In the case of Mrs. John O'Brien, of King street, Carleton, who was found dead in her bedroom, Tuesday, the coroner's jury returned a verdict that she died from the excessive use of alcohol.

Mr. J. Moore Hallet, who shot himself in the head at Sussex last week is, according to the latest intelligence received, still living. He remains in about the same state, being at times conscious and able to take refreshments.

On Tuesday evening at 8 o'clock there was an alarm of fire from box 3. The fire was in a two-story wooden stable on Dorchester street, owned by Miss Perkins and occupied by Messrs. Whelan. The damage was slight. It was the work of an insendiary.—*Tel.*

Elizabeth Farraher, a servant in the house of Mr. Tapley Portland, attempted suicide by cutting her throat on Saturday. Though inflicting a bad wound she is still alive, and the doctors think she will recover. When asked the reason why she committed the act, she said she was crazy and was sorry for her act. Her mind is in an unsettled condition at present.

James E. McDonald, of Bristol, Carleton Co., charged with embezzling $900 from Jas. A. Pelkie, Winnipeg, after undergoing examination before the Police Magistrate, and after an application to Judge Weldon to have him discharged had failed, was finally committed for trial at the Supreme Court of Manitoba. Constable S. Jones left with the prisoner on Thursday for Winnipeg.

We regret to learn that our esteemed fellow citizen Mr. James Robertson, Collector of Customs for this port, died at his residence Tuesday evening. The deceased gentleman had been long and favorably known in Moncton, of which he was one of the early residents. Mr. Robertson was a man of irreproachable character, and in his death the town loses one of its most worthy citizens. He leaves a widow and one son, the latter now seriously ill. They have the heartfelt sympathy of all the community in their bereavement.—*Transcript.*

Eight schooners from Carleton are in pursuit of herring off Grand Manan and have had very good fares, some of the vessels taking in a full cargo in two days. The fish are salted and cured as soon as caught, and most of them will find their way to St. John. Over a hundred vessels, chiefly from Grand Manan, are engaged in the fishery at present. Herring caught along shore and brought to the St. John Market fresh are generally small, and it is apparent that the main fall "ruin" has not yet reached these shores.—*News.*

Ship building at Courtenay Bay promises to be quite lively this winter. Mr. Fraser has already in place the stern frame of Mr. Bennett Smith's new ship. Mr. Pitfield has also begun a large vessel for Messrs Taylor Bros., Messrs Stewart & Ritchie have begun laying the keel of a large vessel, and Mr. Dunlop will also commence shortly. A new brigantine for Mr. H. J. Olive has been begun by Mr. McGuiggan. Mr. Mahony expects to launch Mr. C. A. Prichard's brigantine in November.—*Globe.*

The *News* says: Again arises the cry that houses to let are scarce in the city. Houses that would bring from $100 to $200 per annum would be taken up immediately, and would pay better than many of the stately palaces now on the market which threaten to bankrupt their owners. Probably if there were fifty small but cosy and well-equipped houses in the city offered at the above rates, they would all be taken up by the rapidly growing industrial element in this community, as well as men of moderate means generally.

Referring to the telegraphed statement that notes of St. Croix Cotton Mill Company have gone to protest, the Montreal *Witness* says:

One of the trustees of Mr. Morrice's business informs us that the St. Croix Mill has a large surplus of cotton, and might draw on Mr. Morice for $40,000 or $50,000 if he were in a position to pay. This mill had no representative at the last meeting here, and so has doubtless failed to make the necessary arrangements to renew its paper such as were made with banks by most of the other mills. The trouble will doubtless be only temporary.

The Simonds-Gilbert Case, which has occupied so much of the time of the courts and has proved such a boon to the lawyers, has at last been settled. In consideration of the sum of $1,500 paid to them, the plaintiffs, Robert Visart de Bury, Lucy Gertrude Visart de Bury, his wife, Edmond Ironsides Simonds and Eunice F., his wife, and Irene Maud Simonds, at present residing in Florence, Italy, have agreed to withdraw the action and to convey and release to Thomas Gilbert, the defendant, all their right to the property in dispute forever.—*Glb.*

On Friday morning a disastrous fire occurred at St. George. Five buildings were destroyed, viz: T. Barry's corner building, containing Jas. O'Neill's store—dry goods and groceries; John O'Neill's residence, the Post Office and Telegraph office. T. Barry's building was occupied by O'Brien & Gillmor as a grocery and provision store; D. Gillmor's building contained the Primary school and Temperance Hall, and D. Gillmor's house and barn were occupied by Alexander Milne. The fire originated in O'Neill's premises. He was badly burned on the hands and his clothing scorched in efforts to save his property. O'Brien & Gillmor saved most of their goods. They had some insurance. The Temperance Hall was also partially insured, but there was no insurance on the other buildings. At one time the fire threatened to become general.

The residences of A. H. Gillmor, James O'Neill, M. Parks, J. Kelman, J. Frawley and the Baptist meeting house were all on fire at one period, but by almost superhuman efforts the flames were kept within the cluster of buildings at the corner of Main and Brunswick streets. John O'Neill lost his furniture, and Mr. Milne's household goods were much injured. St. George has never had so serious a fire, and it only narrowly escaped a general conflagration.

As the town has no fire engine, too much credit cannot be given to those who worked so effectually to stay the progress of the flames. The entire contents of the post office and telegraph office were destroyed. The loss is estimated at not less than $10,000.

NOVA SCOTIA.

Shipments of coal from Pictou to date reached a total of 149,887.

There are four couples living in the vicinity of Balfour's Brook, N. S. who have been married over sixty years.

A fire at Truro, N. S., on Thursday, destroyed three barns owned by Bent, Johnston and Gunn. That of the latter contained several tons of hay.

The Inspector of Fisheries for Nova Scoti has imposed a fine of $100 on one McDonald, of Argyll, in Yarmouth County, for packing lobsters in close season; and a few days ago he fined a man named Baker $200, which was paid.

The remains of the late Mrs. Dakin were found on a marsh about four miles below Annapolis, N. S., on the 16th. The head, both feet and part of one arm and leg are gone. The remains were identified by a brooch and part of the dress still remaining on the body.—*Chronicle.*

Parties at Parrsboro have contracted to supply the Cumberland Coal & Ry Co. with 1,000,000 feet of hemlock timber, for constructing a big wharf for loading coal.

A number of porpoises came to Windsor harbor on Tuesday last, and were vigorously chased by the steamer Scotia and several boats. Gun-firing and active rowing and sailing were indulged in for two hours, resulting in the capture of one of the fish. During Tuesday night and Wednesday morning, crowds were engaged shooting and capturing the fish. All kinds of rumors are afloat as to the result, but at least a hundred or two of dead porpoises and black fish are scattered from Hantsport to the head of the tide Mr. Churchill alone has secured 179 and lost 40.—*Hants Journal.*

Two men digging a drain in rear of Longard Bros.' plumbing establishment, Hollis street, unearthed yesterday the decayed bones of a human being, whether man or women could not be told. They were found about fifteen inches below the surface, and from appearances belonged to a person about six feet in height. There was nothing to show that the body had been enclosed in anything on being buried, but it had evidently been there for many years, perhaps half a century. The first evidence of bones was when one of the pickaxes crashed into the skull and brought it to the surface. Then the bones of shoulders, ribs and limbs were found at regular intervals, the head lying to the east.—*Halifax Chronicle.*

A trio of failures have been precipitated in Yarmouth, N. S., through the operations of Wm. J. McGill, for the last few years employed as a custom-house clerk in that town. Having scarcely any more capital than judgment, he procured endorsements from Oliver McGill, a marble cutter, and Nathan Lewis formerly a small grocer, and these were brought down when he assigned recently for the benefit of all his creditors. His liabilities are about $6,000, all direct; his assets consist of real estate valued at $2,250, from which has to be deducted mortgage and judgment of $1,200; his personal property is worth about $200.—The estate of Lewis Nathan, formerly a grocer, in Yarmouth, N. S. recently assigned, shows direct liabilities of about $700; indirect, as indorser for Wm. McGill of the same place, about $3,700. The assets consist of real estate over mortgages, etc., about $2,400; personal estate about $200. Some private creditors are preferred. Failure caused by endorsing for Wm. J. McGill.—The estate of Oliver McGill, marble cutter, same place, shows direct liabilities of $3,000 and indirect of $6,275, as endorser for Wm. J. McGill. His assets consist of real estate worth about $2,750, but subject to a mortgage of $1,560. He has besides some personal property worth about $1,200. The assignment is preferential.—*Montreal Journal of Commerce.*

"DON'T KNOW HALF THEIR VALUE."

"They cured me of Ague, Biliousness and Kidney Complaint, as recommended. I had a half bottle left which I used for my two little girls, who the doctors and neighbors said could not be cured. I would have lost both of them one night if I had not given them Hop Bitters. They did them so much good I continued their use until they were cured. That is why I say you do not know the value of Hop Bitters, and do not recommend them high enough."—B. Rochester, N. Y.—*American Rural Home.* oct. 19—2i.

Again we call attention to the great reputation of the Baltimore Church Bells, made by J. Regester & Sons, Baltimore, Md. Every Bell is guaranteed satisfactory and not to break in three years. Their rich silver tones are heard from Maine to California, and from Canada to the Gulf. This foundry is one of the oldest in the United States, being established in 1844.

Why suffer on without a trial, 25,000 bottles sold during the last three months, with almost universal satisfaction. oct.19—2i.

NEVER NEGLECT A COLD.—From gross contravention of this very simple advice, thousands of persons contract pulmonary complaints, which might altogether be prevented by the use of Dr. Wilson's Pulmonary Cherry Balsam, the most effectual and reliable remedy ever placed within the consumptive sufferers reach. It is painful to hear of the so many, now, we are sorry to say, fatal cases, which commenced with the ordinary symptoms of a common cold. Dr. Wilson's Balsam will prevent all disastrous consequences, if only allowed a fair trial. It soothes the inflamed lining of the throat and chest, and after a few doses the cough becomes loose and less frequent, the phlegm is expectorated with less difficulty, till the lungs become free, and the respiration natural.

NEURALGIA, by which so many lives are made wretched, is always alleviated, and in many instances permanently cured, by "*Penetrating*" Liniment. Why suffer, when a 25 cent bottle is sure to afford relief, and likely to effect a cure. Its penetrating properties are such that its effects on this disease are manifested in a few minutes. For sale by all druggists and general dealers in Canada.

BEAUTIFUL WOMEN

are made pallid and unattractive by functional irregularities, which Dr. Pierce's "Favorite Prescription" will infallibly cure. Thousands of testimonials. By druggists.

PERSONS OF SEDENTARY HABITS, the greater part of whose time is passed at the desk, or in some way bent over daily tasks, cramp the stomach, weaken its muscles, and incur dyspepsia early. Their most reliable and safest medicinal resource is Northrop & Lyman's Vegetable Discovery, the Great Blood Purifier, and which is especially adapted to Indigestion, Biliousnes, Constipation and Poverty or Impurity of the Blood.

BEWARE OF IMITATIONS.

Since Dr. Thomas' Eclectric Oil has become celebrated, a number of unprinciple persons have been endeavoring to palm off Electron and Electric Oil for the genuine DR. THOMAS' ECLECTRIC OIL. Beware of these similar named articles. If their originators had any faith in the healing properties of their own medicines they would, like honest men, give them a name of their own, and not try to sell them on the reputation of another; but as they know their preparations have no merit they resort to the most unprincipled means of selling them by getting a name as near as possible to *Eclectric.* We therefore ask the public when purchasing to see that the name Dr. Thomas' Eclectric Oil is on the front of the wrapper, and the signature of NORTHROP & LYMAN, the proprietors for Canada on the back.

MOTHERS! MOTHERS!! MOTHERS!!!

Are you disturbed at night and broken of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of MRS. WINSLOW'S SOOTHING SYRUP. It will relieve the poor little sufferer immediately—depend upon it; there is no mistake about it. There is not a mother on earth who has ever used it, who will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere at 25 cents a bottle. feb2—1y.

A CURE FOR CHOLERA MORBUS.—A positive cure for this dangerous complaint, and for all acute or chronic forms of Bowel Complaint incident to Summer and Fall, is found in Dr. Fowler's Extract of Wild Strawberry; to be procured from any druggist. oct. 19—2i.

DON'T DIE IN THE HOUSE.

"Rough on Rats" clears out rats, mice, roaches, bed-bugs, flies, ants, moles, chipmunks, gophers. 15c.

COSTIVENESS.—The bowels become torpid and powerless under continual purgation. Dr. Wilson's Family Ant-Bilious Pills penetrate to the nucleus of the disease and eradicate it. They evacuate the foul and vitiated particles from the intestines, by a mild aperient operation, and recuperate their exhausted energy by restoring tone and vigor. They induce a healthy action and prevent a relapse of the malady. For piles, fistula, dyspepsia, and all disorders of the viscera, they stand without a rival.

REWARD TO ENTERPRISE.

Five years ago, James Pyle of New York, first introduced his celebrated Pearline to the public, and now the name of Perline is everywhere a household word, and millions upon millions of packages are annually consumed by our intelligent housekeepers. oct. 5.—1m.

Mr. C. E. Riggins, Beamsville, writes: "A customer who tried a bottle of Northrop & Lyman's Vegetable Discovery says it is the best thing he ever used; to quote his own words, 'It just seems to touch the spot affected.' About a year ago he had an attack of bilious fever, and was afraid he was in for another, when I recommended this valuable medicine with such happy results."

A VALUABLE DISCOVERY.—One of the most valuable discoveries in medical science, for the benefit of mankind, was made when Burdock Blood Bitters were invented. This medicine positively cures all diseases of the Liver, Kidneys, Stomach, Skin and Blood. 25,000 bottles have been sold during the last three months. oct 19—2i.

No other liniment combines, in so compact or concentrated form, the active and essential properties of an embrocation, or is so well adapted for the purpose, as Dr. Dow's Sturgeon Oil Liniment. All external pains, rheumatic and gouty tortures and contracted sinews, may be overcome by diligently rubbing this matchless liniment upon the skin.

By the use of Fellows' Syrup of Hypophosphites the *nerves* become reinforced in strength, the stomach is made capable of digesting the food, the food changes to blood, the heart becomes strengthened to pump the blood, the lungs distribute and oxidise the blood, healthy blood displaces unhealthy muscle and tuberculous matter, the patient becomes vigorous, and then by using his constitution as intended by a beneficent Creator, he may live up to the ripe old age, when, like the corn ready for the harvest, he drops from the husk.

An elastic step, buoyant spirits, and clear complexion, are among the many desirable results of pure blood. The possessor of healthy blood has his faculties at command, and enjoys a clear and quick perception, which is impossible when the blood is heavy and sluggish with impurities. Ayer's Sarsaparilla is the best blood purifier and vitalizer known.

C. C. Jacobs, Buffalo, N. Y., says: "Dr. Thomas' Eclectric Oil cured him of a bad case of piles of 8 years' standing, having tried almost every known remedy, "besides two Buffalo physicians," without relief; but the Oil cured him; he thinks it cannot be recommended too highly."

EXTRACTS FROM A LETTER FROM C. H. S. CRONKHITE, ESQ.

Canterbury Station, York Co., N. B. October 10th, 1876.

Mr J. H. Robinson,

Dear Sir,—In reply to your letter of inquiry, I would say that your *Phosphorized Emulsion of Cod Liver Oil with Lacto-Phosphate of Lime* is the best preparation of the kind I have ever seen or taken.

I was ordered by my physician to take it, and commenced about the last of August, and since that time I have felt a different man, and also look differently, and all for the better, as the doctor can testify.

I was unable in the summer to walk any distance without much fatigue. I can now take my gun and *travel all day and feel first rate at night, and eat as much as any lumberman. Have not bled any* since I took your preparation, and can now inflate my lungs without feeling any soreness, and I think I can inflate them to full measurement, same as before I was sick; have also gained in flesh, my weight in the summer was 173 lbs., and now it is nearly 190 lbs., which is pretty well up to my former weight. The foregoing is a correct statement which I am prepared to swear to, and I hereby authorize you to give it publicity in my name.

I am, dear sir, yours truly,
(Signed) C. H. S. CRONKHITE.

We the undersigned, hereby consent to have our names published as witnesses to the effects of *Robinson's Phosphorized Emulsion* on the person of Mr. Cronkhite, and do assert that the forgoing statement is correct in every particular.

REST AND COMFORT TO THE SUFFERING.

"BROWN'S HOUSEHOLD PANACEA" has no equal for relieving pain, both internal and external. It cures Pain in the Side, Back or Bowels, Sore Throat, Rheumatism, Toothache, Lumbago and any kind of a Pain or Ache. "It will most surely quicken the Blood and Heal, as its acting power is wonderful." "Brown's Household Panacea," being acknowledged as the great Pain Reliever, and of double the strength of any other Elixir or Liniment in the world, should be in every family handy for use when wanted, "as it really is the best remedy in the world for Cramps in the stomach, and Pains and Aches of all kinds," and is for sale by all Druggists at 25 cents a bottle. feb2—1y.

"When all other remedies fail," for Bowel Complaint, Colic, Cramps, Dysentery, etc., "then Dr. Fowler's Extract of Wild Strawberry comes to the rescue." Thus writes W. H. Crooker, druggist, Waterdown, and adds that "its sales are large and increasing oct. 19—2i.

A WISE DEACON.

"Deacon Wilder, I want you to tell me how you kept yourself and family well the past season, when all the rest of us have been sick so much, and have had the doctor visiting us so often."

"Bro. Taylor, the answer is very easy. I used Hop Bitters in time; kept my family well and saved the doctor bills. Three dollars worth of it kept us well and able to work all the time. I'll warrant it has cost you and the neighbors one to two hundred dollars apiece to keep sick the same time."

"Deacon, I'll use your medicine hereafter." oct. 19—2i.

DIED.

In this City, on the 22nd inst., Annie J. Gibson, eldest daughter of Jeremiah and Fanny Thompson, aged 25 years. "Safe in the arms of Jesus."

In this City, on Tuesday, the 23rd inst., Eliza Ruddock, relict of the late William Ruddock, Esq., in the 91st year of her age.

On the morning of the 23rd inst., Harry, aged 25 years, third son of John and Margery Tapley.

At the residence of her son, F. H. Hale, Esq., in Grafton, U. Co., on the 19th inst., Mrs. Huldah Hale, widow of the late Martin Hale, aged 72 years. She leaves 5 sons and 3 daughters, with numerous friends to mourn their loss. Sister H. experienced religion quite young, but did not publicly profess it until after she was settled in life. Then, with her companion, she publicly put on Christ in baptism, and united with the F. C. Baptist Church, in Lower Brighton. Before dying she selected a text for her funeral occasion, John 14: 1, 2, 3, 4, verses, and a hymn to be sung, "On yonder, stormy banks I stand." Her end was peace. Her mortal remains were interred in the Lower Brighton Burial ground, last Sunday, in the presence of a large concourse of people.

Lost at sea, on the 14th of Oct. inst., Charles Bayard, aged 16 years and seven months, youngest son of Calvin S. and Abigal Phipps, City of Portland, St. John.

At Bridgewater, Me., of consumption, Oct. 1st, Barbara, beloved wife of Leonard Todd, aged 35 years. Her end was peace.

At West Acton, Mass., on the 17th inst., of consumption, Kate M. Wellington, formerly of St. John.

HOP TONIC!

—THE BEST—

TONIC

—AND—

APPETIZER!

The proprietors of HOP TONIC feel warranted in saying that it surpasses all similar preparations of Medicine, as it combines the principle of the Hop with Sarsaparilla and other valuable aromatic roots and barks.

It is peculiarly efficacious in diseases arising from impurities of the blood, and is salutary in its effects in creating an appetite and giving tone to the stomach of persons suffering from general debility.

HOP TONIC has already attained a high reputation, and numerous testimonials have been received from persons who have experienced immediate relief from its use. Beware of immitations, as HOP TONIC is unlike all other Compounds with similar names.

PAIN CANNOT STAY

—WHERE—

Universal Liniment

Is Used!

Universal Liniment

Is warranted equal to any article for all Diseases of Man and Beast.

UNIVERSAL LINIMENT.

AN EXTERNAL application for Sprains and Bruises, Sore Throat, Quinsy, Pains and Soreness in the Bones and Muscles, Paralysis or Numbness in the Limbs, Pains and Stiffness of the Joints, Swellings and Tumors, Rheumatism, Gout, Tic Dolloureux, (Neuralgia) or Pains in the Nerves, Milk Leg, White Swellings, Chilblains or Frost Bites, Ringworm, Pains in the Chest, Side and Back, &c., and useful in all cases where Liniments, Rubefacients, Blisters, Sinapisms, &c., or any other kind of Counter-Irritant is required.

Directions for using Universal Liniment.

This Liniment should be liberally applied to the parts affected, three or four times a day, (and even more frequently in severe and dangerous cases), and rubbed well into the skin with the hands and fingers, or with a small piece of flannel, saturated with the Liniment, so that more or less irritation or smarting is produced in the parts to which it is applied.

CHILBLAINS.—They are inflammatory swellings of the feet, especially about the toes and heels, with painful itching and burning; and are caused by exposure to cold. Sometimes blisters form, which become bad ulcers. *Treatment.*—Wash with castile or tar soap, and apply UNIVERSAL LINIMENT freely. Wrap them in lint saturated with the Liniment and keep it on during the night. Keep the feet warm and dry during the day.

LAMENESS.—It is the result of over use. There is soreness, accompanied by pain on exertion, in the affected part. The celebrated UNIVERSAL LINIMENT is unequalled in curing lameness. Bathe the tender portion with the Liniment at night, and on going to bed, and again in the morning.

BUNIONS.—They consist of enlargement or thickening of the sack about a joint, usually that of the big toe of the foot. Caused by tight boots. *Treatment.*—An easy boot or shoe is essential. Bind on lint soaked with the UNIVERSAL LINIMENT and cover with oil silk every night.
