THE Proprietor of the Royal Gazette with unfeigned gratitude, returns thanks to those of the Subscribers for that paper who have assisted its support by punctuality in their payments, and will always feel the greatest satisfaction in supplying them with it --- but is extremely sorry that he is compelled, from the backwardness in pay ment of the greater number of those who are regularly served with the Gazette, to adopt a new method for the preservation of means for its future support. The practice (too general in this country) of sending Newspapers through the Province to Subscribers for years, without receiving the smallest compensation for them, having proved so detrimental that a new arrangement has become inevitably necessary. The addition recently made to his office has cost him nearly £300 -- the Gazette will be enlarged, and for the future published in Quarto, to commence on the first Tuesday in June next ... The size will be about that of the Albion, published in New York (a paper well known in this Province) the price of which will be Sixteen Shillings per annum; the wh le amount must be paid upon appli cation for the paper. No pains will be spa red to make it useful and interesting. Those of our present Subscribers who may feel desirous of continuing the Gazette at its advanced price, are requested to send their names to either of the undermentioned Gentlemen or to this office (observing the conditions abovementioned) before the first Tuesday in June next, and they may depend upon every exertion being made, and care taken to forward it to them. Those persons who require their papers to be conveyed to them through the Post Office, will have to pay four shillings per annum postage, which must be deposited with the Subscription money. Notice of the expiration of the year will be published for two months previous, and all those whose subscriptions for a new term are not deposited within that period, will be considered withdrawn from the list of Subscribers. Subscriptions will be taken for any number of months previous to June in each year by paying the amount to that month, and if a further continuance is required, the money must be paid as above mentioned. Advertisements sent to this

ted according to the amount received. Agents for the Gazette Daint John, H. N. H. LUGRIN, Esq. St. Andrews, JAMES CAMPBELL, Esq. Miramichi, . A. STREET, Esq. Westmoreland, E. B. CHANDLER, Esq. Sheffield, JAMES TILLEY, Esq. Gage Town, C. P. WET-MORE, Esq. For Woodstock and North-

PROSPECTUS

Weekly Newspaper, TO BE CALLED THE

" Newcastie Herald,"

And to be published by E. A. MOODY, at Newcasilesevery Monday morning.

N common with the rest of the Inhabitants of Newcastle and the vicinity, the proposer suffered losses from the disastrous Conflagration, which disabled him from proceeding in the establishment of a Weekly Paper; for which he had settled there, and embarked all his little capital and resources - Having been the first to project the accomplishment of an object so aseful to the public of Miramichi, in the County Town; and having experienced the liberality and kindness of the inhabtants of Newcastle, Chatham, and other neighbouring places, in the readiness with which they then subscribed to the undertaking, he confidently trusts that the remembrance of his exertions, well meant however mafortunate, and the recol ection of their common sufferings, will be inducements of some weight in favour of his present views

A very respectable journal having since been set on foot. Chatham, it might be argued that this c roumstance had entirely superseded the necessity and utility of another paper in the same district; but while hopes exist of re edifying Newcastle, and restoring it to its previous importance, the best mode of effecting the desired end, will be to encourage the institution of those establishments which characterize a flourishing town, and to give every facility to the diffusion of commercial and agricultural information. As the shire town, much of the business of the country around must centre in it; and all the natural advartages of situamon forbid the inda gence of gloomy and unhappy

anticipations as to the future prospects of Miramichi. Besides these reasons, competition, which is the soul of every business, laudable and generous emu lation is as conducive to the public interest as it is instrumental in compelling individuals to the fullest development of their energies, and the most unremitting application of their ralents. The increase of Journals gives more room for the fare and free discussion of the wants and habits of society, and secures a more cand d and unbaissed conduct in the Editorial demeanor of those who are entrusted. with their management. In this instance, as the proposer will publish on a selfferent day of the week from that on which the Mocury appears, miteli gence of every description will be transmitted with greater rapidity to the community than it can be while but one weekly paper is distributed in the

In requesting of those, whose hospitality and generous public spirit led them to patronize the publisher in his first essay, to renew the same disposition towards him he cannot omit the opportunity of thanking them in the most heartfelt manner for the invariable kindness, which, (though a stranger and a native of another province,) he ex perienced from them. As he is at this moment procuring by every exertion the materials required in re-establishing his press, and depending chiefly for the success of his plan on the number of subseriptions which he may receive, he can never foret the kind treatment he met with at Milamich and his regret, at the sufferings he encountered here, is augmented by the circumstance of his pre sent separation from friends so sincere

The HERALD will consist of selected matter from foreign and colonial journals, magazines &c &c. and such original communications, remarks, &c as shall not contravene the rules of decorum. or infringe on the laws. The greatest possible care will be taken to avoid any thing offensive to religious and motal feeling, and every attention devoted, to give such useful and interesting contents as will render it a vehicle both of information and amusement -- He expects soon to be at Newcastle, and contemplates the commencement of his Paper to take place on or about the first of July next, if he should be encouraged to go on In the mean while substiptions will be received by the following gentlemen :-

At Newcastle, by Mr. T. C. Allen; at Charham, by Mr. Caleb M'Culley; at Richibucto, by Mr. Winckworth Allen; at Bay Verte, by Captain Crane; at Saint John, by Mr. Henry Chubb; at Frede. ricton, by Mr. Rober's; at Bay Chaleur, ; at Bathurst, by

The use of this celebrated remedy is not confined to the American States. Orders for it are constantly received from South America, the West Indies, Nova Scotia, Lower Canada, and in one instance orders were received from England and Russia. -In a lare lever, to the Proprietor from St. Salvador, the writer observes, " Your Opo deldoc begins to be well known and fully appreciated," &c.

Certificates have been received, sufficient to fill a column of a paper. A few only of the first respectability are attached to the directions -- among which is one from a Physician of the highest grade in Europe or America.

Pause before you Purchase.

No one circumstance can more fully prove the value and great demand for this Medicine, than the numerous servile and contemprible imitations in existence - some have so closely imitated the stamp and type of the outside wrapper, as to be difficult of detection, except only by the omision of the NAME. Therefore, as you value your Life or Limb, be sure to ask for and re-

Whitwell's Opodeldoc only, or you may be most wretchedly im-

posed upon. At the same place may be had, the
