Millford, Worcester Co., Mass., Nov. 1856. PROF, O. J. WOOD-Dear Sir; I take great pleasure in bearing voluntary testimony to the magic effects of your wonderful Hair Restorative. As far back as 1836, scalp became bald and smooth as glass, and it ha continued to fall for a great many years, notwithstanding I have used many celebrated preparations for restoration. Seeing your advertisement. I was induced to give your article a trial, and to my lutter astonishment, found, after a few applications, that my hair became firmly set, and assumed a glossy and beautiful appearance; and by the time I had used a quart bottle, my bald head was covered even with young and vigorous growth of hair, which is now from one to two inches in length, and growing fast, Yours, truly,

When I first com menced using it, my hair was quite gray, and in spots entirely bald. I have now used the Restorative about five months, and my hair is entirely changed to the original color, brown, and the new hair is over three inches in length on the spots were it was baid.
