Prinspure, Pa., May 1, 1855.

Dr. J. C. Arm. Sir: I have been repeatedly cured of the worst headache any body can have by a dose or two of your fills. It seems to arise from a foul stomach, which they cleanse at once. If they will cure others as they do me, the fact is with knowing.

DEPARTMENT OF THE INTERIOR, WASHINGTON, D. C., 7 Feb., 1856.

En: I have used your Pills in my general and hospital pracfice ever since you made them, and cannot hesitate to say they are the best eathertic we employ. Their regulating action on the liver is quick and decided, consequently they are an admira-Me remedy for derangements of that organ. Indeed, I have en found a case of bilious disease so obstinate that it did not ly yield to them. Fraternally yours, ALONZO BALL, M. D., Physician of the Marine Hospital.

Dysentery, Relax, and Worms.

Post Office, Harmand, Liv. Co., Mich., Nov. 16, 1855.

DR. Aver: Your Pills are the perfection of medicine. They have done my wife more good than I can tell you. She had been took and pining away for months. Went off to be doctored at great expense, but got no better. She then commenced taking four Pills, which soon cured her, by expelling large quantities of worms (dead) from her body. They afterwards cured her and our two children of bloody dysentery. One of our neighbors had it bad, and my wife cured him with two doses of your Pills, while others around us paid from five to twenty dollars doctors' while others around us paid from five to twenty dollars doctors' falls, and lost much time, without being cured entirely even then. Such a medicine as yours, which is actually good and boast, will be prized here. GEO. J. GRIFFIN, Postmaster.

From a Forwarding Merchant of St. Louis, Peb. 4, 1856 Da. ATER: Your Pills are the paragon of all that is great in medicine. They have cured my little daughter of ulcerous sores upon her hands and feet that had proved incurable for years. Her mother has been long grievously afflicted with blotches and maples on her skin and in her hair. After our child was cured, he also tried your Pills, and they have cured her.

Pulaski House, Sayannah, Ga., Jan. 6, 1856.

HONORED Sin: I should be angrateful for the relief your skill has brought me if I did not report my case to you. A cold settled in my limbs and brought on excruciating neuralgic pains, which ended in chronic rheumatism. Notwithstanding I had the best physicians, the disease grew worse and worse, until, by the advice of your excellent agent in Baltimore, Br. Mackenzie, I tried your Pills. Their effects were slow, but sure. By persevering in the use of them I am now entirely well.

PROPESSOR WOOD'S Hair Restorative,

It has worked Miracles.

THAT ALL THE BALD AND GRAY CAN BE restored perfectly to original growth, and color so far as their locks are concerned does not admit of doubt; besides it will cure every possible disease of the scalp, whether developed as dandruff itching or in the shape of cutaneous ernptions-even scald-head -and in no possible case will it fail of curing as if by magic, nervous or periodical head-ache, and if used this Ointment, when rubbed on the skin, is carried to magic, nervous or periodical head-ache, and if used any organ or inward part. Diseases of the Kidneys, twice a week by the young regularly, it will preserve the color, and keep the hair from falling, to any imaginable age. Read and judge.

Millford, Worcester Co., Mass., Nov. 1855. PROF. O. J. WOOD-Dear Sir; I take great pleasure in bearing voluntary testimony to the magic effects of your wonderful Hair Kestorative. As far back as 1836, my hair commenced failing off, until the top of my scalp became bald and smooth as glass, and it has continued to fall for a great many years, notwithstanding I have used many ce.ebrated preparations No remedy has ever done so much for the cure of for restoration. Seeing your advertisement. I was induced to give your article a trial, and to my utter astonishment, found, after a few applications, that my hair became firmly set, and assumed a glossy and beautiful appearance; and by the time I had used a quart bottle, my bald head was covered over with a young and vigorous growth of hair, which is now from one to two inches in length, and grawing fast.

Yours, truly, HENRY GOODRICH.

CHARLESTOWN, Mass., Aug. 9 1855. Gents:-Nothing but a duty and sympathy that feel to communicate to others that are afflicted as I have been, would induce me to give this public acknowledgement of the benefit I have received from Prof. Wood's Hair Restorative. When I first commenced using it, my hair was quite gray, and in spots entirely bald. I have now used the Restorative about five months, and my hair is entirely changed to its original color, brown, and the new hair is over three inches in length on the spots were it was bald. I These and other similar distressing complaints can have also been much gratified at the healthy moisture and vigor of the hair, which before was dry, and it has ceased to come out as formerly. Respectfully yours, &c.,
Mrs. R. A. STODDARD.

From Mrs. Ingalls, a well known nurse in Boston Boston, Oct. 19, 1855.

GENTS:—At your request and being so highly pleused with the effects of the Restorative, I am free to state that my hair had become quite thin, and en tirely white. I have for the last five years been in the habit of using dye but hearing of the extraordinary effects of this article, I was induced to try it. My hair has been restored to its original thickness, and also to its former color, which is light brown.

Yours rospectfully, MRS. INGALLS.

The following is from the Pastor of the Orthodox

Prof. Woop-Dear Sir-Having mare trial of your Hair Restorative, it gives me pleasure to say, that its dandruff, and a constant tendency to itching, with payment is delayed over three months Eleves and affects have been excellent in removing inflamation, which I have been troubled from my childhood, and threepence; if over six months, Twelve and sixpence has also restored the hair, which was becoming gray, to its original color. I have used no other article, Yours truly.

J. K. BRAGG. with anything like the same pleasure and profit.
