

for peace, the latter give no cause for hostilities. The Emperor Alexander, it is understood, is earnest for peace, and that it will continue is the general opinion here. The other letter we have alluded to is rather of a more warlike nature; and states the Russian force on the frontiers at nearly 200,000 men; that General Wittgenstein had arrived at Odessa; that corn had risen considerably, on account of the ready sale at Constantinople; and that no hostilities were expected before the spring.

An instance of very honourable conduct on the part of the new King of Sardinia is mentioned in the Constitutionnel. The Count de Palma, a fugitive from Piedmont on account of the late troubles in that country, was forced by a tempest to land at Monaco. He was dragged by force from that territory, which his misfortune had rendered sacred. Being carried to Turin, and brought on the 19th of July last before a Military Commission he was condemned to death. This sentence has not been put in execution. The Royal Commission has ordered that he shall be reconducted to the spot where he was seized.

9TH OCTOBER, 1821.  
P. S. to the Gazette.

The following Act passed by the Legislature of the Province of New-Brunswick, in the month of March 1820, is confirmed, finally enacted and ratified, by an order of The KING in Council, dated at the Court at Carlton House the 9th day of June 1821.

AN ACT to alter, and in addition to an Act, intituled an Act for establishing a tender in all payments to be made in this Province.

WHEREAS the passing of the milled Doubloon at the current rate of Four Pounds, although conducive of great benefit, has a tendency while the same is not made a legal tender, and while the Spanish Dollar and other Silver Specie are kept at the present current rates, to diminish the circulating quantity of all other Specie in the Province, and is found to be highly inconvenient—

I. Be it therefore enacted by the Lieutenant-Governor, Council, and Assembly, That the milled Doubloon, or Four Pistole Piece of Spain, shall pass current and be received and paid for Four Pounds each, and the aliquot parts thereof at a proportionate value, and the Spanish milled Dollars shall pass current and be received and paid for Five Shillings and Fourpence each, and the aliquot parts of said Dollar shall pass current and be received and paid in the like proportion, and the French Five Franc Pieces shall pass current and be received and paid for Five Shillings each.

II. And be it further enacted, That the herein before mentioned Gold and Silver Coins shall be deemed and considered as a legal tender at the rates aforesaid, in all payments of money to be made in this Province, and shall be so adjudged in all Courts of Justice in the same. Provided always, that nothing herein contained shall extend to make any Doubloon or part of a Doubloon that may be plugged, a lawful tender, or any Doubloon weighing less than seventeen pennyweights eight grains, or any aliquot part of a Doubloon deficient of proportionate weight, a lawful tender in any case whatever, except at a deduction of twopence farthing for every grain so deficient.

III. And be it further enacted, That so much of the Act made and passed in the twenty-sixth year of His Majesty's Reign, intituled "An Act for establishing a tender in all payments to be made in this Province," as relates to the Spanish milled Dollars being made current at Five Shillings, be, and the same is hereby repealed.

IV. And be it further enacted, That this Act shall not be in force until His Majesty's Royal approbation be thereunto had and declared.
