AYER'S CHERRY PECTORAL

Colds, Coughs, and Hoarseness.

BRIMFIELD, MASS., 20th Dec., 1855. DR. J. C. AYER: I do not hesitate to say the best remedy I have ever found for Coughs, Hoarseness, Influenza, and the concomitant symptoms of a Cold, is your CHERRY PECTORAL. Its constant use in my practice and my family for the last ten years has shown it to possess superior virtues for the treatment of these EBEN KNIGHT, M. D.

A. B. MORTLEY, Esq., of Utica, N. Y., writes: "I have used your PECTORAL myself and in my family ever since you invented it, and believe it the best medicine for its purpose ever put out. With a bad cold I should sooner pay twenty-five dollars for a bottle than do without it, or take any other remedy.'

Croup, Whooping Cough, Influenza. SPRINGFIELD, MISS., Feb. 7, 1856. BROTHER AYER: I will cheerfully certify your PECTORAL is the best remedy we possess for the cure of Whooping Cough, Group, and the chest diseases of children. We of your fraternity in the

HIRAM CONKLIN, M. D. AMOS LEE, Esq., Monterey, Ia., writes, 3d Jan., 1856: "I had'a tedious Influenza, which confined me in doors six weeks; took many medicines without relief; finally tried your PECTORAL by the advice of our clergyman. The first dose relieved the soreness in my throat and lungs; less than one half the bottle made me completely well. Your medicines are the cheapest as well as the best we can buy, and we esteem you, Doctor, and your remedies, as the poor man's friend."

Asthma or Phthisic, and Bronchitis.

WEST MANCHESTER, PA., Feb. 4, 1866. SIR: Your CHERRY PECTORAL is performing marvellous cures in this section. It has relieved several from alarming symptoms of consumption, and is now curing a man who has labored under an affection of the lungs for the last forty years, HENRY L. PARKS, Merchant.

A. A. RAMSEY, M. D., Albion, Monroe Co., Iowa, writes, Sept. 6, 1855: "During my practice of many years I have found nothing equal to your Cherry Protonal for giving ease and rehef to consumptive patients, or curing such as are curable."

We might add volumes of evidence, but the most convincing proof of the virtues of this remedy is found in its effects upon

Consumption.

Probably no one remedy has ever been known which cured so many and such dangerous cases as this. Some no human aid can reach; but even to those the CHERRY PECTORAL affords resief and comfort.

ASTOR HOUSE, NEW YORK CITY, March 5, 1856.

DOOTOR AYER, LOWELL: I feel it a duty and a pleasure to inform you what your Cherry Pretoral has done for my wife. She had been five months laboring under the dangerous symptoms of Consumption, from which no aid we could procure gave her much relief. She was steadily failing, until Dr. Strong, of this city, where we have come for advice, recommended a trial of your medicine. We bless his kindness, as we do your skill, for she has recovered from that day. She is not yet as strong as she used to be, but is free from her cough, and calls herself well. Yours, with gratitude and regard. Yours, with gratitude and regard,

JONAS WHITCOMB'S REMEDY FOR

ASTHMA, ROSE COLD, HAY FEVER, &C.

HIS preparation is worthy the attention of all who suffer from the above named distressing complaints. The success which has attended its use has induced the proprietors to publish some account of its wonderful properties, and to offer it for the benefit of those afflicted with Asthma.

The late JONAS WHITCOMB, of Boston, so well known and so universally esteemed for his sterling integrity and generous disposition, visited Europe a lew years since for the benefit of his health, which was much impaired by frequent attacks of

SPASMODIC ASTHMA.

While in Germany an eminent physician who became interested in his case, promised him relief. He followed the treatment ordered, and to his surprise and joy his asthma almost instantly disappeared. He procured the recipe which had accomplished so much for him, brought it with him to this country, and it became the property of the present proprietors. Within the past two years this remedy has been used in upwards of one thousand of the worst cases in Boston and its vicinity, with astonishing and uniform success, and it is now offered to the public with full confidence in its. merits. It contains no poisonous or injurious properties whatever, and an infant may take it with perfect
