OBITUARY

James Albert Chamberlain

James Albert Chamberlain died yesterday afternoon after a long and trying illness. Deceased leaves a young wife, formerly Miss Bertha Warren, and an infant son. He was a son of George H. Chamberlain, of 12 Clarence street. He leaves five brothers, William, George H., Fred. C., Walter W. and Andrew, all of whom live in this city, and two married sisters, wives of Henry R. Coleman, grocer, Winter street, and Frank S. Purdy, grocer, Garden street. The deceased was 27 years of age, and was a valued employe in the Brown Paper Box Company's establishment on Canterbury street and was much liked by his associates. He was a member of the corporation of St. Mary's church and took much interest in its welfare. The members of the corporation will attend the funeral in a body. The Independent Order of Foresters, of which he was a member, will also attend the funeral.

George G. Melick

Fred C. Melick, of Charlotte street, yesterday received a telegram with the sad intelligence of the death of his only brother, George G. Melick, in West Somerville (Mass.) Mr. Melick left this city a good many years ago. The cause of death was given as apoplexy.

Miss Jessie Agnes Robb, daughter of Mrs. Marion Robb, of 408 Union street, died about 11.30 o'clock yesterday morning, after an illness of some months' duration. Miss Robb, who was 26 years of age, was absent from the city for a time for the benefit of her health, and returned only on Saturday last. The news of her death will be heard of with profound regret as she was regarded with more than ordinary feelings of friendship by a wide circle of acquaintances.

Miss Robb was a consistent member of St. David's church and a teacher in the Sunday school. She was held in the very highest esteem by her class there and there were few of her fellow teachers who showed a more devoted zeal in dealing with the young lives entrusted to her care. Besides her mother, Miss Robb is survived by four brothers and three sisters. Rev. Alex. Robb and Miss Jennie Robb are both missionaries in Korea. NEW Y. M. C. A. BUILDING

Good Progress is Being Made in Its Construction.

The exterior brick work and trimming of the new Y. M. C. A. building at the head of Chipman hill has been completed and the carpenters are now beginning to board in the roof. Already the structure presents an imposing appearance and the design reflects much credit on the architect, G. Ernest Fairweather. The wooden framework has been placed in the windows and the interior partitions are being put into position. Just at present the men are building the running track in the gymnasium.

Since June 1st the building has been under course of construction and now stands four stories on the front, above ground, besides a two story basement. The lower basement will contain the heating apparatus and fuel, while in the upper basement will be a fine swimming bath, measuring 16 by 38 feet. The floor of this compartment will be of handsome glazed tiles and the walls will be cased in enameled bricks to a height of five feet above the floor. This apartment will also be fitted with shower baths and sanitaries.

Contractor Maxwell expects to have the staging removed from the exterior of the building by the first of December.

COLLISION AT INDIANTOWN

The E. Ross Ran Into the Elaine in the Dense Mist This Morning---Both Slightly Damaged

In the dense fog in Indiantown harbor this morning the ferry steamer E. Ross crashed into the steamer Elaine, badly damaging the former. The accident happened at about 9 o'clock. The E. Ross was on the trip to Indiantown. On account of the density of the fog the Ross had gotten out of her course and was in the vicinity of the steamer Elaine, which was at her dock. It was impossible to see the outline of the larger steamer, and without a moment's warning the Ross struck the Elaine with great force, ripping her own stem almost off and bending the big boat's iron guard rail almost double. It was fortunate that the break was above the water line or the consequences might have been much worse. As it was the passengers were very much excited for a time, the women among them rushing hither and thither. One old gentleman standing near the cabin door was thrown head long into the cabin. The engines were reversed when the boats were very close together and the Ross veered off some and the blow in consequence was of a glancing nature. The ferry continued to make her trips though she looks as if she had come through a baptism of fire.

POLICE COURT

Andy Irvine Once More, Also Young Golding---An Unsavory List of Cases.

Andrew Irvine, who was yesterday fined $8 for drunkenness, was again in court this morning on another charge, that of stealing a white bed spread from the Cheney house on King Square. He was committed for trial at the next session of the county court, which will be held on Tuesday morning next.

Police Sergeant Caples was placed on the stand and stated that on October 16 he arrested Irvine for drunkenness and on that occasion found a white bed spread in his possession. He asked the prisoner where he got it and Irvine told him he always carried it with him. Witness stated also that Irvine had been in jail repeatedly and was out only a short time when last arrested. In reply to a query the prisoner said he knew nothing about the affair and had nothing further to say.

William Golding, the young man arrested on a charge of assaulting Mrs. Minnie deWolfe (as elsewhere referred to in this issue) was remanded.

James DeVine, charged with keeping a bawdy house on Brussels street, and Charles Anderson and Annie DeVine, charged with being inmates, were remanded.

John Power was fined $4 or ten days for drunkenness.

CAUGHT IN A FIRE

A number of the city laborers employed on the sewerage work at the foot of Simonds street yesterday narrowly escaped being seriously burned. At lunch hour they were sitting in a shed ,the floor of which was covered with oakum left there by the boys on Hallowe'en. One of the men was lighting his pipe when brimstone from the match flew into the oakum and the next moment the shed was in flames. The man who struck the match had his eyebrows burned off and his moustache reduced to half its size. The others had considerable difficulty in getting out. It was some minutes before the fire was extinguished.
