Red Shirts Down Black Watch

Saturday afternoon saw the UNB Redshirts Soccer Team open the season with a 3-1 exhibition win over the Camp Gagetown Black Watch side. It was an encouraging win as the Black Watch have a good reputation in this area.

UNB almost scored in the first minute but it was the Black Watch who scored the first goal. The first half was even but UNB failed to score an equalizer by half time. At the restart UNB missed an open goal but continued to press until a long pass upfield found Drew who broke through to score. The Black Watch flagged for a while and McHugh headed in from a goalmouth scramble to tally the second goal. Schatz cracked home a third goal minutes later, and though the Black Watch came back UNB might well have scored again before the end.

It was the first time the UNB side had played together and this might excuse the inaccurate passing. The Redshirts made a lot of work for themselves by failing to find their men and by some unnecessary wild kicking but matches tonight against the Wilscotts and against the Royal Engineers should see an improvement in teamwork.

The halfback line, with newcomers Yoell and Barteaux outstanding, should be a useful backbone with better ball control. Holdover Mockler on defence played a hard game while Porter and Szammer each took a half in the goal. The forward line were all dangerous at times but on an individual basis.

Substitutes were allowed as it was an exhibition game and those who saw action were Porter, Szammer, Rennard, Browne, Mackay, Yoell, von Westarp. Barteaux, Heinstein, Foerstel, McHugh, Schatz, Haynes, Wood, Drew.

Tonight's game will be played under the floodlights on College Field, at seven thirty.

Big Red Routs

(*Continued from page* 1)

ried from Mt. A's 34 to their 19 yard line and on a third down he went for twelve yards to the Mount A. 7 yard line. From here Bolitho went over. McLellan converted making the score 27-12 for UNB with less than two minutes remaining in the game. Oliver then went in the quarterback slot and hit Bolitho for the final T.D. with elven seconds remaining, McLellan converted, making the final score 34-12 in favor of the Red and Black.

Scouting reports heading to the marshland after the Red Bombers tilt with the Saint John Wanderers, warned them to watch for Rylander's aerial attack as the Bomber's most offensive weapon. After Saturday's game it will be agreed that the Red Bombers have a ground attack of some account. With the backfielders running very well through the holes opened for them by the line, plus the loss of first string end Ussher, it proved to be a very astute move by Rylander in keeping the ball on the ground.

However, the bread and butter of the Red Bombers lies in formidable strength and depth in their defensive team, as it did last year. Just before game-time on Saturday coach Gus MacFarlane of the Mounties when asked the condition of his team commented, "We're as ready as we'll ever be. If UNB beats us they'll have to be a better team". He also related "Our offensive is alright, but defense is the problem". Unfortunately for Gus he assessd his team correctly. Defense was Mount A.'s chief problem Saturday. With Cuthbertson, Zippay, Smallman, Haukkala and Winsor, their offensive is adequate but their defensive team comes a poor second to the Red Bombers. MacFarlane also indicated after the game that encounters between UNB and St. Mary's would be tough.

He believes both offensive teams to be on a par, but he thinks UNB has a slight edge over St. Mary's in the defensive department. UNB can only hope that the defensive team built around Saturday's standouts, McLellan, Davis, Ciotti, Gorham, Hutchinson and Hughes will be able to contain St. Mary's offense as they did Mt. A.'s. We'll have to wait until Thanksgiving to see.

If stars in Saturday's all important game were to be picked, they would follow somewhat in this pattern. Offensively there are three members to pick from. First, as most of the fans would see it, there is Norm Bolitho who scored three major TD's and turned in an all-round brilliant running game. Second and third would be Dave Fairbairn and Jerry Scarfe. These two boys each played an outstanding game blocking very effectively on every play. These are hidden blocks that most spectator's don't see because they are watching the ball carrier.

Defensively the top star would have to go to the pint sized mite from Sault Ste. Marie, Don Ciotti who upset, dragged down and literally halted the Mounties attackers as they came around his end of the line. Don also ran back several Mountie kick-offs adding to his day's outstanding work.

STATISTICS

UNB		Mt. A.
18	First Downs	13
366	Yards Rushing	168
42	Yards Passing	96
7	Passes Attempted	19
2	Passes Completed	5
1	Interceptions	1
5	Fumbles	4
2	Fumbles Lost	3
4	Penalties	4
30	Yards Penalized	30
1	Field Goals Attempted	0
0	Field Goals	0
5	Punts	11
32½	Average yards per punt	30

Golf News

The Fredericton Golf Club was the scene of the annual intramural golf tournament Sunday, September 17. In the men's division, John Sears continued to show the form he displayed during the summer months by shooting a two over par 72 beating Ben Gray and Tom Calkin who each had a 77. Charlene Hallett was tops in the women's division with an 89. Elaine Moores and Eileen Stiven tied for the runner-up position. For Charlene Hallett it was her third intramural championship in the past four years. John Sears has won four out of the past five tournaments. Both Charlene and John placed second in the women's and men's Senior Provincial tournament respectively this summer.

The 32nd Annual Student-Faculty golf tournament was played at the Fredericton Golf Club Sunday afternoon. In the women's division the faculty and student golfers tied 2-2.

Cross Country Victorious

Last Saturday the UNB track team defeated the Minto Athletic Club 24-33. A new track record highlighted the meet when Walter Williams knocked 5½ seconds off the old mark. Williams ran the 2 1/10 mile course in 11 minutes, 24½ seconds.

The following are the times of the top runners in the meet.

W. Williams,	Minto	11.24½
W. McDonald,	UNB	12.16
Keith Kerr,	UNB	12.28
John Briton	Minto	12.30
Andy Nimmo,	UNB	12.38
Bob Pickett,	UNB	12.42
H. Nightingale,	Minto	12.46
Don Hodgson,	UNB	12.52

Other UNB runners were Bruce McLeod, Davey Tweed, John Church, and Jim Boyer. For Minto, Stuart Hudlin, Bobby Breton and Arlington Mills also took part in the competition.

Another meet is scheduled for Wednesday night at UNB starting from the gymnasium at five o'clock.

Track Coach Ambey Legere hopes to see much more student support for this meet. Since this is one of the rare occasions the students will have the opportunity to see our track team in action, we feel they should be supported for their victorious efforts.

OPPORTUNITY FOR

INQUIRING MINDS

Each year C-I-L provides fellowships for promising young scientists doing post-graduate research at Canadian universities. Through this program, now in its eighteenth year, over 200 students have had the opportunity to carry out original work under university direction thus adding to their own, and Canada's, store of scientific knowledge. Grants to endow chairs of science and to expand existing university facilities further support the development of inquiring minds. C-I-L's own activities, so dependent on constant development and research, also provide scope and a congenial atmosphere for many trained talents, working together in the ever-new world of chemistry.

SOME OF THE RESEARCH PROJECTS CARRIED ON BY HOLDERS OF C-I-L FELLOWSHIPS:

isotopes produced in nuclear fission • chemistry of wood carbohydrates • wood pulping with liquid ammonia • soil fertility • electrically activated oxygen • gas engineering • nitrogen derivatives of steroids • the use of gaseous ammonia as a plant nutrient • mechanisms of organic reactions using radioactive carbon • spectral analysis of molecules • reactions of active nitrogen • waterfowl habits.
