KENNEDY'S Medical Discovery

THE GREATEST OF THE AGE.

R. KENNEDY, of Roxbury, has discovered in one of our common pasture weeds, a remedy that cures EVERY KIND OF HUMOR, from the worst Scrofula down to a common Pimple. He has tried it in over eleven hundred cases, and never failed except in two. He has now in his possession over two hundred certificates of its value, all within twenty miles of

A benefit is always experienced from the first bottle. and a perfect cure is warranted when the above quan-

tity is taken. Nothing looks so improbable to those who have in vain tried all the wonderful medicines of the day, as that a common weed, growing in the pastures, and

along old stone walls, should cure every humor in the system; yet it is now a fixed fact. If you have a hu-mor it has to start. There are no ifs nor ands about it, suiting some cases, but not yours. He has peddled over a thousand bottles of it in the vicinity of Boston, and knows the effects of it in every case. It has al ready done some of the greatest cures ever done in Massachucetts. He gave it to children a year old; to old people of sixty; and has seen poor, puny looking children, whose flesh was soft and flabby, restored to a perfect state of health by one bottle.

To those who are subject to a sick headache, one bottie will always cure it. It gives great relief in catarrh and dizziness. Some who have taken it have been costive for years, and have been regulated by it. Where the body is sound, it works quite easy, but where there is any derangement of the functions of nature, it will cause very singular feelings, but you must not be slarmed—they always dissapear in from four days to a week. There is never a bad result from it-on the contrary, when that feeling is gone, you will feel yourself like a new person. I heard some of the most extravagant encomiums of it that ever man listened to.

No change of diet ever necessary. Eat the best you can get, and enough of it.
