

To teach you how that washed, forgiven,
Ye all may seek, and enter Heaven."

Light o'er the swarthy features stole,
And milder grew the savage voice:
"Strange, wondrous tidings these," he said,
"They make my inmost heart rejoice;
But who, this message to proclaim,
Hath sent you, quickly speak his name?"

"The Lord, the great and mighty God,
Creator of all worlds alone;
Yet stooped He to our guilty earth,
That we might share His glorious throne:
Go preach my Word," was His command,
And thus I left my native land."

"But how long since He bade you come?
Such blissful news should quickly fly;"
The Missionary paused, his lips
Could scarcely frame a meet reply;
At length he answered, sad and low,
"Some eighteen hundred years ago."

Forth flashed the fire from savage eyes,
As, in a thunder tone, he cried,
"Why, years ago, came you not here,
Ere millions of our people died?
My parents, brethren, kindred dear,
Not one, this joyful news may hear?"

What wonder, then, that Man of God,
Slowly and sadly turned away;
He thought of home, of native land,
Of those, immersed in pleasures gay,
Who, reckless of their Lord's command,
Wasted His gifts with lavish hand.

The pomp, the pageantry and pride,
The marble domes, the rich arrays,
Wealth lavished on some glittering gem,
Scarce gained, ere idly cast away;
While, from far distant lands, the cry
Of dying millions pierced the sky.

Oh, Christian, blush, and shrink to hear
Thy languid zeal the savage chide;
And bid thy soul with pity yearn,
O'er those for whom the Saviour died;
Then, with a willing heart and hand,
Go spread His Word in every land.

THE YOUTH'S VOCAL MUSIC INSTRUCTOR: de-
signed for the use of schools and the younger
members of the family circle. J. S. Cunnabell,
Halifax. No. 1. pp. 24. price 4d.

We have here the first part of a work which
may appropriately make its appearance just sub-
sequent to the above volume of poetry.

Mr. Cunnabell is so well and favourably known
as an efficient teacher of music, that his book will
require but little recommendation to secure for
it a ready admission to "the family circle," where
there are "younger members." We venture to
hope, too, that it will not be long before the
opinion becomes general that vocal music should
be taught and practised in all common schools.

When the other parts come out, we doubt not
this may become one of the necessary school
books for every child able to read. It would
have presented more attractions to young be-
ginners if some of the parts with "SELECT ME-
LODIES" had preceded this one with Elementary
Principles. Young people prefer that which is
practical to what is only theoretical or intellectu-
al. It is in accordance with the principles of
scientific investigation to lay the foundation before
we raise the superstructure, many therefore sup-
pose that in giving instruction in this and other
branches of knowledge the first thing to be done
is to teach the elementary principles. We find,
however, that but few are able to appreciate inter-
vals of sound before they have acquired some love
for melody, produced by their own efforts. When
this is so far accomplished as to shew the necessity
for scientific knowledge, we have a foundation on
which to build more correct and regular instruc-
tion.

In the work of education we must be guided
by nature and experience, whether the subject be
music, grammar, arithmetic, or anything else.
We are accustomed to use language before we
learn to analyze or classify it. We do not ordi-
narily talk to children about the labials, the den-
tals, the nasals and the syllabants before we teach
them the letters of the alphabet. We also get a
knowledge of number first by counting, and on-
ly afterwards that knowledge the science of Arith-
metic. So in every other branch of instruction, the
teacher passes on from what is known by his
pupil to what is unknown, and has to be acquired
by him. Mr. Cunnabell has recognized this fact
in his first paragraph, where he says:—"The
school should begin by singing by rote."

We make these remarks for the purpose of
drawing the attention of younger teachers to a
circumstance which will have much to do with
their success in giving their pupils at first a taste
for, and afterwards a knowledge of musical com-
position. We cordially recommend the work for
its brevity, as well its suitability for the object
proposed. Teachers who have not thought much
on the subject, will find this part well adapted to
prepare them for using the subsequent numbers
as they shall appear.

NEW ADVERTISEMENTS.

Important Caution to Druggists
and Merchants in General.

Whereas, one WILLIAM LEITH, late of the city
of New York, drug broker, has recently been engaged
in the nefarious and unlawful business of counterfeiting
the medicines known throughout the world as HOL-
LOWAY'S PILLS and HOLLOWAY'S OINTMENT, and
ordered to be printed for him, under false pretences
and for fraudulent purposes, 500,000 copies of the book
or pamphlet of directions around each box and pot.

And Whereas, the counterfeit book or pamphlet
is well calculated to deceive, being a fac simile of
the original, except so far as regards the water-mark in
the paper, viz., "HOLLOWAY, NEW YORK AND LONDON,"
which appears on every leaf of the genuine document,
but can only be seen by holding the paper between the
eye and the light.

And Whereas, the aforesaid WILLIAM LEITH,
having been arrested, and fully charged, on examination
before Justice Connolly, with procuring the printing
and uttering of the above counterfeits, escaped from
the custody of the officers on the 20th day December,
1856, and is now a fugitive from justice, and is supposed
to be pursuing his dishonorable and felonious designs
elsewhere.

THE DRUGGISTS of the various cities, towns and
villages of the United States are therefore hereby
cautioned against dealing with the aforesaid WIL-
LIAM LEITH for any articles purporting to be HOL-
LOWAY'S PILLS and HOLLOWAY'S OINTMENT, or pur-
chasing any preparations bearing that name from any
quarter, unless the leaves of the pamphlets wrapped
around the boxes and pots containing the same shall
bear the words "HOLLOWAY, NEW YORK AND LON-
DON," in the form of a water-mark, which water-mark
can only be distinguished by holding up the printed
sheet singly to the light. All others are COUNTER-
FEIT; and all persons vending them are liable to
heavy penalties, and will be prosecuted to conviction
by the proprietor of the genuine preparations, as the
only means of guarding his own interests and protecting
the public against damage to health and life from the
use of deleterious articles, sold under the guaranty of
his name and reputation.

The said Leith is a Scotchman by birth, about 35
years of age, of good address, deep-toned voice, florid
complexion, light hair and thin whiskers, gray eyes
standing about 5 feet 3 3/4 inches, and somewhat inclined
to corpulence.

May 27.

At a Council held at the Government House
on the eighth day of May, 1857.

PRESENT:
His Excellency the Lieutenant Governor,
&c. &c. &c.

It is ordered that the Commissioner of Crown Lands
do notify the several Deputy Surveyors and applic-
ants for the purchase of Crown Lands, that on and
after the first day of June next, the regulated price for
ungranted lands is to be paid only to the Receiver
General, who will give a receipt therefor to the applic-
ants, respectively, and a duplicate thereof to the
Crown Lands Commissioner, and that no other pay-
ments for the purchase of Crown Lands after the date
before mentioned, will be recognized, the Commission-
er and Deputy Surveyors of Crown Lands being hereby
strictly prohibited from receiving any sums for or on
account of Crown Lands.

Crown Land Office, May 16, 1857.

THE GREATEST
MEDICAL DISCOVERY
OF THE AGE.

DR. KENNEDY, of Roxbury, has discovered
in one of our common pasture weeds a
remedy that cures

EVERY KIND OF HUMOR;
FROM THE WORST SCROFULA DOWN TO A
COMMON PIMPLE

HE has tried it in over 1180 cases, and never failed
except in two cases, (both thunder-humor.) He
has now in his possession over two hundred certificates
of its value, all within twenty miles of Boston.

Two bottles are warranted to cure a nursing sore
mouth.

One to three bottles will cure the worst kind of pim-
ples on the face.

Two to three bottles will cure the system of bile.

Two bottles are warranted to cure the worst canker
in the mouth and stomach.

Three to five bottles are warranted to cure the worst
case of erysipela.

One to two bottles are warranted to cure all humor
in the eyes.

Two bottles are warranted to cure running of the
ears and blotches among the hair.

Four to six bottles are warranted to cure corrupt and
running ulcers.

One bottle will cure scaly eruption of the skin.

Two to three bottles are warranted to cure the worst
case of ringworm.

Two to three bottles are warranted to cure the most
degenerate cases of rheumatism.

Three to four bottles are warranted to cure the salt
rheum.

Five to eight bottles will cure the worst cases of
scrofula.

A benefit is always experienced from the first bottle,
and a perfect cure is warranted when the above quan-
tity is taken.

Reader, I peddled over a thousand bottles of this in
the vicinity of Boston. I know the effect of it in every
case. So sure as water will extinguish fire, so sure will
this cure humor. I never sold a bottle of it but that
sold another; after a trial it always speaks for itself.
There are two things about this herb that appears to me
surprising; first that it grows in our pastures, in some
places quite plentiful, and yet its value has never been
known until I discovered it in 1846—second, that it
should cure all kinds of humor.

In order to give some idea of the sudden rise and
great popularity of the discovery, I will state that in
April, 1853, I peddled it, and sold about six bottles pe-
riod—in April, 1854, I sold over one thousand bottles
per day of it.

Some of the wholesale Druggists who have been in
business twenty and thirty years, say that nothing in
the annals of patent medicines was ever like it. There
is a universal praise of it from all quarters.

In my own practice I always kept it strictly for hu-
mors—but since its introduction as a general family
medicine, great and wonderful virtues have been found
in it that I never suspected.
Several cases of epileptic fits—a disease which was
always considered incurable, have been cured by a few
bottles. O, what a mercy if it will prove effectual in
all cases of that awful malady—there are but few who
have seen more of it than I have.
I know of several cases of Dropsy, all of these aged
people cured by it. For the various diseases of the
Liver, Sick Headache, Dyspepsia, Asthma, Fever and
Ague, Pain in the Side, Diseases of the Spine, and par-
ticularly in diseases of the Kidneys, &c., the discovery
has done more good than any medicine ever known.
No change of diet ever necessary. Eat the best you
can get, and enough of it.
DIRECTIONS FOR USE.—Adults one table spoonful
per day—Children over ten years dessert spoonful—
Children from five to eight years, tea spoonful. As no
directions can be applicable to all constitutions, take
sufficient to operate on the bowels twice a day.

THE PRINCIPAL OFFICE for the STATE of
MAINE and BRITISH PROVINCES, is at the Drug
and Medical Establishment of H. H. HAY, 15 & 17,

April 29. 6 w.

THIS valuable External and Internal Remedy origi-
nated with a skillful and Scientific Chemist, who
found it difficult to obtain an article that would with
certainty, and in a short space of time, effect a cure of
Wounds, Bruises, Cuts, Burns, &c. By various ex-
periments he at length discovered a preparation which
answered his most sanguine expectations, and its
peculiar virtues becoming known to his friends, he was
induced by them to prepare it for general use.
Since its first introduction to the public some impor-
tant additions and improvements have been made in
its composition, increasing its value and making it ap-
plicable to a greater number of diseases, especially to
those of the stomach and bowels, and it is now used
internally with, if possible, greater success than Ex-
ternally.

DYER'S
Healing Embrocaton

is a perfect pain destroyer and an invaluable Remedy
for Rheumatism, Cuts, Wounds, Scalds, Burns, Bruises,
Cholera Morbus, Diarrhoea, Sore Throat, Swellings,
Cramp, &c.

It is indeed truly gratifying to us to receive such in-
disputable proofs of the value of this astonishing
remedy, as are daily presented us. We know its true
value experimentally, and do not hesitate to recommend
it as superior to any other Medicine for similar pur-
poses, and we are willing at any time to refund the
money, if it does not give entire satisfaction, or possess
all the virtues we ascribe to it.
Be sure and get the genuine.

A. H. FIELD,
(Successor to C. Dyer, Jr.)
SOLE PROPRIETOR AND MANUFACTURER,
Providence, R. I.

D. Taylor, Junr., Broad Street, Boston, general agent
for British Provinces.
Sold wholesale in Nova Scotia, by G. E. Morton
& Co., John Naylor, Avery Brown & Co., Halifax, and
by dealers generally throughout the Province.

ALL HAIL!!!
Something for the Million!!!
PROF. WOOD'S
HAIR RESTORATIVE.

WE CALL THE ATTENTION OF ALL, OLD
AND YOUNG, to this wonderful preparation,
which turns back to its original color, gray hair—covers
the head of the bald with a luxuriant growth—removes
the dandruff, itching, and all cutaneous eruptions—
causes a continual flow of the natural fluids; and hence,
if used as a regular dressing for the hair, will preserve
its color, and keep it from falling to extreme old age,
in all its natural beauty. We call, then upon the bald,
the gray, or diseased in scalp to use it; and surely
the young will not, as they value the flowing locks, or
the witching curl, ever be without it. Its praise is
upon the tongue of thousands.

WATERTOWN, Mass., May 1, 1855.
PROF. O J. WOOD; Allow me to attest the virtues
and magic powers of your Hair Restorative. Three
months since, being exceedingly gray, I purchased and
soon commenced to use, two bottles; and it soon be-
gan to tell, in restoring the silver locks to their native
color, and the hair which was before dry and harsh,
and falling off now became soft and glossy, and it
ceased falling; the dandruff disappeared, and the scalp
lost all the disagreeable itching, so annoying before,
and now, I not only look but feel young again.
Respectfully yours, etc.,
CHARLES WHITNEY.

NEW YORK, Oct. 2, 1855.
PROF. O J. WOOD,—Dear Sir: After reading the
advertisement in one of the New York journals, of
your celebrated Hair Restorative, I procured a half
pint bottle, and was so much pleased with it that I
continued its use for two months, and am satisfied it
is decidedly the best preparation before the public
it at once removed all the dandruff and unpleasant
itching from the scalp, and has restored my hair
naturally, and, I have no doubt, permanently so.
You have permission to refer to me, all who enter-
tain any doubt of its performing all that is claimed for it
MISS FEEKS, 26 1/2 Greenwich Ay

I have used Professor O J. Wood's Hair Restorative
and have admired its wonderful effects. It restored
my hair where it had fallen off; it cleans the head and
renders the hair soft and smooth—much more so than
oil.
MARY A. ATKINSON

Louisville, Nov. 1, 1855.
STATE OF ILLINOIS, Carlisle, June 27, '55
I have used Professor O J. Wood's Hair Restorative,
and have admired its wonderful effect. My hair was
becoming, as I thought prematurely gray, but by the
use of the "Restorative," it has resumed its original
color, and, I have no doubt, permanently so.
SIDNEY BRESE,
Ex-Senator United States.

[From the Washington Star.]

Among the many preparations now in use for the
restoring, preserving and beautifying the hair, there
are none that we can recommend with more confidence
than Prof. Wood's Hair Restorative, now in general
use throughout the States. This preparation possesses
the most invigorating qualities, and never fails in pro-
ducing the most happy results when applied according
to directions. We refer our readers to the advertise-
ment for a few of the innumerable certificates which
have been sent by parties, who have been benefited
by it, and who feel happy in giving testimony to its
wonderful effects produced on them.
