SANCTION FOR INTERNATIONAL

Maritime Amateur Skating Association Granted Rotary Club and Y. M. C. I. Privilege of Holding Meet—Chicago Dates Must Stand—Other Business.

A meeting of the executive of the Maritime Skating Association, was held in the Board of Trade rooms yesterday afternoon with President Frank White in the chair, there were also present Elmer Ingraham, H. J. Sheehan, Charles Burpee and secretary P. J. Legge.

A letter was read from A. F. McNutt of Moncton, vice-president for New Brunswick, stating his inability to be present at the meeting, and saying that he was agreeable to the granting of a sanction for the International Championships to an affiliated body.

Secretary Legge reported that he had been in communication with Edward Mahlke, Chicago, secretary of the International Skating Association, requesting that the dates for the American National Meet, set for January 26-27-28 in Chicago, be advanced so that the International meet could be held in St. John at as early a date as possible. Mr. Mahlke replied that the skating association were held up owing to the fact that the Chicago Tribune had arranged for the holding of their annual Silver Skates Competition on January 21st and therefore the dates for the American National could not be advanced and must stand as already made. It was pointed out at the meeting that as the Canadian National Championships were to be held in Montreal following the Chicago meet, that it would probably be the first week in February before the International could be staged in St. John.

Sanction was granted to the St. John Rowing Club and Carpenters and Joiners Union for the holding of a skating meet in the St. John Arena, December 18.

An application was received from the Rotary Club and the Y. M. C. I. for sanction to hold the International Skating Championships, and on motion the sanction was granted. The secretary was instructed to write D. J. Corr the secretary of the Skating executive to this effect.

The Maritime Association has received the new racing rules and these will be delivered to the officers.

It was also reported that three hundred registration cards would be printed and that all persons competing in skating races must obtain one. There was some discussion as to how these cards should be used and it was decided that all competitors must be registered. On motion the meeting adjourned.

Louis J. Donovan, the local and Maritime Amateur champion 116

pound boxer is in the very best of condition, being a clean youngster he takes exceptional pride in the manly art and manages to at all times to keep himself in the very best shape. Louis loves the game, he is a very clever artist, and hands out a real wallop from both hands. In the city championships last year, Louis defeated W. Furze, of Moncton, and following this win he took part in the Maritime championships held early this year in the Armouries and captured the title by defeating McGinnis, of Halifax, and Frankie Collins, of St. John. In these bouts Donovan won many admirers by his clever work. The Maritime meet will be held in Halifax next spring, and Donovan expects to be there ready to defend his title. The champion will be seen in action next Monday night in West St. John, when a tournament is to be held uder the auspices of the St. George's club.

Besides being a real little scrapper, Louis has made a good showing as a ball player, having made good on the Garrison team during the past season. He was a pitcher, and when not on the mound held down its third sack.

In fact he is an all round athlete, being fast on the steel blades and competed in the junior races last winter at the Canadian championships held on Lily Lake. Besides these three branches of sport he takes up running and swimming. He is a son of J. J. Donovan, Main street, who is a popular figure in labor circles.

THE CITIZENS' COMMITTEE WAS DISBANDED YESTERDAY

Was Composed of Delegates from Local Organizations to Assist in Handling International Skating Meet—Agreed That Y. M. C. I. and Rotary Club Obtain the Sanction—This Being Accomplished, Committee Ceased to Exist.

A meeting of the citizens committee which was composed of delegates from different organizations in the city affiliated with the Maritime Amateur Skating Association, was held yesterday afternoon in the Board of Trade rooms, and after hearing reports was on motion disbanded. The clubs represented were the Rotary Club, Gyro Club, Y. M. C. A., St. John Power Boat Club, St. John Rowing Club, Playgrounds, and St. George's A. C.

After President Frank White of the Maritime Amateur Skating Association returned from Montreal and had obtained the sanction for the holding of the International Skating championships for St. John, it was decided to request each affiliated organization in the city to delegate two members for the purpose of forming citizens committee, to which the sanction for conducting the international meet was granted. The Y. M C. I. had made application for the sanction and was also to be represented on the citizens committee, but that body refused to act on the committee, and at the first meeting entered a protest, on the grounds that they had made application first for the conducting of the meet and stated that they were quite willing to act with any one affiliated organization, but not with a citizens committee.

Three meetings had been held and only a chairman, vice chairman and a secretary had been appointed, but nothing further towards organization had been done as efforts were made to have the Y. M. C. I. join in with the other bodies. The Y. M. C. I. held firm to their protest, and finally a committee of four was appointed to meet the executive of the Y. M. C. I. with power to act in coming to some arrangement. This meeting was held with the result that it was decided that the Y. M. C. I. and the Y. M. C. A. would be the two organizations to conduct the International. The Y. M. C. A. Board decided that they would be unable to take the responsibility even jointly owing to the large amount of association work now in hand, but offered to assist in any possible manner. The matter was then brought before the Rotary Club who acceded to the request of the committe and decided to act jointly with the Y. M. C. I. and ask the Skating Association for a sanction. An executive from these two organizations held a meeting and appointed officers and chairmen of committees.

R. Downing Paterson, chairman of the citizens committee, and a member of the committee to make arrangements with the Y. M. C. I., reported to the citizens committee yesterday, and on motion his report was received and adopted.

Mr. Paterson also stated that the executive had suggested that the delegates of the different clubs on the citizens committee, report back to their respective clubs asking that one delegate from each club be appointed to act on the standing committee appointed by the two organizations who are to handle the big meet.

After some discussion it was decided that the executive make a request to each club in this respect, and those present stated that undoubtedly every club would do all possible to assist in putting the great event over in a successful manner.

As this finished the business before the citizens committee it was on motion disbanded.
