THE WEATHER

Toronto, Nov. 6.—The western disturbance which has moved very slowly since last night, is now centred near Lake Superior. The weather today has been cloudy and showery in Ontario and Manitoba. Elsewhere it has been fair.

Forecasts

Maritime—Fresh northwest winds, fair and cool.

Northern New England — Cloudy with showers Tuesday; Wednesday fair, moderate temperatures; moderate variable winds, becoming southwest.

AROUND THE CITY

SIX IN THE CELLS.

Six drunks occupied the cells at the central police station over the week-end. There were no other arrests.

SIGNS OF COLD SEASON

Householders in various parts of the city utilized part of the holiday in putting on double windows. The city park department has covered the flower beds in King Square with brush.

HOWARD WINS PRIZE

On the St. Peter's Y. M. A. alleys last night Arthur Howard won the roll-off prize with the highest total pinnfall of 128. The St. Peter's Y. M. A. League opens on Wednesday night.

McLELLAN MEETINGS

Tomorrow evening Mayor McLellan will address a public meeting in the North End, at the Palace Theatre, and those desiring to hear him will have to be there early, as it is expected the capacity of the house will taxed. On Friday evening he will address another meeting in the Imperial and will have some last minute messages for his friends.

BRINGS HEAVY FREIGHT

The steamer Keith Cann, from Yarmouth, has a heavy freight. Sixty seven tons were shipped from Boston by the Steamship Prince Arthur to Yarmouth and transferred there to the Keith Cann for St. John. The freight includes 168 pieces of mahogany lumber, 400 coils of rope, 25 bales of cotton, 40 bales of oakum, 60 packages of magazines, 17 bars of heavy steel, 25 bales of lines and netting, 150 empty egg cases, 11 bales of species and 20 bags of Christmas nuts.

WEST ST. JOHN DANCE.

A very successful danc wabs held last evening under the auspices of the King Edward Lodge No. 30, in their hall, Gilbert street, West St. John. A large crowd was in attendance and everyone had a real good time. This is the first of a sehies of dances which will be held under the same auspices during the coming winter. The committee in charge of last night's dance were Messrs. William Price, Willard Fillmore and Hubert Campbell.

At the annual meeting of the Longshoremen's Union held in the hall on Water Street, last night, A. Craig was re-elected president. The other officers chosen were: senior vice-president R. Carlin; junior vice-president, S. Stevens; secretary-treasurer, J. Monteith; business agent, J. McKinnon; marshal, J. Wells; janitor, T. Sullivan; executive board, H. Linton; J. McGorman, J. J. Donovan, T. Kebble, J. Kindred, C. Carlin, C. Stevens, P. Taylor, T. Brown, J. Campbell, J. Ganiver, M. Powers; water front council delegates, A. Craig, R. Carlin, J. Montague, S. Stevens, J. Wells.

It was decided not to affiliate further with the Trades and Labor Council and to withdraw the Union's delegates.

Mayor McLellan will be at the Palace Theatre tomorrow evening. Be sure and hear him for he has a message for the voters of St. John.

Don't forget the McLellan meeting at the Palace Theatre tomorrow night Come and hear the truth about the hydro matter.

MEETS BROTHER AFTER 25 YEARS

Miss Rose Foster of Vernon River, P. E. I., was recently in the city on her way home from Victoria County, where she had been visiting her brother, William Foster. Miss Foster had not seen her brother since they were children twenty-five years ago, and the reunion was a most happy one. The two came from England in 1897 and parted in St. John.

PREPARING FOR PASSENGER RUSH

G. Bruce Burpee, district passenger agent of the Canadian Pacific railroad returned yesterday from Chicago, where he attended a conference of the heads of the passenger department of the system. The outlook for the late fall and winter season is promising. C. E. Cameron and George E. Carter of the C. P. R. have gone to Chicago to attend a conference of the travelling passenger agents. This conference is to be held this week.

THE POWER ISSUE

Stripped of its personalities and misrepresentations, the issue between the two mayoralty candidates is simply this:—

Whether the city shall build a competing plant to distribute hydro power and fight the company to a finish,

OR

Whether the city shall first try to get control of the existing plant to distribute hydro power.

It works down to that for the company flatly refuses to accept Mr. Fisher's arbitrary ten days' offer of $2,577,655.56.

Competition, whoever is killed, is costly—The two plants must be paid for eventually by somebody—The city's loss in distributing power at competitive prices must be paid eventually by somebody, and the taxpayer knows who.

Mr. Fisher's election forces the city at once into this dangerous course.

Mayor McLellan's election leaves the way open for fair compromise, if possible, with a fight as the last resort.

There would seem to be little room for choice on this ground for a sensible business man.

BISSETT'S BODY HAS BEEN RECOVERED

Victim of Canoe Accident Able to Swim Short Distance Before He Sank—Funeral This Afternoon.

The body of Percy Bissett, who lost his life by drowning on Sunday in the waters of the St. John river, near Williams' wharf, was recovered yesterday morning about half past nine o'clock. It was lying in about eleven feet of water. The body was found about forty yards from the shore, indicating that the young man had been able to swim a short distance.

All Sunday afternoon and until eleven o'clock that night parties kept up the search for the body. In the evening fires were lighted on the shore and lanterns used in the boats, but their efforts proved unavailing. Yesterday morning, as soon as it was light, the search was again taken up, ten or a dozen boats taking part, and shortly after 9.30 their toil was rewarded by the finding of the body which was brought to shore. Coroner O. R. Peters, of Rothesay, after viewing the body gave permission for burial.

The funeral will take place this afternoon at 2.30 at White's church. His brother Clarence is expected to arrive in the city from Boston at noon today and will be taken to the home by automobile from here.

THANKSGIVING DAY WELL OBSERVED

Thanksgiving Day was favored by fine weather in this section of the province, and football games attracted large crowds. In St. John several churches held special services. The theatres were liberally patronized as were the dining rooms of the hotels. About 3,000 persons attended the opening of the Arena last evening. There were numerous dance parties in and about the city.

Services were held in Centenary church yesterday morning at eleven o'clock, all the Methodist churches of the city combining in the service of praise and thanksgiving, which was the subject of the preacher for the day, the Rev. L. J. Wason, of Silver Falls. Miss Blenda Thompson sang "Rock of Ages" and the choir furnished good music, led by T. C. Cochrane at the organ. The sermon was helpful and well delivered, the text being taken from the 103rd Psalm.

PERSONALS

C. C. Delano of Sackville is at the Dufferin.

F. Allison Taylor of Salisbury is a guest of the Dufferin.

Dr. A. Pierce Crocket of Fredericton is at the Dufferin.

A. J. Harrison and L. A. Auld of Amherst are at the Dufferin.

W. P. Davidson and Mrs. Davidson of Perth are at the Victoria.

G. Earle Logan was in Woodstock last evening where he was a speaker at a banquet given by the Ladies' Auxiliary, G. W. V. A.

Clifton House, all meals 50c.

CITY IS AGAIN MENACED BY MILK STRIKE

Kings County Producers Decline to Make Further Concessions and Issue Is Now Up to St. John Dealers — Reorganization of Farmers at Sussex Meeting.

The milk situation, so far as St. John is concerned, is still up in the air and it is just possible there will yet be a milk strike, with all that it means to the children and sick of the city.

Last night at Sussex the milk porducers from all parts of the country met, and after carefully canvassing the situation passed a resolution stating that fifty-three cents f.o.b. shipping station, was the lowest price they would agree to, and that if this was not accepted by the dealers at once they would call a strike and would then hold out for the first demand, fifty-six cents per can f.o.b. shipping station.

The offer of the St. John dealers to pay fifty-five cents per can f.o.b. St. John, was rejected, the producers taking the stand that they intended to do business in the same way they had always done it, the price to be f.o.b. the shipping station.

Roy Stockton was chosen chairman of the meeting and Roy Raymond secretary. After discussing the offer of the St. John dealers and passing the resolution noted, it was decided to re-organize the Kings County Milk and Cream Producers' Association, which had become more or less dormant.

Eveleigh is President

N. W. Eveleigh was elected president, and Roy Raymond, Bloomfield, secretary. The executive is as follows: Sussex, N. W. Eveleigh and Thomas Long; Lower Millstream, Clarence Hayes annd Charles Titus Norton, Heber Wilcox and Roy Campbell; Bloomfield, Roy Raymond and Mr. Wetmore; Hampton, Mr. DeMille and Mr. Sweeney; Lakeside, Mr. Murray; Hammond River, William Harding; Nauwigewauk, Mr. Wannamaker.

Mr. Eveleigh, in conversation with The Journal after the meeting said that the members of the organization represented at least eighty per cent. of the milk which is bzeing shipped into St. John from Kings county, and they intended to stick to their guns in the matter of price. They had no desire to cut off the supply of milk, but if that was the only way in which to get what they considered their rights, they would do so. If a strike was called on, he said, it would mean the producers would then hold out for the fifty-six cents per can.

At the present time there is being shipped into the city from the points affected about 1,600 cans per day, and if a strike is called and eighty per cent. is cut off it would mean that only a little over 300 cans would be coming in.

THE BRITISH MAILS

The British mails here will close at 4 p.m. today for the steamship Melita, via Quebec. A British letter mail here will close at 4 p.m. on Thursday, for the steamship America, via New York.

MOTORMAN SAVES SMALL CHILD BY WONDERFUL STOP

A cool, quick thinking motorman of the City Road Line, probably saved the life of a young child who dashed suddenly from the sidewalk on that thoroughfare onto the care track about three o'clock yesterday afternoon. A car which was proceeding towards Gilbert's Lane at the usual speed was almost on the child, when the motorman jammed on the brakes and came to a stop within about a foot of the little one. Those who observed the incident considered it remarkable that the car was stopped within such a short space of time and warmly praised the motorman

MR. McLELLAN IS CHEERED BY GREAT THRONG

Mayor Accorded Hearty Reception at Arena and Leads in Voting at Cathedral High Tea—Only Two Candidates to be Voted for Nov. 13.

Mayor McLellan was accorded a hearty reception and given three rousing cheers by the great throng which attended the opening of the Arena last evening. The lieutenant governor, Hon. Dr. Pugsley, and Hon. Dr. W. E. Foster, the premier, and Mayor McLellan were the speakers. Both the lieutenant governor and the premier were well received. When the mayor was brought to the front by President Fred Coombes of the Commercial Club Athletic Association, he was given a big reception by the audience, which numbered approximately 3,000 persons. At the conclusion of His Worship's address he was vociferously applauded.

Only Two Nominations

The mayoralty contest will be between Mayor McLellan and G. Fred Fisher as no further nominations were filed with the Common Clerk yesterday, although his office was open until noon to give any person who desired to enter the contest an opportunity to file the necessary papers. The nomination papers of Mr. Fisher were filed several days ago and the name of Mayor McLellan goes on the ballot without his being nominated, under the law.

The list of those eligible to vote will be much larger than it was in April of this year when the biennial elections were held, there being nearly 12,000 electors who have the right to go to the polls on November 13 and cast a ballot for one or the other of the candidates. This number is about 2,100 more than were entitled to exercise their franchise in April and should mean a much larger total vote.

Mayor Leads in Voting

A "mayoralty contest" is one of the features of the Cathedral high tea being held this week in the Y.M.C.I. building. When the voting ended for the day, last evening, Mayor H. R. McLellan was leading his opponent. The voting will be continuued throughout the week.

FAIRVILLE FIRE

A fire between nine and ten o'clock last night completely destroyed a house on Fairville Plateau, owned and occupied by Daniel Walsh. The fire which was of unknown origin, was first noticed about nine o'clock. A stiff breeze blowing added to the fury of the flames which spread very rapidly, and although every effort was made to save it, the house was burned to the ground in a short time. Mr. Clark said that he could not estimate his loss, but that it was partly covered by insurance.

PLAN TO PREVENT GLUT IN ST. JOHN LABOR MARKET

When Winter Port Opens Preference in Employment Along Shore Will be Given to Those Having Resided Here One Year.

When the winter port opens this fall, men who have not been residents of St. John for at least twelve months will not be engaged, it is understood, to do long shore work, unless a sufficient supply of labor cannot be obtained here. It has been the custom of some of the water front organizations to give the preference to tax payers of St. John. In years past many men have left the farms, the woods and the fishing industry to engage in work at the docks here, and often there has been a glut in the St. John labor market because of the influx.

Should additional labor be required at any time during the season the other centres of the province will probably be notified through the press or employment bureaus.

REFERENDUM FOR EAST ST. JOHN ON SEWERAGE

Voters to Pass Upon Plans for New System Urged by Board of Health—Balloting in December.

The residents of East St. John are voting on the question of installing a sewerage system, an improvement long needed and one which has been strongly urged by the sub-district board of health. The board is co-operating with the councillors of Simonds and the warden of the municipality, John Thornton. The voters will express their opinion of a plan, which has been prepared, on Dec. 7. It is expected that the proposed system will cost $45,000.

Councillor Mosher says that when plans were considered two years ago the estimate of the total cost was $51,000, but he is of the opinion that the cost now would be somewhat less.

Save 25 Per Cent of Your Coal Bills

The more cold you keep away from around doors and windows the more coal will you save and the more comfortable your house or office will be. Use

FROST KING Weather Strip

which is made of chemically treated moisture-proof felt, the best known non-conductor of cold, and makes a stormproof joint, being more efficient than rubber or metal and lasts longer. No waste, easily applied, and is the CHEAPEST AND BEST ON THE MARKET.

AN EXCITING TIE MATCH AT Y. M. C. I.

The bowling match between the Intermediates Basket Ball team of the Y. M. C. I. and the Outlaws resulted in a tie yesterday, the total pin fall being 1159. The first two strings were so much in favor of the Intermediates, that everything seemed to be coming their way, but in the third string, the Outlaws made a strong comeback and brought about the above result. The game was rolled in the Y. M. C. I. alleys, where next week it will be rolled off again. There was a backing for both sides yesterday in the royal rooters, who yelled for their respective sides, keeping up a good spirit of rivalry. The game next week will be very exciting, each side being determined to roll up a good score against the other.

DIOCESE LOSING ANOTHER RECTOR

Rev. A. J. Langlois to Become Rector of Presque Isle—Rev. Mr. Bulteel to Take Charge of a Parish.

Two coming changes among the clergy of the diocese of Fredericton are announced. Rev. A. J. Langlois has decided to leave the diocese and on Sunday next will become rector of St. John's Episcopal church at Presque Isle. He has been officiating occasionally at the Presque Isle church. Rev. Mr. Langlois was formerly in charge of St. Mary's Anglican church, Hillsboro.

Rev. H. H. Bulteel, curate of Christchurch Cathedral at Fredericton is to leave the Cathedral on Jan 1, and will become rector of some parish in this diocese. It is possible that he may go to Petitcodiac for a time, as the parish there is vacant. Rev. Mr. Bulteel was formerly military chaplain at Sussex and Fredericton and was stationed in St. John during the influenza epidemic.

TO MEET IN HAMPTON

The annual meeting of the Hampton centre of the St. John Ambulance Association for the election of officers will be held at the Hampton court house at 7.30 p.m. on Nov. 10.

Madame--Here Are Your Furs

Today, of course, the store will be closed, but for 2 days, Tuesday and Wednesday, discriminating buyers of furs will be given a chance to make a choice selection at a saving that you will appreciate more and more as the years go by.

9 widely varying Fur garments have been selected from our stock of Fur Coats and Wraps. Some are duplicates as far as the fur itself is concerned, but none are in Style or Model.

There are 5 different kinds of Fur numbered among the 9 garments, some are self trimmed, others trimmed with contrasting furs, notably Alaska Sable, Beaver and Mole. The lengths vary from 36 inches to 43 inches and the sizes from 36 to 42. The garments are at once conservatively and elaborately smart—they have that desirable and youthful appearance. The Furs are

Hudson Seal Russian Grey Squirrel

Scotch Moleskin

Canadian Mink Natural Brown Nutria

A Russian Grey Squirrel coat that is priced for $700.00 for November may be bought for these 2 days for $584.00

A Natural Brown Nutria, priced at $450.00 can be had for $384.00

A Scotch Moleskin, priced at $625.00 is re-marked for 2 days at $534.00

One Fine Canadian Mink Coat has been reduced from $650.00 to $554.00

Another, one of the finest we have ever seen, has been changed from $1,400.00 to $1,194.00

One Hudson Seal, priced for the rest of November at $475.00 is cut to $404.00, while another, made to sell for $525.00 will be sold until Wednesday night at $444

It is impossible in this advertisement to give you detailed descriptions of these garments, nor can we define the quality. Sufficient to say, that it is not so much the price of these garments that will command your attention, but their unusual high standard.
