SECOND EDITION. HIGHLY IMPORTANT NEWS!!

BY WAY OF ST. JOHN'S, N. F.

WE stop the press to give the following intelligence, received about 12 o'clock this day, Wednesday, by telegraph to the Merchants' Exchange News-room, by way of St. John's, N. F. Steamer Vanderbilt off Cape Race, with dates to the 14th instant :-

Some further details had been received requecting the capture of Delhi. Eleven hundred and fifty British soldiers and sixty-four officers killed and wounded. General Neil and General Nicholson killed. The King of Delhi was taken and his two sons killed. Several Europeans were found in Delhi fighting on the side of the rebels. The whole of the inhabitants of Delhi were bayonetted. Lucknow, which was relieved by General Havelock, had been again invested by 50,000 mutineers, under the command of

. The Managers of the DEAF and DUMB IN-STITUTION have sent us a circular, with their scale of charges, &c. The notice we gave two weeks since, will supercede the necessity of inserting the same as a whole. It is highly gratifying that such provision is made for those thus afflicted. The friends of such as are deprived of hearing and speech will, doubtless, rejoice that we have now a public institution where they may have instruction given with almost as much facility as others who are blest with all the common inlets to the mind, and may be rendered intelligent and social members of society.

We perceive by the Recorder that some of the walls of the Lunatic Asylum have become cracked from the base upwards for several feet in consequence of the insufficiency of the foundation. A battery wall will be required to give lateral support. This is cause of much regre especially if it delays its completion, as the In stitution is so much needed.

A citizen writing to the same journal calls at tention to the insufficiency of men in the Fir Department in Halifax. If this , be correct, should not be trifled with, or the remedy may t discovered when it is too late. The saving the city has doubtless been effected largely l the efforts of the military in working the engine and the skill and daring of the firemen. If the diminution of the garrison calls for more strengt for the purpose of working the engines sure this might easily be supplied.

The Anglo Saxon newspaper published Boston, has been discontinued in consequence " the present restricted state of monetary affairs and "the price of the Journal."

Henry E. Pugsley, Esq., was elected Alderma for Ward No. 1. on Wednesday last.

HEROISM EXTRAORDINARY -A letter from the Rev. Mr. Scudder, an American Missionary in India, gives the following instance of bravery: Rogers, 21st and 22nd. J. McNutt, 19th.

" Let Americans never be ashamed that Englishmen are their forefathers. England is a noble country. Her sons are heroes and her daughters are heroines. This rebellion has brought deeds that deserve to be associated with those valorous actions which we, with throbbing pulses, read in history. In one place, a lady and her husband fled in their carriage. He stood upright. She took the reins. She lashed the horses through a band of mutineers, while he, with cool aim, shot dead one who seized the horses' heads, and another who climbed upon the carriage behind to cut him down. On they fled, till again they found themselves among foes, and a rope stretched across the road made further progress appear impossible. True to herself, she dashed the horses at full speed against the rope, and as they, bearing it down, stumbled, she, by rein and whip, raised them, while her husband's weapons again freed them from those who succeeded in leaping upon them. He was wounded, A general panic was anticipated on the 12th but both escaped with their lives. In another place, a young lady, the daughter of an officer, shot seven mutineers before they killed her. A noon, suspending the Bank Charter Act, and captain, pressed by his Sepoys, with his good

He told me that for a long, long time, the number of letters which he receives has been nearly 3,000 annually. I asked him how many of them, probably required and received an answer, and he said about two-thirds, and that he invariably answered them with his own hand; for he has never kept an amanuensis, having ever had a great abhorrence of such assistance.

It is valuable not only for colds in the winter, but for various summer complaints, and should be in every family. The casualty which demands it, may come unawares .- Christian Advocate.

Valuable Medicine .- The sale of that remarkable and truly valuable preparation, Perry Davist Pain Killer, is constantly and rapidly increasing. During the past year, the demand for this great remedy has been altogether unprecedented. Scarcely a week passes by, during which we do not hear of some remarkable cure having been performed, within the circle of our acquaintance, by the use of "Perry Davis' Pain Killer."-Prov. Gen.
