

some conditions would not, in that case have been more exclusively confined to them. The trade of the United States will bear an advantageous comparison with the trade of any of the Colonial Powers, either in its amount, or the value or variety of the articles which it comprehends, is greatly superior to that of most of them, and justly entitles us to demand from Great Britain as favourable terms as those which are extended to any of them. It is true, that the act holds out the idea of some mitigation of those conditions in the authority confided to the King. But on what considerations his Britannic Majesty might be induced, by his Order in Council, to exercise the dispensing power vested in him, is not stated in the act itself, nor have they been disclosed by any Order in Council, or any other manner, which has come to our knowledge. The very investment of such a power, I repeat, implied friendly exonerations and discussions, and consequently the means of negotiation, which the British government now rejects as altogether inadmissible. Being, therefore, unable to ascertain the undivulged considerations which might have led to some relaxation or variations of the conditions of the act of Parliament, we are confined to an examination of those specific conditions themselves.

CHEMICAL EMBROCATION,

OR WHITWELL'S ORIGINAL OPODELDOC.

Treble the strength of the hard kind.

BEWARE OF IMITATIONS.

THIS article is now, beyond all dispute, considered by every Physician of extensive practice in the United States as the best known general remedy in all cases of Bruises, Sprains, Gout, Rheumatism, Cramp, Numbness, Stiffness of the Neck or Limbs, Chilblains, Chapped Hands, Stings of Insects, Vegetable Poisons &c.

The use of this celebrated remedy is not confined to the American States. Orders for it are constantly received from South America, the West Indies, Nova Scotia, Lower Canada, and in one instance orders were received from England and Russia. In a late letter, to the Proprietor from St. Salvador, the writer observes, "Your Opo-deldoc begins to be well known and fully appreciated," &c.

Certificates have been received, sufficient to fill a column of a paper. A few only of the first respectability are attached to the directions - among which is one from a Physician of the highest grade in Europe or America.

Pause before you Purchase.

No one circumstance can more fully prove the value and great demand for this Medicine, than the numerous servile and contemptible imitations in existence - some have so closely imitated the stamp and type of the outside wrapper, as to be difficult of detection, except only by the omission of the NAME. Therefore, as you value your Life or Limb, be sure to ask for and receive

Whitwell's Opodeldoc

only, or you may be most wretchedly imposed upon.

At the same place may be had, the

Aromatic Snuff,

celebrated throughout the American Continent, in cases of Catarrh and Headache, Drowsiness, Depression of Spirits, Vapors, Dimness of Eye-sight, and all disorders of the head. From its most fragrant and grateful quality, it completely counteracts the effects of a bad atmosphere, and being greatly antiputrescent, is indispensable for all who watch with or visit the sick.

The Opodeldoc,

is recommended by Dr. MITCHELL, of New-York, M. D. L. L. D. Professor of Botany and Materia Medica in their College of Physicians: The SNUFF, by Dr. WATERHOUSE, Professor of the Theory and practice of Physic in the University of Cambridge.

The above articles, warranted Genuine, will constantly be kept on hand by SAMUEL KENDALL, jun. who is appointed Agent for the Inventors.

Fredericton, 25th April. 1826.

And the most interesting part of the the same in the shop owned by Mr. L. Fisher, on his individual account. Those persons either in Town or Country, who may wish to employ him in that line, may rely on the strictest attention being paid to their orders.
