THE GREATEST MEDICAL DISCOVERY OF THE AGE.

DR. KENNEDY, of Roxbury, has discovered in one of our common pasture weeds a remedy that cures

EVERY KIND OF HUMOR;

FROM THE WORST SCROFULA DOWN TO A COMMON PIMPLE.

HE has tried it in over 1100 cases, and never failed except in two cases, (both thundred humor.) He has now in his possession over two hundred certificates of its value, all within twenty miles of Boston.

Two bottles are warranted to cure a nursing sore mouth. One to three bottles will cure the worst kind of pimples on the face. Two to three bottles will clear the system of biles.

Two bottles are warranted to cure the worst canker in the mouth and stomach. Three to five bottles are warranted to cure the worst case of erysipelas. One to two bottles are warranted to cure all humor in the eyes.

Two bottles are warranted to cure running of the ears and blotches among the hair. Four to six bottles are warranted to cure corrupt and running sores. One bottle will cure scaly eruption of the skin.

Two to three bottles are warranted to cure the worst case of ringworm. Two to three bottles are warranted to cure the most desperate cases of rheumatism. Three to four bottles are warranted to cure the salt rheum. Five to eight bottles will cure the worst cases of eczema.

A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken. Reader, I peddled over a thousand bottles of this in the vicinity of Boston. I know the effect of it in every case. So sure as water will extinguish fire, so sure will this cure humor: I never sold a bottle of it but that sold another; after a trial it always speaks for itself. There are two things about this herb that appears to me surprising; first that it grows in our pastures, in some places quite plentiful, and yet its value has never been known until I discovered it in 1846—second, that it should cure all kinds of humor.

In order to give some idea of the sudden rise and great popularity of the discovery, I will state that in April, 1853, I peddled it, and sold about six bottles per day—in April, 1854, I sold over one thousand bottles per day of it.

Some of the wholesale Druggists who have been in business twenty and thirty years, say that nothing in the annals of patent medicines was ever like it. There is a universal praise of it from all quarters.

In my own practice I always kept it strictly for humors—but since its introduction as a general family medicine, great and wonderful virtues have been found in it that I never suspected.

Several cases of epileptic fits—a disease which was always considered incurable, have been cured by a few bottles. O, what a mercy it will be proved effectual in all cases of that awful malady—there are but few who have seen more of it than I have.

I know of several cases of Dropsy, all of them aged people cured by it. For the various diseases of the Liver, Sick Headache, Dyspepsia, Asthma, Fever and Ague, Pain in the Side, Diseases of the Spine, and particularly in diseases of the Kidneys, &c., the discovery has done more good than any medicine ever known.

No change of diet ever necessary. Eat the best you can get, and enough of it.

DIRECTIONS FOR USE.—Adults one table spoonful per day—Children over ten years, dessert spoonful—Children from five to eight years, tea spoonful. As no directions can be applicable to all constitutions, take sufficient to operate on the bowels twice a day.

Mason's Normal Singer.

A Collection of vocal Music, for Singing-Classes, Schools, and Social Circles. Arranged in four parts. To which are prefixed the Elements of Vocal Music, with Practical Exercises. By LOWELL MASON, Doctor of Music, University of New York. 192 pages.

THIS little work, just published, is received with universal favor, and is undoubtedly destined to be the most popular School Music-Book ever published in America. "The Normal Singer," says the Preface, "if it be indeed normal, must be right, or a book in which the principles of song are treated according to their true relations to the great work of education, or to human improvement, goodness, and happiness. It must be right in the end at which he aims, and right in its details, or in the means which it employs." The music is mostly new, embracing, however, a few of the gems from the "Juvenile Lyre," "Juvenile Singing School," and other of Dr. Mason's juvenile works published many years since. It is so arranged that it can be sung in one, two, or four parts. August 15.

ALWAYS SOMETHING NEW. READ THIS—OLD AND YOUNG!

PROFESSOR WOOD'S

Hair Restorative.

IS, no doubt, the most wonderful discovery of this age of progress, for it will restore, permanently, gray hair to its original color, cover the head of the bald with a most luxuriant growth, remove at once all dandruff and itching, cure all scrofula, and other cutaneous eruptions, such as scald head, etc. It will cure, as if by magic, nervous or periodical headache; make the hair soft, glossy, and wavy, and preserve the color perfectly, and the hair from falling, to extreme old age.

The following is from a distinguished member of the medical profession: ST. PAUL, January 1, 1855.

PROFESSOR O. J. WOOD—DEAR SIR: Unsolicited, I send you this certificate. After being nearly bald for a long time, and having tried all the hair restoratives extant, and having no faith in any, I was induced, on hearing of you to give it a trial. I placed myself in the hands of a barber, and had my head rubbed with a good stiff brush, and the Restorative then applied and well rubbed in, till the scalp was aglow. This I repeated every morning, and in three weeks the young hair appeared and grew rapidly from August last till the present time, and is now thick, black and strong—soft and pleasant to the touch; whereas, before, it was harsh and wiry, what little there was of it, and that little was disappearing very rapidly. I still use your restorative about twice a week, and shall soon have a good and perfect crop of hair. Now, I had read of these things—and who has not? but have not seen hitherto any case where any person's hair was really benefited by any of the hair tonics, etc., of the day; and it really gives me pleasure to record the result of my experience. I have recommended your preparation to others, and it already has a large and general sale throughout the Territory. The people here know its effects, and have confidence in it. The supply you sent us, as wholesale agents for the Territory, is nearly exhausted, and daily inquiries are made for it. You deserve credit for your discovery; and I, for one, return you my thanks for the benefit it has done me, for I certainly had despaired long ago of ever effecting any such result. Yours, hastily, J. W. BOND. Firm of Bond & Kelley, Druggists, St. Paul.

[From the Editor of the Real Estate Advertiser.] BOSTON, 27 School Street, March 20, 1855.

DEAR SIR: Having become prematurely quite gray, I was induced, some six weeks since, to make a trial of your Restorative. I have used less than two bottles, but the gray hairs have all disappeared; and although my hair has not fully attained its original color, yet the process of change is gradually going on, and I am in great hopes that in a short time my hair will be as dark as formerly. I have also been much gratified at the healthy moisture and vigor of the hair, which before was harsh and dry; and it has ceased to come out as formerly.

Respectfully yours, D. C. M. RUPP. Professor Wood.

CARLYLE, Illinois, June 19, 1855.

I have used Professor Wood's Hair Restorative, and have admired its wonderful effect. My hair was becoming, as I thought, prematurely gray, but by the use of his "Restorative," it has resumed its original color, and I have no doubt, permanently so. SIDNEY BRIDGE. Ex-Senator United States.

AYER'S Cathartic Pills.

(SUGAR COATED), AND MADE TO CLEANSE THE BLOOD AND CURE THE SICK. Invalids, Fathers, Mothers, Physicians, Philanthropists, read their Effects, and judge of their Virtues.

FOR THE CURE OF Headache, Sick Headache, Foul Stomach,

Dr. J. C. AYER, Sr.: I have been repeatedly cured of the worst headache any body can have by a dose or two of your Pills. It seems to arise from a foul stomach, which they cleanse at once. If they will cure others as they do me, the fact is worth knowing. Yours with great respect, ED. W. PEEBLE, Clerk of Steamer Clarion.

Bilious Disorders and Liver Complaints.

Dr. J. C. AYER, Sr.: I have used your Pills in my general and hospital practice ever since you made them, and cannot hesitate to say they are the best cathartic we employ. Their regulating action on the liver is quick and decided; consequently they are an admirable remedy for derangements of that organ. Indeed, I have seldom found a case of bilious disease so obstinate that it did not readily yield to them. Fraternally yours, ALONZO BALL, M. D., Physician of the Marine Hospital.

Dysentery, Relaps, and Worms.

Dr. J. C. AYER, Sr.: Your Pills are the perfection of medicine. They have done me more good than I can tell you. I had been sick and pining away for months. I went off to be doctored at great expense, but got no better. She then commenced taking your Pills, which soon cured her, by expelling large quantities of worms (dead) from her body. They afterwards cured her and our two children of bloody dysentery. One of our neighbors had it bad, and my wife cured him with two doses of your Pills, while others around us paid from five to twenty dollars doctors' bills, and lost much time, without being cured entirely even then. Such a medicine as yours, which is so really good and honest, will be prized here. GEO. J. GREENLICH, Physician.

Indigestion and Impurity of the Blood.

Dr. J. C. AYER, Sr.: I have used your Pills with extraordinary success in my family and among those I am called to visit in distant places. To regulate the organs of digestion and purify the blood they are the very best remedy I have ever known, and I can confidently recommend them to my friends. Yours, J. V. HINES. WARREN, WYOMING CO., N. Y., Oct. 24, 1855.

Erysipelas, Scrofula, King's Evil, Tetters, Tumors, and Salt Rheum.

Dr. J. C. AYER, Sr.: Your Pills are the paragon of all that is great in medicine. They have cured my little daughter of numerous sores upon her hands and feet that had proved incurable for years. Her mother has been long grievously afflicted with blotches and pimples on her skin and in her hair. After our child was cured, she also tried your Pills, and they have cured her. ASA MORRISON.

Rheumatism, Neuralgia, and Gout.

From the Rev. Dr. Haines, of the Methodist Epist. Church, POLASKI HOUSE, SAVANNAH, GA., Jan. 5, 1854. HONORABLE SIR: I should be ungrateful for the relief you have brought me if I did not report my case to you. A cold settled in my limbs and brought on excruciating neuralgia pain which ended in chronic rheumatism. Notwithstanding I had the best physicians, the disease grew worse and worse, until by the advice of your excellent agent in Baltimore, Dr. Mackenzie, I tried your Pills. Their effects were slow, but sure. By persevering in the use of them I am now entirely well.

For Dropsy, Plethora, or kindred Complaints, requiring an active purge, they are an excellent remedy.

For Costiveness or Constipation, and as a Diarrhoea Pill, they are agreeable and effectual.

Pits, Suppression, Paralysis, Inflammation, and even Deafness, and Partial Blindness, have been cured by the alterative action of these Pills.

Most of the pills in market contain Mercury, which, although a valuable remedy in skillful hands, is dangerous in a public sale, from the dreadful consequences that frequently follow its incautious use. These contain no mercury or mineral substance whatever.

AYER'S CHERRY PECTORAL FOR THE RAPID CURE OF COUGHS, COLDS, HOARSENESS, INFLUENZA, BRONCHITIS, WHOOPING COUGH, CROUP, ASTHMA, INFANCY CONSUMPTION,

and for the relief of consumptive patients in advanced stages of the disease.

We need not speak to the public of its virtues. Throughout every town, and almost every hamlet of the American States, its wonderful cures of pulmonary complaints have made it a household name. Nay, few are the families in any civilized country on this continent without some person's experience of its effects; and fewer yet the communities where where which have not among their sons some living trophy of its victory over the most dangerous diseases of the throat and lungs. While it is the most powerful antidote yet known to man for the formidable and dangerous disease of the pulmonary organs, it is also the pleasantest and safest remedy that can be employed in its treatment, and young persons. Parents should have it in their hands against the insidious enemy that steals upon their offspring, and saves more lives by its consumption than it prevents than those it cures. Keep it by you, and cure your cold while they are curable, nor neglect them until no human skill can master the formidable cancer that festers on the vitals, and your life is every day drawing near its close. All know the dreadful fatality of lung disorders, and so they know too the virtues of this remedy, we need not to say that we assure them it is still made the best it can be. We spare no cost, no care, no toil to produce it the most perfect possible, and thus afford those who rely on it the best agent which our skill can furnish for their cure.

PREPARED BY DR. J. C. AYER, Practical and Analytical Chemist, Lowell, Mass. AND SOLD BY

MORTON & COGSWELL, Halifax; Dr. E. P. HARRIS, Windsor; G. S. CROCKER, Liverpool; and by all Dealers in Medicine throughout the Province. August 15.
