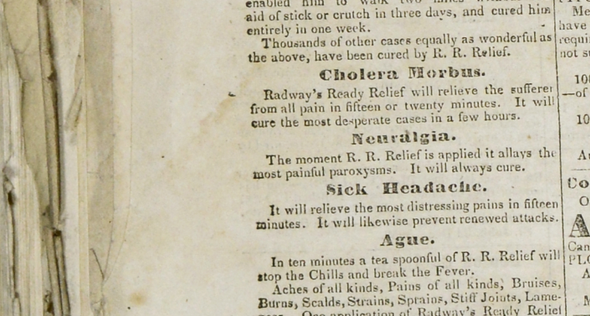
LETTERS FROM HIGH AUTHORITY.

Hon. J. J. MIDDLETON, of Waccamaw, S. C., writes us under date of May 2d, 1853, that Radway's Renovating Resolvent cured one of his negros, on his Plantation at Beaufort, of a Scrofulous complaint, of many years' standing. The poor fellow was a disgusting object of pity; he was a moving mass of sores. The other negroes could not remain in the same place with him. He was entirely cured by Radway's Renovating Resolvent, and is now at work upon the plantation. To the people of S. C. Mr. Middleton is well known, and to the political world Mr. Middleton is no stranger.

Sold wholesale and retail by R. D. McARTHUR, Medical Hall, our appointed Agent for the Province of New-Brunswick, from whom Druggists and County dealers, can be supplied at the Manufacturers prices, thus saving the cost of freight and duty.

St. John, N. B., Nov. 1853. (y.)



CHERRY PECTORAL,

For the rapid Cure of

COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

This remedy has won for itself such notoriety from its cures of every variety of pulmonary disease, that it is entirely unnecessary to recount the evidences of its virtues in any community where it has been employed. As it has long been in constant use throughout this section, we need not do more than assure the people its quality is kept up to the best it ever has been, and that the genuine article is sold by T. WALKER & SON, St. John; J. COOK, Carleton; and by Druggists generally.

MANUFACTURERS OF THE

Improved Salamander Safes,

BOSTON.

THE Certificates and Premiums given to our manufacture and the decided preference shown to it by all who regard the subject unbiassed by interest or unprejudiced in any way, surely warrant us in urging upon the community, with strong emphasis, its acknowledged if not unequalled merit. Considering the cheapness of the article, it is surprising so few of our merchants and business men provide themselves with Safes. The cost is very trifling compared with their value—the interest on the price of a medium one being but four or five dollars a year—yet hundreds of persons who are doing an extensive business, and who would not for a day suffer their buildings or other property to be uninsured, have no hesitation in risking the loss of their Books and Papers, often far more valuable. We never knew the owner of a Safe, however, who would part with it for ten times the cost, provided he could not get another. Our Safes have been repeatedly tested in the hottest fires, and in every instance the contents have been found unscathed.

Safes of all sizes manufactured, to suit any desired location. The interior arrangement can be constructed in any way that the purchaser may require. We have appointed

REVIEWS OF THE WORK.

"MANHOOD, by J. L. CURTIS.—We agree with the Author that, so far from works of this class being objectionable in the hands of youth, or difficulties being opposed, every facility should be given to their circulation; and to strengthen our opinion, we need but refer to the recent distressing events at our Military and Scholastic Academies at Carshalton and Woolwich."—*Naval and Military Gazette, 1st February*, 1851.

"Curtis on Manhood.—Fortunate for a country would it be, did its youth put into practice the philanthropic and scientific maxims here laid down—one cause of matrimonial misery might then be banished from our land, and the race of the enervate be succeeded by a renewal of the hardy, vigorous spirits of the olden time."—*Chronicle.*

"We feel no hesitation in saying, that there is no member of society by whom the book will not be found useful—whether such person hold the relation of a parent, preceptor, or a clergyman."—*Sun*, Evening Paper.

Published by the AUTHOR; who begs to inform Patients in the East and West Indies the Mediterranean and British Colonies that their cases can be successfully treated by correspondence only, if the usual fee be enclosed, and the most inviolable secrecy may be relied on.
