COMMERCIAL INTELLIGENCE.—Congress adograed on Monday night after a most tedious and corrupt session. Millions of the public lands have been given to speculators. Each member appears to have cared for his own pocket, and but few will return to their constituents as pure as they left. Among the last acts is passing a bill giving notice to the owners of the Collins Line of steamers that, at the end free of postage. of six months, the extra appropriation will be discontinued. This will be regretted by a great many of our best citizens who feel a deep interest in this undertaking. Mr. Collins and his associates have, by their untiring energy, established the best line of steamers in the world. PREPARED BY FLEMING BROS., PITTSBURGH, PA.

From the unsolicited testimony continually offered from all quarters of the country, it is impossible to resist a conviction of the great excellence of these Pills in 4000 tons, nearly ready to take her station in all diseases of the Liver and Stomach. The following letter from Toronto, Canada, is one of the many the

TORONTO, April 27th, 1354.

Sirs :- I take this opportunity of informing you of mortified at the position in which Congress the benefits I have derived from Dr. M'Lane's valuable has placed us. We have a powerful rival who Pills. I have for two years past been afflicted with a severe pain over the eyes, accompanied with a nervousness and sense of dizziness; a malady beyond the power and skill of our physicians to relieve and cure, caused, as far as I myself could judge, by a diseased state of the liver and stomach. Some of the doctors tried bleeding, and various other remedies were tried, but all in session nearly nine months, and failed to in vain, for the deep-rooted disease still stuck fast. At pass the bill for the support of the army. When last I procured a box of your valuable Liver Pills from a Druggist here, and feel, after taking a portion of them, the people will have great occasion to rejoice. that the disease and painful sensation over the eyes has almost entirely left me. I will close by advising all those afflicted as I have been, to procure the valuable

> There are plenty of young gentlemen as well as plenty of old ones, whose beards are turning gray, which gives the former a great deal of uneasiness, and exposes the age of the latter. To avoid these little perplexities we advise such of our readers to use Prof. Wood's Hair Restorative which will, in the course of a few weeks, change the hair to its natural color. It does not dye the hair like the most of the hair restoratives but produces a greatest and the same and tives, but produces a gradual change of color from the roots of the hair to the final end, and gives it a fine and glossy appearance. We have seen many persons who have used it successfully, and pronounced it the only invention which has come up to their idea of a "cure for gray heads." We commenced using it about two months since, and if we are any judge of age and beauty, it has made us at least ten years younger; in fact we are beginning to look quite young. It never fails.—St. Louis Hereid.

De you doubt it .- Dyer's Healing Embrocation has been tested times without number, and always found effectual in the cure of the various ills that flesh is heir to. If those unacquainted with the article doubt this, let them try it for themselves.
