

An ACT to enable the Governor and Trustees of the College of New-Brunswick, to make a conditional surrender of their Charter, and for the further endowment of the College, upon the granting of a new Charter.

Passed the 25th of March, 1825.
WHEREAS the Governor and Trustees of the College of New-Brunswick, have by their Petition, under their Seal of Incorporation, to this General Assembly, stated, "that by a Provincial Charter under the Great Seal of this Province, bearing date the twelfth day of February, in the year of our Lord one thousand and eight hundred, granted in the King's name, during the administration of the late Lieutenant Governor Carleton, the College of New-Brunswick was established and incorporated, with perpetual succession, by the name of *The Governor and Trustees of the College of New-Brunswick*, and with power to confer Degrees in the liberal Arts and Sciences, in the same manner as they are conferred by the Universities in England—That until very lately the funds and state of the Corporation were such as to prevent the Petitioners from attempting to put the Institution into any thing like a Collegiate form—That an attempt has recently been made to organize, and to put into operation, the College, and a President was accordingly appointed, and statutes proposed and established, under which four Students were matriculated—That the Petitioners are very desirous to see the Institution placed upon a respectable footing, and so as to ensure to those who may receive their instruction there, all the advantages which usually result from a Collegiate education—That in order to effect the same, the Petitioners are of opinion the first step to be taken will be to surrender the present Charter into the hands of His Majesty, and to solicit one in its place to pass under the Great Seal of the United Kingdom, which the Petitioners have reason to hope may be obtained, together with some other marks of His Majesty's favour—That the estates and property already vested in the Corporation, are so circumstanced as to make it necessary that an Act of the General Assembly should pass, to enable them to surrender the present Charter, conditionally, so as to preserve the rights of the College, and the interests of those who hold under titles from the Petitioners, and who are connected with the Institution": And whereas the said Governor and Trustees by their said Petition, have prayed, "that such an Act may pass the General Assembly as may answer the intended purpose."
I. *Be it therefore enacted by the Lieutenant-Governor, Council, and Assembly*, That the said Governor and Trustees of the College of New-Brunswick, shall and may have power and authority, and they are hereby authorized and empowered, by an Instrument in writing under their said Seal of Incorporation, to surrender into His Majesty's hands the said Charter of Incorporation, bearing date as aforesaid the twelfth day of February, in the year of our Lord one thousand and eight hundred, upon condition that His Majesty will accept of the same, and will be graciously pleased to grant another Charter in its place, for the re-incorporation of the said College. *Provided always*, that until such new Charter shall be granted, and the same go into operation, the said Provincial Charter, and the powers of the said Governor and Trustees, and all estates and rights vested in them, and all statutes, rules and orders, made or to be made by them, shall continue to exist in the same manner, to all intents and purposes, as if this Act, and the surrender so to be made under and by virtue thereof, had not been made, any thing herein contained to the contrary in any wise notwithstanding.
II. *And be it further enacted*, That should His Majesty be graciously pleased to favour this Province with such a Charter as is intended to be prayed for by the said Petitioners, His said Majesty shall be deemed and taken to be the Founder of the College, and shall be vested with all the rights and powers of Law belonging to the Founder of a College; and that His said Majesty may in and by such new Charter, nominate, constitute and appoint, such persons to form the Corporation of the College, and such persons to be the Patron and Visitor respectively, with such powers and authorities to be vested in them severally, and in general may put the said Collegiate Establishment upon such a

footing as to His Majesty in His Royal Wisdom may seem meet.
III. *And be it further enacted*, That immediately upon the commencement of the exercise of the powers to be vested by the contemplated new Charter, the said Provincial Charter, and the enrollment thereof in the Chancery, shall be, and shall be deemed and taken to be, *ipso facto* cancelled and annulled, and that all powers and authorities vested, as well in the said Governor and Trustees, as in all and singular the Officers by them appointed, shall from that time cease, and that all debts at that time due and owing to the said Governor and Trustees, shall thence become debts due and owing to the new Corporation of the said College, and recoverable in the name of such new Corporation, as if the same debts had been contracted with them; and that property real and personal of every kind and description which may at that time belong to and be holden by the said Governor and Trustees, shall immediately thereupon be transferred to and vested in the said new Corporation, and be holden thenceforth by such new Corporation in the same manner as the said Governor and Trustees might have held and enjoyed the same if the surrender of the said Provincial Charter had not been made; and that all Tenants of the said Governor and Trustees, shall thereupon be deemed and taken to be the Tenants of the said new Corporation, in the same manner as if they had originally become Tenants of such new Corporation; and that all the statutes, rules and orders, of the said Governor and Trustees of the College of New-Brunswick, shall thenceforth cease to exist. *Provided always*, that the Graduates and Students of the said College, shall be entitled to all the benefits resulting, or which would have resulted to them severally, if such statutes, rules and orders, had continued in force, and such surrender had not been made, any thing herein contained to the contrary notwithstanding.
IV. *And whereas* the funds of the said College will require to be increased, to render the Institution beneficial as an Academic Establishment—*Be it therefore further enacted*, that in addition to the monies heretofore granted towards the endowment of the said College of New Brunswick, and the Schools connected therewith, there be granted to the King's Most Excellent Majesty, and to His Heirs and Successors, towards the further endowment of the said College, the sum of six hundred Pounds currency per annum, payable out of the aggregate Fund of the Province, in such way as His Majesty may place to direct, after the surrender of the said Provincial Charter, and the granting of a new one as aforesaid under the Great Seal of the United Kingdom, and also the further sum of fifteen hundred Pounds, to be applied towards the erection of a suitable Building for the residence of the President and Professors, and the Students of the College, and towards the procurement of a Library and Philosophical Apparatus for the same.
V. *And be it further enacted*, That this Act shall be deemed and taken to be a Public Act, but not to be in force until His Majesty's Royal Approbation be thereunto had and declared.
N. B.—*This Act was "Confirmed, finally Enacted and Ratified," by an Order of His Majesty in Council, dated at the Court at Windsor, the 18th of Nov. 1823.*

(From the Etoile.)

PARIS, Jan. 12.—We this moment learn that His Majesty the King of the Two Sicilies, Ferdinand IV. is dead. His son Francis I. on ascending the Throne, has issued a decree, confirming all the existing Authorities in their respective functions.

PARIS, Jan. 11.—The Ministerial Journals stated a few days since that the reports relative to the acknowledgment of the

Independence of the South American States by the Cabinet of St. James, were destitute of foundation. They declared that such a measure would be an act of hostility against the Holy Alliance; and some even went so far as to insinuate that the Powers composing this Royal Coalition, would find themselves under the necessity of supporting the Monarchic principle by force, and that they would unite to assure to Spain the sovereignty of her Colonies.

While those journals were tracing out the circle within which the British Government should confine itself under the pain of incurring their indignation, Mr. Canning was coolly engaged in drawing up the diplomatic notes, which were solemnly to announce the independence of the former Colonies of Spain; & those treaties of Commerce, which England, always attentive to her interests, is on the point of concluding with them. It is thus he replies to the warlike organs of the Holy Alliance. This news has fallen like a thunderbolt in the midst of our discussions upon sacrilege, the indemnity of the emigrants, the reduction of the rentes, and the convents. The Diplomatic Corps are indignant, and the roads are covered with extraordinary couriers, despatched to all the capitals of the Continent. While waiting for the decision of the Cabinets, which it is not difficult to foresee, our Ministerial Journals have suddenly changed their tone.

The *Quotidienne* (but it is not Ministerial) is very frank upon the subject. It loudly confesses the importance of the declaration of Mr. Canning—it censures his conduct with severity, and threatens for the future a dangerous reaction. The British Cabinet (say this Journal) must not be astonished if their own principle be applied to themselves: They could have nothing to object, if it should happen some day that Russia, taken advantage of some of these insurrections so frequent in India, should acknowledge, influenced by the interests of its commerce, the Independence of Bengal, Ceylon, or the kingdom of Mysore. This emancipation, it is true, would injure the interests of the East India Company; but the fact could no longer be doubted, for the people of India have long since given evident proofs of their stability.—Constitutionnel.

A kind of Sub-Cabinet meeting, it is said, took place a few day since at Dropmote, the seat of Lord Grenville, with a view, it is supposed, of arranging the line to be taken by that part of the Administration at the approaching meeting of Parliament.
