## THE CHRISTIAN MESSENGER.

allege of La Tour. £45 had been contributed helplessness makes her feel how great a work constraint that animals eat or drink, or sport the Waldensian churches this year. The she has still to do. An hours neglect might in the consciousness of strength, neither is it tal amount of pecuniary aid afforded to the prove the ruin of her hopes. Thus the young by compulsion that men exercise their minds Continent during the year had been £1054; Christian although at first disposed to think in the reception and communication of ideas, the previous year it was but £737.

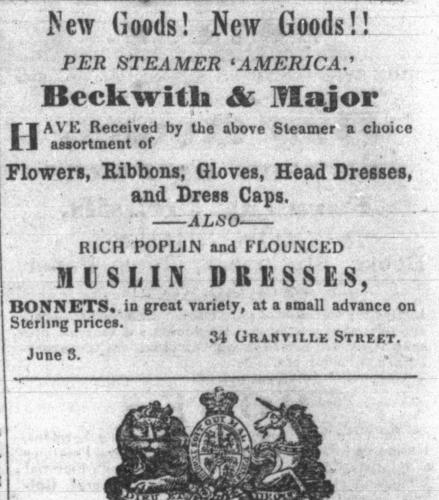

British Anti Tobacco Society .- The fourth anniversary of this Society was held in the Great Room at Freemason's Hall. Mr. James or. P. M. was in the chair. The report spoke throughout against the use of tobacco, and that is use caused young people to leave the Sunday Schools where they were brought up. It also alluded to the exertions of Mr. Solly, F. R. S., and the Lancet, in support of the Society's iews. Mr. Solly, whose name has been recently connected with the tobacco controversy, a resolution, "That as the use of tohaceo has assumed in this country a magnitude of fearful extent, it is the imperative duty of every lover of mankind to unite in suitable efforts to remove this rapidly-increasing evil, by exhibiting its injurious effects on the healthits degrading consequences on the morals, and itsenslaving power on the habits of its deluded victims; and also, by seeking to deter others, especially the young, from acquiring these unnecessary, offensive, and expensive practices." The other resolution was : " That as tobacco is a narcotic poison of a violent nature, its introduction into the human system, either by smoking, chewing, or snuffing, is calculated seriously to interfere with the laws of our nature." Royal Society for the Prevention of Cruelty to

Animals .- The annual meeting was held at Hanover Square Rooms, the chair taken by the Marquis of Westminster. The report stated that the prosecutions during the year had been 4179. In a great number of cases, the offenders

had been committed to prison without the option of paying the fine; and in others, the full penalty had been inflicted.

Ship-wrecked Mariners' Society .- The annual meeting was held at Willis's Rooms, Rear Admiral, the Earl Talbot, C. B., Vice-president, in the chair. From the report, it appeared that 2,442 widows, orphans, and aged parents had been relieved during the past year, and 6,185 ship-wrecked mariners assisted with clothing and conveyed to their homes or a port. 45,000 mariners now subscribed to the society, and during the past year the society had received £2,655 in legacies, the total income having been £14,056. The report alluded to the fact, that for 250,000 men engaged in the merchant sertice there was scarcely a refuge other than the workhouse open for them when past labour, and proposed the carrying out of that portion of their charter which provided for the erection of an Asylum for aged merchant seamen.

Association for Aid of the Deaf and Dumb .--A meeting was recently held in Fitzroy Hall, Portland St., Oxford St. Of 100 persons present, the majority were deaf and dumb. They were respectably, some elegantly, attired, and the greatest content and good will seemed to pervade them all. Speeches were made in the deaf and dumb language, which received the ut most attention from all present. (Quakers' meetings beaten at last !)

OF THE AGE.

THE GREATEST

MEDICAL DISCOVERY

May 20.

DR. KENNEDY, of Roxbury, has discovered in one of our common pasture weeds a remedy that cures

KIND OF HUMOR, EVERY FROM THE WORST SCROFULA DOWN TO A COMMON PIMPLE

TE has tried it in over 1100 cases, and never failed except in two cases, (both thunder humor.) He has now in his possession over two hundred certificates of its value, all within twenty miles of Boston.

Two bottles are warranted to cure a nursing sore mouth.

One to three bottles will cure the worst kind of pimles on the face.

Two to three bottles will cure the system of biles. Two bottles are warranted to cure the worst canker n the mouth and stomach."

Three to five bottles are warranted to cure the worst case of erysipelas.

One to two bottles are warranted to cure all humor a the eyes.

Two bottles are warranted to cure running of the ears and blotches among the hair.

Four to six bottles are warranted to cure corrupt and running ulcers.

One bottle will cure scaly eruption of the skin. Two to three bottles are warranted to cure the worst case of/ringworm.

Two to three bottles are warranted to cure the most desperate cases of rheumatism.

Three to four bottles are warranted to cure the salt

Five to eight bottles will cure the worst cases of

A benefit is always experienced from the first bottleand a perfect cure is warranted when the above uan-

Reader, I peddled over a thousand bottles of this in the vicinity of Boston. I know the effect of it in every ciple, strength to do right, to resist evil, and case. So sure as water will extinguish fire, so sure will this cure humor. I never sold a bottle of it but that sold another; after a trial it always speaks for itself. There are two things about this herb that appears to me surprising ; first that it grows in our pastures, in some places quite plentiful, and yet its value has never been known until 1 discovered it in 1846-second, that it should cure all kinds of humor

In order to give some idea of the sudden rise and great popularity of the discovery, I will state that in April, 1853, I peddled it, and sold about six bottles pe. day-in April, 1854, 1 sold over one thousand bottles per day of it.

Some of the wholesale Druggists who have been in business twenty and thirty years, say that nothing in the annals of patent medicines was ever like it. 'I here a universal praise of it from all quarters.

In my own practice I always kept it strictly for humors-but since its introduction as a general family medicine, great and wonderful virtues have been foudd in it that I never suspected.

Several cases of epileptic fits-a disease which was always considered incurable, have been cured by a few bottles. O, what a mercy if it will prove effectual in all cases of that awful malady-there are but few who have seen more of it than I have.

I know of several cases of Dropsy, all of their aged people cured by it. For the various diseases of the Liver Sick Headache, Dyspepsia, Asthma, Fever and
