Domestic and Foreign.

Last week this Province, especially towards the northern shores, was visited with a succession of very heavy thunderstorms, accompanied by rain and hail. At Pugwash a barn belonging to Mr. Pineo was struck by lightning and burnt to the ground. It contained some 40 tons of hay and several heads of cattle. At Wallace we are told, the clouds were so dense and the storm so heavy that the afternoon was as dark as midnight. Hail fell to the depth of several inches on some of the mountains. A large number of windows were broken; but no injury was done to the crops.—*Pres. Wit.*

The mate and crew, who were all in liquor, quarrelled with the master, when he retired to his cabin for shelter, the men following him and smashing in the cabin door, he seized a pistol and discharged its contents into the stomach of one of the foremost men. An investigation was subsequently instituted by the Magistrates. It is stated that the wound is not likely to prove mortal.—*Journal.*

THE CAPE BRETON ELECTION, comes off to-day, and we presume that Mr. Caldwell will be elected. There were several Candidates in the field, all of whom have been withdrawn but Messrs. Caldwell and Ferguson.

About a fortnight since a communication was sent to Mr. Howe by a Committee of gentlemen formed at Sydney, requesting him to come down by Steamer and allow himself to be put in nomination. Mr. Howe's answer was that he had no peculiar claims upon the County of Cape Breton—no desire to interfere in its deliberations or with the prospects of others already in the field. That if elected he would represent the County independently, but that he could not go down or take any steps to secure the vacant seat. He was therefore not put in nomination at the Sheriff's Court.—*Chron.*

The New Brunswick elections are now all over. It is believed there will be an effective majority to sustain the Governor and his new Government.—*Col.*

Last week our city was visited by a heavy thunder storm accompanied by torrents of rain and a terrific gale. Many chimney tops, slate fences, and signs were blown down. The ships in the harbour dragged their anchors, and a number of small fishing craft were blown out into the bay; they have, however, all returned in safety.—*Ch. Visitor.*

The county of Oxford, Canada West, was visited by a fearful tornado on Sunday the 29th ult. It was confined within a narrow compass; but every thing within its range was prostrated and a number of lives were lost. Houses were thrown down and their fragments scattered, vehicles on the highways were overturned and broken in pieces, and trees were torn up by the roots.

A violent gale occurred in the Gulf of St. Lawrence, on the 1st inst. It is said to have surpassed in violence anything of the kind that has been known there for several years during the corresponding season.—*Recorder.*

United States.

On Sunday afternoon, during the thunder storm, a woman named Catherine York, residing in Washington avenue, between Atlantic and Pacific streets, was struck by lightning and instantly killed. She had a child, aged eight months, in her arms, and was seated opposite her husband, near the fire-place. The fluid entered the chimney and ripping the clock and the mantle board struck the woman about the breast and killed her instantly. The child and husband were uninjured.

A New Haven correspondent says that another disturbance occurred between about thirty students of Yale College and the "Townies," or town's people, on Saturday night, in which several on both sides were injured. The fight originated in a quarrel between a Southern student and another young man concerning the proper epithet which should be applied to Preston S. Brooks, in consideration of his assault on Senator Sumner. One declared that he was a coward, and the other insisted that he was a gentleman.

A TELEGRAPHIC despatch from Trieste, forwarding news from Alexandria, announces that Arabia is still in a state of insurrection. It has declared it will no longer recognize the rule of the Sultan. The Governor of the Hedjaz holds out firmly, but is without relief or support.

RAILWAY TO JERUSALEM.—At the recent annual meeting of the British Society, the Chairman, Sir Culling E. Yardley, mentioned the fact that a railroad is about to be established from the Mediterranean to Jerusalem, with the sanction of the Turkish and British Governments, so that it is likely that the materials of the line from Bala Clava to Sebastopol will be transferred for the purpose. Thus, materially as well as politically, the war has tended to open up the East to Western enterprise.

A subterranean railroad is now being laid down in Paris, in the middle of the Boulevard du Sebastopol. It will connect the halles or markets with the extramural railways.

Missionary Appointments.

Rev. J. Shaw, D. McKeen, and M. Ross, each two months to P. E. Island:

Rev. H. Charlton, three months to Ship Harbour and County of Guysborough.

Brother Corey, six weeks to Five Islands.

Rev. H. Ross is still engaged in the Gaelic Mission in C. Breton.

Other Missions were deferred until funds are secured.

To the friends of missions we now appeal. Must we cease operations for the want of means to carry them forward? Many are saying, send us help. We would fain do so, but the treasury is empty.

Are there not some ten that will pledge ten pounds each for this object. Along our Eastern and Southern shores, greatly is needed the constant preaching of the gospel.

And are there not some twenty others who could pledge five pounds for this object, and establish a mission in some other place. Brethren and friends, who will respond to the calls?

D. W. C. DIMOCK, Secretary.

Omslow, July 9.

At a meeting of the Domestic Missionary Board, of the Central Baptist Association, held in Chester, on the 24th ult., the following appointments were made:

Bro. Plumb, four weeks mission with the church at West Sherbrooke.

Bro. Robert Walker, six weeks with the church at East Sherbrooke. The surrounding districts are included in the above appointments.

Bro. Stephens, six weeks at Jedore and surrounding places.

Bro. Burton, six weeks at Five Islands, Economy. If bro. Burton should be unable to fulfil this mission himself, he is at liberty to send a substitute.

By a Resolution of the Board, Missionaries are desired to take collections and subscriptions in behalf of the Domestic missionary funds. The time and manner of doing this will be left to the discretion of the Missionary.

It is also expected that missionaries encourage the establishment of Sabbath School, and Temperance Societies. They are likewise requested to report their proceedings as often as convenient.

The Board also voted £33 6s. 8d. to the funds of the Eastern Association, to aid in the support of the Gaelic Mission in Cape Breton, also £5 to Bro. Burton, in aid of an English Mission in Cape Breton.

Another Letter from Texas.

TRAVIS, CO. TEXAS, Aug. 15, 1854.

Messrs. Fleming Brothers—Dear Sirs:—There were several cases of Chills and Fever in my mother's family at the time we received the McLane's Liver Pills ordered in my letter of June 12th, and a few doses administered in each case produced the desired effect, thus demonstrating the efficiency of these celebrated Pills in that disease.

Mother has not been troubled with the sick headache since she has commenced taking these Pills, and as we have but few of them left, you will please send us one dollar's worth. Direct, as before, to Austin, Texas. Respectfully yours.

MEREDITH W. HENRY.

Holloway's Ointment and Pills possess magical powers in the cure of sores.—Mr. Henderson, of St. Andrews, N. B., writes that Holloway's Ointment and Pills have acted on his son like magic, the boy was covered with sores from the time he was a few months old. A relative of Mr. Henderson assured him, that Holloway's Pills would cure him, and although doubtful of the truth, he determined to give them a trial. Nine weeks perseverance with these celebrated remedies, completely restored the child to health, for which Mr. Henderson has tendered his everlasting thanks to Holloway's Ointment and Pills.
