THE GREATEST MEDICAL DISCOVERY OF THE AGE.

DR. KENNEDY, of Roxbury, has discovered in one of our common pasture weeds a remedy that cures EVERY KIND OF HUMOR; FROM THE WORST SCROFULA DOWN TO A COMMON PIMPLE

HE has tried it in over 1100 cases, and never failed except in two cases, (both thunder humor.) He has now in his possession over two hundred certificates of its value, all within twenty miles of Boston.

Two bottles are warranted to cure a nursing sore mouth.

One to three bottles will cure the worst kind of pimples on the face.

Two to three bottles will cure the system of biles.

Two bottles are warranted to cure the worst canker in the mouth and stomach.

Three to five bottles are warranted to cure the worst case of erysipelas.

One to two bottles are warranted to cure all humor in the eyes.

Two bottles are warranted to cure running of the ears and blotches among the hair.

Four to six bottles are warranted to cure corrupt and running ulcers.

One bottle will cure scaly eruption of the skin.

Two to three bottles are warranted to cure the worst case of ringworm.

Two to three bottles are warranted to cure the most desperate cases of rheumatism.

Three to four bottles are warranted to cure the salt rheum.

Five to eight bottles will cure the worst cases of scrofula.

A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.

Reader, I peddled over a thousand bottles of this in the vicinity of Boston. I know the effect of it in every case. So sure as water will extinguish fire, so sure will this cure humor. I never sold a bottle of it but that sold another; after a trial it always speaks for itself.

There are two things about this herb that appears to me surprising; first that it grows in our pastures, in some places quite plentiful, and yet its value has never been known until I discovered it in 1846—second, that it should cure all kinds of humor.

In order to give some idea of the sudden rise and great popularity of the discovery, I will state that in April, 1853, I peddled it, and sold about six bottles per day—in April, 1854, I sold over one thousand bottles per day of it.

Some of the wholesale Druggists who have been in business twenty and thirty years, say that nothing in the annals of patent medicines was ever like it. There is a universal praise of it from all quarters.

In my own practice I always kept it strictly for humors—but since its introduction as a general family medicine, great and wonderful virtues have been found in it that I never suspected.

Several cases of epileptic fits—a disease which was always considered incurable, have been cured by a few bottles. O, what a mercy if it will prove effectual in all cases of that awful malady—there are but few who have seen more of it than I have.

I know of several cases of Dropsy, all of these aged people cured by it. For the various diseases of the Liver, Sick Headache, Dyspepsia, Asthma, Fever and Ague, Pain in the Side, Diseases of the Spine, and particularly in diseases of the Kidneys, &c. the discovery has done more good than any medicine ever known.

No change of diet ever necessary. Eat the best you can get, and enough of it.

DIRECTIONS FOR USE.—Adults one table spoonful per day—Children over ten years dessert spoonful—Children from five to eight years, tea spoonful. As no directions can be applicable to all constitutions, take sufficient to operate on the bowels twice a day.

Professor O. J. Woods' HAIR RESTORATIVE,

FOR PRODUCING HAIR ON BALD HEADS, AND RESTORING GREY HAIR TO ITS NATURAL COLOR.

THIS ASTONISHING AND UNEQUALLED PREPARATION HAS NEVER FAILED TO PRODUCE A growth on Bald Heads, when used according to the direction, and turn hair back to its original color, after having become gray and reinserted it in all its original health, lustre, softness and beauty. Removes at once all scurf, dandruff and unpleasant itching, scrofula eruptions and feverish heat from the scalp. It also prevents the hair from becoming unhealthy and falling off, and hence acts as a perfect HAIR INVIGORATOR AND TONIC.

A gentleman of Boston writes to his friend in New Bedford thus: To your inquiries, I would reply, that when I first commenced using Professor Wood's Hair Restorative, my hair was almost white, and had been so for the last ten years and it was very thin on the top of my head, and very loose, and pulled out freely; but I found that before I had used all the second bottle, (which was eight weeks) my hair was entirely changed to its original color, light brown, and is now free from dandruff and quite moist. I have had my hair cut five or six times since the change, and have never seen any thing like white hair starting from the roots: and it is now as thick as it ever was, and does not come out at all. It has proved in my case all that I could wish to ask. Yours, etc., July 1, 1855.

[From the Boston Herald.] SOMETHING WORTH KNOWING.—By using Professor Wood's Hair Restorative, gray hair can be permanently restored to its original color. The subjoined certificate from Johnston & Stone, Gardiner, Maine, is but one of the many instances that are daily coming to our knowledge, of its wonderful effects. It is no longer problematical, but a self-evident truth, as hundreds in our community can testify.

GARDINER, Maine, June 22, 1855. DEAR SIR: I have used two bottles of Professor Wood's Hair Restorative, and can truly say it is the greatest discovery of the age for restoring and changing the hair. Before using it, I was a man of seventy. My hair has now attained its original color. You can recommend it to the world without the least fear, as my case was one of the worst kind. Yours, respectfully, DANIEL N. MURPHY. Professor O. J. Wood.

BROOKFIELD, Massachusetts, Jan. 12, 1855. DEAR SIR:—Having made a trial of your Hair Restorative, it gives me pleasure to say that its effect has been excellent in removing inflammation, dandruff, and a constant itching tendency with which I have been troubled from childhood; and has also restored my hair, which was becoming gray, to its original color. I have used no other article with anything like the pleasure and profit. Yours truly, J. K. BRAGG. Pastor of the Orthodox Church, Brookfield.

[From the Missouri Democrat.] WOOD'S HAIR DYE.—This admirable article is rapidly improving the hair. No article of a similar kind, now before the public, enjoys a better reputation as a restorative and invigorating hair tonic. Its peculiar chemical qualities have a beneficial effect upon the growth and character of the hair, giving a silky and glossy texture to that which was formerly of a coarse and dry nature. It has, also, we understand, a tendency to preserve the youthful color and appearance of the hair, and destroying or counteracting the effects of age. With such recommendations in its favor, we hardly perceive how any lady or gentleman should be without so valuable an adjunct to their toilet.

THIS valuable External and Internal Remedy originated with a skillful and Scientific Chemist, who found it difficult to obtain an article that would with certainty, and in a short space of time, effect a cure of Wounds, Bruises, Cuts, Burns, &c. By various experiments he at length discovered a preparation which answered his most sanguine expectations, and its peculiar virtues becoming known to his friends, he was induced by them to prepare it for general use.

Since its first introduction to the public some important additions and improvements have been made in its composition, increasing its value and making it applicable to a greater number of diseases, especially to those of the stomach and bowels, and it is now used internally with, if possible, greater success than Externally.

DYER'S Healing Embrocation

is a perfect pain destroyer and an Invaluable Remedy for Rheumatism, Cuts, Wounds, Scalds, Burns, Bruises, Cholera Morbus, Diarrhoea, Sore Throat, Swellings, Cramp, &c.

It is indeed truly gratifying to us to receive such indisputable proofs of the value of this astonishing remedy, as are daily presented to us. We know its true value experimentally, and do not hesitate to recommend it as superior to any other Medicine for similar purposes, and we are willing at any time to refund the money, if it does not give entire satisfaction, or possess all the virtues we ascribe to it. Be sure and get the genuine.
