THE GRANVILLE STREET SABBATH SCHOOL enjoyed a rural entertainment on Tuesday the 2nd inst. Pupils, teachers, and other friends, together with the pastor, Rev. D. Freeman, met in the vestry at 11 o'clock, and proceeded to a beautiful grove on the ground of Mr. E. Shields, where they spent the day in various youthful amusements, and in partaking of the abundant refreshments provided.

At the close of the afternoon the happy voices were hushed to listen to some pieces of sacred music performed by both instruments and voices, after which addresses were delivered and all returned much delighted with the days recreation.

TEMPERANCE DINNER.—The friends of Temperance of Wallace and Pugwash met together on the 13th ult., and partook of an excellent dinner. After spending the afternoon in a procession and in exchanging the congratulations of friendship, a Public Meeting was held in the Temperance Hall. Addresses were delivered by the Rev. Mr. Foshay of Pugwash, and the Rev. Mr. McCarty of Wallace, which afforded satisfaction and encouragement to all concerned.

The Bazaar held at Newport, on the 3rd inst., for the erection of a new Episcopal Church, realised the handsome sum of £230.—The day was splendid, and the gathering of people of all ages and classes, upwards of 1,300.

There is to be another Beazaar in aid of the Episcopal Church at Bridgetown, on Tuesday, 16th September.

DEATH FROM SEA BATHING.—A boy about 12 years of age, named Hales, died suddenly yesterday (5th Sept.); and it was made to appear from the Coroner's Inquest which was held upon his body, that he died from inflammation of the bowels caused by too frequent sea bathing.—Ib.

CORONER'S INQUEST.—A jury investigated the cause of a mason named Thomas Walsh, an inmate of the Poor's Asylum for several months past, who met his death by straying into the jail yard, and mistaking a cess-pool for his bed, perished miserably therein. The jury returned a verdict in accordance with the facts, and expressed a strong opinion against the existence of the nuisance.—Chronicle.

FIRE!—The unusual sound of the fire-bell was heard in our city on Friday, at 10 o'clock, A. M., for the first time during several months. The alarm was occasioned by the boiling over of a tar pot on Commercial wharf, which having been incautiously placed close to a wooden store speedily ignited the shingles and boards. The Fire Department rushed with all haste to the scene of danger, but the Ordnance engine being close at hand was first on the spot, and being put in operation without a moment's detention soon got the fire under.—Ib.

A German Society is about being formed in this City, for the relief of their countrymen who may be thrown amongst them in destitute circumstances.—Journal.

Ex-Judge T. C. Haliburton, of our Supreme Court, has, we believe, taken a final farewell of Nova Scotia as a place of residence.—Rec.

Dr. George Bingay, a native of Yarmouth, has been admitted a member of the Royal College of Surgeons, in London.—Having taken the degree of M. D. at Philadelphia, and practised for some time in the County of Annapolis, he has been passing a year in England, and at the Continental Institutions.

LIVERPOOL FEMALE ACADEMY.—We are pleased to learn that arrangements are being made to open a Seminary for the instruction of young ladies in this town, in the course of a few weeks, under the direction of a number of gentlemen who are associated for that purpose. The institution will consist of a primary, intermediate, and senior department, so arranged as to afford superior advantages for teaching the elementary, as well as the solid branches of a thorough English education, together with the Latin, Greek, French, and German languages, vocal and instrumental music, painting and drawing.—Liverpool Trans.

Mr. Hood has made arrangements to open a Nautical Academy in this town.—Ib.

Canada.

A SHORT ROUTE BETWEEN EUROPE AND AMERICA.—Messrs. Allen & Co., of Montreal, propose to run a line of first class steamers during the summer months between Liverpool and Quebec, provided that the Government of Canada will supply the bonus of \$24,000 a year. The Montreal Board of Trade recommend, that advantage be taken of this route to secure the speedy transmission of news between the two continents, by establishing a line of telegraphic communication between Quebec and Forteau Bay, a point on the shore of the Straits of Belleisle, some seven hundred miles east of Quebec. The Toronto Leader says—

It is distant from Liverpool only 1878 miles, while from Liverpool to Halifax the distance is 2486 miles; so that by the Canadian route

there would be effected a saving of 600 miles to the point where the news from England could be telegraphed over the continent. It is manifest, therefore, that no other point presents the same advantages for the early transmission of news as that which Mr. Young wishes to connect with Quebec by telegraph. Forteau Bay is 122 miles nearer Liverpool than Cape Race in Newfoundland, and compared with New York—which is reached by the best Collin's boat in ten days—it shortens the distance between the two continents no less than 1132 miles, or about four days' sailing; so that a first class boat can with ease make the voyage from Liverpool to the Canadian Land's End—the telegraphic terminus proposed by Mr. Young—in six days.

On the outward passage of the Canadian from Québec, Rev. W. March, a passenger, drank by mistake a quantity of disinfecting fluid, which caused his death.

New Brunswick.

We understand that upwards of \$86 were collected on Monday evening after Mr. Wortabet's lecture at the Baptist Church, Germain Street, towards purchasing the freedom of a slave in the Southern States. Mr. Wortabet lectured again last evening, and afterwards left town for Halifax, by way of Windsor, in the Steamer Creole.—St. John Courier.

We understand that the Revenue Officers of Miramichi, seized on Friday morning last, at Murdoch's Meadows, sixteen casks of Spirits, and ten from on board the Schr. Lady Smith, from Boston, being in illegal sized packages, amounting in all to about 1000 gallons.—Gleaner.

A Valuable Family Medicine.

So celebrated has Dr. M'Lane's Vermifuge, prepared by Fleming Bros., of Pittsburgh, Pa., become that it is regarded as the only specific cure for worms. Families should never be without a supply of it. At this season particularly, when worms are so troublesome and frequently so fatal among children, parents should be watchful; and on the first appearance of those distressing symptoms which warn us of their presence, at once apply this powerful and efficacious remedy. We are confident that it only requires a trial, to convince all that it richly merits the praise that have been lavished upon it. It is safe and infallible. Volumes of certificates can be produced, showing its great medical virtues.

Purchasers will be careful to ask for DR. M'LANE'S CELEBRATED VERMIFUGE, manufactured by FLEMING BROS. OF PITTSBURGH, PA. All other Vermifuges in comparison, are worthless. Dr. M'Lane's genuine Vermifuge, also his Celebrated Liver Pills, can now be had at all respectable Drug Stores. None genuine without the signature of FLEMING BROS.

Sold in Halifax, by JOHN NAYLOR, and WM. LANGLEY.

Holloway's Ointment and Pills are an effectual cure for Hemorrhoids (commonly known as Piles)—Nearly half of the human race suffer with this distressing malady, unconscious that these celebrated remedies are a certain cure for it. Professor Holloway has received during the past year upwards of 1400 Testimonials from parties who have been cured by Holloway's Ointment and Pills. The delicate nature of the complaint prevents Professor Holloway from giving publicity to names, but their astonishing efficacy render them invaluable to the patient who pines with suffering, unwilling to let the world know the amount of agony endured, to which these medicines afford almost immediate relief, and by persevering a lasting cure.

Late discoveries in Pathology show that very many of the diseases which afflict mankind arise from impurity of the blood. Dropsy, Gout, Cancer, Ulcers, and Eruptions, all arise in disordered deposits from the blood. Billious diseases and fevers are caused solely by its damaged unhealthy state, and even the decline of life follows a want of vitality in the blood. In view of these facts Dr. AYER, designed his Cathartic Pill especially to purify and invigorate the blood, and hence we believe to arise its unparalleled success in controlling and curing disease.
