They had however fallen into the unhappy error of all the former Emigrants,--had a ponderous superfluity of useless baggage along with them--consisting of broken vessels--old kitchen utensils and crazy pieces of furniture; of no intrinsic value but unnecessary expense in carriage.

CATTLE SHOW.

The first Cattle Show that has taken place under the Auspices of the newly organized "New Brunswick Agricultural and Emigrant Society," was held on Wednesday last on the Race Course in Fredericton; and although there was not that general display of Horned Cattle, Swine or Sheep, that some might have been led to expect, yet it is an event not the less important on that account, being the commencement of a system, which, if well followed up, must ultimately be productive of the greatest advan-

tages to the Province at large, inasmuch as it must have a tendency to create a lively spirit of emulation in the improvement of the breed of all kinds of Stock, and it was with no small degree of pleasure that we observed on Wednesday a display of three years old Colts, which far exceeded our most sanguine expectations, and some of which would have done credit to any Country, and this is only a specimen of what may be expected hereafter from our Cattle Shows, when that spirit of Emulation which has (in respect to Horses) begun already to shew itself, becomes more general throughout the Province.

It was not expected by the Central Committee of the Provincial Agricultural Society, nor would it have been reasonable to have look'd for it, that a first exhibition of the kind would produce any thing very extraordinary in every branch of Farming Stock, as there has not yet been time since the organization of the Society, for any material improvements--but now that a commencement has been made, we confidently hope in a few years to see our Cattle Shows not only rival any held in our Sister Colonies but even those of our Neighbours in the States, which must lead to the advancement of the General Agricultural Interests of the Province.--At present it cannot be denied that our Cattle of all kinds (with a few exceptions) are of very inferior breeds, small growth, and slight make, consequently a very unprofitable kind of Stock to the owners thereof--then with such, and many other prominent evils (in respect to bad seed and bad husbandry in general) existing; surely we are called upon by the duty we owe to each other in the community at large, to use the most strenuous exertions to support every measure likely to produce improvement in those branches, particularly as the best interests of the Province are so materially concerned therein, and what measure so favorable for having that effect as well organized Agricultural Societies? feeling then as we do, we confidently trust that a spirit of determination throughout the Province will be shown, to support the Agricultural Societies that have been, and many hereafter be formed, and thereby enable the directors thereof for the time being to carry into effect all measures likely to produce rapid improvement and permanent advantage.

The Show was very numerously attended by persons from various parts of the Province and the weather very fine, but we regret that His Excellency Sir HOWARD DOUGLAS, the enlightened and public spirited Patron of the Provincial Society, was prevented by indisposition from getting to the ground in time for the Show, but having afterwards arrived with Lady DOUGLAS and Family, the Colts were again brought out, and His Excellency expressed himself highly pleased with their make and symmetry.

The following Prizes were awarded by the Judges appointed for the purpose.

To William F. Odell, Esq. for Syphax the finest 3 years old Gelding, bred by himself, got by the Chief Justice Horse Lofly, out of Moll Roe, a brown Mare owned by said William F. Odell, Esq. } £10

To Jessie Christie, Senr. for the finest 3 years old Bull, bred by himself on the Kisway Ridge. } £5

To William F. Odell, Esq. for the finest Boar Pig one year and a half old, bred by the late Judge Chipman at St. John's, from Stock imported by him from Massachusetts. } £2

To Mr. William Miller, of Fredericton, for the finest Sow bred by Mr. John Nevers, from a Chinese breed imported into this Province by Anthony Lockwood, Esq. from England. } £1

In addition to the above it is expected that Prizes will be given by the Society to Mr. C. Murray, of Spring Hill, for the second best 3 year old Gelding; and to Mr. Ludlow Campbell of the Nashwaik; for the third best 3 year old Horse Colt, both of which are Colts of great promise, the former we understand was purchased by Wm. F. Odell, Esq. for £40 on the ground, as a match for Syphax.

FREDERICTON RACES--SECOND MEETING.

MONDAY, 5th SEPTEMBER.
Started at two o'clock, for the Plate of one hundred Dollars, 1 1/2 mile Heats.

1st. 2d. Heats.
Mr. Wilson's br. g. Tanner, aged--carrying 10st. 7lb. 1
Mr. Mark's c. m. Silk Stocking, aged, carrying 10st. 7lb. 2
Mr. Buntin's b. g. Ratler aged, carrying 10st. 7lb. 3

The first heat of this Race was well contested by Tanner and Silk Stockings, but their riders having dismounted, without returning to be weighed, those horses could not run for a second heat. The Plate was therefore won by Ratler; much sport having been anticipated from this Race, its issue caused great disappointment to the lovers of sport.

THE SAME DAY,
A Cup of one hundred Dollars for three and four years old.

1 mile Heats.
1st. 2d.
Mr. Garden's b. g. Ratler, 4 years old, carrying 8st. 5lb. 3 3
Mr. Benn's b. m. Jane, 4 years old, 8st. 5lb. 2 2
Mr. Segee's bk. m. Belt, 4 years old 8st. 5lb. 4 drawn.
Mr. Bailey's b. g. Nelson, 4 years old, 8st. 5lb. 1 1

This Race was won with great ease by the favourite, Nelson.

Mr. Buntin's b. g. Ratler, beat Mr. Langan's b. g. Spanker, 1/4 of a mile. A good match, made on the ground, and only won by half a neck.

ON TUESDAY 6th SEPTEMBER,
At two o'clock, started for a Purse of sixty Dollars, 1/2 mile Heats.

1st. 2d. Heats.
Captain Douglas's br. g. Rasper, aged--carrying 10st. 7lb. 2 distanced.
Mr. Wilson's br. g. Tanner, 10st. 7lb. 1 1
Mr. Buntin's b. g. Prizefighter, 6 year old, 10st. 3 2

In the first heat for this Race, Rasper pressed Tanner hard, who won by a length only. In the second heat Rasper having made a bad start, was making play and gaining ground fast on the others when he came in contact with one of the posts, and consequently fell and was distanced, his rider we are sorry to add was much bruised.

ON WEDNESDAY 7th SEPTEMBER,
A Handicap Sweepstakes of five Dollars each with thirty added from the Fund, 1 mile heats, was accepted by two only.

1st. 2d. 3d. Heats.
Mr. Mark's, c. m. Silk Stockings, carrying 9st. 5lb. 2 1 1
Mr. Buntin's b. g. Prizefighter, carrying 10st. 1 2 2

This Race afforded much sport; Prizefighter won the first heat by a length and a half and became the favourite, large odds being bet on him; the second heat neither horses were much pressed, but the third was run at their best pace, neck and neck for the whole mile, and was won by half a neck only.--Both Jockeys rode well, but the Rider of Silk Stockings was much cheered, as the issue of the Race was satisfactory to the generality of the Spectators.

The weather continued remarkably fine during the Races, but the long drought had rendered the course rather hard and extremely dusty; we have seldom witnessed a gay scene than the numerous assemblage of respectable people, carriages, booths, &c. on a spot so naturally beautiful as the Race Course is generally allowed to be. On the second day, the variety of the scene was much heightened by the Military Costumes of the Officers of Militia, who had been reviewed by His Excellency Sir HOWARD DOUGLAS, previous to the Races.

We have no doubt that the giving Plates to be run for every year, will have the effect of encouraging those who breed horses, to take some pains in the cultivation of that valuable branch of rural economy, and we trust that the Races will be carried on with increasing spirit from year to year as a public benefit as well as an amusement.

His Excellency the Lieutenant-Governor left this place on Saturday afternoon for St. John--we understand that it is His Excellency's intention to visit St. Andrews before his return.

An Inquisition was taken on Thursday last before William Taylor, Esq. a Coroner for the County of York, on view of the body of George Sutherland which was found dead near the dwelling of Mr. C. Duff, in the Parish of St. Mary's--The deceased had received a severe wound on the forehead and had his skull and bridge of his nose broken.

The Jury returned a verdict as follows--"Willfully Murdered by some person or persons to them unknown." Suspicion rests upon one R. M'Graw, who, in consequence, has been committed to Gaol.

DIED] At Mauderville on Thursday morning last, after a severe illness Mr. Benjamin Covert, his remains were interred on Saturday numerously and respectfully attended.

The English, August, Mail arrived yesterday from Halifax.

Peter Pennard, the Indian said to be the murderer of John M'George, of Lake George, in the Parish of P. W. was apprehended yesterday and committed to Gaol.

Miramichi, Sept. 7. 1825.

On Thursday and Friday last, there was raised in the Parish of Nelson, opposite the establishment of Messrs. John & Alexander Fraser, and Co., the frame of a Catholic Chapel, dimensions 60 feet by 40 and 24 1/2 feet in height. It is allowed by Judges to be the best and most substantial building ever seen in this place, and reflects the greatest credit on the architect and contractor, Mr. Walter Johnson.

A Special Session of the Peace is summoned, to be holden at the County Court-House in Fredericton, on Monday next, the 19th instant at noon, to regulate the Assize of Bread.
