

The next lecture is to be delivered by the Rev. Mr. Sedgwick, subject, "The amusements of children."

PROTESTANT ORPHAN ASYLUM.—It is a matter for thankfulness that an Institution under this name has been recently established in the city under excellent auspices.

PUBLIC MEETING.—The following letter has been received by His Excellency the Lieutenant Governor from the Lord Mayor of London:

Fund for the Relief of the Sufferers by the Mutiny in India.

MANSION HOUSE, Oct. 1857. SIR.—The disastrous events which have occurred in our Indian territory will already have come to your knowledge.

We cannot doubt that our fellow subjects over whom your influence extends as the Representative of the British Government, must sympathize most deeply with the fallen and bereaved, and that they will feel with us the binding obligation under which as a nation we are laid to alleviate their afflictions and to compensate their wrongs.

I beg to enclose to you some documents which we respectfully request you to circulate, and which will afford to some extent the necessary information, both as to the urgency of the case, and as to the principles which will guide the Relief Committee at home in the distribution of those funds which the humanity of their fellow-countrymen may place at their disposal.

(Signed) THOMAS Q. FINNIS, His Excellency Sir John G. LeMarchant, Lieut. Governor of Nova Scotia.

The letter was handed to His Worship the Mayor, and a public meeting was called for yesterday at 2 o'clock, to adopt such measures as might be deemed necessary to respond to the appeal.

His Worship the Mayor filled the chair. P. C. Hamilton, Esq., was chosen Secretary. The time of meeting was not favourable to an audience such as would fill the Temperance Hall.

A vote of thanks was passed to His Worship, for his able conduct in the chair. The speeches were eloquent and excellent, and elicited frequent applause.

MAIL LOST.—On the night of the 20th inst., the mail for Sherbrooke, St. Mary's, was lost by the courier, when a few miles from Antigonish. The night being dark, he strayed off the road and got lost himself.

Inglis, the man arrested in the attempt to swindle the Hon. W. A. Black out of £125 by means of threatening letters, and who is suspected of having been guilty of burning the same gentleman's outbuildings some weeks ago, is a native of this county.

Permanent Cures in all affections of the throat and lungs are constantly being made by Wistar's Balsam of Wild Cherry. Great as is its reputation, its works are greater. Many physicians speak of it in the highest terms.

In the evening of Thursday last Mr. Agnew had occasion to visit his store and soon afterwards found that it had been robbed of watches and jewelry to the amount of about £260. In what way the entrance was effected it is not known although it is presumed that it was through a back window. No clue has been got that will lead to the detection of the guilty party.

New Brunswick.

The boy Slavin was sentenced on Friday last by Mr. Justice Parker, the 4th of March being named as the day of execution, but it is believed that there will be a commutation of the sentence to that of imprisonment for life.

The Prisoner appears to be still insensible to his condition. He amuses himself in drawing figures upon a slate with a pencil. When informed that he would be imprisoned for life, it appeared to affect him a little; but after that, he was as cool and unconcerned as if at home in his mother's house.

ANOTHER FATAL ACCIDENT.—Dreadful accidents appear to be the order of the season. We read in the Leader of Saturday morning an account of another dreadful casualty, as follows:—

Between four and five o'clock on Thursday evening, two boys, one named John Cleveland, aged 16 years, and the other a son of Thomas O'Dell, and aged 14, were playing under the rock in Indian town, between Portland Church and the new Chapel, when it seems that by some means they loosened a portion of the rock which in this place is very steep.

We perceive that the New Brunswickers are proposing to manufacture their own Locomotives. Messrs. Fleming and Humbert have received an order from the Railway Board to construct one, and deliver it on the ground on the 1st of June next.

A lecture was to be delivered in New Brunswick lately on the subject "Nothing." The audience would no doubt be greatly edified by so fruitful a topic as the materials of creation.

FIRE AT MONCTON.—Mr. Jacob Wortman's premises were destroyed on Sunday morning by fire. Four horses were burnt. The fire is supposed to have been caused by an incendiary, and a man is in custody on suspicion.

The Fredericton Post Office was burglariously entered on Thursday night, but only a trifle was stolen. Some letters with valuable contents were carefully locked up in a safe.

FATAL ACCIDENT.—We regret to learn that George Sutherland Esq., merchant of St. John, N. B. met with his death in that City on Wednesday evening in consequence of injuries from falling over a wharf.

NEW YORK CITY.—The Mayorality.—One of the largest and most earnest meetings ever held in that locality, was convened at the Merchants' Exchange on Saturday, by a call, under the signatures of some thousands of citizens, for the purpose of devising measures to terminate the rule of Mayor Wood over the city.

EMPLOYMENT.—The Central Park Commissioners have received from Comptroller Flagg an advance of \$30,000 on the proceeds of the bonds to be issued for the prosecution of the improvements, in order to enable them to proceed with the work and the employment of the poor, without delay.

The Committee of the Unemployed are busy enrolling men in want, with their circumstances, to be presented to the consideration of those public officers, who have employment at their disposal.

An injunction has been granted in the Supreme court, against paying for the glass ballot boxes bought by the Police Commissioners of S. C. Jollie, and used at the last election. The application alleges that 4,000 of these boxes were bought, when only 1,740 were needed, that fifteen dollars each were paid when they cost less than five,—that the pretext that they were patented was untrue, and that the real parties to this fraudulent transaction and the sharers of its profits were Mayor Wood and his brother Benjamin.

There are from twelve to fifteen hundred applicants for lodgings at the station houses in New York every night by homeless wanderers, about one-third of whom find accommodations.

HORTON ACADEMY.

At a meeting of the Ex. Committee of the Education Society, held at the College Library, on the 4th day of September, the following Resolution, was presented for consideration, and after mature consideration passed.

Resolved—That after the 1st of January, 1858, all Tuition, Board and other expenses incurred by Pupils while attending the Academy, be paid in advance.

P. S. The necessity of such an arrangement as the above Resolution contemplates will be apparent to all who are acquainted with the working of Institutions of Education. We believe that all other Institutions in this Country require prepayment. On several previous occasions the above was before the Committee, but from an impression that, payment at the end of a term would accommodate many who send to Horton Academy, its adoption was deferred.

READER, if you want a mild purgative for children, or one powerful for adults, take Ayer's Pills. They are sugar-coated and pleasant to use, and are well enough known to be good, without our recommendation.

WILD CHERRY BALSAM.

The following is worthy the attention of all who are interested for themselves or friends:—

LAFAYETTE, Ind., July 31, 1854. Dear Sir,—I was attacked about five months ago with a severe cold, which settled on my lungs, and doctors (the most respectable in this city) said that I had inflammation or consumption of the lungs, and after exhausting their skill without relief to me, pronounced my case incurable. I commenced taking Dr. Wistar's Balsam of Wild Cherry about six weeks ago, and in four days I was able to walk all over the house, and am now a well man.

Yours respectfully, GEORGE HOOVER. Above I hand you a plain statement from George Hoover, of this city, who is well known, having lived here some twenty years. The doctors attended him some three months, and gave him up to die, but Wistar's Balsam cured him. D. R. W. WILSTACK, Druggist. Lafayette, Ind. None genuine unless signed I. BUTTS on the wrapper. JOHN NAYLOR and MORTON & COGSWELL, Agents, Halifax.

OPINIONS OF THE PRESS.

We take pleasure in referring to the virtue of Davis' Pain Killer. We have used the article and found it valuable. The sale of this article in the United States is beyond all precedent, as the books of the office will show.—Cincinnati Commercial.

Davis' Vegetable Pain Killer.—We first heard of this medicine during a visit to the New England States, and being struck with the novelty of the title, were induced to make some enquiry about it; and we were surprised to learn that it was kept constantly in the houses of most of the inhabitants of the cities and villages where we stopped, to be used in cases of sudden attacks of pain, burns, scalds, &c., and we heard it spoken of in terms of high commendation, both by druggists and physicians.—Philadelphia Eagle.

Perry Davis' Pain Killer.—It is a real pleasure to us to speak favorably of this article known almost universally to be a good and safe remedy for burns and other pains of the body. It is valuable not only for colds in the winter, but for various summer complaints, and should be in every family. The casualty which demands it, may come unawares.—Christian Advocate.

Valuable Medicine.—The sale of that remarkable and truly valuable preparation, Perry Davis' Pain Killer, is constantly and rapidly increasing. During the past year, the demand for this great remedy has been altogether unprecedented. Scarcely a week passes by, during which we do not hear of some remarkable cure having been performed, within the circle of our acquaintance, by the use of "Perry Davis' Pain Killer."—Prov. Gen. Advertiser.
