Mexico. At the same time we foresee, by the general tenor of the correspondence from Mexico, that the end of hostilities has not yet arrived, and that assuredly the treaty which may be concluded will not terminate them.'

It is stated that the Mexicans have still left, an army of about 15,000 men—one division under Alvarez and Parez, being outside the city and the other within.

This is all the news we have this morning from Mexico, and it certainly throws but little light on the future. So far as it goes, it seems to indicate a disposition on the part of the Mexicans to repeat their old game of treachery and deceit. After having gained time to recover from the shock of their late defeats, they seem likely to renew the war.—Santa Anna probably desires peace. The tone of his proclamation certainly indicated a determination to make a treaty; and it may be that he is still true to this purpose, and that so far as he can effect it, a treaty will be made. But of its ratification by Congress, there is room for much more doubt."

FROM VALPARAISO.—News to the 27th July has been received via Havana. A law has been passed authorizing the construction of a rail road from Valparaiso to Santiago. The charter is for thirty years, the government guaranteeing an interest of five per cent. on the capital of $6,000,000 for ten years.

The papers from Chili give news from Otahiti to the 12th June. According to them, the new Governor appointed by the French Government had entered upon the discharge of his duties in the midst of the utmost tranquillity. Queen Pomare had been received with great honors, and a grant of $6000 made to her.—[N. Y. Courier.

NEW YORK, Sept. 27.—Flour steady—500 brls. Genesee sold at $5,75, and 300 Michigan at $5,67—both fresh from old wheat;—Rye Flour is still $4 25 to $4,50; Corn Meal has been sold at $2,62.—200 barrels good Genesee Wheat sold at 122 cents. Beef remaining much as before, with a moderate demand—300 tierces mess, for export, at $13. Ohio Pork continued to decline, until sales have been made as low as $13 and $10 for mess and prime. Sterling Bills are ready at 8½ to ¾ prem. Freights—there is a great want of small vessels, but for the large ones there is very little business offering.

Passenger in the Barque "Ina" sailed this morning for Liverpool—Mr. John R. Dealy.

An Important Letter—Please read it.

The following letter from Dr. Brigham, of Lowell, Mass. but speaks the uniform language of hundreds of other Physicians, who have tried, and therefore know how to appreciate JAYNE'S EXPECTORANT.

Lowell, Mass. Jan. 27, 1844.

Dr. David Jayne.—Dear Sir:—I have used your Medicine, (so universally known by the name of JAYNE'S EXPECTORANT,) in my practice for a number of years, and can most truly say, that I have been more successful in the use of that as a mild, safe and thorough EXPECTORANT, than of any which I have ever used. It is the best for the following obvious reasons. It does not, if given in proper doses, occasion a disagreeable nausea. It does not weaken the lungs and prostrate the system, like most other Expectorants in common use, nor does it abate the appetite of the patient, like other nauseating medicines which have been used by the faculty. In a word it is nearly or quite the thing which has been sought for by many of the faculty for ages gone by.

I remain yours, &c.
LUTHER BRIGHAM, M. D.

DR. JAYNE'S MEDICINES.—The EXPECTORANT, for the cure of Coughs, Colds, Asthma, and other Pulmonary Complaints; the ALTERATIVE, for Cancer, Scrofula, and Cutaneous Affections generally; CARMINATIVE BALSAM, for Dysentery, or Summer Complaint, and all disorders of the Bowels; VERMIFUGE, for the removal of the various kinds of Worms, Dyspepsia, Sour Stomach, Want of Appetite, &c.; SANATIVE PILLS, for Liver Complaint, Gout, Jaundice, Nervousness, Melancholy, Sick Headache, Costiveness, Bilious Affections, Female Diseases, &c.; HAIR TONIC, for the Growth and Preservation of the Hair, &c.

*** The above long-tried and valuable Medicines, prepared by Dr. D. JAYNE, of Philadelphia, are for sale by Messrs. T. WALKER & SON, Market Square, St. John.

HALSEY'S SUGAR-COATED PILLS.

1 ONE year has now elapsed since this great and
2 good medicine was first made known to the pub-
3 lic, yet within which time thousands have ex-
4 perienced its good effects. Invalids who have
5 been given over by their physicians as incurable
6 have found relief and been restored to sound
7 and vigorous health by this wonderful remedy.
8 *HALSEY'S PILLS are unlike all others!*
9 They act directly on those vital organs of the
10 stomach, liver, kidneys, &c. which secrete the
11 fluids and separate the impurities from the
12 blood. While they purge from the stomach
13 and bowels all bilious and morbid matter, they
14 cleanse and renew the blood, thereby destroy-
15 ing the seeds of disease. HALSEY'S PILLS
16 do not weaken, but give strength and anima-
17 tion to both body and mind. They neither
18 cause griping or any inconvenience whatever.
19 The patient is better able to attend to business
20 while under their influence than before taking
21 them. Their action is innocent, yet efficient;
22 are mild in operation, yet powerful in restoring
23 health. The great amount of good these Pills
24 have done for the sick and afflicted have in-
25 duced thousands to commend them to their
26 friends and the public. Individuals of rank
27 and integrity have testified to the world in
28 favor of their extraordinary virtues.

Frankford, July 15, 1846.

Dr. G. W. HALSEY:

Sir;—During the last ten years, I have been dreadfully afflicted with the Dyspepsia and habitual costiveness. I was so bad sometimes that for nearly a week nothing would pass my bowels, which caused headache, dizziness, and at times partial insanity. The doctors could do nothing for me. Their medicine gave me much pain and griping, and after weakening my system very much left me worse than before taking it. I was at last induced to procure a box of your Pills, as they were recommended to me by the Rev. Mr. COLBURN of this town. I took them according to the directions which came round the box, and they affected me different from any medicine I had ever used. Their action was perfectly harmless and soothing, and appeared to animate my spirits. I had taken them but three times before my health began fast to improve, and by the time I had finished the box I was entirely restored from my protracted illness. It has now been four months since I left off taking them, during which time I have not had any symptoms of a return of the disease, and my health is as perfect as it was at the age of twenty, although I am now nearly forty.

Your's, &c. JAMES H. STONALL.

☞ For sale at the Store of the Subscriber, 8, Brick Buildings, North Wharf, at 1s. 3d. per box, and liberal allowance for wholesale purchases; and at the several Sub-Agencies in the Provinces—see Phœnix Advertiser, &c.

H. G. KINNEAR,
Sept. 5. *General Agent for the Provinces.*

TESTIMONY OF THE DOCTORS IN FAVOR OF WISTAR'S BALSAM OF WILD CHERRY.

Exeter, Me., Sept. 30, 1845.

This certifies that I have recommended the use of Dr. *WISTAR'S BALSAM OF WILD CHERRY* for diseases of the Lungs, for two years past, and many bottles to my knowledge have been used by my patients, all with beneficial results. In two cases, where it was thought confirmed consumption had taken place, the Wild Cherry effected a cure.

E BOYDEN, Physician at Exeter Corner.

Dr. Bradford Knapp, of Crown Point, N. Y., in a letter dated August 3d, 1845, says: "In the course of my practice in this vicinity I have tested in some good degree the good qualities of *Wistar's Balsam of Wild Cherry* in Pulmonary Complaints, and I now wish to procure a supply of the medicine."

Dr. A. H. Macnair, of Tarboro, North Carolina, writes us under date of Feb. 14, 1847, that he has used Dr. Wistar's Balsam of Wild Cherry in his practice the last eighteen months, and considers it the best preparation of the kind he ever saw, and knows of none so deserving the public patronage.

Dr. Wm. A. Shaw, of Washington, N. C., writes, under date of May 1, 1846, as follows:

"I have heard of many cases of decided beneficial effects from its use, especially in Asthma and chronic cough of spasmodic character I have used the Wild Cherry a great deal in practice, and with marked good results in those cases of great nervous mobility, and irritability, to which phthisical patients are subject. The combination of these principles in Wistar's Balsam of Wild Cherry is *ingenious* and *judicious*.

Medical men are justly distrustful of Patent Medicines in general, but candor must discriminate between outrageous humbugs and nostrums and those medicines which have proved *salutary*, and in many well attested cases *curative*."

Dr. Hoffman, Huntingdon, Pa., cured a child of Asthma with it, after he declared he could do no more with his medicine, and the child must die.

Dr. Freleigh, of Saugerties, N. Y., says he cured Liver Complaint of four years standing, that would not yield to the usual remedies.

Abraham Skillman, M. D., of Boundbrook, N. J., says it is the best medicine for Consumption, *in every stage*, that he has ever known. We might refer you to hundreds of cases, had we room, that would convince all of its great virtue.

Editors, lawyers, clergymen, and almost every class have at last found out that Wistar's Balsam of Wild Cherry is what "it is recommended to be," the very best medicine to be found. It cures or relieves all affections of the Lungs when nothing else will.

None genuine unless signed I. BUTTS on the wrapper.

☞ For sale by PETERS & TILLEY, King-street, St. John.

BIRTH.

On the 1st of October, the Lady of Major POINTZ, of a Son.

MARRIED.

On Thursday evening, by the Rev. Robert Irvine, Mr. J. W. Beard, Merchant, to Miss Sarah Ann Alexander, both of this City.

On the same day, by the same, Mr. Andrew Mullican, to Miss Elizabeth Lynch, both of the parish of St. Martins.

On Thursday evening last, by the Rev. B. G. Gray, D. D., Captain David Littlejohn, of the Brig *James Hay*, eldest son of Mr. John Littlejohn, New Mills, Scotland, to Margaret Euphemia, second daughter of Mr. Charles Shaw, of Wakefield, Carleton County.

On Wednesday last, by the Rev. Ingham Sutcliffe, Mr. Henry Allen, of Eastport, to Miss Abigail Munford, of this City.

On the 28th ult. by the Rev. Robert Irvine, Mr. Isaac Gaunce, of the Parish of Hampstead, Queen's County, to Miss Mary Fraser, formerly of Limebrooke, Pictou, N. S.

On Thursday last, by the Very Rev. J. Dunphy, V. G., Mr. Thomas Osbon, to Miss Catharine Murphy, both of this City.

At Upham, K. C., on Thursday, 23d ult. by the Rev. Thomas M'Ghee, Rector of Upham and St. Martins, Mr. Alexander Bell, of the Parish of Sussex, to Miss Mary Ann, daughter of Mr. Ezra Ireland, of the Parish of Upham.

On Thursday, the 23d ult., at Maugerville Church, by the Rev. Mr. Sterling, Mr. Cornelius, McMonagle, of this City, to Miss Ellen Amelia, fourth daughter of Mr. John Dow, of New Limerick, State of Maine.

At Weymouth, on Monday 27th ult. by the Rev. W. H. Snyder, Rector, Mr. R. P. McGivern, of this City, to Mary Elizabeth, eldest daughter of Mr. S. Sawyer, of Weymouth. N. S. [illegible] Northampton, to Miss Eliza M., eldest daughter of Mr. James C. Boyer, of Woodstock.

At Annapolis, on the 22d ult. by the Rev. E. Gilpin, Carey Handfield, Esquire, of the 20th Regiment, to Frances, eldest daughter of George Robinson, Esquire, of that place.

At Halifax, on the 23d ult. by the Rev. Mr. Connolly, Mr. William Roberts, of St. John, to Miss Joanna Fox, of Halifax.

DIED.

On the 23d ult. after a short but severe illness, Miss Jane Maginness, in the 39th year of her age—sincerely regretted.

On Saturday last, Margaret, the beloved wife of Mr. Nugent Creighton, aged 42 years, leaving a sorrowing husband and daughter.

On Sunday morning, after a few days illness, Margaret, eldest daughter of the late Mr. John Dean, of this City, in the 35th year of her age.

On Sunday morning, after a short illness, Capt. Edward Card, a native of Windsor, (N. S.) and Master of the Barque *Bethel*, in the 26th year of his age, leaving a wife and child to lament their bereavement. His remains were taken to Windsor for interment.

On Monday evening, Robert Alexander, only son of Mr. Robert Johnson, Carpenter, aged one year.

On Monday, after an illness of five weeks, which she bore with the greatest patience, Louisa Maddana, fourth daughter of Ishmael and Hannah Jones.

On the 27th ult. after a lingering illness, Mr. John Frye, aged 19 years.

On Wednesday last, after a tedious illness, Mr. William Jones, aged 30 years.

On Wednesday last, Margaret Abigail Glendelia, only child of Doctor David McLellan, aged one year and four months.

On Wednesday evening last, after a short but severe illness, Catherine, fourth daughter of Mr. John Smith, Merchant, aged 15 years and 11 months.

On Wednesday evening, after a short illness, in the 39th year of her age, Isabella, wife of Mr. John Allan, of Portland—sincerely and deservedly regretted.

On Thursday, after a long and tedious illness, which he bore with Christian patience and resignation to the Divine will, Mr. William McArthur, in the 55th year of his age. Mr. McArthur was a native of Perthshire, (Scotland,) and a respectable resident of this City for upwards of thirty years. He has left a disconsolate widow and four children to mourn the loss of a kind husband and indulgent parent.—Funeral to-morrow, (Sunday,) at two o'clock, from his late residence in Princess-street, near the Centenary Chapel, when friends and acquaintances are respectfully invited to attend.

On Thursday, after a short but severe illness, which he bore with Christian resignation, Mr. Owen Green, in the 39th year of his age. He was a native of Ballyshannon, (Ireland,) and has left a disconsolate widow and six children to mourn the loss of a kind husband and an indulgent parent.—Funeral on Sunday next at 2 o'clock, from his late residence in Princess street, when friends and acquaintances are invited to attend.

Yesterday afternoon, Mr. John Gilhooley, in the 39th year of his age,—a native of the County Leitrim, Ireland. Funeral to-morrow afternoon at 4 o'clock, from his late residence in Dock-street.

In Portland, on Sunday, 19th ult. Thomas W. aged four months, son of Thomas W. Smith, Esquire, M. D.

At Carleton, on Thursday morning, Mrs. Ann Addison, widow of the late Mr. Thomas Addison, in the 72d year of her age. Her inestimable worth is engraved on the memory of her children, and respected by those whose society she enjoyed. Funeral from the residence of Mr. James Williams, her former residence, in Waterloo street, on Sunday, at 2 o'clock, P. M. when the friends of the family are respectfully invited to attend.

At Waweig, on the 12th ult. Margaret Catharine, daughter of Capt. James Strang, aged fifteen months.

At St. Andrews, on Monday last, after a tedious illness, deeply regretted by his family and friends, Samuel Frye, Esq. M. D., in the 61st year of his age. Dr. Frye was born at Fryburgh, State of Maine, and came to St. Andrews in 1810—where he has since resided—much respected for his medical skill, and for all the good qualities of head and heart which always ensure general esteem among a community.

At Springfield, (King's County) on the 26th September, after a short but severe illness, which she bore with perfect resignation to the Divine will, Grace, relict of the late Mr. John Marven, aged 77 years. Mrs. M. was among the first settlers who came to this Province in 1783.

At Fredericton, on the 27th ult. Mrs. Jane Anderson, in the 77th year of her age.—On the 28th, Mrs. Ann Graham, wife of Mr. George Graham, aged 41 years.—Same day, after a lingering illness, Mrs. Rebecca M., wife of Mr. William Turner, in the 40th year of her age—leaving a husband and six sons to mourn their loss.

At Pokemouche, on the 16th Sept. Mr. Valentine Gibbs, a native of Kilkenny, Ireland, aged 60 years—a man much respected in the community where he lived. He fell a victim to the Emigrant Fever, contracted in his endeavours to relieve his countrymen. He has left a wife and large family to lament their loss.

At Granville Ferry, the 13th instant, Mr. Thomas Harris Hall, of the firm of H. & L. Hall, aged 45 years, leaving a widow and one daughter (an only child), with a great many near relatives, to mourn the loss of a kind husband, father, and friend.

At Halifax on Wednesday morning last, Mr. John Chamberlain, in the 56th year of his age—deeply regretted by his friends and relatives.

At Charlotte Town, (P. E. Island,) on the 15th ult. of apoplexy, William Cullen, Esq. a native of Anderston, Glasgow, and for the last nineteen years Clerk of the House of Assembly of Prince Edward Island, aged 55 years.

At St. Thomas, (West Indies,) in June last, Miss Hannah Read, aged 35 years, formerly of this City.

At New Orleans, lately, of yellow fever, Mrs. Sarah Ingham, aged 53 years, widow of the late Mr. John Ingham, and sister of the late Mr. Thomas Adams, of this City;—and a few days afterwards, her daughter Catherine, aged 24 years.

In Eastport, on the 22d ult. Mr. James Sherlock, aged 52 years; and in Pembroke, on Sunday last, Mrs. Mary, wife of Mr. James Sherlock, aged 55 years.

At Cambridge, (Mass,) on the 23d of Sept. after a short illness, which he bore with Christian patience to the Divine will, Mr. Charles Gould, in the 64th year of his age. Mr. Gould was a native of Somersetshire, England, and for five years a resident of Sussex Vale, King's County. Also, on the 30th of May last, at the above place, after a long and severe illness, which she bore with patience and resignation to the Divine will, Theresa, wife of Mr. Albert Stevens, and youngest daughter of the above, in the 24th year of her age, leaving three small children and a number of friends to mourn their loss.
