This is the daily expedient that offers to us as practicable or possible, and by such a measure Her Majesty would aid a large number of the true friends of the Country to those who cordially rely on her innocence; nor would she shake the confidence of the latter. Hence the only Persons who ought to be disappointed are those who render her the instrument of faction, who care not whether she is innocent or guilty, and who would readily assent to her destruction if it would involve the destruction of the Monarchy.—Sun.

FREDERICTON, (N. B.)

3D OCTOBER, 1820.

Militia Regimental Orders,  
Fredericton, 2d October, 1820.

The first Battalion York County Militia will assemble by Divisions, for drill and inspection as follows, viz:—

Captains Reid, Hammond, and Yerxa, at William Kitchen's Farm on Crock's Point, on Monday 30th and Tuesday 31st inst. at 10 o'Clock in the forenoon of each day.

Captains Curry and M'Lean, at Capt. Allen M'Lean's Farm on the Nashwalk on Thursday the 2d and Friday 3d of November next, at 10 A. M. each day.

The right flank Company, the left flank Co. and Captain Payne's, at Fredericton on Monday the 6th and Tuesday the 7th November next, at 9 A. M.

By order of the Major Commanding,  
JOHN B. PAYNE,  
Adjutant 1st B. Y. C. M.

The Halifax papers by the last mail furnish European Intelligence to the 9th of August.

The Dutch have obtained the free navigation of the black sea.

Her Royal Highness the DUCHESS of YORK died on the 6th of August. She is to be buried in a vault which she caused to be made, and her funeral is to be private, agreeably to her request.

The Queen's affairs still attracted attention. The addresses to her increased in number, and her answers in spirit; arrangements for the commencement of the examination of her cause on the 17th of Aug. were in full execution.

Two powerful parties exist in England as to the concerns of the Queen—and at every place of assembly any speech that even distantly applies to the King or Queen, is applauded by one party and hated by the other.

Ministers and their adherents are silently and gradually taking the necessary steps for carrying the measures against the Queen into effect. There are investing the metropolis with a military force. Before the 17th of August, a cordon of troops to the amount of 40,000 men, with a proportion of artillery, will be stationed within four hours march of London. Such are the fears of ministers, and such the means on which they rest to counterbalance them.—[The News]

Sunbury Agricultural Report,  
1st Sept. 1820.

The Committee of Agriculture of the County of Sunbury met this day, at Mr. WM. PERLEY'S Majorville, when the following members were present,

The President, COL. MILES,  
The Treasurer, JOHN HAZEN, Esq.,  
The Secretary, MR. LAYTON,

AMOS PERLEY, RICHARD KEMBALL, and J. CLOWES Esquires; who after transacting other business agreed to the following Report.

1st Sept. 1820.  
REPORT.

The crops of wheat this year are excellent, and they have been harvested in the highest order; but a little equally good still remains to be cut. Indian corn at Majorville has never looked better, but owing to the continued drought its appearance on the high lands is not so favourable. The present year has been without exception the finest season for oats which this country has ever experienced; but barley is not by any means so good. Grass has throughout this county turned out exceedingly well, and it has been made in an excellent manner. Potatoes are expected to turn up large, but by no means abundantly, particularly on the high lands; and crops of Buck-wheat are not at all promising, much having entirely failed. The orchards look better than they have done of late years, and the productions of the gardens have completely answered our utmost expectations.

By order of the Committee,  
W. J. LAYTON, Secy.

To the Editor of the Royal Gazette.

MR. LUGRIN,  
It is with extreme reluctance that I, at any time, appear in print, and more so than

usual on the present occasion; but it having been reported, Sir, that the two Boys, John Brimer and George Estey, advertised in your paper of last Tuesday, were compelled to leave my service in consequence of bad treatment received from me, I, in justice to myself and family, think it incumbent upon me to repel such report by all the means in my power: and for that purpose, and to that end, have procured the following testimony, which I hope will prove satisfactory to an impartial community: And I do aver, Sir, that my conscience does not accuse me, in the smallest degree, of any severe treatment of the said two Boys, or any others who have been with me in a like capacity.

I am, Sir,  
Your humble servant,  
G. W. HARTT.
