**Leather Manufactory.**

**T**HE Manufacturing of Leather is an art which stands in great need of improvement, in this and other parts of this Province: I am well aware that our domestic Stock was properly manufactured, the Country might be supplied with Leather, without importing such vast quantities of Hides; and the honest Farmer would not experience the purchasing of Leather to be so burdensome.

Viewing the improvement of our domestic Manufactures, (of which that of Leather is unquestionably considerable) to be indispensably essential in the progressive Civilization of the Province, the Subscriber begs leave to assure the public, that his utmost abilities shall be most cheerfully employed in seeking them in the sphere of his profession; special attention will be paid to stock deposited to be cured or shorn; Cash or Leather may be obtained for such as is for Sale.

The public are requested to observe that a partial assortment of Leather, (namely, Sole Leather, stout and light Waxed Leather, wax'd and grain Calf-Skin, coarse and fine stag'd Leather, coarse grain Leather, Coravan, &c.; coarse and fine Harness Leather, black and brown Bridle Leather, Saddle Leather, &c. &c.) may be obtained cheap for Hides, Bark, or Cash, at the Subscriber's Manufactory, near of King-street, Fredericton, where he hopes they will meet with that ready and civil attendance which their patronage merits.
