

took many medicines without relief; finally tried your PECTORAL by the advice of our clergyman. The first dose relieved the poreness in my throat and lungs; less than one half the bottle made me completely well. Your medicines are the cheapest as well as the best we can buy, and we esteem you, Doctor, and your remedies, as the poor man's friend."

## Asthma or Phthisic, and Bronchitis.

WEST MANCHESTER, PA., Feb. 4, 1856. SAR : Your CHERRY PECTORAL is performing marvellous cures in this section. It has relieved several from alarming symptoms of consumption, and is now curing a man who has labored under an affection of the langs for the last forty years. HENRY L. PARKS, Merchant.

A. A. RAMSEY, M. D., ALRION, MONROZ Co., IOWA, writes, Sept. 6, 1865: "During my practice of many years I have found nothing equal to your CHEREY PECTORAL for giving ease and re-hef to consumptive patients, or curing such as are curable."

We might add volumes of evidence, but the most convincing proof of the virtues of this remedy is found in its effects upon

trial.

## Consumption.

Probably so ene remedy has ever been known which cured so many and such daugerous cases as this. Some no human aid can reach; but even to those the CHEREY PECTOBAL affords retief and comfort.

ASTOR HOUSE, NEW YORK CITY, March 5, 1856. Docron Aven, Lowenz: I feel it a duty and a pleasure to inform you what your CHERRY PECTORAL has done for my wife. She had been five months laboring under the dangerous symptoms of Consumption, from which no aid we could procure gave har much relief. She was steadily failing, until Dr. Strong, of this city, where we have come for advice, recommended a trial of your medicine. We bless his kindness, as we do your skill, for she has recovered from that day. . She is not yet as strong as she used to be, but is free from her cough, and calls herself woll. Yours, with gratitude and regard,

ORLANDO SHELBY, OF SHELEYVILLE.

Consumptives, do not despair till you'have tried Aven's CHERRY PECTORAL. It is made by one of the best medical chemists in the world, and its cures all round us bespeak the high merits of its wirtues. - Philadelphia Ledger.

# Ayer's Cathartic Pills.

THE solences of Chemistry and Medicine have been taxed their utmost to produce this best, most perfect purgative which is known to man. Innumerable proofs are shown that these PILIS have virtues which surpass in excellence the ordinary medicines, and that they win unprecodentedly upon the esteem of all men. They are safe and pleasant to take, but powerful to oure. Their penetrating properties stimulate the vital activities of the body, remove the obstructions of its organs, purify the blood, and expel disease. They purge out the foul humors which breed and grow distemper, stimulate str pish or disordered or-gans into their natural action, and that healthy tone with strength to the whole system. Not say do they cure the overy-day complaints of every body, but also formidable and danger-ous diseases that have baffled the best of human skill. While they produce powerful effects, they are, at the same time, in di-minished doses, the safest and best physic that can be employed for children. Being sugar-coated, they are plausant to take; and being purely vegetable, are free from any risk of harm. Cures have been made which surpass holief were they not sub-stantiated by men of such enalted position and character as to forbid the suspicion of untruth. Many eminent clergymen and physicians have lent their sames to certify to the public the re-finability of my remedies, while others have sent me the assurance of their conviction that my Preparations contribute im-

mensely to the relief of my afflicted, suffering fellow-men. The Agent below named is pleased to furnish gratis my American Almanac, containing directions for their use, and certificates of their cures of the following complaints: -

Costiveness, Bilious Complaints, Rheumatism, Dropsy. Heart-tion, Morbid Inaction of the Bowels, and Pain arising therefrom, Flatulency, Loss of Appetite, all Ulcerous and Cutaneous Dis eases which require an evacuant Medicine, Scrofula or King's Evil. They also, by purifying the blood and stimulating the sys-tem, cure many complaints which it would not be supposed they could reach, such as Deamess. Partial Blindness, Neuralgia and Nervous Irritability, Derangements of the Liver and Kidneys, Gout, and other kindred complaints arising from a low state of the body or obstruction of its functions.

KIND OF HUMBR; BARWA

FROM THE WORST SCROFULA DOWN TO A COMMON PIMPLE.

E has tried it in over 1100 cases, and never failed except in two cases, (both thunder humor.) He has now in his possession over two hundred certificates of its value, all within twenty miles of Boston.

Two bottles are warranted to cure a nursing sore mouth. One to three bottles will cure the worst kind of pin ples on the face.

Two to three bottles will clear the system of biles. Two bottles are warranted to cure the worst canker in the mouth and stomach.

Three to five bottles are warranted to cure the worst case of ervsipelas.

One to two bottles are warranted to cure all humor in the eves.

Two bottles are warranted to cure running of the ears and blotches among the hair.

Four to six bottles are warranted to cure corrupt and running ulcers.

One bottle will cure scaly eruption of the skin. Two to three bottles are warranted to cure the worst

case of ringworm. Two to three bottles are warranted to cure the most desperate cases of rheumatism.

Three to four bottles are warranted to cure the salt been the means of restoring countless numbers to rheum

Five to eight bottles will cure the worst cases o scrotula.

A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.

Reader, I peddled over a thousand hottles of this in the vicinity of Boston. I know the effect of it in every case. So sure as water will extinguish fire, so sure will this cure hamor. I never sold a bottle of it but that sold another; after a trial it always speaks for itself. There are two things about this herb that appears to me surprising; firs' that it grows in our pastures, in some places quite plentiful, and yet its value has never ucen known until I discovered it in 1846-second, that it should cure all kinds of humor.

great popularity of the discovery. I will state that in the printed directions around each pot. April, 1853, 1 peddled it, and sold about six bottles per day-in April, 1854, I sold over one thousand bottles per day of it.

Some of the wholesale Druggists who have been in ousiness twenty and thirty years, say that nothing in the annals of patent medicines was ever like it. There is a universal praise of it from all quarters.

In my own practice I always kept it strictly for humors-but since its introduction as a general family | Bite of Mosmedicine, great an wonderful virtues have been found in it that I never suspected.

Several cases of epileptic fits-a disease which was Coco-bay always considered incurable, have been cured by a few Chiego-foot bottles. O, what a mercy if it will prove effectual in Chilblains all cases of that awful malady-there are but few what Chapped hands have seen more of it than I have.

I know of several cases of Dropsy, all of them aged ticularly in diseases of the Kidneys, &c., the discovery civilized world, at the following prices :- 1s. 3d.; has done more good than any medicine ever known. No change of diet ever necessary. Eat the best you can get, and enough of it.

# The Grand External Remedy.

By the aid of a microscope, we see millions of little openings on the snrface of our bodies. Through these this Ointment, when rubbed on the skin, is carried to any organ or inward part. Diseases of the Kidneys, disorders of the Liver, affections of the Heart, Inflammation of the Lungs Asthmas, Coughs and Colds, are by its means effectually cured. Every housewife knows that salt passes freely through hone or meat of any thickness. This healing Ointment far more readily penetrates through any bone or fleshy part of the living body, curing the most dangerous inward complaints, that cannot be reached by any means.

### Erysipelas, Rheumatism and Scorbutic flumours.

No remedy has ever done so much for the cure of disease of the Skin whatever form they may assume, as this Ointment. Scurvy, Sore Heads Scrofula, or Erysipelas cannot long withstand its influence. The inventor has travelled over many parts of the globe visiting the principal hospitals, dispensing this Ointment, giving advice as to its application, and has thus health.

Sore Legs, Sore Brea-ts, Wounds & Ulcers. Some of the most scientific surgeons now rely solely on the use of this worderful Ointment, when having to cope with the worst cases of sores wounds, ulcers glandular swellings and temours. Professor Holloway has despatched to the East. large shipments of this Ointment to be used in the worst cases of wounds. It will cure any ulcer, glandular swelling, stiffness or contraction of t. e joints, even of 20 years' standing.

# Files and Fistulas.

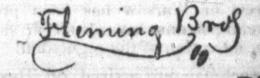

These and other similar distressing complaints can oe effectually cured if the Ointment be well rabbed in In order to give some idea of the sudden rise and over the parts affected, and by otherwise following

Both the Ointment and Pills should be used in

the following cases :---Rheumatism Corns (Soft) Cancers Scalds Contracted and Sore Nipples Stiff Joints Sore-throats Elephantiasis Skin-diseases Fistulas Scurvy Sore-heads Gout Glasdular Swel Tumours lings Ulcers Lumbago Wounds Yaws
