

be taken by Roman Catholic Members in the Bill lately passed. Considering the hour there was an unusual number of Members in attendance, for the purpose of witnessing the admission of the first Roman Catholic into the House, as Member for Horsham. Having taken the Oath, which was printed on two large sheets of pasteboard, the Noble Lord, according to custom, went up to the Speaker, who shook him very cordially by the hand. The Noble Lord then retired behind the Chair, and was greeted in a similar manner by many Honorable Members.

MANCHESTER, May 5.

Since I sent my letter of this morning, I am sorry to say that there has been a strong muster of the mob of St. George's Road and New Cross—and they have been busy in entering the provision shops, and helping themselves to all they contained, not forgetting to take all the money they could find, and also stopping the Yorkshire coaches as they came into town. About one o'clock a strong muster of them were making for the Market-place, but they have been dispersed by the military and police. It has put a stop to all business, and most of the shops in the direction of the rioters are closed. They are very strong this afternoon in several parts of the town, and have been plundering the shops in all directions. Their plan is to go on in strong parties before the shops and houses, and give an huzza, and if the owners do not give them either bread or money, they destroy the windows.

The Magistrates are swearing in a great number of special Constables, as it is expected the mob will be very troublesome during the night. We have some fresh troops in during the day, and a number more are expected in the morning.

The Magistrates have issued a great number of bills throughout the town, desiring all the shops to be closed at eight o'clock, and all parties to keep within doors. The soldiers are parading the different parts of the town and are expected to remain out during the whole of the night.

The rioters seem to get stronger in numbers, and a great many country people are in the town.

The soldiers have taken a great number of rioters up during the day, but I believe they have not got the parties that set the factory on fire. The damage done is calculated at between £20,000 and £30,000.

HALIFAX, JUNE 3.

THE CATHOLIC ASSOCIATION, or Society of the Friends of Ireland in Nova Scotia, held its last Meeting on Monday evening, when a Committee was appointed to distribute the funds among the poor of the Town, without distinction of country or creed; and the great object, in aid of which the Society was organized, having been accomplished by the Bill recently passed through Parliament, a motion was made by the Secretary, that the Association be dissolved, which was carried by acclamation.—*Novascotian*.

THE WEATHER has, during the last fortnight, been singularly variable. Sunday so'night was exceedingly warm; the thermometer rising to an elevation seldom exceeded in the middle of summer. On the following Monday, although from the effect of the sea breeze, it was comparatively cool in the Town, it was so intensely hot in the interior, that several Oxen fell dead on the road in King's County, and a gentleman from Kentville assured us that he never experienced any man from Kentville assured us that he never experienced any thing like it at this season. Tuesday and Wednesday were also very warm—Thursday was cooler, and since then we have had some very chilly and uncomfortable weather, and to-day, a fire, if not indispensable, is very pleasant.—*IB*.
