AYER'S CHERRY PECTORA

FOR THE RAPID CURE OF Colds, Coughs, and

Hoarseness. DR. J. C. AYER: I do not healtate to say the DR. J. C. AYER: I do not hesitate to say the best remedy I have ever found for Coughs, Hoarseness, Influenza, and the concomitant symptoms of a Cold, is your CHERRY PECTORAL. Its constant use in my practice and my family for the last ten years has shown it to possess superior virtues for the treatment of these complaints.

EBEN KNIGHT, M. D.

A. B. MORTLEY, Esq., of UTICA, N. Y., writes: "I have used your PECTORAL myself and in my family ever since you invented it, and believe it the best medicine for its purpose ever put out. With a bad cold I should sooner pay twenty-five dollars for a bottle than do without it, or take any other remedy."

Croup, Whooping Cough, Influenza.

SPRINGFIELD, MISS., Feb. 7, 1856. BROTHER AYER: I will cheerfully certify your PECTORAL is the best remedy we possess for the cure of Whooping Cough, Croup, and the chest discuses of children. We of your fraternity in the South appreciate your skill, and commend your medicine to our people.

HIRAM CONKLIN, M. D.

AMOS LEE, Esq., Morrerey, Ia., writes, 3d Jan., 1856: "I had a tedious Influenza, which confined me in doors six weeks; took many medicines without relief; finally tried your Pectoral by the advice of our clergyman. The first dose relieved the sereness in my throat and lungs; less than one half the bottle made me completely well. Your medicines are the cheapest as well as the best we can buy, and we esteem you, Doctor, and your remedies, as the poor man's friend."

Asthma or Phthisic, and Bronchitis.

WEST MANCHESTER, Pa., Feb. 4, 1856. Sm: Your CHERRY PECTORAL is performing marvellous cures in this section. It has relieved several from alarming symptoms of consumption, and is now curing a man who has labored under an affection of the lungs for the last forty years.

HENRY L. PARKS, Merchant.

A. A. RAMSEY, M. D., Alsion, Monroz Co., Iowa, writes, Sept. 6, 1855: "During my practice of many years I have found nothing equal to your Cherry Protoral for giving ease and relief to consumptive patients, or curing such as are curable."

We might add volumes of evidence, but the most convincing proof of the virtues of this remedy is found in its effects upon

Consumption.

Probably no one remedy has ever been known which cured so many and such dangerous cases as this. Some no human aid can reach; but even to those the CHERRY PECTORAL affords re-

ASTOR HOUSE, NEW YORK CITY, March 5, 1856. Doctor Ater, Lowell: I feel it a duty and a pleasure to inform you what your Cherry Pectoral has done for my wife. She had been five months laboring under the dangerous symptoms of Consumption, from which no aid we could procure gave her much relief. She was steadily failing, until Dr. Strong, of this city, where we have come for advice, recommended a trial of your medicine. We bless his kindness, as we do your skill, for she has recovered from that day. She is not yet as strong as she used to be, but is free from her cough, and calls herself well.

Yours, with gratitude and regard.

Consumptives, do not despair till you have tried AYER'S CHERT PECTORAL. It is made by one of the best medical chemists in the world, and its cures all round as bespeak the high merits of its virtues. — Philadelphia Ledger.

Ayer's Cathartic Pills.

THE sciences of Chemistry and Medicine have been taxed their utmost to produce this best, most perfect purgative which is known to man. Innumerable proofs are shown that these Pills have virtues which surpass in excellence the ordinary medicines, and that they win unprecedentedly upon the esteem of all men. They are safe and pleasant to take, but powerful to cure. Their penetrating properties stimulate the vital activities of the body, remove the obstructions of its organs, purify the blood, and expel disease. They purge out the foul humors which breed and grow distemper, stimulate at gish or disordered organs into their natural action, and fart healthy tone with strength to the whole system. Not ally do they cure the everyday complaints of every body, but also formidable and dangerous diseases that have baffled the best of human skill. While they produce powerful effects, they are, at the same time, in diminished doses, the safest and best physic that can be employed for children. Being sugar-coated, they are pleasant to take; these Pills have virtues which surpass in excellence the ordinafor children. Being sugar-coated, they are pleasant to take; and being purely vegetable, are free from any risk of harm. Cures have been made which surpass belief were they not substantiated by men of such exalted position and character as to forbid the suspicion of untruth. Many eminent clergymen and forbid the suspicion of untruth. Many eminent clergymen and physicians have lent their names to certify to the public the reliability of my remedies, while others have sent me the assurance of their conviction that my Preparations contribute immensely to the relief of my afflicted, suffering fellow-men.

The Agent below named is pleased to furnish gratis my American Almanac, containing directions for their use, and certificates of their cures of the following complaints:

Continuous Philosophy Complaints:

Costiveness, Bilious Complaints, Rheumatism, Dropsy, Heartburn, Headache arising from a foul Stomach, Nausea, Indigestion, Morbid Inaction of the Bowels, and Pain arising therefrom. Flatulency, Loss of Appetite, all Ulcerous and Cutaneous Dis-Evil. They also, by purifying the blood and stimulating the system, cure many complaints which it would not be supposed they could reach, such as Deafness, Partial Blindness, Neuralgia and Nervous Irritability, Derangements of the Liver and Kidneys, Gout, and other kindred complaints arising from a low state of the body or obstruction of its functions,

Do not be put off by unprincipled dealers with some other pill they make more profit on. Ask for Avan's Pills, and take nothing else. No other they can give you compares with this in its intrinsic value or curative powers. The sick want the best aid there is for them, and they should have it.

PROSPECTUS OF THE

Abstainer

A Temperance Periodical, to be published under the auspices of the Grand Division of the Sons of Temperance of the Province of Nova Scotia.

T the Quarterly Session of the Grand Division of the Sons of Temperance, held at Shubenadic in May last, the following Resolution was adopted:-"That in the opinion of this Grand D ivision the publication of a monthly periodical at a cheap rate, wholly devoted to the cause of Temperance, would materially promote the interests of that cause in this province; that the brethren heretofore acting as the Authenæum Committee be now appointed a publication Committee, for the purpose of taking this subject into consideration; that if they should succeed in making satisfactory arrangements with any person for the publication of a monthly periodical, they be authorized to declare the same the Organ of the Grand Division, and to take such steps as they may udge advisable in order to procure for the said peri odical the patronage and support of the Subordinate Divisions, and of the friends of Temperance throughout this province."

The object has been secured. It is now proposed to publish a monthly paper to be entitled ' !he Abstainer." It will be about the size of the late Athenaum, but folded in sixteen pages instead of eight. The subscription will be half a dollar per annum, payable in advance.

The proposed paper will be wholly devoted to Temperance. The argument will be presented in the form of Essays, Tales, Letters, etc., as need may require. The history of Temperance movements will be a prominent feature of the work, and intelligence will be procured from all parts of the world illustrating disputable proofs of the value of this astonishing the progress of the great reform. Special attention will, of course, be given to Nova Scotia, and measures will be adopted to furnish accurate accounts of all Temperance Organizations in the province. Prohibition will be the Watch-word. The prohibition spirit

will characterise every department of the paper.
The low rate at which "THE ABSTAINER" will be published will necessitate economy in all the arrangements.—The paper will be sent in bundles, containing not less than ten copies each. If one friend in every place or neighbourhood, will kindly undertake to canvass for subscribers, and to distribute the numbers when forwarded, the business may be easily despatched. Subordinate Divisions, or Temperance Watchmen's Clubs, may, in like manner, agree to take a certain number of copies each, which may

the "ABSTAINER." Success can only be achieved by securing an extensive circulation. Motives to effort need scarcely be enumerated. Will it not suffice to advert to the recent defeat of the Prohibitory Liquor Law-to the increase of intemperance in most parts of the province-and to the necessity for a constant endeavour to enlist public opinion in favour of the Temperance cause, by means of the press? How can information be communicated-how can existing evils be exposed-how can the lukewarm be aroused, and zealous advocates sustained-how can the union of Temperance organizations in support of the great probioitors movement be constituted and carried into effect-if we have no Temperance periodical? The force of these considerations will doubtless be admitted.

Correspondence is respectfully solicited, with particular reference to the progress of Temperance organizations and the effects of the Liquor Traffic. Communications may be forwarded by post to the editor-Rev. Dr. CRAMP, Wolfville.

The first number of the " ABSTAINER" will be published on the 15th of October.

All orders and remittances will be thankfully received by Mr. P. Monoghan, Grand Scribe, 148 Albermarle Street, Halifax. JAMES BARNES, Publisher

Cathartic. PRICE 25 CENTS PER BOX, CONTAINING 50 PILLS.

Each box contains fifty pills, which makes them as cheap again as any other standard pill, and four times cheaper, and warranted much superior in the cure of various diseases, to any of the Syrup mixtures sold; besides being a more convenient and proper form for

HE astonishing success which has attended the use of Dr. Roberts Compound Sarsaparilla Pills is proof abundant and conclusive that they are truly

Nature's Own Remedy,

and that they will cure all curable diseases, quicker and more pleasantly than any other medicine ever known. The Pills are principally an alterative medicine, (their basis being the solid extract of Sarsaparilla, prepared in a superior manner,) but sufficiently cathartic to gently assist nature, without purging unnecessarily, which make them peculiarly adapted to weak and enfeebled persons, invigorating and strengthening the body, purifying the system, producing new rich blood and a healthy action of the stomach and liver.

They are acknowledged by our ablest physicians to be not only unexceptionable, but efficacious in the highest degree, and as a general

Family Medicine unequalled.

The Compound Sarsaparilla Pills are used for the permanent cure of those diseases which arise from an mpure state of the blood, and morbid secretions of the liver and stomach, viz., erysipelas, scrofula or king's evil, ulcers, scald head, obstinate cutaneous eruptions, blotches, boils, pimples, sore, weak or inflamed eyes glandular swellings, rheumatic affections, pains in the bones and joints, dropsy, dyspepsia, asthma, diarrhea and dysentery, coughs, colds, consumption when caused by capillary obstructions of the lungs in persons of scrofulous constitutions, inflammation of the lungs, influenza, indigestion, headache, jaundice, fever and ague, chill fevers, and fevers in general, general and have admired its wonderful effect. My hair was benervous debility, and diseases arising from an injudicious of his "Restorative," it has resumed its original color, use of mercury, and whenever medicine is required to invigorate and purify the system.

They are a purely vegetable compound, and moy be used by persons of all ages. They are pleasant to the palate, and produce no nausea, uncasiness or griping in their operation. Hundreds of certificates could be given of those who have used them with great benefit

We ask no person to take our word as to the merits of the medicine, but to call on the agent and purchase a box, and if on trial it does not give the most perfect satisfaction, they can return the box and receive the money paid for the same. Purchasers will be particular to ask for "Dr Robert's Compound Sarsaparilla Pills," and observe that the green wrapper on each box has u fac simile of the signature of Jos. Roberts, M. D., and C. B. READ THIS -- OLD AND YOUNG!

PROFESSOR WOOD'S

Hair Restorative,

IS, no doubt, the most wonderful discovery of this age of progress, for it will restore, permanently, gray hair to its original color, cover the head of the bald with a most luxuriant growth, remove at once all dandruff and itching, cure all scrofula, and other cutaneous eruptions, such as scald head, etc. It will cure, as if by magic, nervous or periodical headache; make the hair soft, glossy, and wavy, and preserve the color perfectly, and the hair from falling, to extreme

The following is from a distinguised member of the medical profession:

St. PAUL, January 1, 1855.

PROFESSOR O. J. WOOD-DEAR SIR: Unsolicited, I send you this certificate After being nearly bald for a long time, and having tried all the hair restoratives extant, and having no faith in any, I was induced, on hearing of yours to give it a trial. I placed myself in the hands of a barber, and had my head rubbed with a good stiff brush, and the Restorative then applied and well rubbed in, till the scalp was aglow. This I repeated every morning, and in three weeks the young hair appeared and grew rapidly from August last till the present time, and is now thick, black and strong—soft and pleasant to the touch; whereas, before, it was harsh and wiry, what little there was of it, and that little was disappearing very rapidly. I still use your restorative about twice a week, and shall soon have a good and perfect crop of hair. Now I had read of these things-and who has not? but have not seen hitherto any case where any person's hair was really benefitted by any of the hair tonics, etc.. of the day; and it really gives me pleasure to record the result of my experience. I have recommended your preparation to others, and it already has a large and general sale throughout the Territory. The people here know its effects, and have confidence in it. The supply you sent us, as wholesale agents for the Territory, is nearly exhausted, and daily inquiries are made for it. You deserve credit for your discovery; and I, for one, return you my thanks for the benefit it has done me, for I

Bosmon, 27 School Street, March 20, 1855. DBAR SIR: Having become prematurely quite gray I was induced, some six weeks since, to make a trial of your Restorative. I have used less than two bottles but the gray hairs have all disappeared; and although my hair has not fully attained its original color yet the

process of change is gradually going on, and I am in great hopes that in a short time my hair will be as dark as formerly. I have also been much gratified at the healthy moisture and vigor of the hair, which before was harsh and dry; and it has ceased to come out as

For a Marvellous Age!!

The Grand External Remedy.

By the aid of a microscope, we see millions of little penings on the surface of our bodies. Through these this Ointment, when rubbed on the skin, is carried to any organ or inward part. Diseases of the Kidners. disorders of the Liver, affections of the Heart, Inflate. mation of the Lungs Asthmas, Coughs and Colds, are by its means effectually cured. Every housewife knows that salt passes freely through bone or heat of any thickness. This healing Ointment far more readily penetrates through any bone or fleshy part of the living body, curing the most dangerous inward complaints, that cannot be reached by any means.

Erysipelas, Rheumatism and Scorbutic

No remedy has ever done so much for the cure of disease of the Skin whatever form they may assume, as this Gintment. Scurvy. Sore Heads Scrofula, or Erysipelas cannot long withstand its influence. The inventor has travelled over many parts of the globe visiting the principal hospitals, dispensing this Ointment, giving advice as to its application, and has thus been the means of restoring countless numbers to heal h.

Sore Legs, Sore Breasts, Wounds & Ulcen. Some of the most scientific surgeons now rely solely on the use of this wonderful Ointment, when having to cope with the worst cases of sores wounds, ulcen, glandular swellings and tumours. Professor Hollows has despatched to the East, large shipments of this Ointment to be used in the worst cases of wounds. It will cure any ulcer, glandular swelling, atiffness or contraction of t e joints, even of 20 years' standing.

Piles and Fistulas.

These and other similar distressing complaints can be effectually cured if the Ointment be well rubbed in over the parts affected, and by otherwise following the printed directions around each pot,
